Saddle Horse Concession Agreement, Camp Mather, Referred to G.M. for Negotiation and Resubmission

(h) From H. Oehlmann, Executive Vice President, Yosemite Park and Curry Co., advising that Mr. Joe Barnes has agreed to operate the saddle horse concession at Camp Mather during the coming season, all previous rental rates to prevail, except a proposed increase in the hourly rental charge from $1.00 to $1.50 per hour. Mr. Lewis recommended that the proposed hourly increase be negotiated with a view toward a special reduced rate for children.

On motion of Commissioner Herz, seconded by Commissioner Dippel, Mr. Lewis was authorized to conduct such negotiations with Mr. Barnes or Yosemite Park and Curry Co., and resubmit the agreement at the next regular meeting.

(i) The Secretary read the letter of Mr. Robert J. McGahie, Attorney at Law, Mills Building, requesting an expression from the Commission regarding the park development of a triangular parcel of land at the intersection of San Jose Avenue, Guerrero and Duncan Streets.

Following discussion and report by President Sutter, on motion of Commissioner Stern, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1465

Commission Declines Acquisition of Property at Intersection of San Jose Ave.,Guerrero and Duncan Streets

Resolution No. 1465

WHEREAS, it has been proposed that a triangular parcel of land at the intersection of San Jose Avenue, Guerrero and Duncan Streets, be acquired and developed for public park purposes; now, therefore, be it

RESOLVED, that this Commission does hereby record its opposition to the acquisition and development of said triangular parcel of land for public park purposes, for the reason that careful consideration and review of the parcel definitely establishes that it is wholly unsuitable for park purposes, owing to its size and location between two heavily traveled traffic arteries.

REPRESENTATIVES AND DELEGATES

(a) California Showboats, Inc. - SS FORT SUTTER

Further Consideration of SS FORT SUTTER Postponed to Meeting of April 8, 1954.

Mr. Barney Gould appeared before the Commission in the interest of the Commission's consideration of the present and future status of California Showboats, Inc.'s operation at Aquatic Park.

Mr. Lewis reported that a tentative agreement of required performance by California Showboats, Inc. had been drafted and that the City Attorney had recommended several amendments of a technical nature. It was his recommendation that consideration of the matter be postponed to the April 8th meeting, to permit submission of the redrafted agreement to Commission members and Mr. Gould before that time. He explained that Mr. Gould's representatives were preparing plans covering the reconditioning of the Showboat FORT SUTTER, as well as arrangements for its permanent location in the lagoon. The Commission examined a preliminary diagram relating to the Showboat's mooring location and gave tentative approval to the plan.

Mr. Philip Hunter, representing the Society for the Preservation of Aquatic Park, addressed the Commission, expressing dissatisfaction that the Commission would continue to negotiate with the promoters of California Showboats, Inc., stating that the original venture with the SS CAPITOL CITY had ended with a sunken and abandoned hulk as a liability of the State Board of Harbor Commissioners and the second vessel, the SS FORT SUTTER, appears to be following a similar course.

At President Sutter's direction, a further consideration of this matter was scheduled for April 8, 1954.

REPRESENTATIVES AND DELEGATES (continued)

(b) Plans Approved for Landscaping and Patio-M.H.deYoung Museum

Dr. Walter Heil, Director of the M.H.deYoung Memorial Museum, submitted a proposed plan for landscaping and patio development in the location of the east wall of the deYoung Museum. He explained that this ornamental trellis design would be an authentic counterpart of an 18th Century Versailles design. It is part of the Museum's original expansion program and would be financed through the donation and courtesy of Mr. and Mrs. Roscoe Oakes, he being a member of the Board of Trustees of the M. H. deYoung Memorial Museum.

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1466

Commission Approves Plan of M.H. deYoung Memorial Museum to Proceed with Ornamental Trellis Work & Patio Along East Wall

Resolution No. 1466

RESOLVED, that this Commission does hereby approve the request of the Board of Trustees of the M.H. deYoung Memorial Museum to proceed with the ornamental trellis work and patio development along the Museum's east wall, in accordance with the submitted plans, with the proviso that approval of the Art Commission be obtained, if required.

UNFINISHED BUSINESS

(a) Balboa Site Approved for Swimming Pool

The Commission next considered the written report and recommendation of the General Manager on the proposed construction of an enclosed swimming pool at the Balboa Park site. Consideration of the report had been postponed at the meeting two weeks earlier to permit first-hand inspection of the location and review of the proposal.

The Secretary presented letters from the following organizations which had been received during the two-week period, all in support of the Balboa plan: Fairmount Parent-Teacher Association, Merced Heights Improvement Association, Dr.Herbert C. Clish, Superintendent of Schools, Wilmerding School of Industrial Arts (new Lick-Wilmerding School to be constructed adjacent to 600 Block, Ocean Avenue), Ocean Avenue Presbyterian Church and Sunday School, Cayuga Improvement Association, Portola District Improvement Club, San Miguel Parent-Teacher Association, and Boy Scouts of America, Troop 38.

UNFINISHED BUSINESS (continued)

Commissioner Gallagher reported that he had personally visited the location and reviewed the proposal with Mr.Lewis, and that he was fully satisfied and pleased to make the motion approving the Balboa location as a replacement of the Aquatic Park site.

On motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1473

Commission Approves Location of New Indoor Swimming Pool at Balboa Park, and Modification of Architectural Contract of Riemers & Overmire to Reflect Location Change. Reappropriation of Bond Funds for Pool Construc'n Authorized.

Resolution No. 1473

RESOLVED, that this Commission, on recommendation of the General Manager and the Swimming Pool Committee, does hereby approve and designate the general area formerly occupied by the Photography Center, at Balboa Park, as the site for the construction of an enclosed municipal swimming pool; and, be it

FURTHER RESOLVED that, in accordance with the further recommendations of the General Manager and the Swimming Pool Committee, previous plans for construction of an enclosed swimming pool at Aquatic Park be and are hereby abandoned; and the General Manager be and is hereby authorized to modify or renegotiate the contract with F. H. Riemers and Paul C.Overmire, Architects, to reflect the change of location of the swimming pool from Aquatic Park to Balboa Park, and to request reappropriation of bond funds originally set up for Aquatic Park pool to a new account for the planning and construction of the Balboa Park pool.

(d) Progress Report - SS HARRY LUCKENBACH Damage to Aquatic Pier

Progress Report - Repairs to Aquatic Park Pier Resulting from Collision - Feb.3,1953 by the SS HARRY LUCKENBACH

Mr. Lewis, for purposes of confirmation and entry in the record, gave an oral progress report on the negotiations which have been carried on with the Luckenbach Steamship Company covering repair of damages to Aquatic Park Pier, resulting from the collision of the SS HARRY LUCKENBACH on February 3, 1953, more than a year ago.

As originally proposed the Luckenbach Steamship Company will undertake to do the repair work at an estimated cost of $5,730.00. Five Commission approved contractors will be selected to bid for the work for the Luckenbach firm, and payment to the contractor will be made only after approval by the City. Also, the cost of the engineering services of the associated engineers, Punnet, Parez, Hutchison and Hayes, will be shared equally by the City and the Luckenbach Steamship Company, each paying $750. of the $1,500. total cost.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the above report was accepted for entry in the record.

(b) Personnel Assignments for Junior Museum

Mr. Lewis referred to his written report of March 23, mailed to each Commissioner and containing recommendations for new personnel assignments and activities at the Josephine D. Randall Junior Museum. These recommendations resulted from a thorough study of the museum program by the curator in conjunction with the Superintendent of Recreation.

Recommendations would provide for an Art Director, Science Director and a Shop Director to initiate and carry on these specialized activities. The establishment of such positions would require reclassification of the existing two playground director positions and the establishment of one new position by the Civil Service Commission. The report further stated that, in addition to the provision of qualified personnel, the attendance at the museum could be increased if the access path for pedestrians and the approach road from Roosevelt Way were improved.

NEW BUSINESS (continued)

Commissioners individually favored the recommendations and listened to endorsements by Mrs. Born, S.F.Planning and Housing Association, Mrs. Ruth Lasky of the San Francisco League of Women Voters, Mrs. Sundahl of McKinley PTA, and Mrs. D. Gillen, Chairman of the Parents Committee for the Junior Museum, and Mrs. Deering, presently acting as secretary for the Parents Committee. All speakers were of the opinion that greater benefits would be obtained from the Museum if the children using it were instructed by properly qualified personnel.

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1476

Resolution No. 1476

Commission Approves Recommendations of G.M. for Reclassification of Two (2) R-56 P/G Directors and Addition of One (1) Director to Staff of JDR Junior Museum

RESOLVED, that this Commission does hereby approve the written report and recommendations of the General Manager, dated March 23, 1954, relating to personnel assignments at the Josephine D, Randall Junior Museum and in accordance therewith, the Civil Service Commission is hereby requested to effect the reclassification of two (2) R-56 Playground Directors, and to establish on a permanent basis Civil Service lists for Art, Science and Shop Directors; and the Civil Service Commission, the Mayor, and the Board of Supervisors are requested to authorize the establishment of said three (3) new classifications, and the increase of the Junior Museum staff by the addition of one (1) permanent position.

(b) Present Status and Future of California Showboats, Inc.

Mrs. Angus Gordon Boggs of the California Historical Society appeared in the interest of the Society for the Preservation of Aquatic Park and Mrs. Elizabeth Roantree appeared in the interest of the San Francisco Federation of Women's Clubs, and spoke briefly in opposition to the Commission's approving even tentative plans permitting the SS FORT SUTTER to remain in Aquatic Park.

The Commission next considered the draft of an agreement which might be entered into with California Showboats, Inc. covering the present and future status of the Showboat FORT SUTTER, presently located at the west end of the lagoon in Aquatic Park.

The Secretary pointed out the modifications and changes in the document which had been incorporated in the draft following its transmission to individual commission members and to Mr. Barney Gould, promoter of the Showboat. The agreement, divided in two parts, sets forth certain prerequesite conditions which must be met by California Showboats, Inc. before the second part, the section governing operations, becomes effective.

In studying the background and difficulties which Mr. Gould has encountered in his enterprise, Commissioners expressed satisfaction with the agreement as drafted and, on motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1494

Commission Sets Forth Prerequisite Conditions to Be Performed by Calif. Showboats, Inc. Before Approving Operating Agreement

Resolution No. 1494

RESOLVED, that this Commission does hereby approve, as to matter and form, that certain document prepared and presented as a proposed contract between the San Francisco Recreation and Park Commission and California Showboats, Inc., and hereby hands said document, together with attached specifications, to Mr. Barney Gould, with the declaration that subject to his full and complete performance of the prerequesite conditions, the Commission will approve and enter into the operating agreement, and for purposes of the official record the prerequisite conditions are herein set forth:

"AGREEMENT BETWEEN SAN FRANCISCO RECREATION AND PARK COMMISSION AND CALIFORNIA SHOWBOATS, INC.

"NOW, THEREFORE BE IT RESOLVED, that the Party of the First Part does hereby give Party of the Second Part the right and privilege of docking said river boat and operating the same as a theatre-restaurant and museum ship according to the terms and conditions of the operating agreement hereinafter set forth; provided, however, that said operating agreement shall not become effective unless and until the Party of the Second Part shall first have performed to the satisfaction of the Recreation and Park Commission the following prerequisite conditions:

"(1) Party of the Second Part shall furnish to Party of the First Part evidence of clear title of ownership of the vessel SS Fort Sutter prior to July 1, 1954.

"(2) Party of the Second Part shall fully and completely make all the required repairs, alterations and structural changes to the hull and superstructure of the SS Fort Sutter as set forth in the attached documents of specifications (Parts I and II) prepared by the engineers of the Recreation and Park Department.

"(3) Party of the Second Part shall furnish to Party of the First Part through the establishment of an escrow account either cash or suitable bonds in the sum of Seventy-five Thousand ($75,000) Dollars to guarantee completion of the operations and specifications of the foregoing paragraph; and to cover the cost of removal of the SS Fort Sutter from Aquatic Park as provided in Paragraph 5, page 2 and paragraph 12, page 4 of this agreement. Said escrow account to be established prior to July 1, 1954.

"(4) Party of the Second Part shall, prior to the execution of any construction contracts for any work on the boat, submit the names of the general contractors or sub-contractors thereon to the Recreation and Park Commission for approval, and no work shall be commenced until the Commission approves these contractors in writing.

"(5) Party of the Second Part shall secure and maintain the SS Fort Sutter in such a manner that it will be under complete control in the event of adverse weather conditions, tides or heavy winds and that it may be removed by flotation through the period of any favorable tidal cycle.

"(6) Party of the Second Part shall obtain all permits required by the Department of Public Health, the Police Department, the Bureau of Fire Prevention of the Fire Department and the Bureau of Building Inspection all of the City and County of San Francisco.

(c) Reappropriation of Swimming Pool Funds: Aquatic Park to Balboa Park, and Mission Park to Garfield Square.

Mr. Lewis reported that the Commission's recent action approving the Swimming Pool Committee's recommendations for construction of enclosed pools at Balboa Park and Garfield Square in lieu of the originally recommended Acquatic Park and Mission Playground locations, would necessitate the reappropriation of funds to accounts identifying the new locations as well as the modification of the architectural contracts,

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1495

Reappropriation of Swimming Pool Funds: Aquatic Park to Balboa Park and Mission Park to Garfield Square & Extension of Architectural Contracts to October 31, 1954.

Resolution No. 1495

RESOLVED, that this Commission, having determined that it would be to the best interests of the people of San Francisco to locate enclosed swimming pools at Balboa Park and at Garfield Square instead of Aquatic Park and the Mission Playground, does hereby request the Mayor, the Board of Supervisors and the Controller to transfer the unexpended balance of Account No.54, Aquatic Park, to be reappropriated to Account No.57, Balboa Park, and the unexpended balance of Account No. 20, Mission Park, to be reappropriated to Account No. 60, Garfield Square; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary be and are hereby authorized to modify the architectural contracts of Frederick H. Reimers and Paul C. Overmire for construction of the Aquatic Park Pool (Controller's No. 3029) and William Gladstone Merchant for construction of Mission Park Pool (Controller's No. 146), to reflect the aforementioned changes in location and to grant to said architects time extensions to October 31, 1954, the additional time required in which to prepare the plans and specifications covering the new pool locations.

(d) Development of Yacht Harbor and Gas House Cove

Report of Comr. Parr on Plans for Development of Yacht Harbor & Gas House Cove

Commission Parr reported on the earlier plans for the enlargement and development of Yacht Harbor and Gas House Cove, expressing confidence that the Commission's participation and contribution to the State-wide Citizens Committee, chairmanned by Neil Cunningham, and appointed by the State Legislature Interim Committee for a state-wide waterways system and for the development of small boat harbors and marinas, would bring substantial dividends through better recognition of San Francisco's small boat harbor need and the possible apportionment of state funds.

President Sutter, on behalf of the Commission, thanked Mr. Parr for his continued interest and diligent attention to the Yacht Harbor and Gas House Cove matters during the past four years.

(e) Attendance of Mr. Jas.W.Griffith, 1954 Grand Jury Member

Attendance of Grand Jury Member, Mr. Jas.W.Griffith

President Sutter expressed the Commission's pleasure on the regular attendance at Commission meetings of Mr. James W. Griffith, Recreation Chairman of the San Francisco County Grand Jury.

In response, Mr. Griffith told Commission members that he enjoyed being present and found the deliberations of the Board both varied and interesting. He mentioned that he had made a number of inspection tours of park and recreation properties and was impressed with the extent and variety of the services and facilities provided. He stated that one of his committee's periodic reports would be submitted to the Grand Jury in the very near future.

COMMUNICATIONS (continued)

(3) From Eugene J. Riordan, requesting a Supplemental Appropriation of $4,000.00 for acquisition of a small parcel of land from the Housing Authority, required for the St.Mary's Playground. Mr. Riordan advised that the Housing Authority is willing to consider the sale of the property for the sum of $3,420.00 on condition that the Recreation and Park Department maintain a certain retaining wall. Location of the retaining wall on the property to be acquired will eliminate the necessity of an agreement with the Housing Authority concerning said wall.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1501

Request for A. Supp.Appropriation of $4,000 - Land Purchase, St.Mary's P/G

Resolution No. 1501

RESOLVED, that this Commission, on recommendation of the Director of Property, does hereby request the Mayor, the Controller and the Board of Supervisors to approve a Supplemental Appropriation in the amount of $4,000.00 from the 1947 Recreation Bond Fund to the credit of Approp.180.558.29 (Land Acquisition - St.Mary's Playground).

(4) From Eugene J. Riordan, forwarding a copy of Board of Education Resolution No. 43-30W5, which requests the Recreation and Park Commission to hold Block 6059 in the McLaren Park area for possible use as a public elementary school site.

Mr. Lewis explained that this property had been designated as a school location in the early recommendations of the City Planning Department.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1502

Commission Approves Reservation of Block No.6059 in McLaren Park Area as Public School Site

Resolution No. 1502

RESOLVED, that this Commission, at the request of the Board of Supervisors, does hereby direct that Assessor's Block No. 6059, bounded by Wayland, Woolsey, University and Princeton Streets, be held in reserve for a proposed elementary school, and that prior to any action being taken for the use of this block for other purposes, the San Francisco Unified School District shall be notified.

(5) From Abe S. Miller, Littleman Super Groceterias, Inc., 5733 Geary Boulevard, requesting permission to install a sign on the south wall of their new building adjoining the Eureka Valley Playground, at the southwest corner of Eighteehth and Collingwood Streets, explaining that the request is made because the metal lettered sign would be located approximately twenty feet above the sidewalk grade and the metal letters would extend approximately eight inches within the department's property line.

Permission Granted to Littleman Super Groceterias, Inc. to Install Metal Lettered Sign on Building at S.W.cor.18th & Collingwood Sts.

On motion of Commissioner Parr, seconded by Commissioner Dippel, permission to erect the aforementioned sign was approved, provided the Littleman Super.Groceterias, Inc. furnish the Commission with certificates of public liability insurance covering the said sign, and also furnish the Commission with a written statement holding harmless the City and County of San Francisco, the Commission, its officers and employees.

COMMUNICATIONS (continued)

Permission Granted 271st AAA Gun Battalion to Hold Tracking Exercises Apr.25, May 8 and 16 at Lake Merced

(6) From Warrant Officer Milbert G. Hawthorne, Headquarters 271st AAA Gun Battalion, Fort Funston, requesting permission to conduct tracking missions on April 25, May 8 and May 16 on the shores of Lake Merced.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, and on recommendation of the General Manager, the above mentioned request was approved.

(7) From Punnett, Pares & Hutchison, Consulting Engineers, advising that the firm of Robert L, Wilson, with a bid of $3,389.00,was the lowest regular and responsible bidder for repairs to the Aquatic Park Pier, resulting from the collision of the SS HARRY LUCKENBACH.

The Secretary reported that the City Attorney had prepared a resolution authorizing the settlement of the Recreation and Park Commission's claim against the Luckenbach Steamship Company which provided for the repair of the pier being accomplished to the satisfaction of the Commission and the equal sharing by the City and the Luckenbach Steamship Company of the engineering survey costs totaling $1,500.00, or $750.00 for each party.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1503

Commission Affirms Award of Contract for Repairs to Aquatic Pk. Rec.Pier to Firm of Robert L. Wilson in Amt. of $3,389.00.

Resolution No. 1503

RESOLVED, that this Commission, on recommendation of Punnett, Parez and Hutchison, Consulting Engineers, does hereby approve and confirm the award of the contract for the repair of damages done to Aquatic Park Recreation Pier by the SS HARRY LUCKENBACH collision on February 3, 1953, to the firm of Robert L. Wilson, for the sum of $3,389.00, they being the lowest regular and responsible bidder therefor.

(8) From Joseph D, Cuneo, Bay District Knights of Columbus Golf Association, requesting permission to schedule a tournament at Harding or Lincoln Park some Sunday during the month of September.

Permission Granted Bay District K.of C. Golf Association to Hold Week-Day Tournament at Harding or Lincoln Golf Courses During Sept.1954 - Dept.Policy Precludes Sat., Sun., or Holiday Use of Public Courses.

The Secretary reported that in order to make the municipal courses available to the public to the greatest degree possible, it has been Mr. Hoyt's recommendation and practice to deny the use of the golf courses for tournaments conducted by private organizations on Saturdays, Sundays or holidays.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the Bay District Knights of Columbus Golf Association was granted permission to hold a tournament at Harding or Lincoln Park some week-day during the month of September if desired, but permission was not granted for such play on any Saturday, Sunday, or holiday.

REPRESENTATIVES AND DELEGATES

Plans and Cost Estimates for Improvement of Kezar Pavilion Postponed for Consideration at May 13 Meeting

Mr. Ray Williamson, local attorney and member of the Board of Athletic Control, University of San Francisco, appeared before the Commission to urge the improvement and redesign of Kezar Pavilion in order to provide more seating capacity and the elimination of obstructions to spectator vision. He proposed a plan for the removal of supporting posts and their replacement by steel beam supports. Mr. Williamson predicted a bright future for collegiate basketball in San Francisco if better court accommodations are provided.

President Sutter observed that the remodeling plan would cost money and that funds were not now available. Mr. Williamson agreed, and understood that funds were not at hand and stated that he was obtaining cost estimates and would submit them prior to the next meeting.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Williamson plan was referred to the General Manager for study and investigation; the matter to be again considered at the meeting of May 13, at which time Mr. Williamson is to bring in his cost estimates on the improvements.

UNFINISHED BUSINESS

(1) Agreement with Yosemite Park and Curry Company-Saddle Horses

The Secretary reported that an agreement had been reached with Mr. Dahlmann, Executive Vice-President of Yosemite Camp and Curry Company in respect to the rates to be charged for the saddle horse concession to be operated by Mr. Joe Barnes at Camp Mather during the 1954 season. The schedule of charges will remain the same as in previous years in all respects, with the one exception that casual or individual riders will be charged $1.50 per hour. The standard $1.00 per hour rate will remain in effect for scheduled group rides and for children.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1510

Resolution No. 1510

Commission Approves Saddle Horse Agreement-1954 Season - Camp Mather

RESOLVED, that this Commission does hereby approve and authorize the operating agreement with the Yosemite Park and Curry Company covering the operation of the saddle-horse service at Camp Mather by Mr. Joe Barnes during the 1954 season; all rates and charges to remain in effect as in past years with the exception of an increase in the hourly rate for casual or individual riders from $1.00 to $1.50.

(3) Purchase of Clarendon Heights Property

President Sutter reported that he had personally inspected the 3.65 acres which the Department of City Planning had recommended be acquired as part of the interior green belt, which would link together publicly owned open spaces between Mount Sutro, Twin Peaks and Glen Canyon.

Commissioners supported the City Planning Department's recommendation and, on motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution approving the purchase and appropriating funds, was adopted:

Res. No.1511

Request for A Supplemental Appropriation of $27,500.00 for Purchase of 3.65 Acres of Land in Clarendon Heights-Sutro Forest Area - for Park & Green Belt Purposes.

Resolution No. 1511

RESOLVED, that this Commission does hereby request the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation in the amount of $27,500.00 from the Unappropriated Balance of the Real Property Account (Appropriation 4990) to Appropriation 312.600.09 (Land - Clarendon Heights-Sutro Forest Area), for the purchase of a parcel of land consisting of approximately 3.65 acres and required for park and interior green belt purposes; and, be it

FURTHER RESOLVED, that the said sum of $27,500.00 shall be used also to cover all expenses connected with the acquisition of the land.

(4) Modification - Maritime Museum Lease - Admission Charges

In accordance with the Commission's previous action under Resolution No. 1348, Meeting of November 25, 1953, the Secretary submitted the draft of a modification of the Maritime Museum lease of the Aquatic Park building, as prepared by the City Attorney, permitting the Museum Association to charge admission at limited times and at stipulated rates.

Mrs. Ernest Born, representing the San Francisco Planning and Housing Association, objected to any departure from the City's general policy of free admissions to museum buildings. Others questioning the proposal were Mr. Roy Flamm, Chairman, Society for Preservation of Golden Gate Park and Mrs. Walter Morrison from the San Francisco Federation of Arts.

Commissioner Parr voiced his opinion that the Museum Association should be permitted the opportunity of seeking the additional revenue from admission charges which would be in force in a very limited way, and offered the motion that the modification of the lease be approved, provided that it be submitted to the Board of Supervisors as an experimental measure, the results of which would be reviewed at the end of a six-months' period. Commissioner Dippel seconded the motion and the following resolution was adopted:

Res.No.1512

Modification of Lease-Maritime Museum Assoc. (Par.11 - Admission Charges)

Resolution No. 1512

RESOLVED, that this Commission, in accordance with its earlier action under Resolution No. 1348 (Meeting of November 25, 1953), does hereby approve modification of the Maritime Museum Association lease agreement as prepared by the City At-

torney, said modification changing Paragraph 11 to read as follows:

"11. It is agreed that the Corporation, a non-profit corporation may charge admission to the maritime museum conducted on the leased area under the following terms and conditions:

"(a) School groups and organized groups from bona fide youth organizations shall be admitted to the museum without charge at all times.

"(b) No admission charge shall be made of anyone on Fridays, Saturdays, Sundays or holidays.

"(c) The Corporation may charge admission to the maritime museum on not more than two days a week, other than the days above excluded, at not in excess of the following rates and subject to prior approval being obtained therefor, as to the days and rates, from the Recreation and Park Commission, to wit:

"25¢ per person (for children) under 18 years of age
50¢ per person (for adults) over 18 years of age
One dollar per person (for adults) over 18 years of age, where special exhibits are prepared for display purposes for a limited time only."

AND, BE IT FURTHER RESOLVED, that the submission of this modification to the Board of Supervisors shall stipulate that it is being placed in force on an experimental basis for a period of six months, following which complete and full review will be made of the results obtained.

(5) Modification of Architectural Contract - North Beach P/G

The General Manager reported that, based on a report of the Group Work and Recreation Council of the Community Chest, he had directed Mr. William G. Merchant, Architect, to discontinue work on the preliminary drawings for the North Beach Recreation Center, the Community Chest committee having reported a large recreation center as unnecessary to the district because of the ample services provided by private agencies. Therefore, in revising the construction program for the North Beach Playground so that it would include a recreation clubhouse rather than a recreation center, it would also provide for the enclosing and rehabilitation of the existing swimming pool, and a modification of the Architect's contract would be in order.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1513

Commission Approves Change in Plans for North Beach P/G-Eliminating Center but Authorizing Clubhouse at Est.Cost of $150,000 & Amendment of Arch'l Fee.

Resolution No. 1513

RESOLVED, that this Commission, approving and authorizing the discontinuance of further plans for a large recreation center in the North Beach Playground and authorizing the change in the North Beach Playground construction program to provide for a clubhouse and the enclosing and rehabilitation of the existing swimming pool, does hereby approve and direct the modification of the contract for architectural services with William Gladstone Merchant (Controller's #148), as originally modified by the former Recreation Commission under Resolution No. 422, be again modified as follows to reflect a revised contract at an estimated cost of $150,000.00 and an architec-

NEW BUSINESS

(1) Revocable Permit - Coin-operated Comb Vending Machines - Swimming Pool and Aquatic Locations

The General Manager reported that a proposal had been received from Carl J. Trumm, Service Vendors, 6107 Laird Ave., Oakland (Phone LOckhaven 8-3300), to provide, install and service coin-operated vending machines that would dispense combs. These machines would be located at the department's swimming pools and aquatic locations, would retail at ten (10¢) cents each, and the vendor offered twenty-five (25%) per cent of his gross revenue to the City for the permit.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1514

Revocable Permit to Install Comb Vending Machines at Var.Swim.Pool & Aquatic Locations Granted to C.J.Trumm, Service Vendors - 25% of Gross to City

Resolution No. 1514

RESOLVED, that this Commission does hereby approve the issuance of a revocable permit to Carl J. (3) Commission Reaffirms Its Opposition to Freeways In or About Golden Gate Park

Commissioner Parr inquired what the present status of the State Highways Freeways Program was and whether or not the Commission's position opposing freeways as set forth in Resolution No. 1267, Meeting of September 10, 1953, had accomplished any beneficial results.

Mr. Lewis reported that a meeting of City officials and State Highway officials had been held in the office of Mr.B.W.Booker, Assistant State Highway Engineer, District IV Division of Highways, last December, at which time Mr. Lewis stated the Commission's opposition to freeway development that would in any way detract from Golden Gate Park and other park properties.

All Commissioners present expressed their deep concern regarding the threat of freeway development to parks and felt that if the public were fully informed, the resultant public opinion would be opposed to freeways that would prove harmful to park use.

Mrs. Born, San Francisco Planning & Housing Association, and Mr. Roy Flamm, Society for the Preservation of Golden Gate Park, accepted Commissioner Parr's suggestion that their organizations undertake the project of informing the general public of the freeway threat to parks.

Mr. Roger H. Noden, Twin Peaks Improvement Association, stated that he would seek the support of his associations, clubs and organizations in opposing abuse of parks by freeways.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1516

Commission Reaffirms Its Opposition to Freeways In or About Golden Gate Park

Resolution No. 1516

RESOLVED, that this Commission, in view of the continued freeway threat to public parks through plans to utilize park property, its perimeters and approaches, does hereby reaffirm its unalterable opposition to any traffic freeways that would alter in any manner, shape, or form, the surfaces of Golden Gate Park, and does hereby declare that it will resist and reject to the

(4) New Rates Established for Amusement Rides

The Secretary read the report of Mr. Hoyt, Business Manager, recommending new rates for the amusement rides at the Herbert Fleishhacker Playfield and Children's Quarters, Golden Gate Park, the changes being proposed because of the abolition of the Federal tax as of April 16, 1954.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1517

Resolution No. 1517

Commission Changes Rates for Amusement Rides at Fleishhacker Playfield & Children's Quarters, G.G.Park.

RESOLVED, that this Commission does hereby approve the establishment of the following rates for the amusement rides at Herbert Fleishhacker Playfield and Children's Quarters, Golden Gate Park:

Five (5¢) cents for children under 16 years of age,
Ten (10¢) cents for all persons 16 years of age or over,

Said rates to be made effective immediately upon issuance of the newly printed admission ride tickets.

COMMUNICATIONS (continued)

(3) From H. W. Southard, General Chairman, San Francisco Council of Folk Dance Groups, thanking the Commission for its support of the recent folk dance festival held at the Civic Auditorium, and formally making application for assistance in a similar program to be held in October 1954 and again in March 1955.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1521

Commission Approves Folk Dance Festivals for October 1954 & March 1955, and Authorizes Department's Co-operation.

Resolution No. 1521

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve and endorse the two future folk dance festivals planned by the San Francisco Council of Folk Dance Groups, to be held in October 1954 and March 1955, and authorizes the department's co-operation in the preparation and presentation of these events.

Department of City Planning's Report on a Plan for the Location of Parks & Recreation Areas Referred to Commissioners for Review, Findings & Report for Future Commission Action.

(4) From Paul Opperman, Director, Department of City Planning, copies of a Report on a Plan for the Location of Parks and Recreation Areas in San Francisco, issued April 1954. This report was prepared in response to the Commission's authorizing Mr. Lewis to request of the Department of City Planning "help in a co-operative study to develop a new plan for the location of recreation and park areas that can be included in the Master Plan."

Commissioners observed that the report was a comprehensive and detailed one, consisting of some sixty-nine (69) pages of pertinent material. Commissioner Parr suggested that some time be allowed to permit each commissioner to fully review the report. President Sutter asked that each commissioner make his review of the report, so that at a later date Commission action could be taken on the recommendations and findings prior to its inclusion in the Master Plan.

Plan Suggested by Ray W. Taylor for Conversion of the Fleishhacker Pool Into Smaller Enclosed Pools & Natatorium - Referred to G.M. for Study and Report.

(5) From Ray W. Taylor, 1505 Gough Street, submitting a suggestion for the conversion of the Fleishhacker Swimming Pool into smaller enclosed pools and natatorium.

Mr. Lewis stated that the Taylor suggestion would require study by the Engineering staff, and that his first impression was that the proposal would cost about as much as other plans for converting Fleishhacker Pool, viz., $1,000,000.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Taylor proposal was referred to the General Manager for study and report to President Sutter.

(6)a. From John J. Lyons, Executive Director, S.F.Youth Council, thanking the Commission for instituting a program to improve the staff at the Josephine D. Randall Junior Museum, and the efforts being made to improve the access roads.

b. Report of Mr. George S. Harman, Supervising Engineer, regarding the improvements to the 16th Street entrance road, and recommending that that section be declared an assessment district for improvement by the Board of Public Works.

Mr. Lewis stated that copies of Mr. Harman's report had been

COMMUNICATIONS (continued)

delivered to each commissioner and the details of the situation with the property owners was clearly stated therein. It is unlikely that agreement could ever be reached amongst the property owners on the closing or improvement of 16th Street from Roosevelt Way to the entrance of the Junior Museum premises.

From the Department's study, Mr. Harman stated that the present road was narrow and in poor condition and a new entrance road was necessary to satisfy the increasing public demand for a paved and less hazardous entrance. Following a review of all the factors, Mr. Lewis stated it appeared to him that in order to get the matter cleared up, it would be necessary for the Commission to request the Department of Public Works to declare the area an assessment district and to pave 16th Street from Roosevelt Way to the entrance of the museum.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1522

Resolution No. 1522

Commission Requests Department of Public Works to Have Area of Entrance Road to J.D.R. Junior Museum Declared an Assessment District by Bd.of Supv. for Purpose of Paving and Improving 16th St.

WHEREAS, the entrance road to the Josephine D. Randall Junior Museum, consisting of an unimproved portion of 16th Street, has in its present condition failed to provide satisfactory means of ingress and egress, and has resulted in an increasing public demand for a paved and less hazardous road; and

WHEREAS, it has not been possible to obtain an agreement amongst the affected property owners regarding the closing of 16th Street or on the question of an assessment of property owners for the improvement of this road; now, therefore, be it

RESOLVED, that on recommendation of the General Manager, and in the interests of providing adequate and safe public entrance to the Junior Museum, this Commission does hereby request the Department of Public Works to proceed with whatever steps may be necessary to have that portion of 16th Street, from Roosevelt Way to the entrance of the Junior Museum premises, declared an assessment district by the Board of Supervisors, and to thereupon proceed with the paving and improvement of 16th Street.

(8) From Paul W. Laning, Secretary, Central Council of Civic Clubs, endorsing the public use of the San Francisco State College Swimming Pool, and urging the Commission to do everything within its power to obtain the public use of the pool.

Mr. Kimbell, Recreation Superintendent, reported that the lengthy negotiations to obtain public use of the pool had been caused by the College's requirement to clear all transactions with Sacramento.

COMMUNICATIONS (continued)

Mr.Kimbell, Recreation Superintendent, Directed to Continue Efforts to Obtain An Agreement for Use of State College Pool.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Commission directed that efforts be continued to obtain the public use of the State College Pool, and approved Mr. Kimbell's continued effort to obtain an agreement for the use of the pool on a 6-months' trial basis and at one-quarter the original rental quotation.

REPRESENTATIVES AND DELEGATES

(1) Approval of Preliminary Plans and Specifications for Showers and Dressing-Room Facilities - Balboa Park Soccer Field.

Mr. Jerry A. Riddell, Architect, addressed the Commission, submitting Preliminary Plans for the Showers and Dressing-room Facilities to be installed in the athletic quarters at the Balboa Park Soccer Field.

The total construction cost of conversion of the present buildings is $106,900.00, and the plan cost is $10,690.00, making a total estimated cost of $117,590.00 for the work.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

(2) Proposed Hall of Flowers

Proposed Hall of Flowers

Mr. S. M. Martin, Dahlia Society of California, appeared before the Commission to inquire regarding the progress being made in the selection of the site for the proposed Hall of Flowers. President Sutter assured Mr.Martin that the Commission is vitally interested in reaching a satisfactory solution on the important question of providing an Exhibit Hall. The Commission discussed the various proposals which had been offered and, in particular, the recommendation of nearly all of the flower groups and organizations that the funds presently on hand in the City Treasury be used for the construction of a Flower Hall in Golden Gate Park, as originally planned.

Commissioner Parr expressed his sentiments to the effect that San Francisco should have a building for flower shows and a building that would serve as an adjunct to the Strybind Arboretum, but he was strongly opposed to any large structure of county exhibit hall type.

In reference to a suggestion forwarded to the Commission by Mr. Thomas Brooks, Chief Administrative Officer, Commissioners were in general agreement that the California Relief Map would not be properly located in the Flower Exhibit Hall.

President Sutter announced that several preliminary meetings with the committees of various flower and civic organizations would continue to be held on the Hall of Flowers matter, and that there would be a full public hearing of the pros and cons of any recommendations or suggestions before the Commission would take any final action on definite plans.

(3) Emergency Request For A Supplemental Appropriation for Foodstuffs, Commissary Division - $22,000.00

Mr. Lewis reported that the estimated requirements for foodstuffs in the Commissary Division for the month of June 1954 total $23,860.00, while the unencumbered balance in this account is only $1,738.00. This situation creates an emergency and would result in a suspension of the refreshment and restaurant operations unless the sum of $22,000.00 is obtained through a supplemental appropriation.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1534

Request for An Emergency Supplemental Appropriation of $22,000 for Foodstuffs-Commissary Division, June 1954

Resolution No. 1534

RESOLVED, that this Commission does hereby request the Mayor, the Controller, and the Board of Supervisors, to approve an emergency Supplemental Appropriation in the amount of $22,000. from the Unappropriated Revenue in the Recreation and Park Fund to the credit of Appropriation 312.350.03 (Foodstuffs - Commissary Division), these funds being required for the purchase of various foodstuffs and refreshments for resale at Fleishhacker Playfield, Children's Quarters and Golf Course Cafes, a service that is necessary to the health and welfare of the general public.

(4) Inspection of Davis Property, Napa County, California, as Possible Children's Mountain Camp Site.

Report of Inspection of Davis Property in Napa County as Possible Children's Mountain Camp

Mr. Raymond Kimbell, Recreation Superintendent, and Mr. George S. Harman, Supervising Engineer, reported in detail on their trip for the purpose of inspecting some 456 acres, located in Napa County, lying about six (6) miles northeast of Calistoga and about three (3) miles west of Aetna Springs. The property offers possibilities for development as a children's mountain camp, its purchase and improvement to be financed with money from the 1947 Recreation Bond Fund.

Mr. Lewis requested no Commission action, suggesting that there be further staff investigation of such factors as water supply, accessibility, purchase price, and title search. Copies of Mr. Harman's detailed written report, dated May 12,

(5) Request of California Brewing Company for Realignment of Property Required for the Hayes Valley Recreation Center

Mr. Sutter informed Commissioners that the California Brewing Company had requested the City to consider a realignment of the property to be acquired for the Hayes Valley Recreation Center, in order that its warehouse facilities on the south side of Grove Street could be retained.

As presently proposed, it appears that equally sufficient land can be acquired by the City in the same block (Assessor's Block No.806); and there will be no interference or detraction in constructing a recreation center at the new location. Consideration of the proposal would be continued to a subsequent meeting.

RESOLVED, that this Commission does hereby approve the agreement with the Academic Athletic Association, covering twenty-one (21) football games to be played in Kezar Stadium, September 18 thru November 25, 1954, with a minimum guaranty of $25.00 per game for each day of play, or ten (10%) per cent of the gross receipts for admissions.

* * * * * * * * * * *

(3) The Secretary read the letter of Victor P. Morabito, San Francisco Forty Niners, which set forth his understanding regarding the lease agreement for the 49ers use of Kezar Stadium, and returning the executed copies.

The Commission approved the request that a written waiver of the radio and television broadcasting rights, as set forth in Paragraph 6, be delivered to the 49ers. The Commission also agreed with the provision that end-zone seats be placed in the "reserve" category for certain games at no increase in the general admission price for such seats.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1554

Commission Approves Use of Kezar Stadium for 1954 Season by S.F. Forty Niners.

Resolution No. 1554

RESOLVED, that this Commission does hereby approve the agreement with the San Francisco Forty Niners covering their scheduled contests to be played at Kezar Stadium, with a minimum guaranty of $2,500. for each day of play, or ten (10%) per cent of the gross receipts for admissions, provided that the contest to be held on Saturday, December 11, shall have a minimum guaranty of $5,000, this change from a Sunday having been necessitated by the Forty Niners' television commitments.

* * *

The Secretary reported that Mr. Spadia, Forty Niners' manager, had requested the tentative date of Sunday, August 8, for a possible contest with the Fort Ord Army Team, this pre-season game to be played at a reduced admission charge.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the reservation of this date was approved, the detailed terms and conditions to be determined when the contest is confirmed.

(4) Amendment to Modification of Maritime Museum Association Lease.

The Secretary reported that the Finance Committee of the Board of Supervisors had expressed approval of the modification of the Maritime Museum Lease, which prescribed the procedure and authorized admission charges under certain conditions. The Committee, however, requested an amendment regarding the 6-months' trial basis to the effect that if the admission charges are to be extended beyond the trial period, such extension would be subject to Board of Supervisors' approval.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1559

Commission Approves Amendment to Modification of Maritime Museum Lease, Subject to Approval of Board of Supervisors.

Resolution No. 1559

RESOLVED, that this Commission does hereby approve an amendment to the modification of the Maritime Museum Lease, to the effect that any extension or continuation of admission charges beyond the 6-months' trial period shall be subject to the consent and approval of the Board of Supervisors.

(5) Signature of Business Manager Authorized for 2-week Period for Progress Payments and Transfers of Funds from Surpluses.

The Secretary reported that, for the uninterrupted operation of the Recreation and Park Department during the absence and illness of the General Manager, some person should be duly authorized to sign progress payments and requests for funds and that such documents are normally screened by the Business Manager.

Commissioner Coffman suggested that no lengthy authorization be voted until the next meeting, and on his motion, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1560

Business Manager Authorized to Sign & Forward to Controller Progress Payments and Transfers of Funds from Existing Surpluses for 2-wk. Period.

Resolution No. 1560

RESOLVED, that for the uninterrupted operation of the Recreation and Park Department during the next two-week period, the Business Manager be and is hereby authorized to sign and forward to the Controller progress payments which are due and payable, and to request the transfer of funds from existing surpluses, such authorization being made in consideration of the illness and absence of the General Manager.

(6) Settlement and Release of Claim Against Luckenbach Steamship Company, Resulting from Damage to Aquatic Park Pier 2/3/53.

Letter received from Lawrence S. Mana, Deputy City Attorney, forwarding three copies of the agreement and release prepared

NEW BUSINESS (continued)

for the settlement of the claim against the Luckenbach Steamship Company for damages to Aquatic Park Pier resulting from the collision of the SS HARRY S. LUCKENBACH on February 3, 1953.

The Secretary reported that the agreement specifically called for the signature of the General Manager, but due to Mr.Lewis' sudden and critical illness, the City Attorney had suggested a resolution of the Commission authorising the signature of the Commission President.

Commissioner Coffman suggested that, for the purpose of properly executing any documents of the Department or the Commission, the President be empowered to sign, and on his motion, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1561

Resolution No. 1561

Commission Authorizes President Louis Sutter to Sign Any and All Documents of Department or Commission During G.M.'s Absence.

RESOLVED, that during the absence from duty of the General Manager as a result of his sudden and critical illness, this Commission does hereby vest in its President,Mr.Louis Sutter, the authority to sign any and all documents of the Department or Commission which, in the normal course of business, would be signed by the General Manager.

Letter from S.F. Flower Show, Inc. re. Hall of Flowers in G.G.Park - Taken Under Consideration and Investigation for a Site for Same.

(4) From Al Stettler, San Francisco Flower Show, Inc., requesting the Commission to proceed with plans for a Hall of Flowers in Golden Gate Park. The letter set forth in detail the proposed use which the many flower and horticultural organizations would make of the building, and asked the Commission to use the County Fair Funds presently on hand in the City Treasury for the construction of the Hall.

The Secretary reported that copies of the letter had been mailed to each commissioner, and on motion of Commissioner Coffman, seconded by Commissioner Dippel, the letter was taken under consideration as a part of the Commission's study and investigation for a flower hall site.

(6) From Eugene J. Riordan, Director of Property, advising that the Commission should consider the acquisition cost of the property located on the southwest corner of Grove and Laguna Streets to be approximately $40,000.00.

President Sutter explained that if the proposed site of the Hayes Valley Recreation Center could be relocated to the eastward on Grove Street, between Buchanan and Laguna, it would not be necessary for the City to acquire the brewery warehouse. A review of the properties in question indicated that the new location of the center would bring with it several advantages for its public use.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1564

Relocation of Site of Hayes Valley Rec.Ctr. Approved.

Resolution No. 1564

RESOLVED, that this Commission does hereby approve the relocation of the site of the Hayes Valley Recreation Center, to

of contracting for the services of the Golden Date Park Band, for concerts in the Band Concourse. Mr. Ralph Murray, Band Director, requested the addition of three holiday concerts, namely, November 11, December 25 and January 1, and also proposed an increase in the amount allocated for any one concert from $590 to $650.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1573

Commission Awards New Contract to Ralph Murray, G.G. Park Band Director, for Fiscal Yr.1954-55, Adding Three Holiday Concerts, and Granting Increase from $590 to $650 for Any One Concert

Resolution No. 1573

RESOLVED, that this Commission does hereby approve the award of a contract to Mr. Ralph Murray, Director, Golden Gate Park Band, for the fiscal year 1954-1955 in the total sum of $31,770, with the following modifications of the previous contract, to wit: the addition of three (3) holiday concerts (November 11, December 25, and January 1), and an increase in the stipulated expenditure for any one concert from $590 to $650; and the Secretary be and is hereby authorized to negotiate said contract.

(3) Appointment of Mr. R. H. Hoyt as Acting General Manager

President Sutter reported that Mr. D.R.Holm, City Attorney, and Mr. William L. Henderson, Civil Service Commission, had advised Mr. McDevitt and himself that a member of the department staff should be designated to act in the capacity of General Manager during the absence of Mr. Lewis. This action is both necessary and required for the uninterrupted operation of the department and the execution of certain fiscal and personnel matters normally within the authority of the General Manager.

On Mr. Sutter's recommendation, the Secretary presented for adoption a resolution designating Mr. Hoyt, Business Manager, to also serve in the capacity of General Manager which, on motion of Commissioner Coffman, seconded by Commissioner Herz, was adopted, as follows:

Res. No.1574

Commission Designates Mr.R.H.Hoyt as Gen.Mgr. During Mr.Lewis's Absence from Department

Resolution No. 1574

(4) Renewal of Crystal Plunge Lease With Mr.Robert A. Pedersen.

The Secretary presented the letter from Mr. Robert A.Pedersen, operator of the Crystal Plunge, expressing his interest in subleasing the swimming pool to the City during the coming fiscal year.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1575

Commission Requests Director of Property to Negotiate New Lease for Crystal Plunge with Operator, Robert A. Pedersen for Fiscal Yr.1954-55.

Resolution No. 1575

RESOLVED, that this Commission, having requested and obtained an appropriation in the 1954-1955 budget in the amount of $20,000. for the rental and repair account of the Crystal Plunge, does hereby request the Director of Property to resume negotiations with Mr. Robert A. Pedersen, for the rental of the Crystal Plunge for the coming fiscal year, with the condition that the rental not exceed $15,000 nor the repair account exceed the amount of $5,000.

* * *

Mr. Pedersen, who was present at the meeting, then submitted bills in the amounts of $190 and $500, representing costs incurred by him in connection with the painting work done at Crystal Plunge during the period February 17 thru March 31, 1954. The work had been inspected by Mr. Bart Rolph, and Mr. Robert H. Hoyt recommended approval of the bills for submission to the Board of Supervisors.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1576

Commission Approves Bills Totaling $690. for Painting Work at Crystal Plunge, for Submission to Board of Supervisors for Approval.

Resolution No. 1576

RESOLVED, that this Commission does hereby approve, for payment and submission to the Board of Supervisors for final approval, in accordance with Board Resolution No.13,570, invoices covering certain work in connection with the painting of the girls' and boys' quarters, Crystal Plungs, in the amounts of $190 and $500, said work having been authorized by Resolution No. 1406, Commission meeting of January 28, 1954, and the work performed during the period February 17 through March 31, 1954, and completed to the satisfaction of the department.

radio, picture and television rights regarding the Forty Niner contests.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1577

Commission Approves Modification of Agreement with S.F. 49ers for One Add'l Game, Sun., 8/8/54 & Waiver of Broadcasting, Picture & T.V. Rights.

Resolution No. 1577

RESOLVED, that the Recreation and Park Commission does hereby approve the modification of the rental agreement with the San Francisco Forty Niners for the use of Kezar Stadium for the 1954 season, as follows:

(1) That the Commission waives those broadcasting and picture rights referred to in paragraph 6(b) of the Forty Niner contract, and waives its right to prior approval of televised programs arranged by opponents of the San Francisco Forty Niners as set forth in Paragraph 8, provided that the management of the San Francisco Forty Niners agrees to notify the Manager of Kezar Stadium not less than forty-eight (48) hours in advance of any game which will be televised by an opponent of the San Francisco Forty Niners; and

(2) That there be included in the regularly scheduled list of contests one (1) additional football game, the opponent to be the Fort Ord Service Team, the date to be Sunday, August 8, the terms to include a minimum guaranty to the Commission of $750, or the usual ten(10%) per cent of the gross receipts from admissions; the admission charge to be not more than $2.25 for any one person.

NEW BUSINESS

(1) Gift of $3,000 from Guardsmen for Silver Tree Day Camp Use

Mr. Hoyt reported that by letter dated March 30, 1954, The Guardsmen had offered to present a cash donation approximating $3,000 to assist in the expanded operation of the Silver Tree Day Camp program. It was his recommendation and that of Mr. Kimbell that the offer be accepted, as it would provide the means of purchasing additional food and service beyond the department's budget allowance.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1578

Commission Receives Gift of $3,000 from The Guardsmen for Silver Tree Day Camp & Requests Bd.Supv. to Make Official Acceptance for City.

Resolution No. 1578

WHEREAS, The Guardsmen, an organization which has done much to finance the summer vacation camp program for thousands of San Francisco children, are desirous of furthering the program conducted by this department at the Silver Tree Day Camp, Glen Park Playground, and have offered a gift in the amount of $3,000 to be accepted by the City for the purpose of aiding and assisting the operation of the Silver Tree Day

REPRESENTATIVES AND DELEGATES

(1) Hayes Valley Recreation Center Site

Mr. Duane Anderson and Mrs. J. A. Wooley, representing the Hayes Valley Parents' Club, addressed the Commission, requesting that the site to be selected for the Hayes Valley Recreation Center be unchanged from the originally selected location in the center section of Grove Street, between Buchanan and Laguna Streets, as referred to in Resolution No. 1330, meeting of November 12, 1953. They asked that if the site

REPRESENTATIVES AND DELEGATES (continued)

were to be changed and relocated in the eastern section of the block, certain stipulations be made by the Commission which would provide safeguards, insure the attractiveness of the warehouse property, and reduce the nuisance value of the warehouse operation to its absolute minimum.

Mr. Robert A. Clarke, representing the California Brewing Company, reported that it would be most difficult for his company to relinquish the warehouse property, and that certain stipulations regarding the property's use had already been agreed upon and submitted to the City Planning Commission.

Following a full and thorough discussion in which Mr.Kimball, Recreation Superintendent, stated that the new location from which the warehouse property would be excluded would provide a satisfactory and adequate space for the recreation center, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1584

Resolution No. 1584

Commission Reaffirms Location of Hayes Valley Recreation Center and Requires Certain Stipulations with California Brewing Company to be Fulfilled.

RESOLVED, that this Commission does hereby reaffirm its action under Resolution No. 1564, meeting of June 10, 1954, in designating the eastern section on the south side of Grove Street, between Buchanan and Laguna Streets, to be the site of the Hayes Valley Recreation Center, with the condition that the Superintendent of Recreation set forth by written stipulation those certain alterations and improvements to be made by the California Brewing Company at its warehouse property, and that such stipulated requirements be agreed to in writing by said company and completed to the satisfaction of the Recreation and Park Department prior to the construction of the recreation center.

Action on Channelization of Great Highway, Lincoln Way & South Drive Postponed to Meeting of August 12, 1954.

(2) Mr. Ross Shoaf, traffic engineer, Department of Public Works, appeared before the Commission to present three alternate plans for the proposed channelization of the intersection of the Great Highway, Lincoln Way, and South Drive. Mr. Shoaf demonstrated the particular advantages and disadvantages of the three plans and submitted the recommendation of Mr.Sherman P. Duckel for the acceptance of Plan No.1, which could be developed at an estimated cost of $29,100.00.

Mrs. Ernest Born, San Francisco Planning and Housing Association, addressed the Commission, endorsing Plan No. 2, which would close South Drive and convert major traffic to a park entrance at 47th Avenue and Lincoln Way. This plan carried an estimated cost of $64,000.00.

Mr. Julius Girod, Park Superintendent, considered Plan No. 3 the most advantageous from the park standpoint, its estimated cost being $106,000.00.

Following a detailed review, in which Mr. Shoaf impressed upon the Commission the improbability of obtaining the additional $77,000.00 required for Plan No. 3, as a replacement for Plan No. 1, the Commission postponed further consideration of this matter to the August 12 meeting, requesting and directing that the Department of Public Works and Mr. Girod, Superintendent of Parks, confer on the matter toward the end that a mutually desirable and financially feasible plan be devised.

The Commission, at the suggestion of Commissioner Parr, thanked

(3) Barney Gould's Showboat - SS FORT SUTTER

Mr. Barney Gould appeared before the Commission, accompanied by Mr. Peter Van Gelder, representing the Citizens' Committee to Save the Showboat.

Mr. Van Gelder reported that Mr. Gould had met one condition of his July 1 deadline, having obtained the required certificate of ownership of the SS FORT SUTTER, but that he would be unable to meet his second obligation, that of posting a $75,000.00 bond on or before July 1, 1954. He stated that Mr. Gould and his associates had found it extremely difficult to find financial support without a firm contract with the City. He also attributed the delay to their inability to obtain permits pending an opinion of the City Attorney which had been rendered only a few days previously, i.e., Opinion No. 858 of June 21, 1954.

Following a full hearing of Mr. Gould's efforts, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1585

Final Extension of Time Granted to Barney Gould, to August 12, 1954 to Comply With Conditions Stipulated by Commission.

Resolution No. 1585

RESOLVED, that this Commission, having fully heard and considered the request of Mr. Barney Gould and his associate, Mr. Peter Van Gelder, for an extension of time in meeting Mr. Gould's obligation by the deadline of July 1, 1954, does hereby grant to Mr. Barney Gould a final extension of time to Thursday, August 12, 1954, with the firm direction and instruction to Mr. Gould that this extension shall serve as an ultimatum to him and his associates, and to all interested persons, that if the conditions and requirements set forth in the agreement handed him under Resolution No. 1494, meeting of April 8, 1954, shall not have been performed to the satisfaction of this Commission on or before August 12,1954, this Commission will at that time discontinue its negotiations with Mr. Gould toward a contract for California Showboats Inc.

(3) Approval of Crystal Plunge Lease - Reapportionment of Amounts for Rental and Repairs.

Mr. Robert A. Pedersen, operator of Crystal Plunge, submitted a written request that the Commission approve the reapportionment of the $20,000. item budgeted for the use of the Crystal Plunge during the coming fiscal year, so that $17,500.00 would be allocated for rental and $2,500.00 would be allocated to the repair account.

President Sutter explained that because of the increased operating costs at the pool and the reduced requirements for repair work, Mr. Pedersen's request seemed to be proper and in order.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Resolution No. 1602

Res. No.1602

(3) California Relief Map

Location of Calif.Relief Map and Its Housing Referred to Acting G.M. and Staff for Investigation and Report at Next Meeting.

The request of Mr. Thomas A. Brooks, Chief Administrative Officer, for the Commission's report on the progress made in finding a location for the California Relief Map was presented.

In this connection, the Secretary read from a letter dated August 10, 1954 on this subject, from Mr. Paul Oppermann, Director of Planning to Supervisor J. Eugene McAteer, Chairman, Education, Parks and Recreation Committee, Board of Supervisors. Mr. Opperman's letter contained a specific recommendation that the map be housed in a show-window structure on public property, along the north side of Point Lobos Avenue, immediately adjoining the commercial area east of the Cliff House, the structure to be designed so that the map could be viewed from the sidewalk.

After considerable discussion, this matter was referred to the Acting General Manager for staff investigation and report at the next meeting.

The Secretary explained that on Wednesday, August 4, 1954, a written protest had been received from Martinelli Construction Co., Inc., to the effect that the bid of Louis C. Dunn,

NEW BUSINESS (continued)

Inc. should be rejected on account of alterations made in the proposal form submitted by the low bidder.

A written opinion was immediately requested of the City Attorney who, in his letter of August 11, 1954, advised the Recreation and Park Commission that the bid of Louis C.Dunn, Inc. must be rejected, basing his advice on his previously rendered Opinion No. 622 of October 28, 1952.

On motion of Commissioner Stern, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1622

Commission Awards Contract for Impvts. to M.S.Hayward P/G to 2nd Low Bidder-MARTINELLI CONSTRUCTION CO.,INC. in Amount of $283,973., Rejecting Low Bid Because of Alteration in Proposal Form.

Resolution No. 1622

RESOLVED, that this Commission does hereby award the contract for Improvements to Margaret Hayward Playground to MARTINELLI CONSTRUCTION CO., Inc., 1580 Folsom Street, San Francisco, they being the second low regular and responsible bidder therefor in the amount of $283,973.00, all other bids for the above described work being hereby rejected, including the low bid of Louis C. Dunn, Inc., in accordance with City Attorney's Opinion No.622 of October 28, 1952; and, be it

FURTHER RESOLVED, that the Acting General Manager and the Secretary are empowered to execute this contract on behalf of the Recreation and Park Commission; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

(2) Proposed Channelisation of Great Highway, Lincoln Way and South Drive Approved - Estimated Cost $106,000.00.

Mr. Julius Girod, Superintendent of Parks, presented three alternate plans prepared by the Department of Public Works for the proposed channelization of the Great Highway, Lincoln Way and South Drive, this matter having been postponed from the Commission meeting of June 24.

Of the three plans submitted, Mr. Girod recommended that the Commission approve Plan No. 3 which, even though its estimated cost of $106,000.00 would be considerably more than Plan No.1 ($29,100.00) and Plan No. 2 ($64,000.00), was by far the most advantageous from the standpoint of the park's preservation.

Mrs. Ernest Born, San Francisco Planning and Housing Association, addressing the Commission as an interested citizen, endorsed Mr. Girod's recommendation of Plan No. 3, as did Mr. Roy Flamm, Chairman, Society for Preservation of Golden Gate Park.

Following a full and thorough discussion, on motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

EXECUTIVE SESSION (continued)

Commission's attention to the urgent necessity for extending the outfall-intake pipeline which pumps salt water into and out of Fleishhacker Pool.

In this connection, Mr. Rolph stated that extension of the pipeline approximately 150 feet was necessary in order to eliminate the present condition, which results in sand, rock, and seaweed being pumped into the pool, contributing to the destruction of the pump and adding operational costs. Mr. Rolph estimated the extension would cost $75,000.00.

It was recommended by Mr. Hoyt and Mr. Rolph that Mr. Harry E. Squire be retained as consultant, at a fee of $200.00, to advise the department's engineering staff on this work and to check the final draft of the required specifications, he being an authority on harbor installation work.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1623

Resolution No. 1623

Commission Approves Retention of Harry E. Squire as Consultant for Repair and Extension of Outfall-Intake Pipeline at Fleishhacker Pool

RESOLVED, that for the best interests and proper operation of the Recreation and Park Department, the Controller be and is hereby requested to approve the following Order for Service or Work to Harry E. REPRESENTATIVES AND DELEGATES

(1) Proposal of Down Town Assn's "Christmas Tree Festival" - Union Sq.

Judge Sylvester J. McAtee and Mr. Edward Goeppner appeared to request permission for the Down Town Association to hold a San Francisco "Christmas Tree Festival" in Union Square, for a period of 20 days from Sunday, December 5, through Christmas Eve, December 24, 1954.

Judge McAtee and Mr. Goeppner told of plans to transform Union Square into a forest of huge decorated Christmas trees during the holiday season, with leading manufacturing, railroad, utility, hotel, banking, and other firms each sponsoring and decorating one of the trees. The trees would serve as a spectacular background for daily programs of entertainment which the various nationality groups in San Francisco would be invited to produce. It was pointed out that this entertainment would include folk dances, singing, music groups, and Christmas pageants, etc.

A letter from Mr. Edward V. Mills, President of the Down Town Association stated: "We firmly believe this 'Christmas Tree Festival' would be a colorful, thoroughly enjoyable event--aimed primarily at the children--but with a business eye toward the spendable holiday

dollars which would be brought into San Francisco during the event. Further, the broad national publicity generated would result in increased tourist business the year 'round."

After a great deal of interested discussion, during which Commissioner Coffman suggested the Down Town Association consider the possibility of expanding the "Christmas Tree Festival" to the end of the year, in order to include the many colorful units which will be in San Francisco to take part in the annual East-West Shrine Football Game, on motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1626

Resolution No. 1626

Commission Unanimously Approves Request of Down Town Association to Hold a Christmas Tree Festival in Union Square - During Decem.5-24, 1954 - Detailed Plans to be Submitted for Approval and Supt.Parks to Work Out Details with Down Town Assn.

WHEREAS, the Down Town Association has suggested a "Christmas Tree Festival" to be held in Union Square during the month of December; and

WHEREAS, plans suggested would include the transformation of the Union Square area into a forest of decorated Christmas trees, as well as participation by various nationality groups in this most cosmopolitan of all cities, to provide daily entertainment; and

WHEREAS, expenses in connection with the proposed festival would be borne by the Down Town Association; now, therefore, be it

RESOLVED, that this Commission gives its enthusiastic approval to this proposal of the Down Town Association for the production of a "Christmas Tree Festival" in Union Square, and directs the Superintendent of Parks to work with representatives of the Down Town Association in the preparation of plans detailing the physical transformation of Union Square, such detailed plans to be submitted to this Commission for approval in advance of the start of any actual work on this project.

COMMUNICATIONS

(1) The Secretary read a letter from His Honor, Mayor Elmer E. Robinson, advising the Commission that the most unfortunate continued illness of Mr. David E. Lewis had necessitated his resignation as Manager of the Recreation and Park Department, and expressing his regret that the situation has deprived the City of one of its most outstanding officials, and hoping for his speedy recovery. He recommended, as successor to Mr.Lewis, Mr. Max G. Funke, who has served the Mayor for almost seven years in the important position of executive secretary, stating that his experience in administrative municipal matters qualified him to direct the activities and functions of the Recreation and Park Department.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1638

Resolution No. 1638

Res.of Appreciation & Regretful Acceptance of the Resignation of M. D. E. Lewis

RESOLVED, that this Commission, with deep regret, accepts the resignation of Mr. David E. Lewis as General Manager of the Recreation and Park Department, and expresses its sincere hope that he may soon overcome his unfortunate illness and return to his duties as the executive officer of the department which he has directed and administered with outstanding efficiency and loyalty during the past three years.

UNFINISHED BUSINESS

(1) Balboa Park Pool Site Relocated Due to Freeway Plans

From B. W. Booker, Assistant State Highway Engineer, District IV, reporting on the proposed location of the southern freeway and its utilization of a portion of Balboa Park; and requesting Commission's co-operation in making the parcel available for purchase by the State. The parcel in question is at the western tip of Balboa Park and has been considered by the Commission as a possible location for the Balboa swimming pool.

President Sutter reported on his personal inspection of the entire Balboa Park area and the department properties affected by the Highway Department's plans. He was of the opinion that the swimming pool could be relocated in Balboa Park, but that the new location would require expert and careful study in order to properly align the swimming pool building with the other facilities in the park.

Mr. Harman, Supervising Engineer, gave a realistic outline of the problem by the use of a map of Balboa Park and a template of the proposed Balboa pool.

Following discussion, on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 1653

Balboa Park Pool Site Relocated Due to Freeway Plans

Resolution No. 1653

RESOLVED, that this Commission, in view of information received from the California Division of Highways, District IV, to the effect that freeway plans will require the use of that portion of Balboa Park originally designated as a swimming pool site, as well as other portions of the Balboa Park area, does hereby authorize a modification of the architectural contract of Riemers and Overmire, which will release the swimming pool building site from the western portion of Balboa Park, facing Ocean Avenue, to an alternate location within the park area; and the department engineering staff and the architectural firm are authorized to undertake studies and to make recommendations

UNFINISHED BUSINESS (continued)

Res. No.1653 (continued)

that will assist in determining the best location for the swimming pool.

The Secretary was instructed to request, at the appropriate time, a detailed description of the parcels required by the Division of Highways, and to obtain from the Director of Property an appraisal of the department's land affected.

(2) Panhandle Roadway Alterations

From Sherman P. Duckel, Director, Department of Public Works, submitting an alternate proposal for traffic control and channelization at the Baker Street entrance to the Golden Gate Park Panhandle.

Detailed sketches prepared by Mr. Duckel's office, numbered STR-2249 and STR-2252, were reviewed and reported on by Mr. Grabow, Park Engineer. Mr. Grabow recommended approval of the proposed channelization, with certain alterations to be made in the Baker Street entrance proposal.

Mr.Girod, Park Superintendent, approved the proposed pedestrian walks at Central Avenue and Lyon Street intersections of the Panhandle, as did Mr. Grabow. However, Mr. Girod strongly opposed any alteration or channelization of the Baker Street entrance to the Panhandle. The Commission discussed the Baker Street entrance very thoroughly and gave complete concurrence to Mr. Girod's recommendation that the Baker Street entrance to the Panhandle remain unchanged.

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

Resolution No. 1654

Res. No.1654

Commission Favors No Change in Baker Street Entrance to Panhandle - But Endorses Proposal for Pedestrian Cross-walks at Central Avenue & Lyon Street.

RESOLVED, that this Commission, having fully reviewed the proposals submitted by Mr. Sherman P. Duckel, Director, Department of Public Works (letter of August 27, 1954), for channelization affecting the Park Panhandle between Fell and Oak Streets, does hereby approve the proposal for pedestrian cross-walks at the Central Avenue and Lyon Street sections, as submitted, but rejects in its entirety the proposal for the channelization and alteration of the Baker Street entrance to the Panhandle, being of the opinion that any such alteration is a detrimental encroachment on park property and will serve no useful purpose for pedestrian or vehicular traffic either inside or outside of the park boundaries.

(3) State College Swimming Pool Rental & Operation on Trial Basis

From Superior Court Judge, Melvyn I. Cronin, urging the Commission to take a definite and favorable action on the proposed use of the San Francisco State College Swimming Pool for public recreation.

Mr. Raymond Kimbell, who had been previously authorized to act on behalf of the Commission in this matter, reported that the State College authorities had voted what he believed to be their final lowest figure for the rental of the swimming pool, which would be available on Sundays, the rental to be $169. per Sunday. He recommended that efforts be made to request funds to permit an experimental trial period of six months.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

UNFINISHED BUSINESS (continued)

Res. No.1655

Commission Requests 1 Sup.Approp. for Rental & Operation of State College Swimming Pool on 6 Months' Trial Basis

Resolution No. 1655

RESOLVED, that this Commission, in response to the public demands and needs for swimming pool facilities and pursuant to an Act of the California State Legislature to enable the City to obtain the use of the San Francisco State College Swimming Pool for public recreation, does hereby request the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation in the amount of $4,394 from such funds as may be legally available to permit the rental and operation of the pool for a series of twenty-six (26) consecutive Sundays, as an experimental trial period.

Use of Union Square for "Hotel Week" Celebration Disapproved

Mr. Girod, Park Superintendent, reported that he had received no further communications or information from the Industrial Committee of the San Francisco Junior Chamber of Commerce relative to their request to sponsor a "hotel week" program in Union Square.

In view of the many unsettled questions pertaining to the proposed program and the portions of the program's theme which appear inconsistent with proper park use, the Commission officially disapproved the request.

NEW BUSINESS

(1) Selection of Delegates to Attend National Conventions

The Commission next considered the matter of representation at the forthcoming national recreation and park conventions.

Mr. Hoyt reported on the availability of funds for the purpose and gave an estimate of $500.00 to cover the Baltimore convention and $400.00 for the St. Louis convention.

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolutions were adopted:

Res. No.1656

Commission Secretary Delegated to Attend 56th Annual Conference of Am.Inst.of Park Executives in Baltimore, Md., 10/3 to 10/8/54.

Resolution No. 1656

RESOLVED, that this Commission does hereby authorize the attendance of Mr. Edward A. McDevitt, Commission Secretary, at the Fifty-sixth Annual Conference of the American Institute of Park Executives, to be held in Baltimore, Maryland, October 3 to 8, 1954, both dates inclusive, and that the travel and other expenses incurred in connection with attendance at the aforementioned conference be approved for payment by the City and County of San Francisco.

(3) USS SAN FRANCISCO Bronze Plaques Offered to Department by Navy

Offer of Navy for Permanent Loan of Bronze Plaques from USS SAN FRANCISCO, Referred to G.M. for Report and Recommendation

From John R. McGrath, Clerk, Board of Supervisors, a letter addressed to the Commission and several other City Departments, inquiring as to whether or not a suitable location could be provided for two (2) bronze plaques from the Cruiser USS SAN FRANCISCO, which the U.S.Navy is offering to the City on loan.

The Secretary reported that the City Attorney had been requested to rule on the various departments' powers on the acceptance of loans and the conditions under which such acceptance could be made. He offered the suggestion that if the U.S.Navy would present the plaques as an outright gift to the City, the Commission might accept them for permanent installation at the USS SAN FRANCISCO memorial at Land's End.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the matter was referred to the General Manager for report and recommendation, pending advice of the City Attorney on the matter of exhibit loans.

COMMUNICATIONS

(1) From Charles French Isackes, General Manager, United Crusade Campaign, requesting permission to illuminate and utilize Coit Tower as a symbol in this year's United Crusade.

On motion of Commissioner Dippel, seconded by Mr. Coffman, the following resolution was adopted:

Res. No.1660

Resolution No. 1660

United Crusade Lighting of Coit Tower

RESOLVED, That this Commission does hereby approve the request of the United Crusade Campaign for permission to illuminate Coit Tower from the period Tuesday, October 5 to and including Monday, November 15, 1954 with the condition that the lighting and illumination effects be installed at no cost to the City, that the installation be supervised and maintained by expert technicians and that all possible hazards to the public or damage to the structure be eliminated.

****

(2) From Marjorie Grinnell, Secretary, San Francisco Dog Training Club, Inc., requesting the Commission to provide an area within Golden Gate Park which can be used for the supervised obedience training of dogs.

Mr. Julius Girod, Park Superintendent, recommended a specific area in the vicinity of Fulton and 39th Avenue to be designated as the dog training location.

Mr. Cavalier, representing the interested parties, gave a detailed explanation of the manner in which the area would be used and assured the Commission that it would in no way interfere with the public's complete enjoyment of the park but would permit proper dog training activities without violations of the provisions of the Park Code.

COMMUNICATIONS (Continued)

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1661

Golden Gate Park Area Set Aside For Supervised Obedience Training of Dogs

Resolution No. 1661

RESOLVED, That this Commission, on recommendation of the Park Superintendent, does hereby direct that an area of approximately 200 square feet be set aside in Golden Gate Park in the vicinity of 39th Avenue and Fulton Street to be designated as a dog training area wherein persons may engage in obedience training of dogs prescribed by the American Kennel Club; and be it

RESOLVED further, That the area so set aside be properly marked and posted with signs setting forth the rules and regulations under which the area may be used by the public.

(3)(a) From Roy Flamm, writing as a private citizen, giving notification that he considers the tent erected in Civic Center Plaza on Tuesday, September 14 to be a violation of park use.

(b) From Acting Mayor, J. Eugene McAteer, forwarding a complaint of Mr. Roy Flamm relative to alleged violation of the Charter due to the placement of a tent in Civic Center Plaza and requesting the department to take appropriate action.

The Secretary reported that Mr. Flamm had been advised by letter that his contention that the Commission was not acting in accordance with its powers in permitting the erection of a tent in the walk-way of Civic Center Plaza was subject to question. This tent has been erected on previous occasions as a temporary accommodation to large conventions being held in San Francisco because of the inadequate space provided in the Civic Auditorium, and is in conjunction with the temporary closing of Grove Street for similar reasons. The tent, presently used by the American Mining Congress for the registration of delegates, is not utilized for exhibit or other commercial purposes.

President Sutter had approved the tent installation as an expedient accommodation to a convention with no damage to park properties and as an extension of the Supervisors' Street Closing Permit.

Commissioner Coffman stated that he believes one of the Commission's most important functions to be the exercise of its discretionary powers and to act in its capacity as a governmental body in the best interests of the public. If such discretionary powers are not to be exercised and the rules and codes are to be the sole source of authority, the services of the Commission would be superfluous. He recognized the emergency nature of the present situation and asked that such matters be cleared well in advance in all future cases.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

COMMUNICATIONS (Continued)

Res. No. 1662

Unusual Requests For Department Facilities to be Formally Submitted For Approval

Resolution No. 1662

RESOLVED, That this Commission does hereby direct that all future requests involving an unusual or extraordinary use of a Recreation and Park Department facility be formally submitted to this Commission for decision and that no permission be granted for such use without prior Commission action and approval.

(4) From Edwin H. Smith, Civil Engineer, requesting permission for the Brentwood Company to construct an outfall sanitary sewer crossing the Sharp Park Golf Course.

Mr. T. M. Grabow, department engineer, presented drawings showing the proposed sewer installation and the fairways affected, recommending approval of the request under specified conditions.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 1663

Permission granted Brentwood Co. to construct outfall sewer crossing Sharp Park

Resolution No. 1663

RESOLVED, That this Commission does hereby grant the request of the Brentwood Company for permission to construct a 8" VCP outfall sanitary sewer across Sharp Park Golf Course as shown on drawing 10477 dated September 1954, provided that all work shall be done by the permittee in accordance with conditions and specifications set down by this department's engineers, that the surface of the golf course be completely restored, and that the Brentwood Company shall provide and do all work necessary for a connection with the new sewer line to the Sharp Park Clubhouse and that all work shall be performed and completed within a period of time to be specified by the General Manager.

(5) From Daniel T. Chapman, Lt. Colonel, U.S.A., reporting the removal of lumber and building material from Department property (Building T-489 at Fort Funston), explaining the circumstances and requesting the Commission's favorable consideration of the Army's release from any claim for damages.

Mr. Bartle Rolph reported that the lumber removed from Building T-489 had been used by the Army to repair other structures in the area and he recommended that no claim be entered for damages. Col. Chapman was present to answer several questions following which on motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 1664

Army's Release From Claim for Damages, Bldg. T-489, Ft. Funston

Resolution No. 1664

RESOLVED, That this Commission having heard the circumstances through which the building material was removed from Building T-489 on department property at Fort Funston and incorporated in a mess hall occupied by Battery D of the 752AAA Battalion

COMMUNICATIONS (Continued)

U.S.A. does hereby grant the request of the United States Army for permission to retain the lumber as presently utilized, and further, fully releases the United States Army from any claim for damages.

(6)(a) From Ezio M. Paolini, President, California Football Association, requesting the Commission to reconsider its action in permitting the use of the Balboa Soccer Stadium for intercollegiate football contests.

(b) From Mr. John Ardizzone, Secretary of the S.F. Football League, a similar request that the Commission reconsider its permission granted for intercollegiate football at Balboa Stadium.

The Secretary reported that the Commission at its meeting of June 10, 1954 by Resolution 1563 approved a contract with the City College of San Francisco for the rental of the Balboa Stadium for three football games at a minimum guarantee of $100.00 per game and 10% of the gross receipts from all paid admissions and that such use of the field had been recommended by the staff.

Preferential Use to be Afforded Soccer Groups at Balboa Stadium

Mr. Matthew Boxer, representing the soccer interests, addressed the Commission and requested that its action be rescinded. He stated that the growth of soccer's popularity had left the various leagues with insufficient playing fields and that their continuous use resulted in poor playing conditions. He referred to his early efforts to obtain a municipal soccer stadium and his belief that the intent had been that the Balboa Stadium would be exclusively reserved for soccer and rugby.

The Commission appreciated Mr. Boxer's interest in soccer but ruled that the football contests authorized under Res. 1563 would stand.

The Commission concurred in Vice-President Parr's assurance that a policy of priority and preferential use would be afforded soccer groups in the use of Balboa Stadium.

(8) From Earl F. Hedlund, Deputy City Attorney, recommending the Commission's acceptance of the offer of the Pacific Far East Line, Inc., for settlement of the City's claim for damages in the expenses of cleaning the ocean beach arising out of the collision between two vessels off the Golden Gate on July 14, 1953. The City submitted an original claim for $920.79. All the claimants have agreed to accept 27% of their original claim as full settlement and discharge of all claims against both vessels.

COMMUNICATIONS (Continued)

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1665

Claim Settlement with Matson Navigation Co., Pac. Far East Lines & Luckenbach Steamship Co.-collision 7/14/53

Resolution No. 1665

RESOLVED, That this Commission on recommendation of the City Attorney does hereby approve the terms of a proposed settlement of the City's claim for damages i.e. expense of cleaning ocean beach arising out of collision between the Hawaiian Pilot and the Jacob Luckenbach July 14, 1953 and does hereby agree to limit the liability of the Matson Navigation Company, the Pacific Far East Lines and the Luckenbach Steamship Company to the sum of $248.61 said amount being 27% of the original claim of $920.79.

(9) From Mrs. F. D. Reddell, 90 Calvert Avenue, South San Francisco, President of the Ocean View Play School, requesting a renewal of the permit for the use of the Ocean View Recreation Center and playground for the coming year.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1666

Renewal revocable permit to Ocean View Play School

Resolution No. 1666

Resolved, That this Commission does hereby approve the renewal of a revocable permit to the Ocean View Play School (a parent co-operative nursery school) with the limited use of the Ocean View Recreation Center under the same terms and conditions as heretofore with insurance coverage in the amounts of $100,000/$300,000 public liability and $50,000/$100,000 property damage to be carried by the permittee, and the period of this revocable permit to run to the conclusion of the Spring Term of 1955 of the San Francisco Public Schools and the Secretary and General Manager are hereby authorized to prepare and issue said permit.

UNFINISHED BUSINESS

(1) Report on the Recommendations for Improvements to Portola Center

Mr. Max Funke, General Manager, reported to the Commission on the condition of the Portola Center as requested at the previous meeting. He stated that investigation supported the staff report that the building and grounds were in need of major rehabilitation and that an expenditure for incomplete large repairs would be tantamount to a waste of funds.

UNFINISHED BUSINESS (Continued)

He reported several minor situations of run-down maintenance such as broken windows, gymnasium lights, broken apparatus and marred walls which could be corrected by department personnel. He requested additional time in which to obtain a detailed recommendation for major rehabilitation and to submit estimates of the cost.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the General Manager was authorized to proceed immediately with the minor corrective measures which he considered appropriate at the Portola Center and was instructed to prepare for Commission consideration recommendations and estimates of cost covering a complete and major rehabilitation of the Portola Center and Playground.

****

(2) Mr. Funke next reported on the proposal of the Art Commission and The California Academy of Sciences that this Commission give financial assistance by contributing to the expense involved in installing the Charles Howard "Whales" statue in the sciences group of buildings in the Band Concourse, Golden Gate Park.

He reported on the status of the Fuhrman Bequest and the Secretary stated an expenditure for the installation of the statue would be a proper and legal one. Mr. Funke reported that Commissioners Sutter and Parr considered with favor offering a sum of five thousand dollars ($5,000.00) as this Commission's measure of participation.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1672

$5,000 from Furhman Bequest to assist Art Comm. & Calif. Acad.of Sciences in Meeting Installation Cost of "Whales" Statue in Golden Gate Park

Resolution No. 1672

RESOLVED, That this Commission at the request of the Art Commission and Trustees of The California Academy of Sciences does hereby authorize an expenditure not to exceed five thousand dollars ($5,000.00) from the Fuhrman Bequest for the sole purpose of financially assisting the City and County of San Francisco in meeting the expense of installation and placing of the Charles E. Howard "Whales" statue on the grounds of the science group of buildings in the Band Conccurse, Golden Gate Park; and be it

FURTHER RESOLVED, That the Secretary and General Manager be and are herein authorized to take whatever steps and to perform such actions as may be necessary to give effect to the purpose of this resolution.

(3) Mr. Funke then reported on the offer of the United States Navy to loan on a permanent basis, two bronze plaques from the Cruiser USS San Francisco for acceptance by an appropriate City department for exhibit purposes.

The Secretary reported that the City Attorney had advised this department that it is fully empowered to accept permanent loans; however, the U.S. Navy had expressed the desire that the plaques be exhibited within a building.

UNFINISHED BUSINESS (Continued)

Mr. Funke stated that Mr. Karl Kortum, Director of the San Francisco Maritime Museum had expressed a willingness and a desire to obtain the plaques on a permanent loan basis.

Commission recommends Navy Plaques for S.F.Maritime Museum

On motion of Commissioner Dippel, seconded by Commissioner Herz, the Secretary was instructed to inform the Board of Supervisors that the Commission considered the San Francisco Maritime Museum the most appropriate location for the plaques and a more logical and preferred site than the outdoor memorial to the Cruiser USS S.F. at Point Lobos.

****

(4) In compliance with the Commission's order of the previous meeting, the Secretary reported that he had cleared with the City Attorney's office regarding the extent of the City's liability in connection with the maintenance of fencing and warning signs to prevent trespassing at the Palace of Fine Arts.

Palace of Fine Arts' Fencing and Signs Meet Requirements - City Attorney's Office States no Liability in Case of Trespassing

He stated as presently constituted, the repaired fence and installed signs met all conditions and requirements for the proper posting of property to relieve the City of liability in the event of trespassing.

NEW BUSINESS

(1) Request of Col. Johnson, California National Guard, for permission to use a concrete structure at Fort Funston (Battery Howe) for a temporary and emergency storage of ammunition pending the formal modification and approval of a lease agreement with the government to permit such use on a permanent basis.

The Secretary reported that the leasing of park and recreation land to the United States government for military purposes is solely within the province of His Honor, the Mayor, as set forth in a special ordinance by which he may exercise emergency powers.

Use of Ft.Funston Structure to be Referred to U.S. Engineers

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the Secretary was instructed to refer Col. Johnson to the proper channels for ultimate action by the Mayor, i.e. Real Estate Division, U.S.Army Engineers.

(b) From Dr. J. Joseph Hayes, Chairman and Acting Director, Redevelopment Agency, requesting a statement of policy in connection with the proposed acquisition of Block 727 by the Recreation and Park Commission for future expansion of recreational facilities in the vicinity of Hamilton Playground. (Estimated cost of the proposed land acquisition is $340,314.00.)

Mr. James E. Stratton, member of the Redevelopment Agency, addressed the Commission reviewing in detail the history of his agency's efforts to establish a definite and acceptable plan for the redevelopment of the Hamilton-Fillmore area. He urged the Commission to formally express a willingness to develop the property lying south of Geary Street opposite Hamilton Playground as a recreation facility.

COMMUNICATIONS (Continued)

Mr. M. C. Hermann, Secretary of the Redevelopment Agency, explained the need of the Commission's formal action to satisfy the federal government's requirements.

Mr. Parr requested a report from Mr. Raymond S. Kimbell who stated that while there was no dispute that additional recreation land was needed in the district he cautioned the Commission that the property in question was adjacent to school property and that the emphasis on its development might be toward school playground uses. After considerable discussion as to the extent to which the Commission would go in making a statement of declaration, on motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1675

Redevelopment Agency's Plan For Block 727

Resolution No. 1675

RESOLVED, That this Commission having heard and considered the recommendation and plan of the San Francisco Redevelopment Agency that the City and County of San Francisco acquire Assessor's Block 727 (in the Fillmore-Hamilton area) for recreation or other public use, does hereby declare that it is in accord with said recommendation and expresses a willingness to plan, develop and operate said land as a recreation facility provided funds are appropriated by the Board of Supervisors for its acquisition, development and operation; and

PROVIDED FURTHER, That this declaration of intent shall in no wise be construed as a commitment of this commission that it be the sole agency to either acquire or operate said land or that recreation shall be the sole use for which said land may be developed or operated.

REPRESENTATIVES AND DELEGATES

Mr. Vining T. Fisher, General Manager of the Parking Authority, and Mr. J. E. Barricklo, Deputy City Attorney and counsel for the Parking Authority appeared before the Commission to explain the necessity for permitting certain amendments to be made to the St. Mary's Square Garage lease.

Mr. Fisher stated that approval of the amendments by Commission resolution was urgently required in order that the lessee might meet his obligations to the Bank of America prior to the final date of October 29, 1954. Following a full explanation and discussion of the questions involved, on motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

REPRESENTATIVES AND DELEGATES (Continued)

Res.1676 Approval of Amendments to St.Mary's Square Lease

Resolution No. 1676

AMENDING LEASE OF ST. MARY'S SQUARE PUBLIC GARAGE, DATED SEPTEMBER 30, 1952, BETWEEN CITY AND COUNTY OF SAN FRANCISCO, AND RECREATION AND PARK COMMISSION, AS LESSORS, AND S. E. ONORATO, INCORPORATED, AND W.& B. REALTY CO., INC., AS LESSEES, IN RESPECT TO RIGHTS OF MORTGAGEE OR TRUSTEE OF LEASEHOLD IN CONNECTION WITH: PAYMENT OF TAXES IN EVENT OF SALE OF DEMISED PREMISES; TRUST ARRANGEMENT FOR DISPOSITION OF U. S. WAR RISK AND OTHER INSURANCE PROCEEDS, IF ANY; PAYMENT OF INSURANCE POLICY PREMIUMS BY MORTGAGEE OR TRUSTEE, AND THEIR RIGHTS IN SUCH EVENT: SUBROGATION AND OTHER RIGHTS OF MORTGAGE OR TRUSTEE IN EVENT OF LESSEE'S DEFAULT; ASSIGNMENT OR SUBLEASE; RIGHTS OF MORTGAGEE OR TRUSTEE IN EVENT OF EMINENT DOMAIN.

WHEREAS, the City and County of San Francisco, and its Recreation and Park Commission, as Lessors, entered into a lease of the subsurface area of St. Mary's Square and abutting land thereto with S.E. ONORATO, Incorporated, and W. & B. REALTY CO., Inc., as Lessees, on September 30, 1952, a copy of which lease is on file with the Director of Property of said City and County of San Francisco; and

WHEREAS, said lease was duly assigned by said Lessees on December 2, 1952, to St. Mary's Square Service Center, Inc., a California corporation, said assignment having been approved by resolutions of the Board of Supervisors of the City and County of San Francisco, and the Recreation and Park Commission, respectively; and

WHEREAS, said assignee intends to borrow the sum of $1,400,000 from Equitable Life Assurance Society of the United States, to be secured by an assignment, mortgage and/or deed of trust covering said assignee's interest in the demised premises and the improvements thereon; and

WHEREAS, as a condition to the making of such loan, EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES has asked that certain changes be made in said lease above referred to by the medium of certain amendments to said lease which amendments are contained in and set forth in a certain legal instrument entitled, "Amendment to Lease", copies of which legal instrument have been filed with the Secretary of the Recreation and Park Commission, and made a part hereof by reference, and which instrument has been considered by said Commission; and

WHEREAS, the said amendments to said lease are for the further protection and security of said Equitable Life Assurance Society of the United States in respect to its making the aforesaid loan to said St. Mary's Square Service Center, Inc., under the terms of said lease, and in substance, and in legal effect, would, under certain conditions subrogate said Equitable Life Assurance Society of the United States to the rights of St. Mary's Square Service Center, Inc., in the events of the sale of the demised premises and improvements thereon; the issuance of War Risk insurance by the Federal Government; the disposition by trustee of insurance proceeds, if any; the payment of insurance policy premiums, utility charges and lawful taxes by said Society; the default of said assignee; assignment of or sublease under said lease; the exercise of eminent domain in respect to the demised premises; and

WHEREAS, said proposed amendments to said lease would not result in impairment of any obligations of said assignee to said lessors under the terms of said lease and the approval of said "Amendment to Lease" by the Commission has been requested by said assignee and

REPRESENTATIVES AND DELEGATES (Continued)

Society and has been declared by them as necessary for effecting said financing; now, therefore

BE IT RESOLVED, that said "Amendment to Lease" and the amendments therein contained, are hereby approved; and

BE IT FURTHER RESOLVED, that said "Amendment to Lease" be executed by the President of this Commission and attested by its Secretary.

UNFINISHED BUSINESS

(1) General Manager's Report on Balboa Swimming Pool Plan

Mr. Funke reported that he had made a personal inspection of Balboa Park and it was his considered opinion that the final selection of the site of the proposed swimming pool should be based on a thorough study by Reimers and Overmire, the architectural firm under contract to design the pool.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the General Manager's report and recommendation for architectural study of the site was approved.

NEW BUSINESS

(1) Approval of Appointive Positions

Mr. Funke, General Manager, reported that Section 41 of the Charter required the Commission's confirmation and approval of his selections for appointive positions and stated that he recommended retention of the incumbents.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1683
Approval Appointive Positions

Resolution No. 1683

RESOLVED, That this Commission, pursuant to Section 41 of the Charter, does hereby approve the appointments made by the General Manager in which he retains the incumbents in the positions of Superintendent of Recreation, Superintendent of Parks, Director of the Zoo, and Executive Secretary, i.e. Raymond S. Kimbell, Julius L. Girod, Carey Baldwin and William J. Simons.

(2) Approval to Department of Public Works to Construct Sidewalks on Lincoln Way

The Secretary read the communication from the Sunset Heights Improvement Club to the Department of Public Works requesting the construction of the sidewalk along the south side of Golden Gate Park on Lincoln Way and Public Works' Director Sherman P. Duckel's reply to the effect that Commission approval would be required before such construction could be undertaken.

Mr. Funke recommended that permission be granted the Director of Works to proceed with the construction of sidewalks, and Mr. Girod, Park Superintendent, concurred with the Sunset Heights Improvement Club's suggestion stating that it would be an improvement in access to the park and a safeguard to the public.

Messrs. Jack Hillmer and Roy Flamm of the Society for the Preservation of Golden Gate Park voiced objections to the proposal.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

NEW BUSINESS (Continued)

Res.No.1684

Approval Lincoln Way sidewalks

Resolution No. 1684

RESOLVED, That this Commission in consideration of the safeguards to the public and the improved access to Golden Gate Park, does hereby approve the suggestion of the Sunset Heights Improvement Club that a sidewalk be installed on the south side of Golden Gate Park along Lincoln Way and does also hereby approve the request of the Director of Public Works for permission to construct the said sidewalks.

(3) Recommendation That The Panhandle Be Closed To Automobile Traffic
(To be finally considered at the first meeting in November)

Mr. Funke informed the Commission his personal curiosity had prompted him to check the flow of automobile traffic in the Panhandle, and the survey revealed that the auto traffic has been greatly reduced following the channelization of the intersection of Fell and Stanyan Streets and designation of Oak and Fell Streets as one-way streets.

It was his recommendation that the Commission consider the exclusion of automobile traffic from the Panhandle and the promotion and development of the area for better recreation and park use.

Both Mr. Girod and Mr. Kimbell endorsed the plan pointing out its advantages and the opportunities for improving both the recreation and park service. All Commissioners expressed keen interest in the proposal. Commissioner Gallagher stated that he would not be prepared to vote on the matter now and suggested Commissioners take time to give all aspects full consideration. The only objection voiced from the audience was that of Mr. Jack Hillmer.

Following some discussion as to the extent to which the Commission would express approval of the idea, the following action was taken on motion of Commissioner Coffman, seconded by Commissioner Herz:

That it is the sense of this meeting that the Commission recognizes certain merits of the recommendation that the Panhandle be closed to automobile traffic and is interested that the proposal be given full consideration and public reaction be invited, and that to this end the proposal shall be considered for final disposition at the first regular meeting of November.

(5) Request for Supplemental Appropriation to Obtain Automotive Mechanic

Mr. Robert Hoyt, Business Manager, explained in detail the Civil Service requirement that the position covering repair of power mowers be reclassified from a J-64 Mower Maintenance Man to a M-54 Auto Machinist, this reclassification making necessary the reappropriation of funds.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res.No.1686

Supplemental Appropriation to Obtain Automotive Mechanic

Resolution No. 1686

WHEREAS the Civil Service Commission has reclassified employment of a J-64 Mower Maintenance Man to the position of M-54 Auto Machinist, and the assignment of the position is in the Purchasing Department's Central Shop rather than in the Recreation and Park Department; now

THEREFORE BE IT RESOLVED that this Commission does hereby request the Mayor, the Board of Supervisors and the Controller to approve a Supplemental Appropriation in the amount of $5,853.94 from such funds as are legally available to the credit of Appropriation 433-216-12-01 (Maintenance and Repair - Automotive Equipment) to provide funds required to compensate Purchasing Department - Central Shop #1 for repairing power mowers of Recreation and Park Department.

Mr. Robert Hoyt, Business Manager, reported on the need for additional funds to provide for certification of Balboa Park and Garfield Square contracts. The following resolution, on motion of Commissioner Dippel, seconded by Commissioner Herz, was adopted:

Res. No.1687

Funds for Certification of Balboa Park and Garfield Square Contracts

Resolution No. 1687

RESOLVED, That this Commission does hereby authorize an increase in the estimated cost for the construction of the Garfield Square Recreation Center and Swimming Pool from $190,000.00 to $525,000.00 and requests the Controller to transfer surpluses remaining in the various completed Bond Fund Appropriations to appropriation 180.555.60 (Architectural Contracts - Garfield Square) to provide additional funds required for certification of the Garfield architectural contract, such transfer not to exceed $10,700.00; and

BE IT FURTHER RESOLVED that the Controller be requested to approve the transfer of surpluses remaining in various completed Bond Fund Appropriations to appropriation 180.550.57 (construction Balboa) to provide funds required for certification of the construction contract for conversion of the Balboa Police Stables to athletic facilities, said transfers not to exceed $9,020.00.

(6) Extension of Polo Contract for Two Additional Months

The Secretary read a memo in which the polo interests requested an extension of their present contract and Commissioner Parr explained that he was familiar with the request and recommended that it be granted to permit tournament play and the stimulation of interest in the sport.

NEW BUSINESS (Continued)

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1688

Resolution No.1688

Extension Golden Gate Park Polo Stadium Contract

RESOLVED, That this Commission does hereby authorize and approve an extension of the existing agreement between the Commission and the San Francisco Polo and Racing Club and San Mateo-Burlingame Polo Club for the use of Golden Gate Park Polo Stadium, said extension of contract to be from November 7, 1954 through the last Sunday of December, i.e. December 26, 1954 under the same terms and conditions of payment, with the exception that permission be granted to the polo clubs to use the stadium on Thursday afternoons without charge for the purpose of conducting tournament contests.

COMMUNICATIONS

(a) From Eugene J. Riordan, Director of Property, recommending approval of two (2) resolutions for submission to the Board of Supervisors, covering the purchase of additional land required for McLaren Park.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was adopted:

Res.No. 1689

McLaren Park Land Purchases

Resolution No. 1689

RESOLVED, That this Commission approves, for submission to the Board of Supervisors, the two (2) resolutions authorizing purchase of certain properties for McLaren Park as follows:

(b) From Provident Securities Company, D. J. Murphy Vice President, advising that the donors of the Crocker Fountain in addition to handling the moving and installation of the fountain in Huntington Park will also defray the expense of moving and relocating the sandbox in the park.

Following an examination of the sketch showing the proposed site of the Crocker Fountain in the central circle of Huntington Park and the relocation of the children's sandboxes in the north-central section of the park, on motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

Res.No.1690

Accepts Offer To Install Crocker Fountain At Huntington Park

Resolution No. 1690

RESOLVED, That this Commission does hereby approve and accept the generous offer of the Provident Securities Company to defray all expenses in connection with the installation of the bronze and marble fountain in the center of Huntington Park as well as the relocation of the children's sandboxes in the north-central section; this new location, as indicated on the submitted sketches, being hereby approved by this Commission.

COMMUNICATIONS (Continued)

(c) From Donald E. Casey, Marine Committee, S. F. Jr. Chamber of Commerce, requesting permission to place a rowboat in the northwest corner of Union Square as a receptacle into which the public may place their discarded books in the drive to collect books for the American Merchant Marine Library Association from November 1 through November 5.

The above request, being in conflict with an earlier commitment for the use of Union Square to the Hawaiian Visitors' Convention, was regretably denied on motion of Commissioner Dippel, seconded by Commissioner Coffman.

* * * * * * * * * * *

(d) From Mrs. D. E. Brennan, 86 Nordoff Street, requesting permission to distribute pamphlets in Union Square advocating world peace and the abolution of the atom bombs.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the foregoing request was denied as constituting a violation of the provision of the Park Code prohibiting the distribution of hand bills in public parks.

(e) From Sydney Walton, a telegram requesting permission for the use of the Palace of Fine Arts for the purpose of photographing new Lincoln and Mercury automobiles.

The Secretary explained that the Palace of Fine Arts had been declared unsafe for public assembly and that the proposed use would require several models, property men and technical staff and that it would be a strictly commercial use of the building.

Commissioner Coffman expressed his opinion that any and all requests for the use of the Palace of Fine Arts should be denied until such time as the building is declared safe by the proper inspection bureaus.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was approved:

Res. No. 1691

Use of Palace Of Fine Arts Denied

Resolution No. 1691

RESOLVED, That this Commission does hereby direct that any and all requests for the use of the Palace of Fine Arts for public assemblage or other purposes be denied henceforth, until such time as the building has been found safe and passed the inspection of the appropriate bureaus and until such time as the Commission invalidates this resolution.

* * * * * * * * * * *

(f) At this point Chairman Parr directed the Secretary to read a letter from Hewitt C. Wells, architect, which he had written and submitted to Mr. James Griffith, Chairman of the Recreation Committee of the Grand Jury. Incorporated in the letter were Mr. Wells's report and recommendations for the rehabilitation of the Palace of Fine Arts building - a plan which would develop the closed portion into a hall of flowers area at one end and an auditorium area at the other end and would provide parking space within the Palace grounds. Estimated cost of the proposed improvements and remodeling was $1,500,000.00.

COMMUNICATIONS (Continued)

Following discussion, on motion of Commissioner Dippel, seconded by Commissioner Gallagher, the report and recommendation of Hewitt C. Wells, architect, as set forth in his letter of October 27 was referred to the General Manager for staff study, recommendation and report.

* * * * * * * * * * *

(g) From Dr. Herbert C. Clish, Superintendent of Schools, a copy of Resolution No. 410-5W4 and advising that the Board of Education has undertaken to pay the total cost of the McLaren Park aerial survey in the amount of $4,105.75. The resolution is quoted as follows:

"RESOLVED: That the provision in Resolution No. 012-7W4 calling for a topographical survey and map of the McLaren Park area, the cost of which was to be distributed between the Recreation Park Commission and the Board of Education on an equitable basis, be and is hereby amended to provide that the cost be borne by the Board of Education inasmuch as jurisdiction of the land for the site for Project No. 8, Luther Burbank Junior High School was transferred from the Recreation Park Commission to the Board of Education without cost to said board."

The Secretary reported that while 16.23 acres of McLaren Park land had been declared surplus and transferred to the Board of Education, it had been understood and agreed by previous agreement that property of equal value would be transferred from the Board of Education to the Recreation and Park Department. Dr. Clish's letter of June 17, 1952 to the Director of Property and quoting Board of Education Resolution No. 26-10W11 was read in full.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1692

Aerial Survey Of McLaren Park

Resolution No. 1692

RESOLVED, That this Commission having been advised of the action of the Board of Education under Resolution No. 410-5W4 wherein said board assumed the full cost of an aerial survey of the McLaren Park area in connection with school site Project No. 8 in the amount of $4,105.75 does hereby set forth for the record that the McLaren Park property which this Commission declared surplus and which was transferred to the Board of Education without payment of money was so transferred under the terms of an earlier agreement wherein it was understood and agreed that property of equal value would be transferred from the Board of Education to this Commission and reference is hereby made to the Board of Education Resolution No. 2610-W11 and Resolution No. 1366 of this Commission as the bases of the earlier transfer agreement.

* * * * * * * * * * *

(h) From Father Joseph A. Burns, C. S. P., Paulist Fathers Old St. Mary's Church, requesting that the Band Concert in Golden Gate Park on Sunday, December 5, 1954 be dedicated to the Old St. Mary's Centennial Celebration.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the foregoing request was approved.

* * * * * * * * * * *

COMMUNICATIONS (Continued)

(i) From Paul Oppermann, Director of Planning, relative to a recommendation of his staff to the effect that the Commission acquire a parcel of land on the south side of Stanley Drive for park purposes.

Mr. Funke, General Manager, described the Stanley Drive property on a study map and explained its relationship to the general Lake Merced area stating that the development of the property for park purposes was recommended in the City Planning Department's report of April 1954 on Park and Recreation Areas in San Francisco.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the entire matter of the Stanley Drive property was referred to the General Manager for study by the staff in conjunction with other recommendations to be made regarding the Department of City Planning report.

Mr. Funke estimated that these recommendations would be finally prepared and presented to the Commission within the next two or three months.

* * * * * * * * * * *

(j) From Louis Schalk, A.I.A., Technical Director, Housing Authority, City and County of San Francisco, submitting for approval an agreement between the Housing Authority and the City and County of San Francisco relating to the Alemany Low Rent Housing Project and requiring Commission approval due to certain conditions relating to the sewer lines and subdrainage system which adjoin St. Mary's Playground.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1693

Approval Sewer Lines and Subdrainage System Adjoining St. Mary's Playground

Resolution No. 1693

RESOLVED, That this Commission does hereby approve that certain agreement between the City and County of San Francisco and the Housing Authority of the City and County of San Francisco relating to sewer lines and subdrainage system adjoining St. Mary's Playground as shown on Department of Public Works drawings S 1-3 and S 1-4 dated May 21, 1952; and the Secretary be and is hereby instructed to include said agreement in the official files and records of the Commission.

* * * * * * * * * * *

(k) The Secretary then read the proposal of Ralph N. Pollack, for architectural services for the East Stove House of the Park Conservatory. Mr. T. M. Grabow, department engineer, explained the work contemplated and recommended acceptance of the offer, and Mr. Funke stated that funds in the amount of $20,000.00 has been appropriated in the current budget.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

COMMUNICATIONS (Continued)

Res. No. 1694

Resolution No. 1694

Architectural Services For Conservatory East Stove House

RESOLVED, That this Commission does hereby award to Masten and Hurd, architects, and Ralph N. Pollack, associate, a contract for complete architectural services for the East Stove House, Park Conservatory, including the design and preparation of preliminary drawings, final working drawings, specifications, and general supervision of the work for a fee of eight (8) percent of the estimated construction cost of $18,000.00 i.e. an architectural fee of $1,440.00.

* * * * * * * * * * *

(l) From Heller, Ehrman, White and McAuliffe, Attorneys of the Union Square Garage Corporation, a copy of their opinion forwarded to the City Attorney, in which they determined that the installation of escalators in Union Square is proper and valid under the terms of the lease with the City and County of San Francisco.

Mr. Funke reported that there had been no other submission of information regarding proposed alterations to the Union Square Garage and that until such time as the City Attorney renders an opinion no Commission action would be required other than taking cognizance.

Chairman Parr instructed the Secretary to file the letter for future reference.

* * * * * * * * * * *

(m) From Bruce Johnstone, Shoreline Planning Association of California, Inc., 506 Santa Monica Blvd., Santa Monica, forwarding an argument in support of the 70% Allocation of Tideland Funds to the Division of Beaches and Parks.

Commissioner Parr, as Commission representative to the Shoreline Planning Association, gave a detailed explanation to the Tideland Oil Funds and the 70% allocation which for years has been received by the Division of Beaches and Parks. He stressed the importance of having the legislature continue this apportionment stating that San Francisco should actively seek a share of the funds which it rightfully deserves for the development and expansion of local small boat harbors.

Commissioner Parr said that he had instructed the Secretary to invite City and State officials and elected representatives to a meeting to be held on November 17 in the Commission offices for the purpose of discussing plans for financing the cost of enlarging and improving San Francisco's small boat harbor facilities.

Members heartily concurred in Commissioner Parr's views, and on motion of Commissioner Coffman, seconded by Commission Gallagher, the General Manager was directed to inform San Francisco's elected representatives of the Commission's support of the established 70% allotment of Tideland Oil Funds to the Division of Beaches and Parks and the Secretary was instructed to give similar information and data to Mr. Donald Cleary the City's Legislative Representative at Sacramento.

* * * * * * * * * * *

COMMUNICATIONS (Continued)

Letters of Information to be acknowledged and/or filed by the Secretary.

(a) From Henry J.Budde, Chairman S. F. Elks Convention Committee, expressing appreciation for the co-operation during the recent Elks Convention particularly the Conservatory Floral Display, and the use of the Civic Center Plaza, Funston Field, and the municipal golf courses.

* * * * * * * * * * *

(b) From George M. Healy, Deputy Chief of Police, advising that a general order has been issued to department personnel informing them of the Commission's decision to set aside an area in Golden Gate Park for the obedience training of dogs.

* * * * * * * * * * *

(c) From Mrs. Irving La Fortune, President, Past S.D.D.G.P's of S. F. County, Native Daughters of the Golden West, expressing appreciation for the Commission having recognized California's anniversary by adjourning their regular Commission meeting date on September 9.

* * * * * * * * * * *

(d) From Dion Holm, City Attorney, advising that the City's claim for damages to the Ocean Beach as a result of the collision of the SS Hawaiian Pilot and the SS Jacob Luckenbach had been paid in the full amount for the damages sustained i.e. $920.79. Following the City's agreement to accept a 27% settlement, the steamship companies reconsidered the evidence and tendered full payment and their check No. 5394 of September 30, 1954 has been deposited with the City Treasurer.

* * * * * * * * * * *

REPRESENTATIVES AND DELEGATES

Mrs. Emily Martin, representing the mothers of the Sunset Recreation Center at 29th Avenue and Lawton Street, requested the Commission to act promptly in providing additional outdoor lighting at the recreation center as a protective measure against vandalism and possible accident or personal injury.

Mr. Funke reported that he had personally visited the site, examined the situation and that adequate flood lighting would be installed immediately. Mrs. Martin thanked the Commission for their prompt action.

FINANCIAL TRANSACTIONS (Continued)

(e) Request for Supplemental Appropriation - $7,500.00

Mr. Funke reported that there was a need for Master Planning of the entire Zoo and Lake Merced area if the future development of those areas was to be based upon intelligent planning rather than a haphazard series of installations.

He asked the Commission to authorize seeking funds for such a Master Plan so that it could be completed in time to provide estimates to be used in an anticipated Bond Issue.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

Res.No.1699

Supplemental Appropriation Master Plan For Zoo and Lake Merced Area

Resolution No. 1699

RESOLVED, That this Commission does hereby request the Mayor, Controller, and Board of Supervisors to approve a Supplemental Appropriation in the amount of $7500.00 from appropriation 4990 to the credit of appropriation 412.500.79-7 and provide funds for a Master Plan indicating the location of additional paddocks for Giraffes and other animals, cages for the birds, and the plan for the Storyland Playground; this plan to take account of the development of the Fort Funston and adjacent area and the alteration of the Sky Line Boulevard.

(f) Request for Supplemental Appropriation - $60,000.00

Mr. Funke also requested Commission approval of an emergency request for funds to correct the drainage system of Fleishhacker Pool explaining that terrific damage could be done to the entire Zoo and Playfield area in the event of heavy storms if the present salt water intake line is not extended.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1700

Supplemental Appropriation For Extension Fleishhacker Pool Salt Water Line

Resolution No. 1700

RESOLVED, That this Commission does hereby request the Mayor, Controller, and Board of Supervisors to approve an emergency appropriation of $60,000.00 from such funds as may be legally available to provide for an extension of the present salt water intake line for Fleishhacker Pool - this extension being necessary to supply salt water for the swimming pool and take care of storm water discharge conditions of the Zoo and Playfield; this work being of an emergency nature in order to avert damage of major proportion in the event of storm and to assure the continued and uninterrupted public service at Fleishhacker Pool, Zoo and Playfield.

(3) Thirty-Day Notice of Removal of Showboat

Mr. Funke stated that the Secretary conferred with the City Attorney's Office regarding the removal of the Showboat S.S. Fort Sutter from Aquatic Park and asked that he report thereon.

The Secretary explained that the City Attorney's advice to the Commission at this time was to issue a formal notice to Mr. Barney Gould and all interested parties and order the removal of the S.S.Fort Sutter from the Aquatic Park Lagoon and area within thirty days of receipt of the notice stating therein the reasons for such an order.

Thereupon, on motion of Commissioner Gallagher, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1703

Showboat S.S.Ft.Sutter Ordered Removed from Aquatic Park

Resolution No. 1703

WHEREAS this Commission, having terminated at its meeting of August 12, 1954, all negotiations with the owners of the Showboat S.S. Fort Sutter on account of failure of the owners to provide a bond and having at that time ordered Mr. Barney Gould and associates to immediately remove the S.S. Fort Sutter from Aquatic Park; now,

THEREFORE, BE IT RESOLVED that this Commission on advice of the City Attorney does hereby direct the Secretary to issue a formal notice to Mr. Gould and/or owners of the S.S. Fort Sutter and all interested parties to remove the vessel from Aquatic Park Lagoon and area within thirty (30) days of receipt of a notice; this Commission

Use of Trevi Ftn. Declined - Referred to Bd. of Supv. — (2) From John R. McGrath, Clerk of the Board of Supervisors, forwarding a letter from Mr. Howard C. Ellis, Attorney, 85 Post Street, offering to loan a replica of the Trevi Fountain, "Three Coins in the Fountain," for use in conjunction with some worthy charity fund drive and suggesting its placement in Union Square or some other downtown park area.

The Secretary reported that while the idea of using the fountain for some worthy charity is an attractive one and the offer of Mr. Ellis is appreciated, unfortunately, the placement and use of the fountain in a public park or square would be contrary to the park's rules and regulations, which prohibits soliciting of contributions, gifts, or subscriptions.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, Mr. Ellis's offer of the loan of the Trevi Fountain for placement in a public park for use in a charity drive, was refused, with the Commission respectfully suggesting that the Board of Supervisors consider the possibility of placing the fountain on other city-owned property, possibly one of the larger traffic islands on the north side of Market Street.

Union Sq.Garage Corporation's Request to Install Escalators to be Submitted at Dec.9 Meeting

Mr. Carleton H. Wall, President, Union Square Garage Corporation, and Mr. Florence McAuliffe, Attorney, addressed the Commission, for the purpose of presenting the reasons for the necessity of the installation of escalators in Union Square Garage at this time. Commissioners had earlier received copies of the Union Square Garage lease, as well as City Attorney Dion R. Holm's Opinion No. 896 relative to the proposed improvements at Union Square Garage, and asked Messrs. Wall and McAuliffe if they would oblige by submitting a list of the proposed improvements, together with estimates of cost, so that all pertinent data necessary for Commission action could be placed before members for examination and discussion.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, consideration of the matter was deferred until the first regular meeting of December, Thursday, December 9, at which time the written proposal will be submitted by the garage corporation.

Mr. William F. Bourne, Deputy City Attorney, was present at the invitation of the Commission, to explain the legal aspects of the contemplated incorporation of an area known as Linda Mar, in San Mateo County: the incorporators having included within the Linda Mar boundaries a portion of San Francisco's Sharp Park public golf course.

Mr. Bourne assured the Commission that the incorporation would not make San Francisco subject to additional taxation nor would it alter the City's position in regard to land condemnation. However, Commissioners saw no advantage in being included in the incorporated area and were of the opinion that the annexation should be opposed on the ground that San Francisco would prefer to conduct all business directly with San Mateo County, rather than with a township.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1709

Commission Opposes Incorporation of Any Portion of Sharp Park Muni.Golf Course Within Linda Mar Boundaries.

Resolution No. 1709

RESOLVED, that this Commission does hereby record its opposition to the inclusion of any portion of the San Francisco owned Sharp Park Golf Course property within the boundaries of the proposed Linda Mar incorporation in San Mateo County, it having been the experience of this Commission that all matters concerning this property since its purchase in 1917 have been harmoniously handled at the county level; and it seems only proper and to the best interests of both counties to continue this direct and satisfactory arrangement and, be it

FURTHER RESOLVED, that the General Manager and the Secretary be and are hereby directed to appear before the San Mateo County Board of Supervisors, at its meeting of Tuesday, November 16, 1954 to formally record San Francisco's opposition and to request that such action as necessary be taken

UNFINISHED BUSINESS

(1) Exclusion of Automobile Traffic from the Golden Gate Park Panhandle

Mr. Max G. Funke, General Manager, reported that since his original proposal and recommendation for the discontinuance of automobile traffic in the Panhandle on October 14, he had received no opposition to the idea, but many letters of support and personal endorsements of the plan.

Commissioner Parr said that he had examined the idea and it appeared to have considerable merit. Commissioner Coffman was assured that the barricades would be of a removable design so that the Panhandle could be utilized for automobile parking in connection with special events.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

UNFINISHED BUSINESS (continued)

Res. No.1716

Commission Approves Proposal of Gen.Mgr. to Close Park Panhandle to Automobile Traffic.

Resolution No. 1716

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby adopt the proposal to close the Golden Gate Park Panhandle to through automobile traffic, and the General Manager be and is hereby directed to prepare a complete plan for its future use, including provision for emergency parking, and to submit all details to the Commission for its review.

(1) Underground Exhibit Hall for Civic Center

The Secretary then read the following letter to the Commission, received in the morning mail from Mr. Thomas A. Brooks, Chief Administrative Officer:

> "Will you please take such action as is necessary to make it possible for the Department of Public Works to proceed with the design and construction of an Exhibit Hall under the southerly portion of the Civic Center Plaza in accordance with the bond proposal approved by the voters November 2. It is desired, of course, to proceed with this project as expeditiously as possible."

Following a lengthy discussion of the problems involved, on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1718

Resolution No. 1718

Commission Endorses Plan for Underground Exhibit Hall in Civic Center Plaza - Requests City Atty's Opinion and Advice as to Procedure

RESOLVED, that this Commission does hereby record its unanimous support and endorsement of the plan for the construction of an underground Exhibit Hall in Civic Center Plaza, with the specification that said construction shall provide for and include the full and complete restoration of the surface of Civic Center Plaza to its present form; and, further, this Commission approves the proposal that the design and construction of the Exhibit Hall be performed by the Department of Public Works, and that the underground space be leased to the Director of Property; and, be it

FURTHER RESOLVED, that the City Attorney be and is hereby requested to advise this Commission whether, under the present Charter provisions, Section 42, pertaining to the use and leasing of park property, the construction of an underground Exhibit Hall in Civic Center Plaza can be undertaken as outlined above; whether the Exhibit Hall's use could properly be restricted to recreation purposes; and also to set forth for the Commission's guidance the requirements and procedures to be followed in order to make possible the construction of the underground Exhibit Hall in Civic Center.

(1) Installation of Sidewalks - Easterly Entrance to Panhandle

The Commission then reconsidered the request of Mr. Sherman P. Duckel, Director of Public Works, that his department be authorized to install sidewalks and curbing at the easterly entrance of the Golden Gate Park Panhandle (west side of Baker Street, between Oak and Fell Streets).

Mr. Funke explained that, with the Commission's action excluding automobiles from the Panhandle, there would be no reason to oppose the installation of sidewalks at the easterly entrance. Mr. Grabow, Engineer, presented a sketch of the proposed sidewalk installation.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1731

Dept.Pub.Works Authorized to Proceed With Installation of Sidewalks at Easterly Ent.to Panhandle

Resolution No. 1731

RESOLVED, that this Commission does herdby authorise the Department of Public Works to proceed with the installation of sidewalks and curbs at the easterly entrance to the Panhandle, as described on their sketch No. STR 2249.2.

(2) Commission Renews Its Firm and Positive Stand on Opposition to Freeways or Plans to Include Freeways In or Over the Surface of Golden Gate Park or the Panhandle.

Mr. Funke, General Manager, urged the Commission to renew its firm and positive stand on the matter of freeways and to call upon the City Planning Commission and the Board of Supervisors to amend the Transportation Section of the City's Master Plan, to eliminate any surface freeways across Golden Gate Park or through the Panhandle.

The Commission agreed that aggressive action against freeways must be taken, and that world-famous Golden Gate Park must be protected for the public and future generations. No open-cut surface or elevated freeways can be allowed on park properties. Commissioner Herz urged a campaign of informing the public and gaining their active support in this crisis. President Sutter appointed Commissioner Herz as chairman to direct the Commission's efforts in protecting Golden Gate Park and the Panhandle from the encroachment of freeways.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1732

Commission Declares Opposition to Freeway Planning that Includes Either G.G.Park or Panhandle, Requesting City Planning Comm. & Bd.Supvs. to Exclude from S.F.Master Plan

Resolution No. 1732

DECLARING OPPOSITION TO TRAFFICWAY PLANS THAT INCLUDE ANY PART OF THE SURFACE OF GOLDEN GATE PARK OR THE PANHANDLE, AND REQUESTING THE CITY PLANNING COMMISSION AND THE BOARD OF SUPERVISORS TO AMEND THE TRANSPORTATION SECTION OF THE MASTER PLAN TO EXCLUDE FREEWAYS FROM GOLDEN GATE PARK AND THE PANHANDLE.

WHEREAS, plans for the future trafficways development of San Francisco as presently projected in local and State reports propose the routing of freeways within and bordering upon world-famous Golden Gate Park and the Panhandle Drive; and

Res. No.1732 (continued)

WHEREAS, this Commission recognises the responsibility it holds for the people of San Francisco, its visitors, and future generations, to protect our famed and beloved Golden Gate Park from the ruinous effects of trafficways, has on numerous previous occasions recorded its unalterable opposition to any freeway plan that would alter in any manner the surface areas of Golden Gate Park or the Panhandle, and has declared that it will resist and reject any trafficway proposal attempting to relegate to a position of secondary importance the preservation of the character and physical beauty of Golden Gate Park; now, therefore, be it

RESOLVED, that the City Planning Commission be requested to amend the Transportation Section of the Master Plan of the City and County of San Francisco by removing therefrom all recommendations advocating a Panhandle Freeway and those.... other portions of the trafficways plan which propose the construction of freeways across Golden Gate Park as north-south links to the Park-Presidio Boulevard and the extension of the Sunset Freeway in the vicinity of 40th Avenue; and, be it

FURTHER RESOLVED, that the Board of Supervisors be requested to amend the Transportation Section of the Master Plan of the City and County of San Francisco, to accomplish the above exclusion of freeways from the Panhandle or Golden Gate Park, and, further, to formally adopt a policy opposing any further planning of freeway routes which would require the inclusion of any part of the surface of the Panhandle or Golden Gate Park.

(3) Panhandle Athletic Field Requested for Lowell H.S. Students

Request of Lowell High School Parent-Teacher Association to Establish Athletic Field for School in Panhandle, at Masonic Avenue, Referred to Gen.Mgr.

The Secretary next read a letter from Mrs. Hines Lindner, President, Parent-Teacher Association of Lowell High School, requesting that arrangements be made between the Commission and the Board of Education for a section of the Panhandle in the vicinity of Masonic Avenue, to be devoted to an athletic field, with the provision that use of it at certain hours may be granted to boys' physical education classes and athletic teams of Lowell High School.

Mr. Funke reported that there are no funds available to install an athletic field and that no immediate extensive changes are contemplated in the Panhandle design.

On motion of Commissioner Gallagher, seconded by Commissioner Coffman, the Lowell Parent-Teacher Association's request was referred to the General Manager for study.

(4) Consideration of Petition of Golfers at Lincoln Park to Reopen Cafe on Limited Basis

The Commission next considered a petition containing four pages of signatures from golfers on the Lincoln Park Golf Course, requesting the Commission to consider the reopening of the Lincoln Park Cafe on a limited personnel and variety-of-food basis.

Mr. Funke recommended that the cafe operation be offered to private enterprise, on a public bid basis.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 1733

Res. No.1733

Commission Authorizes Proposal for Public Bid for Operation of Lincoln Pk. Cafe; Rent $100

RESOLVED, that this Commission does hereby authorize and direct the General Manager to issue an invitation for bids covering the operation of the Lincoln Park Cafe, stipulating in the proposal that the operator will be required to pay a

(7) Proposal for North Beach Branch - Public Library Commission

Public Library Commission to be Advised that R.& P. Commission Has No Interest in Any Portion of Block 90.

The Commission next considered the further proposal of Mr. Lawrence J. Clarke, City Librarian, that the Commission determine if it has any plans or requirements for the acquisition of any portion of Block 90 (a triangular parcel bounded by Greenwich Street, Columbus Avenue and Powell Street, in the North Beach District), in order to assist the Library Commission in its planning of its location for a North Beach Branch Library. Commissioners examined a plot map of the property, noting its proximity to the North Beach Playground.

On recommendation of the General Manager, and on motion of Commissioner Gallagher, seconded by Commissioner Dippel, the Commission expressed no interest in acquiring any portion of Block 90, the Library Commission to be so advised.

(1) Preliminary Plans for McLaren Park Development

The General Manager referred to the written report of December 7, which he had mailed to all Commissioners, regarding the Preliminary Plans for the Development of McLaren Park. He explained that this plan had been devised by a joint technical committee comprised of the departmental staffs of the Recreation and Park and City Planning Departments, headed by Mr. Girod, Superintendent of Parks, and Mr. James McCarthy, Chief, Land Planning Division, Department of City Planning.

Mr. McCarthy used the large topographical map of McLaren Park to explain in detail the road system which had been designed to cross the park where necessary, as well as to serve the park itself, stating that it was the City Engineer's opinion that a major portion of the road system may be eligible for gas tax funds, for construction.

Commissioners expressed complete satisfaction with the road system planning and complimented those who had worked on the technical committee, including Mr. Grabow and Mr. Schmidt, landscape architect, and expressed thanks to Mr. Wadsworth, City Engineer, and his assistant, Mr. Clifford Geertz, for their part in reviewing the plan.

Mr. Funke mentioned some fifteen recreation facilities planned for McLaren Park and asked approval of their location as tentatively shown on the preliminary plans, explaining that the locations would remain flexible pending final decision on exact locations.

NEW BUSINESS (continued)

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1734

Commission Approves Prelim.Plan, Requesting Dir.of Property to Acquire Any Lands Necessary to Immediately Commence the Approved Roadway System in the John McLaren Park.

Resolution No. 1734

RESOLVED, that this Commission does hereby approve the John McLaren Park Preliminary Plan as prepared by the Joint Technical Committee and submitted in their report of December 3,1954, and gives its firm approval to the road system designed for the park; and further requests that the Director of Property give a first priority to the acquisition of any properties required for the roadway system's use, so that its construction may start at the earliest possible moment, contingent upon the availability of gas tax funds.

(2) McLaren Park Land Acquisition

The Secretary read the letter of December 2, 1954, from Mr. Earl P. Cutting, Director of Property, giving his present opinion that an additional appropriation in the amount of $310,000 would be required to complete acquisition by the City of the remaining privately owned property within the McLaren Park boundaries.

The letter explained that a large part of the increase was due to the fact that approximately $145,000 expected from the Board of Education, in consideration of land transfer for school purposes, would probably not be paid and that the increase was due to higher values within the park area because of home building activity on the fringe of the park.

Mr. Funke explained that this additional requirement came as a distinct shock to his department, as the previous Real Estate Department estimates had been represented to be sufficient to complete the park's acquisition. Commissioners saw no alternative but to seek the funds required, and on motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1735

Mayor and Board of Supv. Requested to Approve Item of $310,000 in Departmental Budget Request for 1955-56 to Complete McLaren Park Land Acquisit'n

Resolution No. 1735

RESOLVED, that this Commission, having been advised by the Director of Property that an additional appropriation in the estimated amount of $310,000 will be required to complete the acquisition of McLaren Park, does hereby authorize and direct that this sum be included in the departmental Budget Request for 1955-1956, and that the Mayor and the Board of Supervisors be urged to approve said funds for the purpose of McLaren Park's acquisition.

(3) Mt. Olympus Statue, "Triumph of Light" - Ashbury Heights

Mr. Funke, General Manager, reported that the Mt.Olympus statue, atop Ashbury Heights, is in an advanced state of deterioration and that Mr. Bart Rolph, Superintendent of Structural and Mechanical Repairs, considers it to be beyond repair.

Art Commission Requested to Give Its Formal Approval to Removal of Mt. Olympus Statue, "Triumph of Light," Now a Crumbling Ruin

The Secretary explained that the statue, "Triumph of Light", is a cast cement copy of an original by Antoine Wiertz. The statue and the land on which it is located were deeded to the City by Adolph Sutro in the late 1880's, and in 1928 the land and statue were placed in the care and custody of the Park Commission.

On motion of Commissioner Herz, seconded by Commissioner Dippel, a request is to be made of the Art Commission for its formal approval to remove the statue, it being in the province of the Art Commission, under the Charter, to act in such matters.

(4) Request for Supplemental Appropriations

Mr. Funke recommended the adoption of two (2) resolutions required to release funds for employments under Bond Fund projects, and the other to accept a transfer of funds, permitting this department to do gardening and tree maintenance work for other departments.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolutions were adopted:

Res. No.1736

Req. for a Supplemental Appropriation of $24,774 - Bond Fund Employments - Last 6 Mos. of Current Fiscal Year

Resolution No. 1736

RESOLVED, that this Commission, for the best interests of the Recreation and Park Department, hereby requests the Mayor, the Board of Supervisors, and the Controller, to approve a Supplemental Appropriation of $24,774 from the unexpended balances in various appropriations, to set up funds within the 1947 Recreation Bond Fund to cover employments engaged exclusively on bond fund projects, now included in the Annual Salary Ordinance, Sec.16, Interdepartmental, Recreation and Park Department, for the last six (6) months of current fiscal year.

(5) Approval of Final Architectural Dwgs. & Specs.-UPPER NOE P/G

Mr. Donald Beach Kirby and his Associate, Mr. Moulton, were present at the meeting in connection with the Final Plans and Specifications for Construction of a Recreation Center and Playground on the Upper Noe Playground site.

Mr. Funke asked Mr. George Harman, Supervising Engineer, to present the Final Architectural Drawings and Specifications for the Upper Noe Playground, as submitted for approval by Mr. Kirby.

Commissioners were pleased with the interesting details and Mr. Funke reported that the entire layout had been checked and approved in detail by the Recreation and Engineering staffs, the estimated cost being $393,000.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1738

Commission Approves Final Plans & Specs. for Construc.of Upper Noe P/G & Center & Authorizes Payment to D.B.Kirby of 80% of His Fee.

Resolution No. 1738

RESOLVED, that this Commission does hereby approve the Final Plans and Specifications for the Construction of the Upper Noe Playground and Recreation Center, and does hereby authorize payment to the architect, under his Contract (Controller's Certification No.3053) in the amount of eighty (80%) per cent of his fee for services performed.

(8) Reclassification of Position - General Manager's Office

The General Manager reported that the stenographic work of his office required the ability and experience of a Senior Clerk-Stenographer, and he asked the adoption of a resolution authorizing reclassification of the position and deletion of the position of one (1) General Clerk-Stenographer.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1741

Commission Approves Req. of Gen.Mgr. to Reclassify Position of One B408 Gen. Clerk-Steno. to One B412 Sr.Clerk-Steno. & Requests A Supp.Approp. of $1600 to Pay Salary to June 30, 1955.

Resolution No. 1741

RESOLVED, that this Commission does hereby request the Civil Service Commission to investigate and determine the proper classification of a position to perform the stenographic duties in the office of the General Manager and following the Civil Service Commission's establishment of one (1) position of B412 Senior Clerk-Stenographer, in lieu of one (1) B408 General Clerk-Stenographer, the Mayor, Controller, and Board of Supervisors are requested to approve a Supplemental Appropriation in the amount of $1600 to effect the establishment of the new position and the termination of the vacated position of B408 General Clerk-Stenographer.

(9) Kezar Pavilion - Request for Alteration to Accommodate Basketball Spectators

Proposal to Alter Kezar Pavilion Referred to Gen. Mgr. for Study and Later Report.

Mr. Ray Williamson, member of the Board of Athletic Control at the University of San Francisco, requested and was granted the privilege of the floor. He presented the Commission with his earlier proposal for the improvement of Kezar Pavilion, explaining that the building is outdated and poorly designed to accommodate spectators. He proposed the elimination of four of the supporting columns and the installation of structural beams instead, submitting a cost estimate of $35,000. He urged the Commission to consider his proposal as a sound business venture and a means of regaining patronage of basketball fans and inter-collegiate games at Kezar Pavilion.

The Commission thanked Mr. Williamson for his civic and unselfish efforts to seek these improvements, and referred the proposal to the General Manager for thorough study and recommendation.

(4) From Aurie V. Kuntz and Marie Kuntz, lessees, dba The Lake Merced Company, requesting an extension and renewal of their lease agreement for a period of ten years.

The Secretary reported that the present lease has a term of five years from July 1950 to June 30, 1955 with an option of extension for a five-year period to June 30, 1960.

Mr. Kuntz requested a renewal to June 30, 1965. Commissioners expressed complete satisfaction with Mr. Kuntz's performance under the present lease but did not consider a ten-year renewal to be in the best interests of the City due to the future development of the Lake Merced area under a Master Plan.

The Secretary also read paragraph 12 of the present agreement which the lessee had requested be removed from the renewal document. The Commission hold that paragraph 12 must remain within the lease agreement, it being a basic condition of all its leases of park premises.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1743

Resolution No. 1743

Renewal of Concession Aurie V. Kuntz and Marie Kuntz dba The Lake Merced Company

RESOLVED that this Commission does hereby approve and award to Aurie V. Kuntz and Marie Kuntz, dba The Lake Merced Company, a renewal of the agreement covering the concession at the Lake Merced tract for a period of five years commencing the first day of July 1955 and ending on the 30th day of June 1960; the terms and conditions of said agreement to remain as set forth in the original contract dated May 5, 1950 and incorporate therein the modifications adopted by the Commission under Resolutions 1302 and 1433 and approved by the Board of Supervisors at its meeting of April 5, 1954, Ordinance No. 8512.

Commission Disapproves Wm. Parrish's Request to Operate Mobile Refreshment Stand on Park Properties

(6) From William Parrish, operator of a small mobile refreshment stand requesting the Commission's permission to operate on park properties either in the Band Concourse, Golden Gate Park, or at Fleishhacker Pool Parking Area.

The Secretary read a letter received from Mr. Lee S. Curley, President of the John Grey Land Corporation, operator of a restaurant chain, protesting the competition which would result from Mr. Parrish's business.

Mrs. Wm. Parrish was present and told the Commission that their operation was not of a transient nature. Discussion revealed that additional protests from store owners in the vicinity had been received.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the request was disapproved without prejudice.

City Atty's Opinion Sought on Small Park Land Parcel Near St.Mary's Square

(7) From Norbert S. Babin, C.P.M., Landry C. Babin Co., requesting the Commission to consider the sale of that certain small parcel of park land located on California Street east of Grant Avenue and directly across the alley from St. Mary's Square. (Parcel 14, lot 22 (25' x 57'6"), block 258).

The Secretary reported that the property had never been used for park purposes and Mr. Girod, Park Superintendent, said it was too small for park development. Mr. Kimbell, Recreation Superintendent, asked for an opportunity to see the property before deciding whether it could be used for recreation purposes.

On motion of Commissioner Herz, seconded by Commissioner Parr, the Secretary was instructed to request the City Attorney for his written advice and ruling on the procedures to be followed in the event the Commission desires to dispose of this land parcel.

(e) San Francisco's Small Boats Harbor

Commissioner Fred D. Parr, Chairman of the Commission's Shoreline and Small Boat interests, reported that he had been actively engaged in promoting a program for the expansion and improvement of San Francisco's Small Boats Harbor in the Marina. He submitted for Commission approval the engineering plan prepared by Punnett-Parez and Hutchison providing for the expansion of the harbor from its present two hundred and fifty-one (251) berths to a capacity of nine hundred and seventy-eight (978) berths. He described in detail, as shown on the engineering drawings, each of the contemplated improvements and told the members that a representative committee of all interested parties including

San Francisco's Small Boats Harbor (Continued)

San Francisco's elected and appointed officials, as well as State and Federal representatives had held an organizational meeting on Wednesday, November 17 at which time the general plan had been approved.

He stated that the plan had been formally submitted to the California Legislature's Joint Interim Committee on Marine Affairs and Small Boat Harbors and that Mr. McDevitt, Commission Secretary and the secretary of the Small Boats Harbor Committee, had appeared at the Joint Interim Committee's hearing in San Diego on Thursday, December 16 to present a detailed report of the San Francisco proposal.

Commissioner Parr stated that he had explored the possibilities of Federal assistance in the small boats harbor development during his visits to Washington, D.C. and it was his considered opinion that San Francisco must expect to carry at least an equal share of the costs if financial aid is to be obtained from either State or Federal sources.

He reported that since the organization meeting of November 17, additional groups and individuals had expressed keen interest in the plan and had been added to the committee membership. On his recommendation, and following detailed discussion of his proposals, the following resolutions were unanimously adopted:

Res.No.1749

Commission Approves General Plan Of Punnett-Parez And Hutchison And J.E.Hayes For Proposed Improvement Of S.F's Small Boats Harbor

Resolution No.1749

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

WHEREAS this Commission and previous boards have recognized the urgent need for additional harbor and berthing accommodations for small boats along San Francisco's shoreline; and

WHEREAS, at the direction of this Commission, a plan for the expansion and improvement of the San Francisco Small Boats Harbor at the Marina has been prepared by Punnett-Parez and Hutchison and J. E. Hayes, Consulting Engineers, which will increase the harbor facilities from two hundred and fifty-one (251) berths to nine hundred and seventy-eight (978) berths;

NOW THEREFORE BE IT RESOLVED that this Commission having reviewed the engineering plans as presented and submitted on November 10, 1954, does hereby approve in principle the general plan prepared by Punnett-Parez and Hutchison and J. E. Hayes together with the estimates of cost for the proposed improvements totaling four million six hundred and fifteen thousand eight hundred and seventy-six dollars ($4,615,876.00) and further pledges its efforts toward the early accomplishment of this general plan.

1954 Grand Jury Report

(2) 1954 Grand Jury Report

The Secretary submitted copies of the 1954 Grand Jury report pertaining to the services and operation of the Recreation and Park Department.

President Sutter and other members commented that the report gave a clear and factual evaluation of the Recreation and Park services and that its recommendations would be extremely valuable to the Commission in supporting its aims to improve and better the department's services and operations.

On motion of Commissioner Parr, seconded by Commissioner Herz, a special vote of appreciation was tendered to Mr. James Griffith, Grand Jury Committee Chairman and his committeemon Mr. Albert E. Alberton and Mr. Bahr Mehrend, and the Secretary was instructed to acknowledge receipt of the report and express the Commission's deep appreciation.

Freeways Affecting The Panhandle and Golden Gate Park

Commissioner Herz reported on the hearing that had been held by the City Planning Commission on Thursday, December 16 at which time the Commission Resolution #1732 opposing freeways affecting the Panhandle and Golden Gate Park was the main topic of discussion. He stated that Public Works Director, Sherman P. Duckel, Director of Planning, Paul Oppermann and Asst. State Highway Engineer, B. W. Booker expressed views which supported the importance of freeway development while Mr. Funke and President Sutter and himself stressed the importance of preserving Golden Gate Park for the public's enjoyment. The next consideration of the problem by the City Planning Commission has been scheduled for February 24, 1955.

Roll Call

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. William M. Coffman
Mrs. Henry J. Dippel
Rev. Eugene A. Gallagher
Dr. Francis J. Herz
Mr. Fred D. Parr
Mrs. Sigmund Stern

COMMUNICATIONS

(1) From Earl P. Cutting, Director of Property, enclosing for approval a resolution, for submission to the Board of Supervisors, covering the purchase of additional land required for McLaren Park.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res.No.1753

McLaren Park Land Purchases

Resolution No. 1753

RESOLVED, that this Commission approves, for submission to the Board of Supervisors, the resolution authorizing purchase of certain property for McLaren Park as follows:

From	Lot No.	Block No.	Amount
Silvio Gabrielli, Atty.in Fact for Carmela Olivi	5	6132	$3,900.00

Permission Granted to Use Kezar Pavilion on Sat., Mar.26, 1955 for Celebration of Greek Independ.Day.

(2) From Mr. George Hontalas, President, United Hellenic American Societies, requesting the use of Kezar Pavilion on Saturday, March 26, 1955 for the celebration of Greek Independence Day. Mr. Funke recommended approval, with a rental fee of $75.00 for use of the Pavilion.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the foregoing request was approved and rental set at $75.00.

* * * * * * *

(3) From Clarke Neal Edwards, Minister, College City-Lakeside Presbyterian Church, offering a gift to the City, through the Commission, in the sum of $1236, to defray the expenses of illuminating and maintaining the continuous night lighting of the Mt.Davidson cross throughout the coming year.

Rev. Edwards addressed the Commission, explaining that a group of San Franciscans, motivated by spiritual sentiments, had joined together to continue the illumination of the Mt. Davidson cross and that no public recognition or notice was desired.

Mr. Funke explained that the original plan had been to underwrite the lighting of the cross for the next 10-year period, but it was later agreed that an annual contribution to cover each year's expenses would be the most suitable arrangement.

COMMUNICATIONS (continued)

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res.No.1754

Commission Gratefully Accepts Gift of $1236 for Illumination and Maintenance of Mt.Davidson Cross for Current Year 1955 Subject to Board of Supervisors Approval

Resolution No. 1754

WHEREAS, an impressive cross, a permanent structure of steel and concrete, now stands atop Mount Davidson, the highest peak in San Francisco, and provides a lasting setting for the city's annual Sunrise Service; and

WHEREAS, said cross is visible by day from most parts of San Francisco and at night, brilliantly illuminated by electric flood lights, it may be seen from much greater distances--from ships many miles off the coast, from the Oakland and Berkeley Hills, from many Peninsula communities and from other far away points; and

WHEREAS, the College City - Lakeside Presbyterian Church, through its Board of Trustees, has generously offered to present to the City and County of San Francisco the necessary funds to cover all illumination and maintenance costs for the night lighting of the Mount Davidson cross on a yearly basis, beginning January 1, 1955; and

WHEREAS, the sum of $1236 has been tendered to cover the costs of said lighting and maintenance for each night throughout the current calendar year of 1955, and the donors propose that an annual gift be offered to and accepted by the City and County of San Francisco for the purpose of keeping the Mount Davidson cross continuously lighted as the symbol of Christianity and peace to our citizens and to the world; now, therefore be it

RESOLVED, that this Commission, on behalf of the City and County of San Francisco, does hereby gratefully accept the gift of $1236 to cover the lighting of the Mount Davidson cross; and, be it

FURTHER RESOLVED, that in accordance with the provisions of Section 19(d) of the Charter, the Board of Supervisors be and are hereby requested to officially accept this gift for and on behalf of the City and County of San Francisco.

(4) From Mrs. Herbert Prodger, Sr., Secretary, Laurel Heights Improvement Association of San Francisco, Inc., 124 Iris Avenue, requesting approval of the installation of a bus shelter at the southwest corner of Euclid and Collins St., adjoining Laurel Hill Playground.

The General Manager recommended approval, provided the shelter is constructed by the Municipal Railway and that its design is approved by the Art Commission.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1755

Commission Approves Constr.& Installation of Bus Shelter at Euclid & Collins Adj.Laurel Hill P/G, When Design Appvd. by Art Commission.

Resolution No. 1755

RESOLVED, that this Commission does hereby approve the construction and installation of a bus shelter by the Municipal Railway management at the corner of Euclid Avenue and Collins Street (Laurel Hill Playground), as requested by the Laurel Heights Improvement Association, Inc., provided the shelter's design is first submitted to the Art Commission for its approval.

(5) From George W. Pracy, General Manager of the San Francisco Water Department, requesting permission to erect a water storage tank in the northwest sector of McLaren Park, required to provide sufficient water pressure to serve homes and emergency uses in that vicinity.

COMMUNICATIONS (continued)

Action on Erection of Water Storage Tank in N.W.Sector of McLaren Park Postponed to Mtg. of Jan.27, 1955.

Although Mr. Girod, Park Superintendent, recommended approval of the request, on motion of Commissioner Coffman, seconded by Commissioner Parr, action was postponed to the next regular meeting, in order to determine the design and capacity of the proposed tank and to invite Mr. Pracy to be present.

(6) From Lt.Colonel Joe D. Miles, Headquarters Fourth Air Force, Hamilton Air Force Base, Hamilton, California, requesting permission to install underground drain-pipe at Lincoln Park, in the vicinity of Fort Miley, in order to stabilize the land and eliminate erosion. Approval was recommended by Mr.Grabow Engineer.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res.No.1756

HQ. Fourth Air Force Granted Permission to Lay 100 Lin.Ft. of Drain Pipe Underground on Park Property (Fort Miley-Lincoln Park).

Resolution No. 1756

RESOLVED, that this Commission does hereby approve the request of the Fourth Headquarters Air Force for permission to install approximately 100 lineal feet of drain-pipe underground on park property, adjacent to Fort Miley and El Camino del Mar, as shown on their drawing No. 4-2017-54, Sheet No.1, and as described in their letter of January 11, 1955; provided, however, the park property be restored to its present condition with no unsightly appearances or physical disturbances.

Letters of Information - to be acknowledged and/or filed by the Secretary:

(1) From (a) Mayor Elmer E. Robinson and (b) Supervisor John J. Ferdon, requesting the Commission to consider the installation of two more imposing fountains in the Civic Center Plaza, when the surface is rebuilt, during the construction of the underground convention hall.

(2) From (a) To Kalon Club and (b) California Spring Blossom and Wild Flower Association, supporting the Commission's stand in opposing Freeways in Golden Gate Park.

(3) From Dion R. Holm, City Attorney, his Opinion No.917 of January 3, 1955, advising that the installation of escalators in Union Square Garage requires a written modification of the present lease, but that such modification does not require Board of Supervisor approval.

(4) From Earl P. Cutting, Director of Property, a notice that he is calling for bids for the leasing of oil and gas properties in Kern County, a part of the Commission's land consisting of 20 acres, jointly owned by the Recreation and Park Commission and the Public Library Commission, under the Fuhrman Bequest.

REPRESENTATIVES AND DELEGATES

Mrs. William Sproule, 1150 Sacramento Street, appeared before the Commission to express her views and furnish information regarding the Panhandle of Golden Gate Park, which she considered would be of interest to the Commission. Mrs. Sproule, a lively and entertaining speaker, strongly urged the Commission to preserve the Panhandle as a park area and to reject any suggestions for converting portions of it to athletic fields. Particular reference was made to the Lowell High School request for an athletic field, which the Board of Education has forwarded without endorsement.

Mr. Funke, General Manager, and Commissioners assured Mrs.Sproule that there are no plans to destroy the Panhandle but, to the contrary, every effort is being made to preserve it.

President Sutter thanked Mrs. Sproule for her interest in having brought the information to the Commission's attention.

(1) San Francisco Hall of Flowers

President Sutter reported that, at his direction, the Secretary had called a meeting of all persons interested in the plans for a San Francisco Hall of Flowers, the meeting having been held on the afternoon of Thursday, January 6, in the Commission offices. The roll call was taken of those present at the time of the meeting and it was the general consensus that all parties and organizations had been duly notified.

President Sutter reported that at the committee meeting a general agreement had been reached on all major points regarding the size, location, and uses being limited to non-commercial type of exhibits.

At this juncture, Mr. Flamm asked permission to make a tape recording of the meeting. President Sutter replied that he had denied the request earlier in a telephone conversation with Mr. Flamm, and Commissioners Gallagher, Herz and Coffman took issue with Mr. Flamm's purpose, pointing out that there was ample press coverage, that stenographic notes were being taken, and that it is unwise to place a tape recording in the hands of individuals with no guaranty as to its future use, disposition, or possible abuse.

The request having been denied, President Sutter continued his report, stating that objections to the Flower Hall had been filed by the Northern California Chapter of the American

UNFINISHED BUSINESS (continued)

Institute of Architects and the North Pacific Chapter of American Society of Landscape Architects, and the California Association of Landscape Architects, and their objections were read by the Secretary, who reported that the first two were based on actions taken by the respective organizations over a year ago in reference to the large building. Also, these organizations were invited to the committee meeting but sent no representatives nor voiced any objection at the time.

Miss Beryl Richardson, Society for Preservation of Golden Gate Park, gave an inconclusive report of the telephone sampling which she conducted to determine the interest of commercial firms in the proposed Exhibit Hall.

Following discussion, in which many persons endorsed the proposed Hall of Flowers, as modified, on motion of Commissioner Stern, seconded by Commissioner Herz, the following resolutions were adopted:

Res.No.1764

Hall of Flowers - Location, Size & Purpose Established

Resolution No. 1764

WHEREAS, pursuant to authority vested in this Commission under Board of Supervisors' Ordinance No.6128, dated June 28, 1950, and Resolution No.10177, dated August 14, 1950, a detailed and a continued study has been made toward the construction of an exhibit building in Golden Gate Park wherein flower shows and exhibits are to be held; and

WHEREAS, there has now been developed a plan which has the active support and endorsement of the vast majority of floral and horticultural enthusiasts, individuals, groups and organizations; now, therefore, be it

RESOLVED, that this Commission does hereby find and determine that the most suitable site for the erection and construction of San Francisco's Hall of Flowers is in the eastern portion of Strybing Arboretum in Golden Gate Park, in the general vicinity of Ninth Avenue and Lincoln Way; and further determines that the structure to best serve its purposes for floral displays shall consist of a main hall, approximately 90' x 190' and a garden center approximately 50' x 90', with a total estimated construction cost of $465,000.00; and, be it

FURTHER RESOLVED, that this Commission does hereby establish the purpose and use to which the building shall be dedicated to be primarily for flower shows and exhibits and may serve a secondary use for special recreation purposes, it being clearly affirmed and established as a policy of this Commission that the building shall, under no circumstances, be used for strictly commercial exhibits.

Hall of Flowers - Funds Requested for Planning

Resolution No. 1764A

WHEREAS, this Commission, pursuant to Board of Supervisors' Ordinance No.6128, of June 28, 1950, has determined the most appropriate site for the construction of the San Francisco Hall of Flowers to be the eastern portion of Strybing Arboretum in Golden Gate Park, and this selection has the active interest and endorsement of the vast majority of individuals and organizations concerned with flowers, floral and horticultural exhibits; now, therefore, be it

RESOLVED, that this Commission, in order to obtain the architectural services required for the preparation of preliminary plans for the San Francisco Hall of Flowers, does hereby request the Chief Administrative Officer and the Board of Supervisors to include in the 1955 San Francisco County Fair Budget (Flower Shows), a capital expenditure item in the amount of $7,000.00, to be transferred to the Recreation and Park Department; and, be it

(2) GIFT FROM SHRINE IN AMOUNT OF $20,000 TOWARD RECONSTRUCTION OF KEZAR PRESS BOX

Mr. Funke reported that, although the Board of Supervisors had granted a 60-day extension in awarding the contract for reconstruction of the Kezar Press Box to the low bidding contract firm of Robert L. Wilson, the Department had been unsuccessful in its search for the additional funds required to meet the contract bid of $93,000.00. He explained that there was only some $76,500.00 available and that outside sources from which funds might have emanated, proved fruitless. It thus appeared that the Commission had no choice but to reject all bids.

At this juncture, Commissioner Coffman stated that,on behalf of the Shrine organization, which throughout the years has played a leading part in civic affairs, he was privileged to offer a donation to San Francisco not to exceed the required $20,000.00, to assist in bringing to San Francisco a modern and properly appointed press box. He said that the cheque would be forthcoming in the full amount as an outright gift to the Recreation and Park Department, in consideration of the mutually co-operative association which the Shrine and the Park officials had enjoyed over the years.

Other Commissioners joined President Sutter in grateful acceptance of the surprisingly good news, and on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1765

Commission Gratefully Accepts $20,000. Gift from Shrine Organization - To Assist in Construction of Kezar Press Box - Subject to Approval of Board of Supervisors

Resolution No. 1765

WHEREAS, the San Francisco municipal Kezar Stadium, for the past three decades, has been the scene of countless sports events and contests of national interest to such an extent that during recent years the press, radio and television facilities at the stadium have proven woefully outmoded and inadequate to safely accommodate the personnel and equipment required to give complete coverage by all news media; and

WHEREAS, this Commission, in order to correct this situation, had engineering plans and specifications prepared for the reconstruction of the Kezar Press Box but had funds available to meet construction costs in the amount of $76,500.00 only, which amount was far short of the lowest construction bidder's proposal in the amount of $93,000.00; and

WHEREAS, the Shrine organization, which throughout the years has played a prominent and important part in bringing national recognition to San Francisco's sports attractions, through its official representatives, most generously offerod to donate as a gift to the City and County of San Francisco, the sum of $20,000.00 to be added to the funds of the Recreation and Park Commission, in order that the Kezar Press Box may be reconstructed; now, therefore, be it

RESOLVED, that this Commission unanimously and gratefully accepts from the generous and public-spirited Shrine, their proffered gift of $20,000.00; and requests the Board of Supervisors to accept, for and on behalf of the City and County of San Francisco this gift, in the amount of $20,000., to be appropriated to the credit of the Recreation and Park Department's account, to be used solely and exclusively for the reconstruction of the Kezar Press Box.

(3) Award of Contract - Construction of Press and Broadcasting Stand Alterations and Addition - Kezar Stadium - to Robert L. Wilson - $93,000.00

The Secretary read the following proposals received on November 30, 1954 for the above mentioned work:

LOW BIDDER:	Amount Bid	Alt.#1
ROBERT L. WILSON 158 South Park St., S.F.?	$93,000	$3,260
Other Bidders:		
C.J.COLLINS CO.	$98,765	$3,223

Sufficient funds now having been made available, as a result of the foregoing resolution, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution awarding the contract to the low bidder, was adopted:

Res.No.1766

Award of Contract-Construc.of Press & Broadcasting Stand Alt. & Addition - Kezar Stadium - to ROBERT L. WILSON - $93,000.00.

Resolution No. 1766

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Construction of Press and Broadcasting Stand Alterations and Addition- Kezar Stadium, to ROBERT L. Action on Installation of Escalators in Union Square Garage Deferred.

President Sutter reported that the City Attorney had recommended that any proposal regarding the installation of escalators in Union Square Garage should be submitted to the Commission in writing and, if approved, formalized by a written agreement. He explained that he was conferring with the garage officials and that Commission action would have to be deferred until such time as definite written commitments had been made by the garage representatives.

(5) Approval - Amendment to St.Mary's Square Garage Lease

Mr. J. E. Barricklo, Deputy City Attorney, appeared before the Commission to explain and recommend further amendments to the lease of St.Mary's Square Garage. Mr. Barricklo asked the Commission to repeal its Resolution No. 1676, meeting of October 14, 1954, and to adopt, in lieu thereof, a new resolution covering the desired amendments:

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

WHEREAS, the City and County of San Francisco, and its Recreation and Park Commission, as Lessors, entered into a lease of the subsurface area of St.Mary's Square and abutting land thereto with S. E. ONORATO, INCORPORATED, and W. & B. REALTY CO., INC., as Lessees, on September 30, 1952, a copy of which lease is on file with the Director of Property of said City and County of San Francisco; and

WHEREAS, said lease was duly assigned by said Lessees on December 2, 1952, to St.Mary's Square Service Center, Inc., a California corporation, said assignment having been approved by resolutions of the Board of Supervisors of the City and County of San Francisco, and the Recreation and Park Commission, respectively; and

WHEREAS, said assignee intends to borrow the sum of $1,400,000 from Equitable Life Assurance Society of the United States, to be secured by an assignment, mortgage and/or deed of trust covering said assignee's interest in the demised premises and the improvements thereon; and

WHEREAS, as a condition to the making of such loan, EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES requested that certain changes be made in said lease above referred to by the medium of certain amendments to said lease which amendments were contained in and set forth in a certain legal instrument entitled, "Amendment to Lease," copies of which legal instrument had been filed with the Secretary of the Recreation and Park Commission, and which instrument had been considered by said Commission; and

WHEREAS, this Commission at its regular meeting held October 14, 1954, adopted its Resolution No. 1676 approving said "Amendments to Lease" except the proposed amendment to section 22 of the lease which latter amendment it disapproved, the Commission's approval as aforesaid having been given and said resolution having been adopted subject to similar subsequent action to be taken by the Board of Supervisors of City, as the other joint lessor under said lease, and

WHEREAS, the Board of Supervisors has further amended said "Amendment to Lease," which further amendments are hereinafter described, and

WHEREAS, the Board of Supervisors at its regular meeting of November 15, 1954, duly adopted its Resolution No.14960 approving said "Amendment to Lease" as so amended by it, but disapproving the proposed amendment to section 22 of said lease pertaining to the subject of Eminent Domain, and

WHEREAS, copies of said "Amendment to Lease" as approved by said resolution of the Board of Supervisors have been filed with the Secretary of this Commission and have been considered by it, and

WHEREAS, said further amendments to said "Amendment to Lease provide that lessee is obligated to furnish lessors with fire and explosion insurance in the amount of 100% of the replacement cost with standard replacement cost endorsement providing for no deduction for depreciation, and Lessee has agreed to indemnify City, Commission, the Commissioners and the servants, agents and employees of them for any damage

In considering the request of the Aviation Committee of the San Francisco Junior Chamber of Commerce for permission to install a plaque on the Marina Green, commemorating the first co-axial helicopter flight, Mr. Funke recommended that the request be denied, for reasons pointed out in previous meetings that the installation did not conform to municipal requirements regarding location and convenience to the public.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1768

Commission Denies Request of Aviation Committee, Jr.Chamber of Commerce, to Install Plaque on Marina Green.

Resolution No. 1768

(8) California Relief Map Custody Not Desired by Commission

The Secretary read the report of the General Manager regarding the location or other disposition of the California Relief Map. Report made reference to the Department of City Planning's recommendations of August 10, 1954, that the map be located on public property adjoining the commercial area east of the Cliff House, at Ocean Beach.

Commissioners were in full agreement, as previously recorded, that the map was completely unsuitable for Golden Gate Park and did not qualify as a recreation or park attraction; although it did have recognized educational value.

Mr. Robert Saxe called attention to a Bill in the Legislature proposing that the Palace of Fine Arts Area be made

a State Park, and it was his suggestion that the map might be installed at that location and become a part of the State Park System. Commissioner Parr stated that it would seem logical that the State Relief Map be placed in the State Capitol in Sacramento and be an attractive feature of the State Fair.

On motion of Commissioner Coffman, seconded by Commissioner Parr, the following resolution was adopted:

Res.No.1769

Commission Declines Calif.Relief Map for Park Property Location - Referred to Chief Admin.Officer.

Resolution No. 1769

RESOLVED, that this Commission, after a full and detailed study, does hereby determine and find that (1) no feasible or desirable location for the California Relief Map exists on property under the jurisdiction of this Commission; and (2) that the specific recommendations of the Department of City Planning that the map be located on public property immediately adjoining the commercial area east of the Cliff House merits consideration.

The Secretary presented the City Attorney's Opinion No. 920 of January 13, 1955, in which specific answers were given to the Commission's questions on legality and procedures to be followed in the construction and operation of an under ground exhibit hall in Civic Center Plaza. For purposes of record, the conclusions of the opinion are quoted below:

"1.- Construction of the exhibit hall can be legally undertaken under existing Charter provisions.

"2.- The proposed exhibit hall is neither a recreation nor a park project.

"3.- The Commission should pass a further resolution (1) finding that construction of an exhibit hall under Civic Center Plaza with the surface restored to its present condition (necessary minor deviations excepted) is not inconsistent

with the dedication of the Plaza to park purposes, and (2) approving the project provided that the Commission shall approve all plans, specifications and contracts, and shall approve the completed work before it is accepted by the Department of Public Works.

"4.-The Board of Supervisors should thereupon enact an ordinance taking cognizance of the Commission's resolution and authorizing the Department of Public Works to proceed with the project in accordance therewith.

"5.-Upon the adoption of the resolution and ordinance referred to above, I know of no legal reason why the Controller should not permit expenditure of the proceeds from the sale of the exhibit hall bonds for the purpose of constructing the exhibit hall, and, in my opinion, he should do so.

"6.-The exhibit hall, on completion, should be managed by the Director of Property in conjunction with the Civic Auditorium."

Following discussion, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1772

UNDERGROUND EXHIBIT HALL, CIVIC CENTER - PLANS AND CONSTRUCTION MUST RECEIVE PRIOR COMMISSION APPROVAL

Resolution No. 1772

(10) Request for a Supplemental Appropriation of $33,000.00

At the request of the General Manager, Mr. Hoyt reported that increased costs in two major projects, the Hamilton Center and Pool and the Balboa Park Dressing-rooms, had resulted in insufficient funds in the present appropriations. It was estimated that there was a five per cent general increase in construction costs. Based on the combined estimated construction costs for both Hamilton and Balboa, additional funds in the amount of $33,000 would be required to meet these contingent costs.

Mr. Harman, Supervising Engineer, supported Mr. Hoyt's statements, adding that certain improvements in design and the relocation of the plumbing were being made in the

course of construction, resulting in an increase of the original contract, but assuring saving and economical operation and maintenance costs when the buildings are completed

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1775

Request for A Supplemental Approp.of $33,000 from Unapprop. Bal.1947 Rec.Bond Fd. to Bond Fund Contingencies Acct. - Balboa and Hamilton.

Resolution No. 1775

RESOLVED, that this Commission, in order to meet additional costs encountered inthe construction of the Hamilton Recreation Center and Pool and the conversion of the Ingleside Police Stables to athletic facilities, does hereby request the Mayor, the Board of Supervisors and Controller to approve a Supplemental Appropriation in the amount of $33,000 from the unappropriated balance of the 1947 Recreation Bond Fund to the credit of the Bond Fund Contingencies Account, this request being based on a five per cent (5%) increase of the original combined estimated construction costs of $660,000 of the aforementioned projects.

(11) Small Boat Harbors Report

Report on Small Boat Harbors

Mr. Parr, Chairman of the Small Boat Harbors Committee, reported that he had instructed Mr. McDevitt to call a meeting of the committee for Tuesday, January 25, 1955. He stated that the plan to submit a bond issue of $2,500,000 at the November election on the basis that the amount be matched with State funds, is being diligently pursued. He said the interest and support of the citizens and local and public officials on his committee was gratifying, and that the Tuesday meeting should result in definite support of the Bill being introduced in the legislature. He asked the Commissioners' individual and combined help and promised to keep them fully advised.

(12) Freeways Report

Report on Freeways in Golden Gate Park

Commissioner Herz, Chairman of the Committee to keep freeways out of Golden Gate Park, reported that letters had been sent to all civic and district organizations advising them of the Commission's stand opposing freeways. He said that expressions of full support had been received from several organizations, and that on Friday, January 21st, a meeting of the Commission President, General Manager and staff members will be held with Mr. Booker of the Division of Highways and Mr. S. P. Duckel, Director of Public Works, to discuss the freeways problem.

REPRESENTATIVES AND DELEGATES

(1) George Turner Marsh Memorial Plaque - Japanese Tea Garden

Mrs. Angus Gordon Boggs, President, San Francisco Home League, appeared before the Commission to speak on behalf of her earlier request of December 11, 1952 regarding the installation of a plaque in the Japanese Tea Garden commemorating its founder, the late George Turner Marsh. Mrs. Boggs asked the Secretary to confirm the Commission's action at that time wherein, under Resolution No. 962, the Commission directed the General Manager to obtain estimates of cost for design, construction and installation of a memorial plaque and to place a supplemental appropriation request for necessary funds in the 1953-1954 Budget.

Mr. Funke explained that the record showed no appropriation of funds for the purpose, but since learning of Mrs. Boggs' request during the past week, he had obtained an estimate of cost and a plaque design from Mr. Grabow, which might serve as a pattern.

REPRESENTATIVES AND DELEGATES (cont'd)

Each member of the Commission spoke in support of Mrs. Boggs' proposal and, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1778

Commission Reaffirms Its Approval (Orig. Given by Res.962 of 12/11/52) of Memorial Plaque in Japanese Tea Garden for Its Originator, Mr.Geo. Turner Marsh. Gen. Manager Directed to Proceed Upon Approval of Art Commission

Resolution No. 1778

RESOLVED, that this Commission, pursuant to Resolution No. 962 (meeting of December 11, 1952), does hereby reaffirm its interest in providing proper recognition to the important part which the late George Turner Marsh had in the establishment of the Japanese Tea Garden in Golden Gate Park, and in accordance with the specific request of Mrs. Angus Gordon Boggs and the California Historical Society, the General Manager is hereby directed to proceed with the preparation and design of a suitable memorial plaque to be installed in the Japanese Tea Garden, commemorating the late George Turner Marsh, and upon approval of the design by the Art Commission, to obtain the necessary funds to meet the cost of manufacturing and installing the memorial plaque.

(2) Installation of Water Tank in N.W. Section McLaren Park Appvd.

Mr. Funke, General Manager, reported that he had discussed with Mr. George Pracy, Manager of the San Francisco Water Department, his request to install a water tank on the northwest edge of McLaren Park, to provide needed water pressure for service to that vicinity. While complete information was not yet available on the design and capacity of the various tanks which might be selected, Commissioners saw no objection to approving the installation in the remote northwest corner of McLaren Park, this highly elevated site being required to provide sufficient pressure for this public water service.

Following a discussion of the possibility of installing a tank of sufficient size to provide a partial water supply for park irrigation, on motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res.No.1779

Commission Approves Installation of Water Tank in N.W. Cor.McLaren Park - Type of Tank & Capacity to be Approved by R.& P. Comm. & Design Appvd. by Art Commission

Resolution No. 1779

RESOLVED, that this Commission, in order to assist in the provision of an important public utility, does hereby approve the location of a water tank in the northwest corner of McLaren Park in the vicinity of Mansfield and Burrows Streets, provided that the installation of said tank by the San Francisco Water Department shall not be undertaken until such time as the type and capacity have been submitted and approved by this Commission and the design approved by the Art Commission.

UNFINISHED BUSINESS

(1) Golden Gate Park Band Contract - Controller's Certif. #2262

The Secretary reported that the contract with the Golden Gate Park Band did not provide for concerts on Washington's Birthday or Memorial Day, these dates having been omitted because when the contract was drawn there were no definite civic celebrations planned on those dates. Plans have now been drawn and confirmed and approval of concerts on the two dates was recommended, funds being available within the contract price.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1784

Commission Authorizes Amendment to Ralph Murray's Contract (Certif.#2262) to Include Two Add'l Concerts on Feb.22 & May 30, 1955.

Resolution No. 1784

RESOLVED, that this Commission does hereby approve and authorize the Golden Gate Park Band to present concerts in the Band Concourse on the following holidays:

Washington's Birthday - February 22, and

(2) Widening of Park-Presidio Boulevard

Resolution re. Widening of Park-Presidio Boulevard to be Presented at Next Regular Mtg. of Commission.

Mr. Funke reported that the California Division of Highways, District IV, requested permission to widen Park-Presidio Boulevard from Fulton Street to Lake Street.

President Sutter and Commissioner Herz reported on a meeting held with officials of the Highway Division, the Department of Public Works and the City Planning Commission. It had been agreed that if permission for the widening is to be granted, whatever grade construction or connecting link to Golden Gate Park may be required shall be located outside the park boundaries and confined and limited to that portion the park boundaries and confined and limited to that portion of the boulevard between the north curb of Fulton Street and the north curb of Cabrillo Street.

At President Sutter's suggestion, and on motion of Commissioner Parr, seconded by Commissioner Dippel, the Secretary was

(3) Approval of 1955-1956 Budget

The Commission next considered the 1955-1956 Budget Request of the Recreation and Park Department as prepared and recommended by the General Manager.

The requested budget called for the expenditure of $6,445,183, an increase over the budget request of last year, of $794,266. This increase included a requested increase in the budget for operation of the Department in the amount of $355,466. The balance of the increase was made up of $128,800 for capital improvements and $310,000 for land acquisition. Mr. Funke told the Commission that of the increase requested for operation, approximately one-third, $108,195, was required for increased permanent salaries resulting from the opening of new facilities, the need for essential maintenance, and salary increments.

President Sutter supported the budget request, stating that urgent maintenance and rehabilitation of physical properties can no longer be deferred, nor can new recreational facilities constructed under the Bond Program be operated without an increase in the number of personnel over that assigned the department before the new centers and playfields had existed.

Specific questions were asked regarding the extension of the automatic irrigation system, Commissioner Parr suggesting that a complete investigation be made of the existing systems, so that old and rusted underground pipe and sprinklers may be replaced, providing greater water power and conserving manpower.

Commissioner Coffman noted that the budget request amounted to a fifteen (15%) per cent increase over last year's budget, Mr. Funke explaining that almost one-half of the increase was represented in the $310,000 item for land purchase, McLaren Park, brought on by increased land values and the inability to obtain the actual cash from the Board of Education for land transferred to that department for school purposes.

Following a detailed review and discussion, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1786

Commission Approves 1955-56 Department Budget Request for $6,445,183.00

Resolution No. 1786

RESOLVED, that this Commission does hereby approve the 1955-1956 Budget Request of the Recreation and Park Department as prepared and submitted by the General Manager in the total amount of $6,445,183.00.

(4) Small Boats Harbor

Commissioner Parr, Chairman of the Small Boat Harbors Committee, told of the committee meeting held Tuesday, January 25, 1955, at which time further plans were made for financing the expansion of the Marina Small Boats Harbor. He informed the Commission that some representatives of the Marina District had voiced opposition to the plan for expanding the harbor, but it was evident that the improvements have general civic support and that there is no doubt of its need, its economic and recreational value. He explained the importance of obtaining a comprehensive study covering all factors of the project, including the construction of a scale model, so

that a complete and effective presentation can be made to the various agencies concerned. He stated that Mr. Stuart P. Walsh, an expert in the small boat harbor field, had offered to do the entire work for a sum not to exceed $5,000, and to complete the assignment within sixty (60) days after receipt of contract. He mentioned that Supervisor Carberry had pledged his support in any request for funds to finance such a study.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1787

Request for A Supplemental Appropriation of $5,000. for Preparation of An Economic and Legislative Report on San Francisco Small Boats Harbor Expansion.

Resolution No. 1787

WHEREAS, this Commission, recognizing the urgent need for additional harbor berthing accommodations for small boats along San Francisco's shoreline, has approved in principle the general plan for the expansion and improvement of the Marina Small Boats Harbor as prepared and submitted by the Consulting Engineers, Punnett, Parez and Hutchison; and

WHEREAS, this Commission, by previous Resolution No. 1750, has requested the submission of a bond issue in the sum of $2,500,000. at the next general election in November 1955 for the purpose of matching funds from other sources in the expansion of the Marina Small Boats Harbor; and further, by Resolution No. 1751, has requested the Board of Supervisors to recommend to the California Legislature the enactment of legislation to provide an appropriation of State funds in the amount of $2,500,000. as a matching contribution of the State toward the expansion and improvement of the Marina Small Boats Harbor; now, therefore, be it

RESOLVED, that this Commission, in order to adequately and convincingly present all pertinent information and data regarding the Small Boats Harbor improvement, does hereby request the Mayor, the Board of Supervisors, and the Controller, to approve a Supplemental Appropriation in the amount of $5,000. from such funds as may be legally available, to provide funds to engage Mr. Stuart P. Walsh, Industrial Survey Associates, San Francisco, for professional services in conducting a study of the economic factors and evaluation of the project, preparing and delivering a comprehensive report on the subject, including a scale model, suitable for presentation to the various agencies concerned; and, be it

FURTHER RESOLVED, that the General Manager be and is hereby directed to take any and all such steps as may be necessary to give effect to the purpose of this resolution at the earliest possible date.

Commissioner Parr also reported that, in his opinion, an historical background and report on the Saint Francis Yacht Harbor and the Marina Boat Harbor would prove valuable and interesting information in connection with the plans for the harbor's expansion.

Mr. Simons to Prepare Report on History, Background & Development of Marina Harbor with Staff Co-opera'n

SPECIAL ORDER OF BUSINESS

Award of Contract - Lincoln Park Golf Clubhouse Cafeteria lease

The Secretary submitted the sealed proposals received Friday, February 4, 1955 for Cafeteria and Refreshment Sales, Lincoln Park Golf Clubhouse (Term of lease: 5 years with 2-year renewal option and basic rental of $100 per month), as follows:

	Bidder	Gross Revenue to City
(1)	Jack Conidi 6729 Hawley Street, Oakland	8%
(2)	Duchess Inc. 1930 Van Ness Avenue, S.F.9	4%

The Secretary reported that Mr. Conidi's past business experience, credit rating and financial responsibility had been thoroughly checked and found satisfactory and that he had agreed to meet all conditions of the lease agreement, and that the General Manager had recommended awarding the contract to him.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res.No.1788

Award of Contract-Lincoln Park Golf Clubhouse Cafeteria & Refreshment Sales-5 Yrs.fm.Mar.1,1955 with 2 Yr.Renewal Option-JACK CONIDI-Basic Rent $100 per Mo. or 8% of Gross Revenue.

Resolution No. 1788

RESOLVED, that this Commission does hereby approve and authorize the execution of the lease agreement covering Cafeteria and Refreshment Sales at Lincoln Park Golf Course Clubhouse to JACK CONIDI, 6729 Hawley Street, Oakland, he being the highest responsible bidder, offering to the City eight (8%) per cent of the gross revenue; the term of said lease to be for a five (5) year period commencing March 1, 1955, with a two (2) year option of renewal, and a basic rental of $100 per month.

The Secretary was directed to submit the lease agreement with Mr. Conidi to the Board of Supervisors for its approval in accordance with charter provisions.

Mr. Funke reported that the City Golf Championships would be under way at Lincoln Park, starting the week end of February 19 and the issuance of a temporary revocable permit to Mr. Conidi for a 2-week period from February 15 to March 1, 1955 would be an important accommodation to the golf course patrons at that time.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res.No.1789

Authorizing Revocable Permit to JACK CONIDI.2/15-3/1/55

Resolution No. 1789

RESOLVED, that this Commission does hereby approve the issuance of a temporary revocable permit for a two-week period

(5) Commission Extends Privilege of Admission Charges at Maritime Museum to December 31, 1955.

The Secretary read a letter from Mr. Robert Mayer, Board member of the San Francisco Maritime Museum, requesting the Commission to recommend to the Board of Supervisors the approval and continuation of the practice of the San Francisco Maritime Museum's charging admission as previously authorized under Ordinance No.8661, for a period of one (1) year, ending December 31, 1955. Mr. Mayer explained that the revenue obtained through such admissions is most important in the administration and operation of the Museum.

Commissioner Coffman supported Mr. Mayer's request and stated that from personal observation and experience, he would vouch for the importance and advisability of permitting the continuation of the admission charges.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res.No.1807

Commission Approves Extension of Priv. of Admission Chgs. at Maritime Museum to Dec.31,1955. Supervisors Requested to Reenact & Amend Ord.8661 of 6/11/54 to Reflect Extension.

Resolution No. 1807

RESOLVED, that this Commission does hereby request the Board of Supervisors to approve the continued charging of admissions to the Maritime Museum under the same terms and conditions provided under authority of Ordinance No.8661 of June 11,1954, by re-enactment and amendment of said ordinance to the extent that the last paragraph be changed to read as follows:

"Permission herein granted to the corporation to charge admission to the Maritime Museum, as above set forth, is limited to the period January 1, 1955 to December 31, 1955. Provided, however, that with the consent and approval of the Recreation and Park Commission, the Museum may continue to charge admissions for such additional periods thereafter as are authorized by that Commission."

(6) Commission Requests S.F.Legislative Committee to Record Support of Assembly Bill No.2945 - Freeway Construction Within Cities

Dr. Herz, Chairman of the Freeway Opposition Committee, reported that official action had been taken by twenty-six organizations and improvement clubs, endorsing and supporting the Commission's position opposing plans for surface freeways in Golden Gate Park. He complimented Mr. Funke on his able and convincing presentation of the matter before many organizations. He urged the Commission to adopt a resolution endorsing Assembly Bill No.2945 presently before the California Legislature, the enactment of which would restrict public works departments from arbitrarily proceeding with freeway construction.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res.No.1808

Commission Requests S.F.Legis.Comm.to Support Assembly Bill 2945 - Freeways.

Resolution No. 1808

RESOLVED, that this Commission, recognizing its responsibility to protect its valuable public parks from the encroachment of traffic freeways, does hereby request the San Francisco Legislative Committee to officially place itself on record in support of the enactment of Assembly Bill No. 2945, said Bill providing definite safeguards in the protection of public parks by requiring public meetings, public notice and public hearings

Res. No.1808 (continued) to be held on any plans proposing the construction of a freeway in any community, and further requiring the consent of the boards of supervisors of cities and counties before any such freeway construction shall commence.

COMMUNICATIONS

(a) From Harry A. Lee, Division Manager, Pacific Gas and Electric Company, 445 Sutter Street, requesting a joint revocable anchor easement for the Pacific Gas and Electric Company and the Pacific Telephone and Telegraph Company, permitting the installation of seven (7) pole anchors on the edge of the property line of Sharp Park Golf Course.

The report of Mr. T. M. Crabow, Engineer, stated that the installation would not result in any damage or inconvenience to the golf course activities and recommended the granting of permission.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was granted:

Res. No.1809

Permission Granted Jointly to PG&E Co. and PT&T Co. to Install Seven (7) Anchors & Appurtenant Wires on Boundary Line of Sharp Park Golf Course.

Resolution No. 1809

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby grant a joint revocable permit to the Pacific Gas and Electric Company and the Pacific Telephone and Telegraph Company to install seven (7) anchors with appurtenant wire in individual strips 2' x 5' extending into city property of the Sharp Park Golf Course for a distance of five (5) feet at the boundary line of Fairway Drive; such installation and use to conform with Drawing No.2-2624 of the Pacific Gas and Electric Company, dated February 14, 1955, with the condition that such anchor easements shall in no way create any hazardous conditions or result in any damage or inconvenience to the golf course facilities, and that the surface be fully restored to its original condition and the premises be left in a clean and acceptable condition following installation.

The Secretary was directed to inform the Pacific Gas and Electric Company of the requirement that the installation be inspected and approved to the department's satisfaction by Mr. Part Rolph, Superintendent of Structural and Mechanical Repairs.

(b) From Mrs. Wendell T. Howell, 2100 Jefferson Street, Secretary, Northern California Whippet Racing Association, requesting a year's renewal of permission to race whippets in the Golden Gate Park Polo Stadium.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the foregoing request was approved and permission granted for a one (1) year period, commencing February 27, 1955, provided the activity be confined to approximately one (1) hour on one day of each week, the schedule and racing area within the stadium to be determined by the General Manager.

COMMUNICATIONS (cont'd)

(c) From Mrs. Forrest Lee Jordan, President, Landmarks Council, San Francisco, 95 Ravenwood Drive, requesting approval to replace a bronze plaque at Mt. Davidson, honoring Mrs. Madie D. Brown, the plaque originally installed in 1929 having been vandalized and removed.

Mrs. Jordan appeared in the interest of the Landmarks Council's request and presented a photograph of the proposed plaque. She related Mrs. Brown's efforts and untiring zeal in bringing about the dedication of Mt. Davidson as a city park.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1810

Commission Approves Replacement of Plaque at Mt.Davidson Honoring Madie D. Brown (Wording & Design Subject to Art Comm.Approval)

Resolution No. 1810

RESOLVED, that this Commission, finding the request of the Landmarks Council to be both fitting and proper, does hereby approve the replacement on Mt. Davidson of a bronze plaque honoring Mrs. Madie D. Brown, whose untiring efforts contributed to the establishment of the Mt. Davidson area as a public park; the final approval and installation to be subject to the submission of the plaque's wording and design to the Art Commission.

Gr.Highway Club Notified Request for Assistance for "STOP" Sign at 41st Ave.& Lincoln Way Is Outside Purview & Juris. of Commission

(d) From Mrs. Thomas R. Best, Secretary, Great Highway Club, 1339 - 45th Avenue, requesting the Commission's assistance in obtaining the installation of a traffic "STOP" sign at the intersection of 41st Avenue and Lincoln Way, explaining that an earlier request had the endorsement of the Police Officials but was not approved by the engineering department of the Department of Public Works.

On motion of Commissioner Parr, seconded by Commissioner Coffman, action on the request was withheld, the requested traffic signal being outside of park properties and therefore beyond the purview and jurisdiction of this Commission.

(e) From Dion R. Holm, City Attorney, enclosing a proposed resolution for adoption by the Board of Supervisors, whereby a legacy from the Estate of Grace R. Anderson, Deceased, in the sum of $3,000.00, would be accepted by the City and County of San Francisco for the use and benefit of Fleishhacker Zoo.

The Secretary explained that Mr. Nat Schmulowitz, attorney for the late Mrs. Anderson, had informed him that it was her wish and intention that the funds be devoted to the animal life of the zoo, Mrs. Anderson having been a frequent visitor to the zoo and appreciative of its benefit and contribution to the community.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the follow'ng resolution was adopted:

Res. No.1811

Commission Approves Acceptance of $3,000. Legacy from Est. of Grace R.Anderson, Dec!d. Bd. of Supvrs.Requested to Accept on Behalf of the City & Co. of S.F.

Resolution No. 1811

WHEREAS, Grace R. Anderson, a former resident of the City and County of San Francisco, died on June 17, 1954 in the City and County of San Francisco, and left a last will and testament in which it is provided in part as follows: "Fifth: I give to the Fleishhacker Zoo of San Francisco, Calif. the sum of $3,000.00" and

WHEREAS, it is to the best interests of the City and County of San Francisco and of the Fleishhacker Zoo of San Francisco that the said legacy be accepted; now, therefore, be it

RESOLVED, that the Recreation and Park Commission does hereby accept from the Crocker First National Bank of San Francisco and Nat Schmulowitz, as the executors under the will of Grace R. Anderson, deceased, a legacy for the express use of the

Fleishhacker Zoo in the amount of $3,000.00. In accordance with the intent of the testator, this Commission shall administer said legacy for the use and benefit of said zoo by application of the funds in a manner which will directly benefit the animal life in the zoo; and, be it

FURTHER RESOLVED, that the Board of Supervisors be requested to accept said legacy, identified as the Grace R.Anderson Legacy, for and on behalf of the City and County of San Francisco.

Members concurred in the opinion of Commissioner Coffman that the funds be spent without delay for some specific improvement of the animal quarters, and the suggestion that an appropriate memorial plaque be installed at the location to identify the gift and the donor.

REPRESENTATIVES AND DELEGATES

Hayes Valley Recreation Center Site

Commission Postpones to Next Regular Meeting Decision on Site for the Hayes Valley Recreation Center. Commissioners to Inspect.

Mrs. J. A. Wooley, Chairman, and Mr. Duane Anderson, spokesman for the Hayes Valley Parents Association, were in attendance in connection with the Commission's plans to acquire property located on Grove Street, between Laguna and Buchanan Streets, for the Hayes Valley Recreation Center by eminent domain proceedings.

Also in attendance were the attorneys for the respective property owners--Mr. Lloyd Dinkelspiel, representing the Annabelle Candy Co., located at Laguna and Grove Streets, and Mr. Norman A. Eisner, representing the California Brewing Company, owners of the warehouse property located on the south side of Grove Street between Buchanan and Laguna Streets.

President Sutter reviewed the Commission's problem in finding a suitable location for the construction of a major recreation center for the Hayes Valley district to replace the inadequate and delapidated quarters at Buchanan and Hayes Streets, property which is destined to be taken by the State for freeway purposes. He recalled that the Commission, a year ago, was convinced that the block on Grove Street between Buchanan and Laguna was the most suitable site, and that of the properties located therein, the candy factory would suffer less inconvenience by relocation than would the brewery warehouse. He explained that the Commission's plan for acquisition of the candy factory property by eminent domain had been heard in the Finance Committee and re-referred to the Commission for further review.

Both attorneys presented strong appeals for their respective clients. Mr. Anderson, Mrs. Woolley and other Hayes Valley residents, expressed their preference for the location of the recreation center on the brewery properties.

Much discussion followed and Commissioner Coffman stated that he would require more direct information and an inspection of the properties because the matter was entirely new to him. Other members also wished to visit the site. Therefore, on motion of Commissioner Coffman, seconded by Commissioner Dippel, consideration was postponed to the next regular meeting to provide Commissioners with the opportunity of inspecting both properties before that time.

UNFINISHED BUSINESS

(a) Abandonment of Proposal for the Use and Recreation Development of the Department of Public Works Sewage Treatment Plant on Phelps Street.

Mr. Funke reported that the Department had, since 1941, considered the possibility of developing a parcel of land under the jurisdiction of the Department of Public Works, which adjoins the City Sewage Treatment Plant on Phelps Street. It had been proposed to construct night-lighted softball diamonds and other playground facilities. Physical changes which have occurred in the district since 1951 have shown the site to be an impractical one for recreation use and, in addition, the City has the opportunity of leasing the property for lumber yard purposes.

The Secretary read the report of Mr. James Lang, Assistant Superintendent of Recreation, emphasizing the department's revised views and new plans for development of a major playground in the South Basin area. The report showed the adequate servicing of the Bay View-Hunters Point District without the need for the Phelps Street property.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1816

Commission Abandons Plans for Recreation Development of Public Works' Property on Phelps Street

Resolution No. 1816

RESOLVED, that this Commission, on recommendation of the General Manager and in consideration of the substitution and preparation of new recreation sites in the Hunters Point-Bay View District, does hereby officially abandon any previous plan for the development of the Department of Public Works' property adjoining the Sewage Treatment Plant on Phelps Street, and declares such property to be of no further interest to this Commission and immediately available for such other uses as the Department of Public Works may dictate.

NEW BUSINESS

(a) Award of Contract - CONDUIT INSTALLATION ONLY FOR POLICE, FIRE AND TELEPHONE CIRCUITS, GOLDEN GATE PARK

The Secretary read the sealed bids received and opened on Tuesday, February 15, 1955 for the above work as follows:

	Amt.Bid	Alt.#1	Alt.#2	Deductions No.1	No.2	No.3
LOW BIDDER: FRED JOHNSON ELECTRIC CO. 3380 - 20th Street, S.F.10	$6,280	$3,070	$3,210	$526	$190	$10
Other Bidders:

Abbett Electric Corp.	$6,410	$3,380	$3,030	$520	$130	$70
R. Flatland	$6,580	$3,400	0	$400	$ 70	$25
Ets-Hokin & Galivan	$8,392	$3,881	$4,511	$600	$200	$25

NEW BUSINESS (continued)

Mr. Grabow, Engineer, explained the sum of $5,145 an amount insufficient to award the total work but sufficient to cover the Alternate #1 proposal of $3,070, which would provide for servicing the Main Yard, Kezar Stadium and the Children's Quarters. If the Commission desired to accomplish the work of servicing the de Young Museum and Academy of Sciences area as covered by Alternate No. 2 at the bid price of $3,210, it would be necessary to obtain additional funds from those departments or from some other source.

The Secretary pointed out that the time necessary to negotiate with the Academy of Sciences and the de Young Museum officials would probably exceed the time limitation under which awards must be made, and an extension of time should be requested from the Board of Supervisors if the Commission should endeavor to obtain funds for the full award.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1817

Work Orders Sought from de Young Museum & Academy of Sciences. If Not Obtained, Gen. Mgr. & Secretary Directed to Award Contract for $3,070 (Alt.No.1) to FRED JOHNSON ELECTRIC CO.

Resolution No. 1817

RESOLVED, that this Commission, having reviewed the sealed proposals received on February 15, 1955 for Conduit Installation Only for Police, Fire and Telephone Circuits, Golden Gate Park, does hereby direct the General Manager and the Scecretary to ascertain whether the Academy of Sciences and the de Young Museum are willing and able to transfer sufficient funds to this department to permit the award of the full contract, and if so, to so award; but if such funds cannot be transferred on a work order issued to this department, to award a contract covering that portion of the work under Alternate No.1 in the amount of $3,070 to the FRED JOHNSON ELECTRIC CO.

NEW BUSINESS (continued)

(c) Preliminary Sketches for Proposed Development of Park Property Located East of Maritime Museum at Aquatic Park.

Commission Authorizes General Mgr. to Present to Maritime Museum Board the Plans for Enlarging Museum's Outdoor Exhibits and Facilities.

Mr. Funke next presented preliminary sketches describing the proposed development of park property located east of the Maritime Museum at Aquatic Park. The presently vacant property is located on the north side of Beach Street, extending to the water line and consisting of an entire city block. The sketches depicted the use of the area for the display of historic sailing vessels, railroad locomotives, an operating cable-car turntable to serve as the terminus of the Hyde Street Cable, recreation features, and parking facilities.

The Commission expressed interest in the designe, recognizing them as an integral part of the Maritime Museum plan for outdoor exhibits.

Mr. Funke received authority to present the sketches to the Maritime Museum Board, to discuss the plans with them and to obtain their views on participation in the financing of the project, and their suggestions on the methods of procedure.

(d) Proposed Widening - Park-Presidio Blvd.- by Div. of Highways

As a matter of information, Mr. Funke reported that some delay had been encountered in the preparation of a satisfactory agreement whereby the Commission could grant permission to the State Highway Engineers for the widening of Park-Presidio Boulevard, as previously requested.

It appears that no simple grant of permission or conditional permit would be sufficiently binding upon both parties and that the actual sale of the land involved may be the best solution to the problem. He stated that he would report further developments promptly.

Commr.Parr Reported on Meeting of Committee Members with State Officials in Sacramento on Feb.18,1955. Next Meeting Sched. for Mar.8, 3 P.M., McLaren Lodge

(e) Small Boat Harbors Report

Commissioner Parr reported on the hearing before the California State Park Commission in Sacramento, on Friday, February 18, at which time, accompanied by President Sutter and the Secretary, he presented the Commission's plans for the improvement and expansion of the Marina Small Boats Harbor by means of a proposed bond issue and a matching contribution of State funds. Mr. Parr explained that he was well supported in his presentation by Messrs. Stuart Walsh, Neil Cunningham and James Michael and that Mr. Fritz Hinckley and Commodore Tom Short of the St. Francis Yacht Club had attended the hearing.

The State Park Commissioners voiced interest and support of the plan, and by unanimous vote authorized and directed its Director and Staff to study San Francisco's Small Boats Harbor, and to confer with the City Planning Department and other local authorities with a view toward recommending an acceptable program for State participation.

Commissioner Parr announced that the next meeting of the San Francisco Small Boats Harbor Committee would be held on Tuesday, March 8, 1955 at 3:00 P.M., in McLaren Lodge, and invited interested Commissioners to attend.

1955 Bond Issue

(1) President Sutter announced that the main purpose of the Special Meeting was the consideration of a proposed program for the completion of adequate recreation and park facilities to be financed through a bond issue to be submitted to the voters in November 1955. He stated that the unsuccessful bond proposal of November 1953 had left in its wake a continued lack of adequate recreation and park facilities and services and a tremendous amount of deferred maintenance on existing properties and many park areas are in urgent need of rehabilitation. Mr. Sutter said that he had reviewed in detail the program as prepared by Mr. Max G. Funke, General Manager, and the staff and that he considered the twenty-nine projects, totaling $7,248,000, essential in all respects.

It was Mr. Funke's opinion that the program is comprehensively developed and objectively designed to deal with the urgent needs as of this date and that it is not intended to meet the needs of the city which may exist twenty to thirty years from now when population increases, changing economic conditions and other factors will undoubtedly call for additional facilities. Mr. Funke went through the itemized list of projects, and presented a detailed description of the plan and type of improvement in each case.

Commissioners carefully reviewed all proposals and considerable discussion was given to the major item in the bond issue, the $2,500,000 development of John McLaren Park. After weighing the advantages or disadvantages of separating the McLaren Park issue from the other twenty-eight projects, the Commission unanimously voted to submit all projects, including McLaren Park, as one item for the ballot.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1819

Resolution No. 1819

Commission Unanimously Approves Bond Issue for R. & P. Improvements in Amt. of $7,248,000 for Submission to Voters at November 1955 Election.

RESOLVED, that this Commission does hereby approve a proposed Bond Issue for the completion of adequate recreation and park facilities throughout the city, consisting of the following twenty-nine (29) individual projects with a total expenditure of $7,248,000:

Martinelli Construc.	582,000	17,500	1,500	2,400	600	3,300	1,750	1,800	4,500

Mr. Sutter reported that the bids received were in excess of $100,000 of the estimates and funds available, probably the greatest disparity between estimates and bids experienced in any of the bond projects during the past seven years.

Mr. Funke reported that the architect had promptly started a revision of the drawings to adjust them downward so that the project can be constructed within the funds available. New plans and specifications will be submitted at the earliest possible date.

Following a review of the bids, and on motion of Commissioner Parr, secondod by Commissioner Gallagher, the following resolution was adopted:

Res. No.1820

Resolution No. 1820

RESOLVED, that this Commission, having reviewed the sealed bids received March 15,1955 for Construction of the Upper Noe Playground and Fieldhouse, hereby rejects all bids received

Res. No.1820 (continued)

for the reason they far exceeded the cost estimates and the funds available for the work.

(5) ABANDONMENT OF LOT 22, BLOCK 258 - PART OF ST.MARY'S SQUARE

The Secretary presented the requested opinion of the City Attorney, No. 993 of March 9, 1955, outlining the sale procedure for the small parcel of land under the jurisdiction of the Commission and which had been acquired in 1903 as a part of St. Mary's Square acquisition program, but never used or improved for park purposes.

The City Attorney advised that under Government Code Section No. 38501, the Board of Supervisors could abandon and sell the particular parcel known as Lot 22, Block 258, so long as it meets the conditions set forth therein and quoted below:

> "Authority to abandon. The legislative body may abandon all or any portion of a park and sell the land comprising it pursuant to this article, if it finds that all or any portion of the purported park has not been used by the public for park purposes, that no consideration has been paid for the land except by the city, and that no public funds have been expended to improve the land as a park, in either of the following situations:
>
> "(a) When any land within the city limits has been dedicated for park purposes by the recording of a plat or map in the office of the county recorder, or otherwise.
>
> "(b) When any such land has been purchased for park purposes and the legislative body finds that all or any of the land is not appropriate, convenient, or necessary for park purposes."

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1823

Commission Requests Permission to Abandon & Sell Lot 22, Block 258 (Portion of St.Mary's Square)

Resolution No. 1823

WHEREAS, this Commission, having considered the opinion and advice of the City Attorney relative to the disposition of Lot 22, Block 258, a part of St. Mary's Square lands, does hereby find that said land although having been purchased for park purposes, is not appropriate, convenient, or necessary for such use; that since its acquisition in 1903 it has not been used by the public for park purposes; that no consideration has ever been paid for the land except by the City and the funds for that payment were not realized from the sale of bonds but from the general tax levy; that no public funds have been expended on said land to improve it as a park; now, therefore, be it

RESOLVED, that this Commission does hereby declare Lot 22, Block 258, to be surplus property under its jurisdiction, and does hereby declare its desire and intention to dispose of said property; and the Secretary be and is hereby instructed to request the Director of Property and the City Attorney to prepare the appropriate legislation for submission to the Board of Supervisors whereby said land parcel may be abandoned and sold pursuant to Government Code Section No. 38501.

(6) PROPOSED AGREEMENT BETWEEN CITY AND ARCHITECTURAL-ENGINEER TEAM - DESIGNING OF EXHIBIT HALL IN CIVIC CENTER PLAZA APPVD.

The Secretary submitted a proposed agreement prepared by the City Attorney, covering architectural and engineer services in the design of the Exhibit Hall in Civic Center Plaza.

Following discussion, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted;

Res. No.1824

Commission Approves Proposed Agreement Bet.City and Architectural-Engineer Team for Design of EXHIBIT HALL IN CIVIC CENTER PLAZA.

Resolution No. 1824

RESOLVED, that this Commission, having reviewed the proposed agreement prepared by the City Attorney and noting all necessary safeguards and provisions for the review of the preliminary and final plans by the Recreation and Park Commission, does hereby approve said agreement covering the architectural-engineering services of:

WURSTER, BERNARDI & EMMONS, ARCHITECTS
202 Green Street, San Francisco 11, California

SKIDMORE, OWINGS & MERRILL, ARCHITECTS
1 Montgomery Street, San Francisco 4, California

H. J. BRUNNIER, STRUCTURAL ENGINEER
55 New Montgomery Street, San Francisco 5, California

-AND-

DeLEUW, CATHER & COMPANY, ENGINEERS
79 McAllister Street, San Francisco 2, California

for the Civic Center Exhibit Hall, the estimated construction cost of said structure being $2,750,000, and a basic fee to be paid to the architectural-engineer team of seven (7%) per cent of the total actual cost of construction, for which drawings and specifications are to be prepared; the exact description of the structure being as follows:

CIVIC CENTER EXHIBIT HALL
with the necessary means of access for pedestrians and vehicles and connections to the Civic Auditorium located on the south side of Grove Street between Polk Street and Larkin Street, to be located on that property more particularly described as follows:

The southerly one-half of the Civic Center Plaza bounded by Grove Street, Polk Street, Larkin Street and the center line of Fulton Street extended from Larkin to Polk Street and such required portions of the roadway and sidewalk areas on Grove Street and the sidewalk areas on Polk Street and Larkin Street.

AND, BE IT FURTHER RESOLVED, that the Secretary be and is hereby directed and authorized to certify said agreement for and on behalf of this Commission and to transmit same to the Director of Public Works for final execution.

* * * * * * * * * * *

(7) The Commission referred to the General Manager, for appropriate action, the letter under date of March 15 from His Honor, Mayor Elmer E. Robinson, requesting the preparation and submission of a succinct yet comprehensive account of the improvements of the Recreation and Park Department during the period January 8, 1948 and projected to January 8, 1956, such account to be delivered to the office of the Mayor not later than August 15, 1955.

(d) From Edward F. Garrigan, Secretary, Northern California Baseball Managers' Association, Inc., requesting permission to place a bronze plaque at the James J. Nealon baseball diamond in Golden Gate Park, which will pay tribute to the memory of

COMMUNICATIONS (continued)

the late James J. Nealon for his untiring efforts and support of baseball.

The Secretary reported that a bronze plaque honoring the late Charles Graham is presently installed in the grandstand of the second baseball diamond at "Big Rec." and that the proposed plaque would be a companion piece. Mr. Kimbell, Recreation Superintendent, spoke highly of Mr. Nealon's contribution to baseball and supported the request.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1826

Permission Granted to No.Calif.Baseball Mgrs.Assoc.Inc. to Install Bronze Memorial Plaque at "Big Rec" Honoring the Late James J.Nealon.

Resolution No. 1826

RESOLVED, that this Commission does hereby approve the request of the Northern California Baseball Managers' Association, Inc. to place a bronze plaque at the James J. Nealon baseball diamond at "Big Rec" in Golden Gate Park, provided, however,that the wording and design of the proposed plaque be delivered to the General Manager and President Sutter and then submitted to the Art Commission for approval; and this grant of permission shall not take effect until the foregoing conditions have been met.

* * *

Above Action Does Not Establish a Precedent.

In approving the foregoing request, the Members concurred with Commissioner Coffman that this action was in no way establishing a precedent that might encourage additional requests for plaque installations and memorials in public parks.

(f) From Alfred "Rob" Janssens, 916 Sanchez Street, requesting permission to conduct professional boxing contests in Kezar Pavilion and giving the details of his professional experience, listing his personal background and qualifications as a promoter.

The Secretary reported that Mr. Janssens's request was in conflict with provisions of the Park Code, Section 68, prohibiting professional boxing contests in parks and squares, with the exception of Kezar Stadium. In the Commission's discussion of the policy factors involved, it was also pointed out that there are several arenas and coliseums in San Francisco and nearby cities where contests are regularly held.

Action on Request to Hold Professional Boxing Contests in Kezar Pavilion Postponed to Next Reg.Meeting

On motion of Commissioner Coffman, seconded by Commissioner Parr, the request was taken under consideration and referred to the General Manager for his investigation and recommendation at the next regular meeting.

REPRESENTATIVES AND DELEGATES

Commission Approval of The Guardsmen's Request to Hold Rodeo at Polo Stadium on June 4-5,1955, Withheld.

Mr. Max Moore, President, and Mr. Thomas J. O'Toole, Secretary of The Guardsmen, appeared on behalf of their request for use of the Polo Stadium, Golden Gate Park, on the week end of June 4-5, 1955, for the purpose of staging a rodeo.

Mr. Moore explained that The Guardsmen had discontinued the Sports Car Road Races which had proved so popular in Golden Gate Park because many officials and public supporters were apprehensive of the danger of serious accidents. In seeking a new but equally popular attraction, The Guardsmen's committee were making initial plans for a rodeo. A rapid sequence of events had brought negotiations to a crucial point with the promoters and The Guardsmen would be required to make some definite commitment within the next 48 hours. Mr. Moore asked the Commission to consider his request in an informal way, and stated that a preliminary clearance of the idea was his main objective.

Commissioner Parr reminded that the Commission was under contract with the Polo associations for the use of the Polo Stadium for consecutive week ends during the summer and that it would be wrong to make a counter commitment to The Guardsmen without first obtaining clearance from the Polo Clubs. Questions as to the stabling of horses and pasturing of stock, as well as damage to the turfed field were raised, and Park Superintendent Girod said a rodeo would put the polo field out of operation for an entire season.

In view of the short notice of the request and the previous commitment to the Polo Clubs, on motion of Commissioner Parr, seconded by Commissioner Dippel, approval of The Guardsmen's request was withheld.

UNFINISHED BUSINESS

(a) Continued Consideration - Selection of a Site for Hayes Valley Recreation Center

President Sutter announced that all members of the Commission had personally inspected the properties on the south side of Grove Street between Buchanan and Laguna Streets during the past two week interval. However, a completely new development now makes it possible for the Commission to no longer confine its search for a site to the Grove Street properties. President Sutter told the members that Mr. B. W. Booker, Assistant State Highway Engineer, District IV, had personally told him that the State Highway Office has changed its plans and no longer contemplates the use of the intersection of Hayes and Buchanan Streets for freeway purposes.

Mr. Funke commented that he had checked with the City Engineer's office and received confirmation there that the City Engineers had no interest in the Hayes-Buchanan property either.

President Sutter recalled that over two years ago the Commission had been forced to forego its plans to construct the Hayes Valley Recreation Center at its original location at the southeast corner of Hayes and Buchanan Streets, due to State Highway and local freeway plans. All of the searching, investigation, and land appraisals during the past two years had resulted from the restrictions that freeway planners had placed on the Hayes-Buchanan location.

Members agreed that immediate steps should be taken to acquire additional property adjoining the present department property at the corner of Hayes and Buchanan Streets, extending the property line 200 feet east of Buchanan Street and 120 feet south of Hayes Street.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1835

Cont'd Consideration - Selection of a Site for Hayes Valley Recreation Center

Resolution No. 1835

WHEREAS, this Commission has been reliably informed that the State Highway and City Engineer freeway plans no longer place a restriction on the use of the property at the southeast corner of Hayes and Buchanan Streets, the site of the original Hayes Valley Recreation Center; now, therefore, be it

RESOLVED, that this Commission does hereby approve the further acquisition of property at the southeast corner of Hayes and Buchanan Streets to the extent of a parcel of 200-foot frontage on Hayes Street and a 120-foot frontage on Buchanan St., said land to be acquired for the necessary purpose of constructing a public recreation center as authorized by the voters under the 1947 Recreation Bond Fund; and, be it

FURTHER RESOLVED, that the General Manager be directed to obtain a written release or statement of no further intent to use the property from California Division of Highways, District IV office, and the City Engineer; and the Secretary be instructed to request an appraisal from the Director of Property of the parcels to be acquired, and upon receipt of such appraisals to prepare for this Commission's approval the legislation and appropriation of funds providing for said land acquisition without further delay.

Mr. Duane Anderson, spokesman for the Hayes Valley Parents' Club on many previous occasions, said that he regretted the delay which his district has experienced because of the indefinite planning of future freeway routes and he urged the Commission to obtain firm and written commitments from the highway planners so that the newly adopted resolution will be accomplished and the Hayes Valley District will gain its recreation center.

(b) Commission Approves Prelim.Plans & Specs.-Rossi Swimming Pool

Mr. Harman introduced Mr. H. C. Baumann, Architect, who presented the Preliminary Plans, Specifications, and Estimates of Cost covering the Construction of a Recreation Center and Swimming Pool at Angelo J. Rossi Playground. Mr. Harman explained that while the preliminary drawings included a swimming pool, auditorium and clubhouse, it was proposed that, with the Commission's approval, only the swimming pool and clubhouse section be carried out at this time due to the limited funds appropriated. He stated that $390,000 had been appropriated for this project under the 1947 Recreation Bond Fund, and that the Architect had provided the following estimates of cost for various combinations of constructing the three units:

Entire Project - consisting of Natatorium, Auditorium and Club Room	$457,000.
Natatorium - complete with mechanical equipment for entire project	360,000.
Clubhouse Section	45,000.
Natatorium and Clubhouse	405,000.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

(d) Opinion Requested from City Attorney re. Individual Liability of Commissioners Resulting from Accidents on Department Property.

Opinion Requested from City Attorney re. Individual Commissioner Liability Arising from Special Events Held on Dept. Properties

Mr. Funke stated that in January 1954 the General Manager had, at the request of the Commission, sought an opinion of the City Attorney regarding the individual liability of Commissioners in respect to accidents on department property, specifically mentioning the former Sports Car Road Races. Inasmuch as the Sports Car Road Races have been discontinued, Mr. Funke inquired whether the Commission still wished the City Attorney's advice in this matter.

Commissioners concurred with Mr. Sutter that it was most advisable to obtain from the City Attorney his opinion with respect to Commissioners' individual liability as a result of accidents arising from special events conducted on department property.

(a) Permission to Use Buffalo Paddock, Golden Gate Park, for Rodeo on Week End of June 4-5, 1955 Granted to The Guardsmen.

Mr. Max Moore, President of The Guardsmen, was present to ask the withdrawal of their previous request for use of the Polo Stadium, Golden Gate Park on the week end of June 4-5, 1955 for the purpose of staging a rodeo, and submitted a request for the use of the Buffalo Paddock, Golden Gate Park for the same time and purpose.

Chairman Parr thanked Mr. Moore on behalf of the Commission for the co-operative manner in which The Guardsmen had recognized the maintenance difficulties in connection with their previous request for use of the Polo Stadium.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1853 — Resolution No. 1853

Permission Granted The Guardsmen for Use of Buffalo Paddock on June 4-5, 1955 for A Rodeo.

RESOLVED, that this Commission does hereby approve the request of The Guardsmen for the use of the Buffalo Paddock, Golden Gate Park, on the week end of June 4-5, 1955, for the purpose of staging a rodeo, subject to certain conditions to be set forth in a formal contract.

(b) Request to Use Kezar Pavilion for Professional Boxing Denied.

Mr. Funke, General Manager, reported on the request received from Alfred "Bob" Janssens, 916 Sanchez Street, for permission to conduct professional boxing contests in Kezar Pavilion, which request had been made at the previous Commission meeting, at which time it had been returned to the General Manager for investigation and recommendation.

Mr. Funke stated that he had received a report from Mr. Arthur Whittemore, Kezar Manager, to the effect that it would not be advisable to consider professional boxing contests in the pavilion because of the many recreational uses, such as basketball and special events, which are scheduled on a year-round basis in the pavilion. Mr. Funke also stated that he had received a report from Mr. T. M. Grabow, Engineer, advising that the pavilion floor, if subjected to loads such as those required for boxing arena purposes, would greatly exceed the stress allowed by the San Francisco Building Code.

On the basis of these two reports and in consideration of the provisions of the Park Code, Section 68, prohibiting profes-

(c) Water Tank Design and Capacity Approved - N.W.Corner McLaren Pk.

Mr. Funke reported that he had received a request from Mr.Geo. W. Pracy, General Manager and Chief Engineer, San Francisco Water Department, for approval of the design and capacity of the water tank proposed by the Water Department for the northwest corner of McLaren Park, conditional approval of which installation had been given by the Commission at its meeting of January 27, 1955. Mr. Funke displayed an architect's sketch of the proposed water tank which will be 28' in diameter and approximately 80' high. He said that the tank and pumping station which supplies it, will have sufficient capacity to give the park 200 gallons per minute, for 6 hours a day, for irrigation purposes.

On recommendation of the General Manager, and on motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1854

Commission Appvs. Type, Capacity & Location of Water Tank in N.W.cor.McLaren Park - Art Commission to Approve Before Installation.

Resolution No. 1854

WHEREAS, this Commission, in order to assist in the provision of an important public utility, did approve by its Resolution No. 1779, meeting of January 27, 1955, the location of a water tank in the northwest corner of McLaren Park in the vicinity of Mansfield and Burrows Streets, which approval was contingent upon subsequent approval of its type and capacity; now, therefore, be it

RESOLVED, that this Commission does approve the type, capacity and location of the water tank as shown in the architect's sketch and Water Department drawings Nos. A-1121 and A-1122, on condition that the design receive the approval of the Art Commission before the installation is undertaken.

(d) Permission Granted for Widening of Park-Presidio Boulevard.

Mr. Funke reported that a satisfactory grant of permission had been prepared whereby the Commission would authorize the State Highway Engineers to proceed with the widening of Park-Presidio Boulevard, as previously requested. He recommended approval of this grant of permission, provided that the California Division of Highways, District IV, agrees it will restore to the satisfaction of the Recreation and Park Commission all adjoining landscaping which may be disturbed as a result of construction of an additional 12-foot traffic lane on each side of the present roadway; and further provided that no underpass or overpass at any point of street intersection, or elsewhere, will be constructed without the express approval of the Recreation and Park Commission.

After considerable discussion, and on motion of Commissioner Herz, seconded by Commissioner Stern, the following resolution was adopted:

Res. No. 1855

Approving Grant of Permission to Div.of Highways to Widen Park-Presidio Boulevard.

Resolution No. 1855

WHEREAS, the Park-Presidio Boulevard, contained within the 23.14 acre parkway a parcel of land connecting Golden Gate Park with the Presidio of San Francisco and serving as an important part of the trafficway between the north and south boundaries of San Francisco, joining the Golden Gate Bridge on the north and Junipero Serra Boulevard on the scuth, was in-

cluded in the state highway system and in 1933 officially designated as San Francisco Highway No. 56 and State Highway Route No. 1 on August 19, 1953; and

WHEREAS, the continually increasing use of this automobile highway has resulted in a traffic congestion that seriously impairs its usefulness and safety to the degree that the California Division of Highways, District IV, has requested permission to widen said boulevard to the extent of twelve (12') feet on each of the roadways, thereby increasing the north-bound and south-bound traffic lanes from two lanes to three lanes each, thus adding to the highway's efficiency, safety and usefulness; now, therefore, be it

RESOLVED, that the Recreation and Park Commission does hereby approve a grant of permission to the California Division of Highways to add an additional 12 feet of land to each roadway of the Park-Presidio Boulevard from Fulton Street to LakeStreet, removing the present grass borders adjacent to the roadways and the street trees contained within those borders, and reducing in width the remaining existing pedestrian paths; PROVIDED, that as a condition precedent to the grant of permission, the California Division of Highways, District IV, agrees it will restore to the satisfaction of the Recreation and Park Commission all adjoining landscaping which may be disturbed as a consequence of the construction; and FURTHER PROVIDED, that no underpass or overpass at any point of street intersection or elsewhere will be constructed without the express approval of the Recreation and Park Commission.

(a) General Manager's Report on Site of Hayes Val.Recreation Center

The General Manager reported that he had obtain written statements from the California Division of Highways, District IV,the Department of City Planning and the Department of Public Works that construction of a recreation area at the southeast corner of Hayes and Buchanan Streets (present location of the Hayes Valley Recreation Center) would not conflict with freeway plans. He recommended that the Commission change the detailed location of the Hayes Valley Recreation area from Block 806, Lots 22 and 26 to 36, inclusive, to Block 819, Lots 17 to 20, inclusive;and that this change be brought to the attention of the Mayor, the Board of Supervisors and the Controller.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

(g) General Manager Reports on Pony Rides at Children's Quarters, Golden Gate Park & Fleishhacker Playfield (Over from Prev.Mtg.)

General Manager's Report on Pony Rides at Children's Quarters, G.G.Park and Fleishhacker Playfield - Deleted from Department's 1955-1956 Budget

The General Manager reported that, as of July 1, 1955, the pony rides at Children's Playground, Golden Gate Park, and Fleishhacker Playfield will be discontinued, the Mayor having deleted from the Recreation and Park Commission's 1955-1956 Budget Request funds for this operation. He stated that the Mayor had deleted the funds on the basis of economy, in view of the fact that the City was losing approximately $22,750.00 annually in operating the pony rides, and that the Mayor had recommended the Commission give consideration to private operation of the pony rides on a concession basis.

At the time of the budget deletion, the Mayor had also suggested that the Recreation and Park Commission request the Civil Service Commission to consider reclassification of the two hostler positions involved in the pony rides, which would be without funds as of July 1, in order that the affected personnel be continued on in another classification.

5-3-55

NEW BUSINESS (continued)

(g)(Report on Pony Rides) (continued)

Noting that he had received information that the Los Angeles Recreation and Park Department has a most satisfactory pony rides concession, and that since publicity had appeared concerning the pony rides, he had received tentative proposals from several persons interested in a pony rides concession, the General Manager recommended that the Recreation and Park Commission (1) authorize the invitation of proposals for the operation of the pony rides on a concession basis, and (2) request the Civil Service Commission to consider reclassification of the two (2) hostler positions.

Mr. George W. Johns, Secretary of the San Francisco Labor Council, Al Mailloux, Business Representative of the San Francisco Building and Construction Trades Council, and John P.McLoughlin, Business Agent, Parks Employees Union, Local #311, AFL,appeared to ask the Commission to maintain the pony rides. In this connection, Mr. Johns presented a letter from the San Francisco Labor Council urging the retention of the pony rides, opposing the private concession idea, and asking that the Commission "explore the possibilities of a more economical operation of the children's rides, without sacrificing the pleasure that hundreds of thousands of San Francisco boys and girls receive from them." Mr. Johns, in supporting the request of the Labor Council, compared the pony rides to the card shelter and bowling greens in Golden Gate Park, pointing out that the Commission derived no revenue from these facilities, yet maintained them for public use. Mr. Mailloux express concern that a concessionaire would operate solely to make money, and asked the Commission to consider a new price schedule which would allow the continuation of the pony rides as a city operation.

In response to the protests, Chairman Gallagher stated that the Commission had concurred with the original budget recommendations of the General Manager, which included funds for the pony rides, and complimented the General Manager for his work in connection with the preparation and presentation of the budget. Chairman Gallagher suggested that the Commission take time to consider the two-fold recommendations of the General Manager, and on motion of Commissioner Herz, seconded by Commissioner Stern, consideration was postponed to the next regular meeting of the Commission.

MINUTES

A Special Meeting of the Recreation and Park Commission was called to order at 11:00 A.M., Wednesday, May 18, 1955 in the Commission Meeting Room, McLaren Lodge, Vice President Parr presiding.

The following Commissioners were present:

Mr. Fred D. Parr, Vice President
Mr. William M. Coffman
Mrs. Henry J. Dippel
Dr. Francis J. Herz

(1) Chairman Parr reported that there had been some very recent developments in the plans for the improvement of San Francisco's Small Boats Harbor, telling the Commissioners that on Thursday, May 12, a presentation had been made before the Transportation and Commerce Committee of the State Assembly by San Francisco's delegation, resulting in two recommendations by that committee for major changes in San Francisco's request for State Aid.

The Secretary, at the direction of Chairman Parr, read in full the report of Mr. Simons, Executive Secretary to the General Manager, on the details of the Sacramento meeting.

Commissioner Dippel, who participated in the Sacramento hearing, spoke of the able presentation made by Mr. Parr and the San Francisco delegation and the co-operation received from the Assembly Committee, as well as her hope that the committee's recommendations would be adopted by the Board of Supervisors.

Chairman Parr presented for adoption the resolution which, following discussion and detailed explanation, was adopted on motion of Commissioner Herz, seconded by Commissioner Dippel:

Res.No.1879

Seeking a $2½ Million Loan fm. State Funds for Impvt. of S.F.'s Small Boats Harbor on Matching Fund Basis & Repayment by S.F. to State be Made Within 50-year Period

Resolusion No. 1879

WHEREAS, on recommendation of the Recreation and Park Commission, the San Francisco Board of Supervisors did by its Resolution No. 15421, approve and recommend to the California State Legislature the enactment of A.B.2850 (and its companion measure A.B. 3696) which would appropriate $2,500,000 of State Funds for the improvement of a small boats harbor in San Francisco; and

WHEREAS, the Transportation and Commerce Committee of the State Assembly has agreed to approve A.B. 2850 (and its companion measure, A.B. 3696) and to recommend its passage provided that San Francisco amends its proposal and names a specific location wherein the shall boats harbor improvement shall be made on San Francisco's shoreline, and also agrees to repay to the State within a 50-year period the sum of $2,500,000 requested in the bill to finance the improvements; now, therefore, be it

RESOLVED, that the Recreation and Park Commission does request the Board of Supervisors to approve and recommend by formal resolution to the California State Legislature the amendment of Assembly Bill 2850 (and its companion measure, A.B. 3696) to conform with the requirements of the Transportation and Commerce Committee of the State Assembly, the amendment to be as follows:

(1) That the location on the shoreline of the City and County of San Francisco wherein the $2,500,000 of State funds are to be used for the improvement of a small boats harbor shall be that area of San Francisco's shoreline known and designated as San Francisco Small Boats Harbor, at the Marina, and bounded on the West by Presidio lands and on the east by Laguna Street extending northward;

Res. No.1879 (continued)

(2) And further amended to provide that the $2,500,000 of State Funds to be appropriated for the improvement of San Francisco's small boats harbor shall be made available to San Francisco on a matching basis and shall be repaid to the State by the City and County of San Francisco within a 50-year period;and, be it

FURTHER RESOLVED, that copies of this resolution be forwarded to the Honorable Board of Supervisors with the request for immediate consideration and approval of the aforesaid bills as amended, and that if approved, copies of the Board of Supervisors' resolution be transmitted to the legislative representative at the State Capitol and to the San Francisco delegation in the State Legislature so that they may take all necessary action to insure its presentation to the Ways and Means Committee of the California State Legislature not later than Monday, May 30, 1955, when the aforesaid bills are scheduled for consideration, and to take such other appropriate and necessary action to insure the enactment of the aforesaid bill,A.B. 2850 (and its companion measure, A.B. 3696).

Chairman Parr gave particular credit for the success of the Sacramento meeting to Mr. Donald Cleary, San Francisco's Legislative Representative, Mr. Bernard Ward, Deputy City Attorney, and to the San Francisco Chamber of Commerce's representative, Mr. Randall P. Shields.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1880

Resolution of Appreciation for the Services of Messrs. Donald Cleary, Bernard Ward & Randall P.Shields in Furthering S.F.'s Req.for State Aid for Impvt.S.F.Small Boats Harbor

Resolution No. 1880

RESOLVED, that this Commission, in recognition of the valuable assistance of Mr. Donald Cleary, Mr. Bernard Ward, and Mr. Randall P. Shields in presenting San Francisco's request for State Aid in the improvement of the local Small Boats Harbor before the Transportation and Commerce Committee of the State Assembly on Thursday, May 12, 1955, does hereby record its sincere thanks and grateful appreciation to those gentlemen and directs that individual letters of appreciation be forwarded to them.

Mr. Max G. Funke, General Manager, reported that Supervisor James Leo Halley had introduced a resolution to the full board on Monday, May 9, which, if approved, would give the Board's approval of amendment to Assembly Bill 2850 and its companion measure, Assembly Bill 3696, naming the Marina as the specific location for the Small Boats Harbor and providing for repayment of the State loan of $2,500,000 within a 50-year period. Mr. Funke said that Supervisor Halley's committee had scheduled a hearing on the resolution for the following day, Thursday, May 19, at which time Chairman Parr and other commissioners, staff members, and other supporters would be present to support the resolution and answer any opposition.

Freeways

(2) Mr. Funke, General Manager, reported on the hearing of the City Planning Commission on the question of the Master Plan for Freeways as they affect Golden Gate Park.

Commissioner Herz, Chairman of the Freeway Committee, stated that in a very heated session the City Planning Commission voted 4 to 2 to remove from the Master Plan Freeway Map the lines which indicated a freeway section in Golden Gate Park immediately north of Kezar Stadium, and also amended the Master Plan to eliminate the Panhandle from any freeway construction. Commissioner Herz said it was difficult to reconcile the position of other city departments that favor the freeway routes in the park, when this commission's position has been firm and clear for the past five years. He said that President Sutter, at the climactic point of the hearing, had announced that he was considering asking the Board of Supervisors to place the

Freeways

Action Postponed

matter on the ballot so that the public might express its opinion on the policy of keeping freeways and their harmful effects away from park areas. Any four members of the Board of Supervisors can submit a policy of declaration to the voters, the deadline for such submission being July 25.

Mr. Funke also reported that a bill presently before the California Legislature which will limit the State's powers in the construction of freeways in municipalities and counties is meeting with much favor by legislators. He said that the Commission and Board of Supervisors had already endorsed this bill and sent resolutions of support to the Legislature.

In the absence of President Sutter, Chairman Parr postponed any official action on the freeway problem.

(3) The Secretary presented a letter from Mr. J. Max Moore, President of The Guardsmen, offering a gift of $4,000 to the Commission, the funds to be used exclusively to assist in the operation of the summer program at the Silver Tree Day Camp.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1881

Acceptance of $4,000 Gift fm. The Guardsmen for Aiding & Assisting in Operation of Silver Tree Day Camp.

Resolution No. 1881

WHEREAS, The Guardsmen, an organization which has done much to finance the summer vacation camp program for thousands of San Francisco children, are desirous of furthering the program conducted by this department at the Silver Tree Day Camp, Glen Park Playground, and have offered a gift in the amount of $4,000 to be accepted by the City for the purpose of aiding and assisting the operation of the Silver Tree Day Camp; now, therefore, be it

RESOLVED, that this Commission does hereby gratefully accept from The Guardsmen the gift of $4,000 for the sole and exclusive use of the Silver Tree Day Camp, and does forward and recommend to the Honorable Board of Supervisors its official acceptance for and on behalf of the City and County of San Francisco.

(12) Reports of the General Manager:

(a) DISAPPROVAL OF DESIGN OF NO.BEACH SWIMMING POOL

Mr. Funke, General Manager, asked Mr. George Harman, Supervising Engineer, to report the details concerning the Art Commission's disapproval of the design for the proposed North Beach Swimming Pool building.

Mr. Harman read the recommendations of the Art Commission in connection with its disapproval. He explained that there were three major criticisms by the Art Commission: a lack of skylights in the roof of the pool, the small lobby area, and the lack of marble on all exteriors. Mr. Harman said that all three might be desirable if money were no object, but such changes would undoubtedly make substantial increases in the construction costs. He reported that the three items have been included in the specifications as alternates on which the bidders can quote prices, so that the Commission can determine whether there are funds for such work.

Commissioner William Coffman, speaking from his background of broad experience as an ex-officio member of the Art Commission and other commissions, reviewed his interpretation of the Art Commission's powers and jurisdiction over the design of municipal structures. He stressed the importance of maintaining a practical attitude in the matter and facing the inevitable fact that a department must draw plans that come within the funds available;and the materials called for in construction design should be those which the department can afford. The Commission supported Commissioner Coffman's position and endorsed Mr. Harman's report, agreeing to review the matter when bids have been received for the North Beach Swimming Pool construction.

UNFINISHED BUSINESS

(a) Commissioner F.D.Parr's Report on Small Boats Harbor

Commissioner Fred D. Parr, Chairman of the Small Boats Harbor Committee for the Commission, reported the latest developments in the plans for financing the proposed enlargement of the Small Boats Harbor at the Marina. He referred to his report at the previous meeting, wherein the Transportation and Commerce Committee of the California Legislature had recommended a "do pass" on Assembly Bill 3696, provided San Francisco would officially agree to a State loan of $2,500,000, repayable within a 50-year period, and also that San Francisco name a specific location where the small boats harbor improvement would be made.

He then reported on the successful presentation before the County, State and National Affairs Committee of the Board of Supervisors. At this hearing the protests and arguments of the opponents of the project were ably answered by Commissioners Parr

UNFINISHED BUSINESS (cont'd)

and Coffman, Mr. Funke, and staff members.

The Supervisors' committee unanimously approved both State modifications and sent them out of committee to the main Board for action. The main Board failed to act on the measure at its meeting of Monday, May 23, 1955 because there were insufficient votes to successfully pass the measure. Supervisor Halley moved its postponement to Tuesday, May 31st.

Mr. Parr reported that inasmuch as the Ways and Means Committee of the State Legislature must act on or before May 29, any action by the Board of Supervisors on Tuesday, May 31st would be too late to be of value. He therefore recommended that the Commission adopt a resolution providing for two specific acts: (1) requesting that Assembly Bill 3696 be referred to an interim committee of the State Legislature, and (2) that the Mayor and the Board of Supervisors be requested to officially co-operate in the interim committee study. These actions were formalized by resolution as follows:

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1898

S.F.Legislative Representative, Don Cleary, Requested to Refer A.B.'s 2850 and 3696 to State Interim Committee for Investigation & Report & Mayor & Bd.Supvs.Requested to Co-operate,

Resolution No. 1898

RESOLVED, that this Commission does hereby request Mr. Don Cleary, State Legislative Representative in Sacramento, to refer Assembly Bill 2850, and its companion Bill 3696, to an interim committee for investigation and report to the next session of the Legislature; and that the Mayor and Board of Supervisors be requested to direct its Sacramento representatives to co-operate in every way in aiding in this investigation to the end that facts may be developed as to the needs for enlarging the Small Boats Harbor at the Marina, and the economic factors in connection therewith.

* * *

President Sutter then recommended that the Commission withdraw its proposal for a bond issue at the next November election in the amount of $2,500,000 as matching funds for the State financing of the Small Boats Harbor.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1899

Commission Withdraws Proposed Bond Issue of $2½ Million for Submission at 1955 November Election,

Resolution No. 1899

WHEREAS, the San Francisco Board of Supervisors did not approve or adopt, as official policy, the modifications to Assembly Bill 3696, required by the California State Legislature to qualify for financial aid from the State in improving San Francisco's Small Boats Harbor; now, therefore, be it

RESOLVED, that this Commission does officially withdraw its proposal that a bond fund for the Improvement of the Small Boats Harbor in the amount of $2,500,000 be presented to the voters at the November election, said proposal being no longer valid, because the condition thereto that State Aid be received by San Francisco in an equal amount, has gone by default.

* * *

President Sutter complimented Commissioner Parr on his forceful leadership in organizing and presenting the Small Boats Harbor project on both community and State levels, and urged him to continue his aggressive and well-planned efforts toward the ultimate success of the plan.

Commissioner Parr replied that he was firmly convinced that much progress had been made, and that he would continue to work diligently for the enlargement of the Small Boats Harbor at the

Marina, and that he was confident that the studies by the Interim Committee of the State Legislature would provide much valuable information to properly gain the confidence of the legislative bodies and the electorate of San Francisco. He thanked the Commissioners for their aid and encouragement during the past several months, and asked their continued support in the future.

(b) Report of General Manager on Pony Rides

Commission Favors Continuance of Pony Rides--Authorized Gen.Mgr. to Call for Proposals & Negotiate Contract With Concessionaire-- and to Request C.S.Commission to Reclassify 3 Hostler Positions Affected if Converted to Contractual Service.

The Secretary read a letter from Supervisor Francis McCarty, objecting to the proposal that the Pony Rides for children in Golden Gate Park and Fleishhacker Playfield be abolished, and asking the Commission to continue them, because he believes thair value in providing happiness to children cannot be measured by budget accounts or the cost of operation.

Mr. Funke, General Manager, reported that he had received some information and inquiries from persons engaged in the pony rides business and that there was a good possibility that a successful operation could be arranged with a concessionaire. He further explained that Supervisor McCarty had been pleased to learn that the pony rides might possibly continue if a concessionaire operator could be obtained.

The Secretary read the information received from the Recreation and Park Department of the City of Los Angeles on its concessionaire operation of pony rides, including detailed information from the actual contract agreement.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Commission went on record as favoring a continuance of the pony rides as a matter of policy, and authorized the General Manager to obtain proposals and to negotiate with pony rides operators or concessionaires for an agreement to be approved by the Commission whereby the rides can be continued; and further, authorized the General Manager to request the Civil Service Commission to process the reclassification of the three Civil Service employments which will be affected if the pony rides operation is converted to a contractual service.

and placing responsibility for all repairs and maintenance upon the Recreation and Park Department. The final lease will require the approval of the City Attorney.

On motion of Commissioner Parr, seconded by Commissioner Harr, the following resolution was adopted:

Res. No. 1901

Commission Appvs. Lease with S.F. Housing Authority for Use of Hunters Pt.Gym on Annual Basis-Rent to be $1.00 Per Year.

Resolution No. 1901

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby authorize and approve the entering into of that certain lease agreement with the Housing Authority of the City and County of San Francisco, whereby the City leases the following described real property, together with the improvements thereon, consisting of a gymnasium building containing approximately 13,200 square feet, commonly known as the Hunters Point Gymnasium:

COMMENCING at a point on the northeasterly line of LaSalle Avenue distant thereon north 54°28'21" west 55 feet from the intersection of the northeasterly line of LaSalle Avenue and the northeasterly extension of the center line of Fitch Street; thence continuing along said line of LaSalle Avenue north 54°28'21"west 180 feet; thence north 35°31'39" east 200 feet to the southwesterly line of Kirkwood Avenue; thence south 54°28'21" east along said line of Kirkwood Avenue 180 feet; thence south 35°31'39" west 200 feet to the point of commencement.

Being a portion of Block No. 233 South San Francisco Homestead and Railroad Association.

AND ACCEPTS the major conditions that the rental for said premises shall be $1.00 per year; that the lease shall be automatically renewed for successive terms at the same rental; and that the City shall be required at its own cost and expense to maintain the premises in good repair, and that the Housing Authority shall not be liable for any repairs or maintenance of any kind; and, be it

FURTHER RESOLVED that the General Manager of the Recreation and Park Department and the Commission Secretary be and are hereby authorized to negotiate the lease agreement with the San Francisco Housing Authority.

(g) Final Plans and Specifications for NORTH BEACH SWIMMING POOL

Mr. Harman presented the Final Plans and Specifications for the North Beach Swimming Pool as prepared and submitted by William G. Merchant, Architect. Mr. Harman described the rehabilitation proposed for the existing building and the construction of a roof over the swimming pool area and explained that, as reported in the previous meeting, the specifications to bidders included those items which the Art Commission had recommended, namely, skylights, expanded lobby area, and marble facings. Quotations by bidders on these items will be separated from the general construction quotations so that the Commission can authorize or disapprove any or all of the three items.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1904

Commission Appvs. Fin.Plans and Specs. for North Beach Swimming Pool as Submitted by W.G.MERCHANT

Resolution No. 1904

RESOLVED, that this Commission does hereby approve the Final Plans and Specifications for the North Beach Swimming Pool, as prepared and submitted by William G. Merchant, Architect.

* * *

The Secretary then read the report of Mr. Harman, Supervising Engineer, recommending the approval of engineering tests on reinforcing steel, structural steel and concrete that are to be used in the North Beach Swimming Pool and rehabilitation contract. The report explained that these tests by an approved engineering testing laboratory are required to satisfy the provisions of the California Administration Code, Title 21, Public Works. The total estimated cost of such work for such tests amounts to $1477.50.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1905

Comm.Appvs. Order for Service or Work to ABBOT & HANKS for $1477.50 for Engr.Tests of Matls.for NO.BEACH SWIMMING POOL.

Resolution No. 1905

NEW BUSINESS

(a) Installation of Gas Line and Conversion of Oil Fired Boilers - JOSEPHINE D. RANDALL JUNIOR MUSEUM

The Secretary read the following bids received Tuesday, May 24, 1955 for the above mentioned work.

LOW BIDDER	Bid Proposal	Alt. #1	Alt. #2
J. GIBBS SONS 2401 Bush St., S.F.15	$5,052.00	$3,100.00	$3,514.00
Other Bidders			
WESTERN PLUMBING & HEATING CO.	$5,203.00	$2,873.00	$3,432.00
HERMAN LAWSON COMPANY	$5,897.00	$3,350.00	$3,950.00
J.ELMER RIDDLE COMPANY	$5,898.00	$3,672.00	$4,348.00
BROADWAY PLUMBING CO.	$6,600.00	$4,356.00	$5,000.00

The Engineers, Messrs. Harman and Grabow, explained that the contract provided for conversion from oil fuel to gas-fired boilers; the General Manager reporting that while funds in the amount of $2500 had been set up in the current buget for burners and safety control at the Junior Museum, the conversion work under this contract would require approval of a change in appropriation as it is a different type of work.

In consideration of the fact that funds are not immediately available, on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1906

Commission Directs Gen.Mgr. to Investigate Proposed Contract & Report at Next Meeting

Resolution No. 1906

RESOLVED, that this Commission does hereby authorize and direct the General Manager to investigate the economic factors bearing on the proposed contract, subject to the availability of funds, or if, in his judgment, further consideration is required, that his recommendations be submitted at the next regular meeting.

(c) Report on Freeways - Golden Gate Park

Report on Freeways

Commissioner Herz gave a brief review of the present situation regarding the problem of protecting Golden Gate Park from trafficway plans for freeways which would border on the Panhandle or Kezar Drive area. He asked for the Commission's judgment of the proposal that the exclusion of freeways from Golden Gate Park be placed on the ballot for an expression of public opinion.

Commissioner Parr stated for the record that he approved the use of every legitimate means to keep traffic lanes out of the park and that roadways in the park be limited solely to those that are absolutely required to serve park purposes.

Commissioner Coffman counseled the members that the Commission's position on freeways is now well-established and well-known, and that a careful analysis should be made of the advantages or disadvantages which would accrue to the Commission by seeking an expression of public opinion by means of the ballot.

Following further discussion, President Sutter directed that the important freeway matter be continued on the calendar for further consideration and action at the appropriate time.

COMMUNICATIONS

(a) From Earl P. Cutting, Director of Property, advising that he has received an offer to lease for oil and gas development purposes of a portion of the Fuhrman Bequest property located in Kern County, California; and requesting approval of a Work Order in the estimated sum of $250.00 to cover cost of services in connection with the proposed lease. There followed a discussion in which the terms of the lease and the royalties to be paid the City were explored.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 1908

Approval of Service Order for $250.00 - Kern Co. Oil Lease.

Resolution No. 1908

RESOLVED, that on recommendation of the Director of Property this Commission approves the issuance of a Work Order to the Real Estate Department for services and expenses in regards to proposed lease of the Southeast quarter of Section 32, T. 27 S., R. 28 E., Kern County, California, and other lands acquired from the Estate of Alfred Fuhrman, deceased. Authorized by Ordinance No. 1638, Bill No. 1704, the funds to be obtained from Appropriation No. 949-1 of the Fuhrman Bequest in the estimated amount of $250.00; and, be it

FURTHER RESOLVED, that this Work Order and the invitation for bids scheduled for opening on July 6, 1955 are subject to this Commission's review and approval of the Lease Agreement.

(c) From B. W. Booker, Assistant State Highway Engineer, Division of Highways, requesting authorization to drill test holes to obtain information on subsurface conditions in the areas of Golden Gate Park where an underground construction is being considered on State Highway Route 56, across the Park.

Mr. Funke, General Manager, presented a map of Golden Gate Park on which were indicated all locations where test hole borings were proposed to be made by the Division of Highways. He expressed the opinion that the borings should be permitted, subject to several qualifications and conditions, which he listed and asked that they be included in any grant of permission.

On motion of Commissioner Coffman, seconded by Commissioner Parr, the following resolution was adopted:

Res. No. 1911

Approval of State Highway request to make test borings in G.F. Park for proposed subsurface route.

Resolution No. 1911

RESOLVED, that this Commission does hereby grant to the California State Division of Highways, District No. IV, permission to enter Golden Gate Park for the purpose of boring seven soil test holes as indicated on the sketch accompanying the letter of Mr. B. W. Booker, of June 10, 1955, subject to the following conditions:

(1) Any damage to the landscaping, shrubs, trees, and the like, be replaced indentically in quality and quantity.

(2) All holes be refilled and the surface material repaired so as to match the contiguous material as neatly as possible.

(3) All drill hole sites are cleaned when operations at the site are complete.

(4) The State Highway agrees to hold the City of San Francisco, the Recreation and Park Commission, and any of their employees free and harmless of all liability that may arise from this work.

(5) The State Highway Department furnishes a copy of the data obtained from the borings and the report based on these data;

and, be it

FURTHER RESOLVED that this Commission declares that this grant of permission shall in no wise be construed as a departure from this Commission's policy, or a diminishing of this Commission's complete opposition to the construction of any open cut surface or elevated freeway within the boundaries of Golden Gate Park and the Panhandle, and said

grant of permission is predicated upon the assumption that this Commission's position with respect to the type of freeway construction contemplated will be fully observed.

(h) Surplus Land - Fort Funston

Study ordered Fort Funston Surplus Lands.

Commissioner Parr informed the members that he had received reports to the effect that the Federal Government would definitely declare the Fort Funston area to be surplus property. He urged that the Commission direct the General Manager and staff to make a study of the area to determine whether all or part of the area would be required for recreation needs, and to advise the Commission and proper authorities to insure those parcels being held for public recreation. Commissioner Parr mentioned in particular the need of a staff recommendation on the possible re-location of the proposed highways and roadways which had been planned to be routed through the Fort Funston property.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the above staff study and report on Fort Funston lands was directed.

(b) Maritime Museum Association Plans for Development of the Eastern Area of Aquatic Park.

Maritime Museum's Plan for Development of Eastern Sec. Aquatic Park Area to be Considered at Mtg. of July 7, 1955

A group of citizens, representing organizations of the North Beach District, were present at the meeting in the interests of their suggestion that a baseball field be constructed in the eastern portion of the Aquatic Park area, mor particularly that parcel bounded by Hyde, Jefferson, Larkin and Beach Streets, known as Assessor's Block No. 9.

The Secretary read the letter of Roy Starbird, Planning Chairman, North Beach Merchants and Boosters and the letter of June 9 from Mr. Fred Meyer of The Telegraph Hill Dwellers, urging the development of the area for baseball and active recreation.

Mrs. Morse Erskine, San Francisco Planning and Housing Association, and Mr. R. A. Carmazzi, an attorney representing the interests of the Salesian Boys' Club, supported the baseball proposal.

Mr. Funke, General Manager, recalled to the Commission that sometime ago he had presented a series of sketches proposing the development of the area for outdoor museum exhibits, including historic ships, railroad engines, as well as an operating cable-car turn-table.

Mr. Hugh Gallagher, President, Maritime Museum, assisted by Mr. David Nelson, outlined to the Commission the Museum's history and master plan for the development of the Aquatic Park. Mr.Gallagher told of the diligent efforts and progress made toward the achievement of this master plan during the past five years, and urged the Commission to adhere to its original support of the Museum's aims.

President Sutter stated it was his opinion that the Commission's official records would disclose any commitment which may have been made to the Maritime Museum regarding the property, and instructed the Secretary to check the records and furnish each Commissioner with a memorandum.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the matter was referred to the General Manager and the President and scheduled for hearing at the Special Meeting to be held on Thursday, July 7, the Secretary's memorandums to be mailed in advance of the meeting.

Consideration of Sealed Bids for North Beach Swimming Pool Put Over to Spec.Mtg. of 7/7/55.

(a) Consideration of Sealed Bids - North Beach Swimming Pool - Put Over to Special Meeting of July 7, 1955.

The Secretary submitted the compilation of the sealed bids received Tuesday, June 21, covering the Construction of the North Beach Swimming Pool and Recreation Center.

President Sutter remarked that the lowest bid was far in excess of the Architect, Mr. William G. Merchant's estimate, and also much higher than the funds appropriated for the work.

On motion of Commissioner Parr, seconded by Commissioner Stern, further consideration was postponed to the Special Meeting of Thursday, July 7, and the General Manager was instructed to confer with the architect to determine what alternatives might be available and to prepare a recommended action to the Commission.

(b) Renewal of Crystal Plunge Lease.

Mr. Funke reported that excessively high bids on the preceding item (North Beach Swimming Pool) firmly indicated that the department would require the use of the Crystal Plunge throughout the coming hear. .

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

NEW BUSINESS (cont'd)

Res. No.1946

Commission Requests Director of Property to Negotiate New Lease with Robt.A.Pedersen for Use of Crystal Plunge for Period 7/15/55-7/14/56; Rental $17,500 - Repairs $2,500.

Resolution No. 1946

RESOLVED, that this Commission, having determined that the North Beach Swimming Pool will not be completed prior to July 1956, and if completed prior to that date would be operated on a limited scale due to budget deficiencies, does hereby request the Director of Property to negotiate for the renewal of the Crystal Plunge lease with the lessor and operator, Mr. Robert A. Pedersen, for the term commencing July 15, 1955, through July 14, 1956, at the established rental of $17,500.00, with a repair clause of not to exceed an expenditure totaling $2,500.00, or a total cost to the City of not more than $20,000.

(d) Purchase of a Rhinoceros for San Francisco Zoo - $2,700.00

Mr. Carey Baldwin, Zoo Director, reported that there was an excellent opportunity for the City to acquire a rhinoceros as an addition to the San Francisco zoo collection. Mr. Baldwin said the animal, a female, approximately 2 years old, is in excellent health, and that the life expectancy of a rhinoceros is between thirty and forty years. The trader, Mr.H.R.Stanton, had advised Mr. Baldwin that he could obtain an excellent specimen on his trip to East Africa.

NEW BUSINESS (cont'd)

The Secretary reported that funds in the amount of $3,000 were available in the Grace R. Anderson Bequest which could be used for the rhinoceros purchase, the bequest having specifically provided that funds be used to improve the animal collection of the Zoo. Mr. Funke stated that the attorney for the estate had approved use of the money for purchase of the animal.

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1948

Commission Authorises Purchase of Rhinoceros for Zoo fm.Anderson Bequest Funds, for $2,700, Plaque Honoring Donor to be Pchsd. With Residue & Installed at Place Where Exhibited.

Resolution No. 1948

RESOLVED, that this Commission, on recommendation of Zoo Director Carey Baldwin, does hereby approve and authorise negotiation toward the purchase of a rhinoceros from H. R. Stanton, provided that delivery of the animal be made by the seller at San Francisco at a price not to exceed $2,700; and that the residue of the bequest fund in the amount of $300. be used for the design, manufacture and placement of a memorial plaque where the animal is to be exhibited; and the General Manager and the Secretary are directed to advise and instruct the Purchaser of Supplies to take such steps as may be necessary for the completion of the animal purchase.

NEW BUSINESS (cont'd)

(h) Offer of State Harbor Commissioners for Space Adjoining Pier 52 for Use as Small Boat Launching Ramp.

Offer of State Harbor Comm'r's for Space Adjoining Pier 52-for Use as Small Boat Launching Pier-to Be Considered at June 28 Mtg. of Small Boats Harbor Committee

Mr. Funke reported that the Board of State Harbor Commissioners, for the Port of San Francisco, had approved arrangements to permit the City to use space adjacent to Pier 52 for a small boat launching ramp, and had forwarded the draft of a revocable license covering the use of the property.

Commissioner Parr suggested that this matter would be of interest to those attending the meeting on Small Boat Harbor Improvements, scheduled for June 28; whereupon, President Sutter referred the proposal to Commissioner Parr for review, recommendation, and whatever action he deems appropriate.

Approval of Minutes

There being no errors or omissions, the Minutes of the Regular Meeting of June 23, 1955 were approved.

* * * * * * * * * * *

(1) Maritime Museum Association Plans for the Development and Use of the Eastern Area of Aquatic Park.

President Sutter opened consideration of the Maritime Museum's request for approval of its plans to use the block of unimproved property east of the Aquatic Park building as an extension of the museum's exhibits. Mr. Sutter informed those present that this matter had been heard quite fully at the meeting of June 23, at which time two conflicting requests for use of the property had been made.

Several persons representing interests of the North Beach District had suggested construction of a baseball field on the property, while officials of the Maritime Museum sought approval of the Commission to develop it in accordance with the Museum's Master Plan, and Mr. Sutter called the commissioners' attention to the memorandum of the Secretary, dated June 5, which had been mailed to each commissioner. It contained a review of the commission's records, correspondence and the lease agreement with the Maritime Museum, all tending to establish the intent and commitment of the city to permit the Maritime Museum to utilize not only the building but also the land and sea frontage of Aquatic Park.

President Sutter then invited statements from the floor, and Mr. Carmazzi made a strong plea to the effect that if the Commission would not construct a baseball field at Aquatic Park, he urged that the city find some location in the North Beach Area for a baseball field, because "this is too serious a matter to brush aside." Supporting Mr. Carmazzi were Mrs. Florence Scott of the Telegraph Hill Neighborhood House, Mrs. Angus Gordon Bogg and Mrs. Rountree, City and County Federation of Women's Clubs, and others.

Mr. Funke, General Manager, gave an estimated cost for baseball field construction at Aquatic Park at $150,000 and pointed out further, that besides the earlier commitment to the Maritime Museum Association for the use of the property, the people had also approved the Public Utilities Commission's plan for the placement of a terminal turn-table of the Hyde Street Cable-car Line at the southeast corner of the Aquatic Park property.

Commissioners Herz, Parr and Gallagher were impressed with the arguments stressing the need for a baseball field in the North Beach Area, and asked Mr. Kimbell, Recreation Superintendent, if a location could be found. Mr. Kimbell replied that it was his feeling that some location could be acquired in the heavily-populated district, and that if the proponents would give active

support, funds for the land purchase could be sought by the Commission.

Father Larry Byrne, representing the Salesian Boys' Club, told the Commission that he was fearful of the consequences if the over-crowded condition and lack of play space continued in the North Beach section, and that he hoped for the early fulfillment of the promises which had been made so many times in the past.

It was generally conceded that the Aquatic Park area did not lend itself to a decent baseball field. The Commission then heard a full statement by Mr. Hugh Gallagher, President of the Maritime Museum Association, supporting his request for use of the land for museum purposes, in which he gave assurances that there would be no filling of the lagoon with boats and that the development would not interfere with the Sea Scouts, the Senior Citizens, or the women and children's use of Aquatic Park. and that the end result would be a civic attraction of which San Francisco could be justly proud. Mr. Gallagher was supported by Mrs. Morris Mendle, Mrs. Emily Martin, Mario Crosetti and others.

Commissioner Gallagher stated that he would support a motion to grant permission to the Maritime Museum Association to proceed with its plan. In addressing his remarks particularly to Father Byrne and Mrs. Scott, he stated that establishment of a baseball location should be no great problem if it were not requested in an area previously committed and reserved for another use. He said the records supported the Maritime Museum's request, but the indications were that the baseball problem could be worked out in some other location and that he would volunteer to work toward a solution.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1952

Commission Grants and Approves Request of Maritime Museum Association to Expand Its Area in Aquatic Park in That Portion Known as Assessor's Block No.9.

Resolution No. 1952

RESOLVED, that this Commission, in accordance with the original plans and concept of the Maritime Museum development for Aquatic Park, a plan approved in principle by the Park Commission some five years ago, does hereby approve the request of the Maritime Museum Association to occupy and utilize that portion of Aquatic Park known as Assessor's Block 9, as the location for an outdoor museum exhibit, said development and use to be subject to the review and approval of the General Manager in accordance with the terms and conditions of the lease agreement with the Maritime Museum Association.

* * * *

Commissioner Gallagher then asked if the Commission could confirm its sincerity to the North Beach delegation regarding the development of a baseball field for the district. He offered the suggestion that a working committee be formed to actually look for a suitable site.

Committee Apptd. by Pres.Sutter (Himself, Commr. Gallagher, the G.M. & Supt. of Rec) to Work for Baseball Field with North Beach Organizations.

President Sutter appointed Commissioner Gallagher as chairman of the committee which, on motion of Commissioner Parr, seconded by Commissioner Dippel, was to consist of the following: the President, Commissioner Gallagher, the General Manager, and the Recreation Superintendent, the committee to work with representatives of the North Beach organizations.

(2) Revised Final Plans and Specifications for Upper Noe Recreation Center Approved -- Call for Bid Proposals to be Issued by Sec'y

Mr. Donald Beach Kirby, Architect, addressed the Commission and submitted the Revised Final Plans and Specifications for the Upper Noe Recreation Center. Mr. Kirby explained that some 2500 square feet of area had been eliminated from the plans, that all possible features had been dropped, where removal would not penalize the building's usefulness. He estimated the construction cost under the revised plans to be between $375,000 and

$403,000. He suggested that major contractors be canvassed to submit bids.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1953

Commission Appvs. Revised Final Plans & Specs. - UPPER NOE REC.CTR. Call for Bids Authorized.

Resolution No. 1953

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the Revised Final Plans and Specifications for the Upper Noe Recreation Center as submitted by the Architect, Mr. Donald Beach Kirby; and the General Manager is hereby authorized to proceed toward the construction of the center, and the Secretary is hereby instructed to issue a call for bids, as based on the accepted revised plans.

Henderson Construction Co.	$268,617	$800	$6,500	$261,317

The General Manager reported that a meeting had been held with Mr. William G. Merchant, Architect, attended by Mr. Sutter and Mr. Harman, Engineer, resulting in the recommendation that the contract be awarded to the low bidder, Joseph L. Barnes Construction Co., provided funds could be made available through a Supplemental Appropriation in the amount of $106,389 and the granting of an extension of 45 days by the Board of Supervisors in the deadline for awarding the contract.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1954

(5) Small Boat Harbor Planning

Commissioner Parr gave a full report on the June 28 meeting on Small Boat Harbor Planning, which was held at the Commission's offices and was attended by Mr. Newton B. Drury, Chief of the California Division of Beaches and Parks, and Mr. Rufus W. Putnam, State Lands Commission, as well as local and state-elected officials.

He explained he was organizing a new approach and fresh start toward the problem of providing proper facilities for small boats in San Francisco, and that he was optimistic for the future if Assembly Bill 2939 gains the approval of Governor Knight. This bill would place the responsibility for small boat harbors throughout the state under the State Lands Commission.

President Sutter read a telegram which he and Mr. Parr had sent to Governor Knight, urging him to sign Assembly Bill 2939, and on motion of Commission of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1957

Commission Appvs. & Ratifies Action of Pres.Sutter & Commr.Parr in Sending to Governor Knight Their Request for His Signing A.B.2939

Resolution No. 1957

RESOLVED, that this Commission does hereby record its official endorsement of Assembly Bill 2939, and ratifies the action taken by President Sutter and Commissioner Parr in sending to Governor Knight the following telegram:

"SAN FRANCISCO CALIF JUNE 28 1955

"GOVERNOR GOODWIN KNIGHT

Small Boat Harbor Planning (cont'd)

Commissioner Parr reported that the proposed lease of State Harbor Board property adjoining Pier 52 for a small boat launching ramp had been reviewed and found to be in good order.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1958

Commission Appvs. & Authorizes Acceptance of Revocable Lic. from Bd.State Harbor Commissioners for Use of Space Adj. Pier 52, Without Cost.

Resolution No. 1958

RESOLVED, that this Commission does hereby approve and authorize the acceptance of a revocable license to use space on property of the Board of State Harbor Commissioners, adjacent to Pier 52, for the purpose of a boat-launching slide, it being agreed that no charge shall be levied by that Board to the City for the rights or the use of the property; and, be it

FURTHER RESOLVED, that the Director of Property be requested to review this agreement to assure that it conforms to rules and regulations of the City and County covering use of property not owned by the City, and to prepare the necessary legislation for submission of the agreement to the Board of Supervisors for approval.

Plan for Partial Improvement of San Francisco Yacht Harbor

Plan for Partial Impvt. of the S.F.Yacht Harbor Put Over for 30 Days, When Report Will be Made by Engineer.

Commissioner Parr presented the preliminary drawing of a plan for the partial improvement of the San Francisco Yacht Harbor, at the Marina. This plan was proposed by the officers of the Golden Gate Yacht Club and was presented at Mr. Parr's meeting on June 28 by Supervisor J. Eugene McAteer. It proposed closing the present entrance to the Yacht Harbor and cutting a new entrance through the breakwater fill extending north from Scott Street, resulting in the creation of approximately 100 usable berths.

Commissioner Parr suggested that the proposal be referred to the engineers for study and, on motion of Commissioner Dippel, seconded by Commissioner Herz, further consideration of the proposal was put over for a 30-day period, at which time it would be reported on by the engineer.

Mr. Hoyt explained that while the operator was charging 15 cents per ride, the record showed a considerable increase in the number of rides as compared with the same period last year at both Fleishhacker Playfield and Children's Quarters. He also stated that both hostlers have been assigned to other work in the city service, although it is of a temporary nature.

Mrs. Emmet O'Callaghan, wife of one of the affected hostlers, was present and urged the Commission's support in restoring her husband to a permanent employment status. The Commission assured it cooperation.

Following discussion, President Sutter, with Commission concurrence, referred the matter to Mr. Hoyt as Acting General Manager, authorizing him to negotiate a modification of the existing contract to the end that an agreement acceptable to the Board of Supervisors may be drawn.

REPRESENTATIVES AND DELEGATES

(a) Public Library Commission Requests Financial Assistance in Construction of Its Ortega Branch at West Sunset Community Ctr.

Mr. Sam Markowitz, President of the Library Commission, accompanied by Mr. Joseph J. Allen, Secretary, appeared before the Commission requesting financial assistance from the Commission in the construction of the new Ortega Branch Library at the West Sunset Community Center.

President Sutter recalled to the commissioners that it had been mutually agreed that the Library Commission would include in the building plan office space for a playground director, recreation storage space, and boys' and girls' lavatories. It was originally contemplated that the space would be approximately 800 square feet, but in the detailed plan the space required was actually 1860 square feet. Bids for construction have been received by the Library Commission, the low bid being $159,824. They have only $136,124.16 in their budget, leaving a shortage of $23,699.84.

REPRESENTATIVES AND DELEGATES (cont'd)

On motion of Commissioner Dippel, seconded by Commissioner Mars, the following resolution was adopted:

Res. No.1967

Resolution No. 1967

Commission Approves Public Library Commission's Request for $23,600 to Aid in Construction of Ortega Branch Library at West Sunset Community Center

RESOLVED, that this Commission, recognizing the advantage of obtaining special facilities in the Ortega Branch Library, to be used in conjunction with the adjoining public playground at the West Sunset Community Center operated by this department, does hereby approve the Library Commission's request for financial assistance in awarding the construction contract to the extent of $23,600; and, be it

FURTHER RESOLVED, that the Acting General Manager and the Secretary be and are hereby authorized to take such steps and effect such transfers to legally accomplish this grant of funds to the Library Commission.

(2) Underground Exhibit Hall - Civic Center Plaza

Action on Phase #1 of Underground Exhibit Hall, Civic Center Plaza, Postponed. Landscape & Surface Design Referred to the Supt. of Parks, Mr.Julius Girod

The Secretary read the letter of July 22 from Mr. Sherman P. Duckel, Director, Department of Public Works, in which he forwarded preliminary sketches for the Civic Center Plaza Exhibit Hall, and requested the Commission's review, approval, or comments on the first phase of the work.

Mr. Don Emmons, A.I.A., a member of the Engineer-Architect team, explained the sketches, analyzed the design, gave the program requirements and estimates of cost.

Mr. Douglas Bayless, Civic Design Committee of the San Francisco Art Commission, followed Mr. Emmons and told the Commission that the Art Commission had disapproved the preliminary plan which Mr. Emmons was presenting. He said that his committee was of the opinion that the plan would be part of a piecemeal development, and that instead there should be total planning for the entire Civic Center Area, including the proposed Courts Building and garage; it deeming mere restoration of the surface to be insufficient and that it should be redeveloped for future use.

Commissioners, expressing their views, concurred in the Art Commission's opinion that total planning of the Civic Center Area was most desirable and, on motion of Commissioner Parr, seconded by Commissioner Dippel, it is to be recommended to the Board of Supervisors that funds be appropriated as required to permit the development of a Civic Center Master Plan. Mr. Julius Girod, Superintendent of Parks, replying to questions, stated that the surface design of the Civic Center Plaza could undoubtedly be improved.

Therefore, on motion of Commissioner Parr, seconded by Commissioner Dippel, action on Phase No.1 of the Civic Center Plaza Exhibit Hall was deferred and the entire matter relating to the landscape and surface design from a park standpoint was referred to Mr. Girod, Superintendent of Parks, for study, recommendation and report at the first meeting in September.

(a) Palace of Fine Arts Rehabilitation or Demolition Referred to the Board of Supervisors

The Secretary presented the letter from the Board of Supervisors under date of July 12 relative to a declaration of policy in connection with the Palace of Fine Arts and requesting the benefit of the Commission's advice on the following suggestions propounded by Supervisor Christopher:

(1) Whether to consider the submission of a bond issue in an amount sufficient to rehabilitate the Palace of Fine Arts; or,
(2) To demolish the unsafe structure and convert the area into a park or recreational facility.

The Secretary then referred to his letter of reply dated July 21, which set forth the Commission's established policy regarding the Palace of Fine Arts, copies of which had been mailed to each commissioner.

Following discussion, it was the Commission's considered opinion that it should reaffirm its position regarding the deteriorated structure, and on motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1977

Palace of Fine Arts Rehabilitation or Demolition Referred to Board of Supervisors for Its Discretion

Resolution No. 1977

RESOLVED, that this Commission does hereby advise the Board of Supervisors that it reaffirms its original position and opinion regarding the Palace of Fine Arts; that the matter of demolition or restoration of that structure is outside the purview or jurisdiction of this Commission. However, if and when the city determines as a matter of policy that the structure be demolished, the Commission would then place in the next department budget a request for funds in an amount sufficient for effecting the demolition of the structure and to restore the area as a public park; and the Board of Supervisors is further advised that this position is supported by two opinions of the City Attorney, namely, Opinion No. 528 of April 17, 1952 and Opinion No. 675 of March 10, 1953.

(c) Small Boat Harbor Improvement Report

Commissioner Fred D. Parr reported that Assembly Bill 2939 had definitely become law and that the State Lands Commission is now the main state authority in development of small boat harbors, and that Colonel Rufus W. Putnam, the Executive Director of the State Lands Commission, had met with Mr. Parr's committee on June 28 and was returning for an inspection tour of the San Francisco shoreline on Wednesday, August 17. Mr. Parr has arranged a tour for Colonel Putnam and an informal meeting to discuss procedures on that day.

(d) North Beach District Baseball Facilities

Commissioner Eugene A. Gallagher reported that, in meetings with representatives of North Beach District, including the Telegraph Neighborhood House, the Salesian Boys' Club and others, it had been generally agreed that a junior baseball diamond in the North Beach Playground serving youngsters from nine to fourteen years of age, would be the best solution to the problem. He asked for a staff study exploring the idea of placing a baseball field at the North Beach Playground by a relocation of the swimming pool, clubhouse, and other facilities.

As a result of this suggestion, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1979

Commission Requests an Addl. Extension of 45 Days (thru Oct.4, 1955) for Award of Contract to JOS.L.BARNES CONSTRUC'N COMPANY for Construc. N.Beach Ctr.& Pool.

Resolution No. 1979

RESOLVED, that this Commission, in view of the community interest and recognition of the need for junior baseball diamonds in the North Beach District, does hereby request the Board of Supervisors to grant an additional extension of 45 days, through October 4, 1955, in awarding the contract to the Joseph L. Barnes Construction Company, low bidder on the construction of the North Beach Recreation Center and Swimming Pool, this additional time being required so that a study may be made of all the factors relating to the North Beach Playground, to determine its most essential use.

(d) Award of Contract - CONSTRUCTION OF BATHHOUSES AND OTHER WORK, CAMP MATHER to COVINGTON & WOLVERTON - $58,555.00.

The Secretary next read the bid proposals received for the above mentioned work on Tuesday, July 26, 1955 as follows:

		(DEDUCTION)
LOW BIDDER	BASE BID	ALTERNATE BID
COVINGTON & WOLVERTON Rte.1,Box 573, Sonora,Calif.	$70,697.00	$12,142.00
Other Bidders		
R. W. McClintock,Sonora -	$76,119.00	$12,053.00
R.W.Englehardt & Elmer W.Shaw, Sonora	$104,000.00	$21,000.00

Mr. Sutter informed Commissioners that the alternate bid of $12,142 represented the cost to construct an office building for Camp. It was his considered opinion that the requirements were less than planned and that an adequate structure could be designed and constructed for about $5,000.00. He therefore recommended the award, less the alternate bid.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1980

Commission Awards Contract for Construction of Bathhouses & Other Work, Camp Mather, to COVINGTON & WOLVERTON, Sonora, for $58,555.00

Resolution No. 1980

RESOLVED, that this Commission, on recommendation of President Sutter, does hereby award the contract for Construction of Bathhouses and Other Work, Camp Mather, to COVINGTON & WOLVERTON, Rte. 1, Box 573, Sonora, California, they being the lowest regular and responsible bidder therefor in the amount of $70,697, less the office building specified in the alternate bid ($12,142), or a net contract award in the amount of $58,555.00; and, be it

FURTHER RESOLVED, that the General Manager of the Recreation and Park Department and the Secretary be and are empowered to execute this contract on behalf of the Commission; and, be it

S.F.Senior Ctr. Granted Temporary Permit to Undertake Alterations in Their Quarters at Aquatic Park

Miss Florence Vickery, Director of the San Francisco Senior Center was given permission to present an off-calendar request. Miss Vickery submitted sketches of the proposed alterations which the Senior Center contemplates in the areas which they occupy in the Aquatic Park Building.

Mr. McDevitt pointed out that the lease agreement governing the Senior Center's occupancy was in the process of being drafted by the City Attorney, and there will be a clause covering alterations and improvements when the lease goes into effect.

Commissioner Parr suggested, and Commissioners concurred in granting a temporary permit to the Senior Center to undertake the alterations of a minor nature so that their recreation program for the Autumn months would not be seriously hampered.

REPRESENTATIVES AND DELEGATES

(a) Underground Exhibit Hall - Civic Center Plaza

Mr. Sherman P. Duckel, Director, Department of Public Works, appeared before the Commission to explain the conditions governing the city contract for the construction of an underground exhibit hall at Civic Center Plaza. He stated that this contract, drawn under his direction, was unique in that it required departmental approvals upon the completion of the three separate phases of the work. In order to expedite the work, he has amended the contract, eliminating certain departmental approvals for the phase which consists of a general outline of the program; the other phases, the preliminary and final working drawings, will of necessity be submitted and will require Recreation and Park Commission approval.

Mr. Girod, Superintendent of Parks, reported that while restoration of the Civic Center Plaza to its original condition is a condition of the contract, there is considerable possibility that a modification of the present design would be more advantageous to the public.

Commissioner Parr stated the Commission's responsibility and position of wanting to safeguard the surface of the Civic Center Plaza is with the understanding that the present design may possibly be modified to better advantage and that any such modification would require Commission approval.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

(a) Baseball Facilities for Juniors and Award of Contract for Construction of North Beach Recreation Center and Swimming Pool

In the absence of Commissioner Gallagher, the Secretary reported that meetings of the Committee on Baseball Facilities for the North Beach Area had been held during the past two weeks, and definite recommendations regarding the construction of the swimming pool and baseball facilities at the North Beach Playground had been agreed upon.

Mr. Hoyt, Acting General Manager, reported that North Beach representatives from the Telegraph Hill Association and the Salesian Boys' Club had agreed to the construction of the North Beach Swimming Pool as originally planned, with the understanding that the Commission would approve a further plan for the establishment of a turfed area for junior baseball at the North Beach Playground.

Mr. Rinaldo Carmazzi, Attorney, representing the Salesian Boys' Club and Mrs. Morse Erskine, representing the Telegraph Hill Association, were present and endorsed the recommendations which were adopted under two separate actions as follows:

First: The Secretary read the following sealed bids received and opened Tuesday, June 21, 1955 for Construction of North Beach Recreation Center and Swimming Pool:

(b) Request to Board of Supervisors that Gifts Received for Department Use Amounting to Less than $100 be Deposited in City Treasury.

The Secretary reported that in order to eliminate formal action by the Board of Supervisors on small gifts, donations, or contributions of money which are received by the Commission from time to time and are for general park purposes, the Controller has suggested that an enabling ordinance be passed by the Board of Supervisors, permitting the Commission to accept such gifts in amounts of less than $100.00 for deposit in the City Treasury.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2002

Commission Requests Board of Supervisors to Approve An Ordinance Enabling Acceptance & Deposit of Funds Amounting to Less than $100 in the City Treasury.

Resolution No. 2002

RESOLVED, that this Commission does hereby request the Board of Supervisors to approve an ordinance authorizing the Recreation and Park Commission to accept, for deposit in the City Treasury, any cash gifts or contributions in amounts of less than $100 which are donated to the Recreation and Park Department to be used for general park or recreation purposes; the ordinance to provide that all expenditures from said funds shall be made for the purpose for which such funds have been received, and in accordance with the Budget and other fiscal provisions of the Charter.

(d) Palace of Fine Arts

Palace of Fine Arts

In reference to numerous letters received from Marina residents suggesting some form of restoration of the Palace of Fine Arts structure, Chairman Parr referred to the Commission's earlier statements of position, as outlined in the Secretary's letter of July 21, 1955. The Commission's position, supported by City Attorney Opinions Nos. 528 and 675, firmly places in the Board of Supervisors the question of determining policy on reconstruction or demolition of the Palace of Fine Arts. Further, when the Board of Supervisors determines such policy, the Commission will then seek whatever funds are required for either (1) reconstruction or (2) demolition and conversion as a public park.

Mr. Hoyt, Acting General Manager, reported that the 57th Annual Conference of the American Institute of Park Executives will be

NEW BUSINESS (continued)

held in Louisville, Kentucky, from September 18 to 23, 1955,and that if a representative were to be sent to the conference it would be necessary, because of the time element, to initiate a request to the Board of Supervisors for approval before the next Commission meeting. He explained that limited travel expense funds would restrict attendance to one person only and recommended that the Commission approve a request recommending attendance of one member of the Recreation and Park Department staff, to be designated by the General Manager.

Commissioner Dippel stated that in her opinion Mr. Julius Girod, Superintendent of Parks, would be the logical delegate, and in the form of a motion recommended that if a representative were to be sent, Mr. Girod should be designated. Therefore, on motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2003

Conference of American Institute of Park Executives-Louisville,Kentucky, Sept.18-1955. Gen. Mgr. to Designate Delegate to Attend

Resolution No. 2003

RESOLVED, that this Commission hereby approves the request to the Board of Supervisors to authorize the attendance of one member of the Recreation and Park Department staff at the 57th Annual Conference of the American Institute of Park Executives in Louisville, Kentucky, from September 18-23, 1955, and recommends to the General Manager that Julius Girod, Superintendent of Parks, be designated as that representative.

REPRESENTATIVES AND DELEGATES

(a) Christmas Program - San Francisco Council of Churches

Mrs. William Lister Rogers, representing the San Francisco Council of Churches, presented a request that the Council be allowed to participate in the pre-Christmas festivities sponsored by the Commission.

She suggested various ideas, such as the production of a series of tableaux and the singing of choral groups as possible activities to be sponsored by the Council of Churches.

The General Manager and the Superintendent of Recreation suggested that such participation might be included in the annual pre-Christmas program at Union Square, which is sponsored by the Commission and the Down Town Association.

After thanking Mrs. Rogers for her proposal, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 2005

Proposal of S.F. Council of Churches Referred to President Sutter and the General Manager to Explore Possibilities of Participating in Union Square Program.

Resolution No. 2005

RESOLVED, that the proposal of the San Francisco Council of Churches for participation in the pre-Christmas program, be received with appreciation and hereby is referred to the Commission President and General Manager, with the request that they explore the possibilities of the proposed program with the Down Town Association in connection with the annual Union Square program.

(d) Pony Ride Concession

Pony Ride Concession.

A letter was received from the Civil Service Association, signed by its Attorney, J. Ward Dawson, complaining of the rates charged by the pony ride concessionaire. The General Manager reported that Mr. Dawson requested this matter be put over to the next meeting, when he would be present to discuss it before the Commission. It was so ordered.

In this connection, the General Manager reported a substantial increase in pony ride patronage from July 1, 1955, when the Commission had entered into an agreement with Laurence W. Sipe.

Mr. Dawson's letter posed a number of questions concerning the legality of the present concessionaire's operation, and Commissioner Parr requested that an opinion be obtained from the City Attorney.

Mrs. O'Callaghan, wife of one of the two hostlers whose positions were involved in this matter, presented a plea for her husband's continued employment and indicated that this was her only interest in the pony ride operation.

Mr. Hoyt, Business Manager, stated that the two men were being employed temporarily by the Department and the General Manager advised the Commission that he would do everything in his power to have them placed in permanent positions.

Commission Grants Permission to Girl Scout Organization to Hold Box-Lunch Picnics in Civic Center Plaza During Convention of Nat'l Girl Scouts, to be Held Nov.1-4,1955 in Civic Auditorium.

(c) Permission Granted to National Girl Scouts to Hold Box-Lunch Picnics in Civic Center Plaza During Their National Convention in the Civic Auditorium, November 1-4, 1955.

President Sutter informed the Commission that he had received a request from Mrs. George H. Bowman, 70 Miraloma Drive, for the Girl Scout organizations to have box-lunch picnics in Civic Center Plaza, during the National Girl Scout Convention at the Civic Auditorium, November 1-4, 1955. He recommended the granting of permission as requested, and in addition asked that the Superintendent of Parks be authorized to provide the Girl Scouts with potted plants to be used for decorating the Civic Auditorium during the convention.

The Commission concurred with Mr. Sutter's recommendations and unanimously granted the request of the Girl Scouts.

LETTERS OF INFORMATION - acknowledged by Secretary and/or filed:

(a) From William Lynn McCracken, 64 Belmont Terrace, Staten Island, New York, commenting on an eastern newspaper notation to the effect that San Francisco plans a freeway to cut across Golden Gate Park, lamenting that such action would severely damage the finest park in America, and objecting to super-duper throughways and freeways which are ruining the best parks throughout the land and scarring other fine sections.

Mr. Funke gave a progress report on the situation of freeway encroachment on Park areas, stating that the League of California Cities had adopted a resolution strongly opposing such encroachments, and also that a committee of the State Legislature plans to hold a series of hearings on the subject for report and recommendation at the next session.

(b) From the Board of Supervisors, copies of their Resolution No. 15845, authorizing ballot argument favoring Proposition "C" on the ballot for November 8, 1955, relating to a Bond Issue in the amount of $7,000,000 for extension and improvement of playgrounds and recreation centers.

(c) From Mr. John Tuteur, President, San Francisco Senior Center, stating that the proposed changes in the By-laws of the San Francisco Senior Center, as recommended by the City Attorney, will be confirmed at the first meeting of the Board of Directors, on Monday, October 3, 1955.

(a) Report of the General Manager re.Extension of S.F.Zoo Gardens

Mr. Funke, General Manager, presented a map of the area encompassing the San Francisco Zoological Gardens and the adjoining Fort Funston property, explaining in detail the necessity of obtaining a definite understanding with the United States Army that the Army installations in the northern sector of Fort Funston may be relocated to the southern section so that firm plans may be made for the eventual extension of the City Zoo and also provide for a definite routing and location of the southern extension of the Great Highway and its connection with the Skyline Boulevard.

Following thorough discussion, on motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2033

Gen.Mgr. Athorized to Institute Negotiations with the U.S.Army for Relocation of Army Installations fm. Northern Sector to So.Section of Fort Funston-for Extension of S.F.Zoo.

Resolution No. 2033

RESOLVED, that this Commission does hereby authorize and direct the General Manager to institute negotiations with the United States Army, pointing toward the relocation of Army installations at Fort Funston so that this Commission may make firm plans for the extension of the San Francisco Zoological Gardens and also make definite recommendations as to the routing and relocation of the Great Highway and its connection with the Skyline Boulevard.

(b) Report of Mr. Funke on Use of G.G.Park Panhandle for Parking

Mr. Funke reported that the Traffic Division of the San Francisco Police Department had made the suggestion that the Golden Gate Park Panhandle be opened to automobile parking on Sundays when the Forty Niner football team would be playing at Kezar Stadium, and by this action accommodate some six hundred automobiles and greatly relieve the traffic congestion.

The Commissioners discussed fully their earlier action and intent in closing the Panhandle to any automobile traffic and reserving the area strictly for recreation and park use. Commissioner Gallagher took the position that approval of the Sunday parking idea could only be considered if it were clearly and definitely understood to be an emergency measure that would be invoked for a limited period, and the other members concurred.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2034

Commission Grants Permission on an Experimental Basis for Two Sundays (Sept.25 & Oct.2) & Shrine E.-W. Football Classic on January 1, Automobile Parking in G.G.Park Panhandle Under Police Supervision.

Resolution No. 2034

RESOLVED, that this Commission, recognizing the emergency due to heavy traffic congestion on Sundays when football games are being played in Kezar Stadium, does hereby authorize the use of the Golden Gate Park Panhandle as a temporary automobile parking area on an experimental basis for the next two Sundays, September 25 and October 2, 1955; and the cooperation of the San Francisco Police Department is hereby requested in organizing and directing the supervision of automobile parking and traffic in the Panhandle area; and, be it

FURTHER RESOLVED, that if the parking area proves successful during the two trial periods, it shall be continued throughout the remainder of the Forty Niner Season and the Shrine East-West Football Classic; this action to be taken solely as an emergency measure and in nowise to be construed as a continuing policy of this Commission, or a departure from its established position that the Panhandle's primary and essential use is for recreation and park purposes.

(f) Hamilton Swimming Pool - Use by Board of Education

Hamilton Pool to be Available to Board of Education on Rental Basis - Public to Use at Nights at Nominal Charge.

Mr. Funke reported that a meeting had been held between the Board of Education and this department's staff on the proposal that the Hamilton Swimming Pool be made available to the School Department on a rental basis. Both sides were in accord that there already exists a considerable interchange of facilities between school and park systems and that this arrangement should be clearly outlined in a report that would demonstrate whether one department was favored or benefited to a greater degree than the other. Preparation of this report is a joint undertaking and will be presented to the Commission and the School Board, when completed.

At this juncture, Mrs. Meta Rothschild of the Hamilton Citizens' Committee inquired as to whether the Hamilton Pool would be open for community use during the evenings and whether the public would be charged.

Mr. Funke assured her that the pool would be scheduled for night use and that there would be a relatively small service charge.

(c) Report on Freeways

Report on Freeways

Mr. Funke gave a progress report on efforts to divert plans for state or local freeways away from Golden Gate Park. He cited the situation in Los Angeles, where some 200 acres of Griffith Park was being taken over for freeway use.

Commissioner Herz expressed the opinion that Governor Knight should be approached regarding the impending danger of freeway encroachment on Golden Gate Park, and President Sutter asked that Commissioner Herz serve on the department's committee in any meetings with the State Highway officials.

Mr. Funke reported that the American Institute of Park Executives, at their Louisville, Kentucky, meeting had adopted a resolution opposing freeways in public parks throughout the nation, the resolution having been originally introduced by Mr.McDevitt at the Baltimore conference last year, and reintroduced by Mr. Frank Foehr at this session.

A Special Meeting of the Recreation and Park Commission was called to order by President Louis Sutter at 11:45 A.M., Friday, November 4, 1955, in the Executive Offices of the Anglo-California National Bank, No. 1 Sansome Street, President Sutter presiding.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. William M. Coffman
Mrs. Henry J. Dippel
Rev. Eugene A. Gallagher
Mr. Fred D. Parr

* * * * * * *

With a brief explanation of the purpose and necessity for calling a special meeting, Mr. Funke outlined the reasons for his recommendation that the Commission request an extension of time to November 14, 1955 in awarding the construction contract on Upper Noe Playground and Fieldhouse.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2068

Requesting the Bd.of Supervisors for a Further Ext. of Time in Awarding the Contract for the Construction of the Upper Noe Playground & Fieldhouse

Resolution No. 2068

WHEREAS, this Commission on September 8, 1955, by Resolution No. 2018, awarded to James I. Barnes Construction Company, the lowest responsible bidder, the contract for the Construction of Upper Noe Playground and Fieldhouse in the amount of $429,000.00 said award being made subject to the availability of funds; and

WHEREAS, in order to let said contract this Commission requested the Board of Supervisors to approve a Supplemental Appropriation in the amount of $52,500.00, requesting also an extension of time in letting such contract, which the Board of Supervisors granted under Resolution No. 16001, extending the date of awarding said contract to October 24, 1955; and

WHEREAS, the processing and hearings on the Supplemental Appropriation Ordinance by other departments and boards were not concluded until the date of Monday, October 31, 1955 when the Board of Supervisors gave final passage to the ordinance, which then required the signature of the Mayor and a 10-day interim before certification of the Controller; now, therefore, be it

RESOLVED, that in accordance with Section 1, Ordinance 4792, this Commission requests the Board of Supervisors for a further extension of time, to November 14, 1955, within which the award of contract may be made for Construction of Upper Noe Playground and Fieldhouse; this additional extension of time being necessary to allow this Commission to conform to the requirements of the Contractual Procedure Ordinance in obtaining the appropriation of additional funds to award said contract.

Commission Approves Request of Levi Strauss Company to Modify Present Lease Agreement, Reducing Size of Levi Strauss Playground.

Resolution No. 2072

RESOLVED, that this Commission, in consideration of the business requirements of Levi Strauss and Company, lessors of a parcel of land to the city since 1927, known as the Levi Strauss Playground, and situated on the west line of Valencia Street between 13th and 14th Streets, does hereby approve the request of Levi Strauss and Company to withdraw from said lease agreement a parcel twenty-nine feet eleven inches, by seven feet and seven inches (29'11" x 7'7"), as described in the sketch prepared by Schubart and Friedman, Architects, and submitted with the correspondence dated November 10, 1955; and, be it

FURTHER RESOLVED, that having granted this approval upon recognition of the fact that the withdrawal of said parcel will not materially interfere with the use or purpose of the Levi Strauss Playground, this Commission hereby directs its General Manager and Secretary to prepare an amendment to said lease in accordance with the request of Levi Strauss and Company, and to accept on behalf of the City and County of San Francisco from Levi Strauss and Company such funds as that firm may offer for the purchase and installation of new play apparatus for the playground.

(b) Report on Pony Rides Concession Agreement

Mr. Funke reported that, in view of City Attorney's Opinion No. 1004 dated October 27, 1955, it was his recommendation that the Commission request the Finance Committee of the Board of Supervisors to reconsider the proposed concession agreement with Mr. Laurence W. Sipe covering the operation of the pony rides at Fleishhacker Playfield and Children's Playground, Golden Gate Park. Commissioners concurred with Mr. Funke's views that the agreement as proposed was basically sound and that any move toward the renegotiation of terms should first be discussed with the members of the Finance Committee.

On motion of Commissioner Herz, seconded by Commissioner Parr, the following resolution was adopted:

Resolution No. 2082

Res. No.2082

Commission Requests Finance Committee to Take from Table and Reconsider Proposed Concession Agreement With L.W.Sipe for Pony Rides at Fleishhacker Playfield & Children's P/G in Golden Gate Park

RESOLVED, that this Commission, in consideration of the report of the General Manager, and receipt of Opinion No. 1004 from the City Attorney, relating to the proposed concession agreement for operation of pony rides at Fleishhacker Playfield and Children's Playground in Golden Gate Park, does hereby request the Finance Committee of the Board of Supervisors to take the matter from the table for reconsideration, and at such time requests that President Sutter and other commissioners may have the opportunity of expressing their views and opinions to the Finance Committee, to the end that a mutually satisfactory agreement may be approved and forwarded to the full Board of Supervisors for final acceptance.

(c) Request Bd.Education to Convey Land in Lakeside School Sites to This Commission for Permanent Playground - the Land to Replace the 7.7774 Acres Conveyed to Board of Education Under Resolution No. 1241 and Board of Supervisors' Resolution No. 13784.

Mr. Funke gave a brief account of the circumstances leading to this Commission's operation during the past two years of a temporary playground at the Lakeside School sites on Eucalyptus Drive in the vicinity of 26th Avenue. The present arrangement resulted from the Commission's having transferred to the Board of Education in September of 1953 jurisdiction of 7.7774 acres in the area, without monetary consideration, the School

Department agreeing to the use of the school land for the operation of a temporary playground until such time as school structures were built.

President Sutter gave a further detailed review of the several considerations involved in the transfer, and stated that he had recently visited the site and recognized the need for a permanent playground and better recreation facilities for the district.

Mr. Oscar H. Fisher, Jr., representing the Lakeshore Park Improvement Club and the West of Twin Peaks Central Council, appeared before the Commission to make known the demands of his district for adequate playground and recreation facilities that had been promised by the city more than three years ago.

The Commissioners examined a topographic map of the school sites area which included the property which had been transferred to the Board of Education and discussed the high cost of constructing a permanent playfield in the location where a temporary playground is presently operated by this department.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2083

Requesting Board of Education to Convey Land in Lakeside School Sites to This Commission for Permanent Playground - the Land to Replace the 7.7774 Ac.Conveyed to the Board of Education Under Res.No.1241 and Board of Supervisors' Res.13784.

(As amended)

Resolution No. 2083

WHEREAS, on recommendation of this Commission, the Board of Supervisors on October 19, 1953, by Resolution No. 13784, transferred jurisdiction of 7.7774 acres in the Lake Merced Area from the Recreation and Park Department to the Board of Education, without monetary consideration, and

WHEREAS, prior to the transfer of said parcel the Board of Education by Resolution 34-28W15 granted permission to this Commission to provide recreation services and facilities in the Lakeside School sites at no cost to the School District and until such time as the school buildings were to be constructed; and

WHEREAS, this Commission has operated a limited and temporary playground facility in the Lakeside School sites and has been restricted from further improving this temporary facility because the construction necessary to enlarge the playground would require a large expenditure of funds on property not owned by this Commission; and

WHEREAS, the residents, parents and improvement associations of this heavily populated neighborhood have complained that the temporary playground provides inadequate services and have demanded the construction of a permanent recreation area; now, therefore, be it

RESOLVED, that this Commission does hereby request the Board of Education for the conveyance to this Commission of a parcel of land in the Lakeside School sites, so that it may be developed and utilized as a permanent public playground and serve as a replacement of the 7.7774 acres which were originally purchased by this Commission and intended for public recreation use, but which were subsequently transferred, without cost, by Board of Supervisors' Resolution No. 13784; and, be it

FURTHER RESOLVED, that this Commission, in recognition of the construction problems inherent in the Lakeside School sites due to the topography of the land, in requesting this transfer from the Board of Education, does not seek to obtain a reconveyance of the original 7.7774 acres nor a parcel necessarily that large, but requests a parcel of land the size and location of which shall be negotiated on the basis and condition that it is a suitable site for permanent playground construction.

and at low tide is unnavigable. He said a personal inspection had confirmed the reports and that it was estimated that the dredging required at the mouth of the harbor would cost approximately $30,000, and this sand removal would provide a clear opening for about three or four years before the silting again accumulated.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2088

Request for A Supplemental Appropriation of $30,000 for Dredging Entrance Area of St.Francis Yacht Harbor

Resolution No. 2088

(d) From Colonel J. A. Graf, District Engineer, U. S. Army Engineers, advising that the Commission's permit for extending the breakwater at the Municipal Yacht Harbor expired December 31, 1952, and requesting the discontinuance of further extension of the breakwater until a Department of the Army permit is obtained.

Commissioner Parr suggested that immediate application be made for a new permit and stressed the importance of continuing the extension of the breakwater as presently conducted, and obtaining valuable fill without cost from numerous contracting firms that use the breakwater extension for dumping excess fill material.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2095

Discontuance of Dumping Fill at Yacht Harbor Directed by Commission. Official Request to be Made to Army for Future Extensions of Breakwater.

Resolution No. 2095

RESOLVED, that this Commission, in accordance with the letter and notice of November 30, 1955 from the Corps of Engineers, United States Army, does hereby direct the immediate discontinuance of the dumping of fill material in the breakwater at the Municipal Yacht Harbor; and further directs that without further delay an official request be made to the Department of the Army for a permit covering the existing breakwater and future extensions, as recommended by the District Engineer.

(e) From Philip L. Rozos, Director of Property, submitting for approval a proposed resolution to the Board of Supervisors approving a transfer to the State of California of two parcels of Point Lobos land, totaling 10.563 acres. The letter explained that this transfer is based on an agreement which the Commission had approved in earlier actions under Resolutions Nos.618, 770, and 1310.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2096

Appvl.of Transfer of 10.563 A. Pt.Lobos Land to State of Calif.-Proparty to be Leased Back to City.

Resolution No. 2096

RESOLVED, that this Commission does hereby approve for submission to the Board of Supervisors, the proposed resolution authorizing a deed to the State of California of certain portions of Lincoln Park for shoreline development; also authorizing lease of State property and certain adjoining lands to the City for the Pt.Lobos project, and reading as follows:

"RESOLVED, pursuant to the State Beach Acquisition Act of 1945, Chapter 922 (Section 5015 of the Public Resources Code),and the recommendation of the Recreation and Park Commission, that the Mayor and the Clerk of the Board of Supervisors on behalf of the City and County of San Francisco, a municipal corporation, be and they are hereby authorized and directed to execute a deed conveying to the STATE OF CALIFORNIA, the following described real

REPRESENTATIVES AND DELEGATES

Mrs. A. G. Boggs appeared before the Commission, and requested that consideration be given to the acquisition of a parcel of land located south of Aquatic Park on the easterly boundary of Van Ness Avenue, presently owned by the Eastman Kodak Company.

President Sutter explained that the Commission had previously investigated this parcel, but negotiations were dropped due to the unwillingness of the owner to sell.

Commissioners listened to Mrs. Boggs' statements on the value of the land in improving the usefulness of Aquatic Park, and on motion of Commissioner Parr, seconded by Commissioner Herz, the matter was referred to the General Manager to investigate and determine whether there is an opportunity of reopening negotiations with the Eastman Company and to submit his recommendations at the next regular meeting.

UNFINISHED BUSINESS

(a) Selection of Golf Professional - Harding Municipal Golf Course

Mr. Funke, General Manager, gave a resume of the events leading up to the final selection of a qualified golf professional for the Harding Golf Course, resulting from the decision of Mr. Ted Robbins to give up the business which he has held as Golf Professional at Harding Golf Course for several years. Mr.Robbins has continued since last July on a month-to-month basis, during which time the department has sought a qualified successor by widely publicizing the opening and considering the applications received from those who were interested in obtaining the contract.

Mr. Funke explained that out of some twenty major applicants, the field had narrowed down to three leading contenders: the partnership of Fred Venturi and Joey Rey, Mr. Patrick Mahoney, and the partnership of Virgil Shreeve and Charles Foley. Mr. Funke receommended the award of contract to the partnership of Venturi and Rey.

UNFINISHED BUSINESS (continued)

Following the motion of Commissioner Parr supporting the staff recommendation nominating Fred Venturi and Joey Rey, Commissioner Herz seconded the motion.

Commissioner Gallagher expressed his respect for the staff and the investigation which it had conductad. He said that he was particularly aware of the active and intense competition amongst the applicants for the award of the contract and had therefore devoted considerable time and attention to investigating the qualifications of the applicants. He said it was his desire and motive to choose what is best for the city and for the golfers by selecting the man best qualified to manage the golf shop and give professional instruction, stating that he favored an individual, rather than a partnership, as the best arrangement. Commissioner Gallagher said he would not support the motion.

Commissioner Coffman stated that he had served on the Commission for many years and it had been his experience many times to rely on the investigations of the staff and others when time did not permit a review of all details. He therefore approved the recommendation of the General Manager and supported Commissioner Parr's motion.

President Sutter permitted persons attending the meeting to speak from the floor on behalf of their choice of applicants, including Mr. Jack Lampke, Mr. Shreeve, Mr. Foley, and Ted Robbins.

Mr. Funke emphasized to the Commission that the matter of disposition of the golfing merchandise and stock on hand, owned by Mr. Robbins, is solely his own concern and of no interest to the Commission. Also, that the Commission's action would involve no commitment on the Commission's part regarding the employments to be made by the party to whom the contract would be awarded.

President Sutter abstained from voting and polled the members on the following resolution, which was adopted with a vote of four "ayes" and one "nay":

Res. No.2106

Resolution No. 2106

Commission Awards Golf Professional Contract to Messrs. FRED VENTURI & JOEY REY at Harding Park Golf Course. To expire June 30, 1957 with No Renewal Option.

RESOLVED, that this Commission, subject to approval of the Board of Supervisors, does hereby approve the award of the exclusive golf professional privileges at the Harding Park Golf Course, such privileges including the operation of the golf shop, the sale of merchandise therein, the rental of golf carts and golf instructions, to FRED VENTURI and JOEY REY, a partnership; the concession to commence at the earliest possible date following approval of the agreement by the Board of Supervisors, with the expiration date of June 30, 1957, and with no option of renewal; the terms and conditions being those of the unexpired contract with the predecessor, Mr. Ted Robbins. The terms shall be a monthly rental of six (6%) per cent of the gross receipts to $50,000.00 per annum, and eight (8%) per cent of the gross receipts exceeding $50,000.00 per annum, with a minimum monthly rental of $100.00 per month.

(b) General Manager's Report on Successful Bond Campaign

A written report by the General Manager to the Commission outlined the successful campaign that resulted in the voters' approval of the $7,000,000 Bond Issue for recreation and park improvements. On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 2107

Resolution No. 2107

Report on Campaign for Bond Issue

RESOLVED, that this Commission, being of the opinion that the experience gained in the bond campaign might be of considerable value to future commissions, does hereby direct that the report of the General Manager be made a part of the official minutes as quoted below:

UNFINISHED BUSINESS (continued)

"The Victory of Proposition 'C'

"I want to thank the Recreation and Park Commissioners at this time for their foresightedness in approving the staff proposals which ultimately became Proposition 'C' (Resolution 1819, Special Meeting of March 21, 1955), and also for their constant cooperation and support in the campaign that was terminated with victory at the polls on Tuesday, November 8, 1955.

"Statistically, the victory was effected when 1300 San Francisco precincts with a total vote of 245,789 gave the following results to Proposition 'C':

YES. 153,395
NO 59,775

"Behind these happy statistics, however, there is another story of organized community effort and support. Due to the splendid organization of the Citizens' Committee for Better Parks and Playgrounds, Proposition 'C' was endorsed, without exception, by all the segments of our city's population, and it was powered by a most energetic, personalized, and intelligent type of campaign.

"The vote on Proposition 'C' was in effect a vote of confidence in the integrity and ability of the Recreation and Park Commission and the department. I believe a big factor in Proposition 'C''s success was the way in which the proposal was presented, the evidence that it had been given complete study by the staff, and that in no sence were we asking for a blank check merely for the sake of going to the voters for money. My personal approach when I first suggested offering the bond issue in this election was that it would be fully justified as a necessary expedient for the well-being of our city. The fact that the voters overwhelmingly passed the proposition in my opinion proves that we accomplished that goal.

"I believe a special vote of thanks is due the members of my staff and all others who shaped up the proposition, for their conscientiousness in that phase of the program, and for the energy they devoted in supporting its passage.

"Although literally thousands of men and women (and children, too!) played vital roles in informing San Francisco of the importance of Proposition 'C', we are particularly grateful to Mr. Paul A. Bissinger, who led the campaign as chairman; to Mrs. Ann Curtis Cuneo and Mr. Joseph L. Alioto, co-chairmen; to Mrs. John M. Douglas, chairman of the women's committee; to Mr. Henry R.Rolph, treasurer; and to the public relations firm of Gross and Roberts, which supplied extremely comprehensive and effective publicity direction for the entire campaign. One of the significant elements of the campaign is the fact that it was conducted by the Citizens' Committee on one of the lowest budgets, I believe, in the recent history of San Francisco elections.

"Another extremely significant element of the campaign is reflected in the unanimous endorsement of organizations representing all phases of community life, such as, Organized Labor, the Chamber of Commerce, the Central Council of Civic Clubs, and many other veterans', improvement, merchant, political, and nationality groups, as well as 100% endorsement by the press. Uniquely significant is the further fact that Proposition 'C' was endorsed by certain areas of the community which ordinarily do not become engaged in political issues, such as, the Community Chest, the Second District PTA, and the San Francisco Youth Council.

"Significantly, passage of Proposition 'C' is the culmination of a 25-year demand by our people for the completion of John McLaren Park. The $2,500,000 to be spent on that project will bring to fruition the plans and dreams of many, many persons who love our city.

(MORE)

UNFINISHED BUSINESS (continued)

Mr. Funke's Report "The Victory of Proposition 'C'" (continued)

"The remaining few projects of the 1947 bond issue are within sight of completion, and the experience gained by the Recreation and Park Department in construction of those projects will mean that the facilities contemplated under Proposition 'C' can be built rapidly and economically. It is my sincere hope that all of the facilities with the possible exception of McLaren Park can be completed in 3½ to 4 years, and most of the McLaren Park can also be finished by that time.

"I am extremely gratified that the People of San Francisco concur in the opinion of the Recreation and Park Commission that Proposition 'C' was indeed vitally necessary to the welfare of our people.

(Signed)"MAX G. FUNKE
General Manager"

NEW BUSINESS

(a) New Neighborhood Playground on Presidio Property (Proposed)

Mr. Funke reported that one project in the bond issue (Proposition "C") provided for the establishment of a neighborhood playground on United States Government property in the Presidio, and recommended that the Commission take the initial step toward obtaining Army permission to use the Presidio land.

On motion of Commissioner Parr, Seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 2109

Commission Directs Gen.Mgr. to Take Steps to Obtain Use of Gov't Land in Presidio for Use as Public P/G. (Vicinity of Lyon and Lombard Sts.)

Resolution No. 2109

WHEREAS, at the municipal election of November 8, 1955, the electorate of San Francisco approved a bond issue for improvement and expansion of municipal playgrounds and parks including a project providing for the establishment of a neighborhood playground on Presidio property in the vicinity of Lyon and Lombard Streets; and

WHEREAS, this Commission recognizes the action of the voters in approving the above mentioned projects as a mandate directing the City to proceed without delay in establishing this urgently needed public playground; now, therefore, be it

RESOLVED, that this Commission does hereby authorize and direct the General Manager and the Secretary to take the necessary steps

NEW BUSINESS (continued)

Res. No.2109 (continued)

to initiate proper legislation and request to the United States Army, through the proper authorities, for permission to occupy and use that portion of the Presidio land required for a neighborhood playground in the vicinity of Lyon and Lombard Streets.

(b) Proposed Expansion of Helen Wills Playground

Commissioners inspected a plot map of the neighborhood adjacent to the Helen Wills Playground at Broadway and Larkin Streets.

Mr. Funke explained that the bond issue provided for the expansion of the Helen Wills Playground in a southerly direction, requiring the acquisition of seven lots of improved property, that should now be appraised so that funds may be appropriated to meet the acquisition costs.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 2110

Director of Property Requested to Submit Appraisal of Acquis.Costs on Lots 2-8,Bl.573, for H.Wills P/G Expansion & Impvt.

Resolution No. 2110

RESOLVED, that this Commission does hereby request the Director of Property for an appraisal and estimate of acquisition costs of Lots 2 through 8, Block 573, all of these properties being required under the plan to expand and improve the Helen Wills Playground.

(c) Revocable Permit Issued for Refreshment Stand at Sharp Park Golf Course

Mr. Funke reported that it is planned to close the Sharp Park Cafe for repairs during the winter months and reopen the cafe after February 1st on a concession basis, similar to the operation at Lincoln Park Golf Course.

To provide for the uninterrupted refreshment services to the public, on recommendation of the General Manager, and on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2111

Commission Grants Revocable Permit to DONALD R.MENARY & WARREN W.KELLY for Operation of Mobile Refreshment Stand at Sharp Pk. Golf Course.

Resolution No. 2111

RESOLVED, that this Commission does hereby grant to the applicants, DONALD R. MENARY and WARREN W. KELLY, co-partners, a revocable permit to operate on department property a refreshment stand for the purpose of dispensing refreshments on general sale to the public, in consideration of a payment to the City of ten (10%) per cent of the gross sales, and provided that the price schedule of all articles sold shall require approval of this Commission.

(d) Operation of Sharp Park Cafe to be Offered to Private Enterprise

Mr. Funke recommended that the Sharp Park Cafe operation be offered to private enterprise on a public bid basis, explaining that its operation as a concession would require no reduction in the department's commissary personnel due to recent resignations and retirements.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2112

Call to be Made for Bids for Operation of Sharp Park Cafe

Resolution No. 2112

RESOLVED, that this Commission does hereby authorize and direct the Secretary to issue an invitation for bids covering the operation of the Sharp Park Cafe, stipulating in the proposal that

NEW BUSINESS (continued)

Res. No.2112 (continued)

the operator will be required to pay a minimum monthly rental of $100 per month, and that the cafe will operate on a 6-day per week basis and will be open on Saturdays, Sundays, and holidays.

(h) City Ordinance to Keep Unauthorized Persons Off Kezar and Other Playing Fields

Mr. Funke reported that the Board of Supervisors, by letter, as well as the press, had called attention to the serious condition at Kezar Stadium occasioned by children rushing onto the playing field to retrieve footballs kicked by the players into the end zone. He said that he had called a meeting of representatives from the Police Department, the Forty Niners, Christopher Junior 49ers Club, and the press to correct the situation.

12-8-55

NEW BUSINESS (continued)

Corrective measures included cable barriers to be erected at each end of the playing field, additional Police personnel, and a game official to retrieve the ball, suspension of play if required and public address announcements on the matter, and donation of additional footballs for a drawing for youngsters. Mr. Funke believed these measures would eliminate the difficulty in the last scheduled Forty Niner game on Sunday, December 11.

On the recommendation of Deputy Chief of Police John Engler, he asked the Commission to approve submission to the Board of Supervisors of a proposed amendment to the Municipal Code which would make it a misdemeanor for any unauthorized person to enter the play area at Kezar Stadium or other playing fields or arenas under the department's jurisdiction.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2116 — Resolution No. 2116

Commission Requests Amendment to Chap.6 of Muni.Code,Part II, Prohibiting Unauthorised Persons from Entering Playfields at Var.Stadiums & Arenas of Dept.

RESOLVED, that this Commission does hereby request the Board of Supervisors to amend Chapter VI, Part II of the Municipal Code, by adding a section thereto prohibiting unauthorized persons from entering the area of the play field of Kezar Stadium (and other stadiums or sports arenas under the Commission's jurisdiction) during public events; the City Attorney to prepare the proposed ordinance.

COMMUNICATIONS

(1) From Robert W. Harrison, Attorney at Law, 1246 Merchants Exchange Building, transmitting a petition signed by a number of property owners residing on Telegraph Hill, asking that lights be installed on a park pathway between Filbert and Greenwich Streets, to improve the access to their homes at night.

The General Manager reported that the portion of park property along the eastern boundary of Telegraph Hill referred to in the petition, had been inspected by the staff. It was determined it would be undesirable, as well as expensive, to provide a complete lighting installation which would tend to encourage the use of the pathway as a public thoroughfare. He recommended the pruning and in some instances the removal of the shrubbery to increase the illumination of the area by the existing street lights.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

Resolution No. 2124

Res. No.2124

Commission Disapproves Petition of Telegraph Hill Res. & Property Owners for Lighting Pathway Between Filbert & Greenwich Streets.

RESOLVED, that this Commission, in the interest of preserving the park elements and characteristics of the eastern section of Telegraph Hill and Pioneer Park, disapproves the petition on file for the installation of lights on the park pathway between Filbert and Greenwich Streets, but authorizes the pruning and reduction of the shrubbery in that area to improve the lighting condition, thereby accommodating the home owners and residents of the property adjoining the park boundaries.

REPRESENTATIVES AND DELEGATES

(1) Proposal for Remodeling of Kezar Pavilion

Proposal for Remodeling of Kezar Pavilion Referred to General Manager and Staff for Further Study.

Mr. Ray Williamson, member of the Executive Committee, University of San Francisco Alumni, addressed the Commission in the further interest of his proposal that Kezar Pavilion be remodeled. He presented drawings indicating the manner in which the Pavilion might be redesigned, including the removal of the supporting perpendicular poles and the realignment of the playing court.

Commissioner Coffman expressed his opinion that the Kezar Stadium and Pavilion were combined revenue producers, and that with the ever present competition from the Cow Palace and the future competition from the proposed University of San Francisco Gymnasium, it would not be advisable to consider a new pavilion seriously but it would be good business to consider alterations and renovation of the present structure.

Mr. Harman reported on staff findings of Mr. Williamson's proposal, stating that it would not materially increase the seating capacity and that the removal of the posts would be extremely costly and undesirable as they are the major supports of the roof structure.

After further discussion, the matter was referred to the General Manager and staff for further study to determine and recommend what alterations might be economically feasible, the cost involved, and the seating capacity that would result. Mr. Harman was directed to meet with Mr. Williamson and the Pittsburgh-Des Moines engineering firm to discuss the proposals relating to the removal of the Kezar Pavilion supporting poles.

(2) Sub-surface Garage Proposed for Civic Center Plaza

Further Consideration of Proposed Sub-surface Garage for Civic Center Postponed.

Mr. Vining T. Fisher, General Manager of the Parking Authority, addressed the Commission on a proposal from the Authority for the planning and construction of a sub-surface garage in Civic Center Plaza.

Mr. Fisher submitted a joint powers agreement by which the Commission, the Authority and the Board of Supervisors would set forth their intent and procedures for the accomplishment of the project. Copies of the proposed agreement had been mailed to all commissioners, and the discussion centered around the necessity for necessity of taking any action other than a simple declaration of general approval of the sub-surface garage proposal.

Chairman Parr assured Mr. Fisher that it was the Commission's concensus that a sub-surface garage in the Civic Center Plaza would be an asset to the community and that the Commission's concern was confined to the technical questions of procedure.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, consideration was continued for a 2-week period, with the possibility that a special meeting on the matter might be called prior to the next regular meeting.

UNFINISHED BUSINESS

(1) Approval-Preliminary Plans-Civic Center Underground Exhibit Hall

Mr. C. W. Griffith, City Architect, and Mr. Don Emmons, co-ordinating architect for the project, presented several preliminary drawings for the construction of the Civic Center Underground Exhibit Hall.

Mr. Funke reported that the preliminary drawings have been reviewed by the staff; that he was well satisfied that the surface of the Civic Center Plaza would be restored to the satisfaction of the Commission and without any detrimental effect to its public use as a park. He mentioned, however, that the air ventilator shafts that would project above the surface to a height of 11 feet along the Larkin Street side of the Plaza would detract from the Plaza's appearance, but were essential to the Underground Exhibit Hall and would probably be obscured or made more acceptable by skilled landscape treatment.

Mr. Harman, Engineer, made the recommendation that the three stair wells on the sidewalk perimeters be moved nearer the Plaza and made a part of the park, thus assisting in the flow of the pedestrian traffic. The Commission concurred in the foregoing suggestions and received the assurance of Mr. Griffith and Mr. Emmons that they would be incorporated in the planning as far as possible.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2136

Comm. Appvs. Plans for Civic Ctr. Undergrd. Exhibit Hall

Resolution No. 2136

RESOLVED, that this Commission hereby approves the Preliminary Plans covering the Civic Center Underground Exhibit Hall as presented by Mr. C.W.Griffith, City Architect, and Mr. Don Emmons, co-ordinating architect, of the firm of Wurster, Bernardi and Emmons,and authorizes that certain changes recommended by the General Manager and Supervising Engineer be incorporated in the final plans.

(7) Request for Subsidy of Pony Rides Authorized

Mrs. O'Callaghan, wife of one of the hostlers reassigned to other duties when the pony rides were placed on a concession operation basis, was granted the privilege of the floor and asked the Commission what further consideration was to be given to the Finance Committee of the Board of Supervisors' suggestion that the five-cent (5¢) ride be resumed and the pony rides be returned to City operation, rather than a private operator.

Following an explanation of details by Mr. Funke and Mr. Hoyt, on motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2146

Res. No.2146

Request for Subsidy to Pony Rides Authorized.

RESOLVED, that this Commission, in accordance with the recommendation of the Finance Committee of the Board of Supervisors, does hereby authorize the General Manager to prepare and submit, as the intent of this resolution, a supplemental appropriation or other proper request to the Mayor and the Board of Supervisors the effect of which would accomplish the subvention of the pony rides operation to the extent that it would permit its return to the city operation in effect prior to July 1, 1955 and would return the public charge to 5 cents per ride.

SPECIAL ORDER OF BUSINESS

(1) President Sutter informed the Commissioners that Mr. Funke, General Manager, was attending a meeting in Mayor Christopher's office for discussion of bond propositions and public improvement, and would probably return before the Commission adjourned.

Commissioner Parr, being granted the privilege of introducing a special order of business, presented a Resolution of Appreciation of Mrs. Sigmund Stern upon the occasion of her voluntary retirement as Recreation and Park Commissioner, following 37 years of outstanding service.

Commissioner Parr extended a most cordial welcome to Mr. and Mrs. Walter A. Haas, Senior, who were present to accept the resolution on behalf of Mrs. Stern. In a prepared address which beautifully expressed the warm affection and gratitude of the Commission and all San Franciscans for Mrs. Stern's devotion to the recreational life of the city, Commissioner Parr paid fitting tribute to her invaluable contributions to the community.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 2147

Resolution of Appreciation to Mrs. Stern

Resolution No. 2147

WHEREAS, MRS. SIGMUND STERN served for thirty-one years as a member of the Playground and Recreation Commission of San Francisco, and whereas, she has served for five years as a member of the consolidated Recreation and Park Commission of San Francisco, and

WHEREAS, It was through her generosity that Sigmund Stern Grove at Nineteenth Avenue and Sloat Boulevard in San Francisco, having an area of approximately 33.45 acres, was dedicated to public use, and

WHEREAS, Commissioner Stern has been largely responsible for the concerts on each Sunday afternoon during the summer season in Sigmund Stern Grove, and whereas, she has enlisted the support of a large number of volunteer workers who have aided in arranging the concerts, which have been of a high order and widely attended, and

WHEREAS, Mrs. Stern has added dignity, prestige and constructive thinking to the work of the Playground and Recreation Commission, and now as a member of the Recreation and Park Commission, and

WHEREAS, Commissioner Stern has tendered her resignation as a member of the Commission to Mayor George Christopher, and

WHEREAS, Mayor Christopher has named her as an Honorary Life Member of the Recreation and Park Commission, now, therefore

SPECIAL ORDER OF BUSINESS (continued)

Res. No.2147 (continued)

BE IT RESOLVED, That this Commission record its very high appreciation of Mrs. Stern's sterling qualities and her outstanding contribution to the recreational life of San Francisco, and

BE IT RESOLVED, That this Commission pledge its support to the continuance of the concerts in Sigmund Stern Grove, and

BE IT FURTHER RESOLVED, That this resolution be made a part of the Minutes of today's meeting and that a copy be forwarded to Mrs. Stern, and a copy be sent to her daugher, Mrs. Haas, and a copy to Walter A. Haas, Sr., whose devotion to Mrs. Stern could not be excelled if he were her own son.

* * *

Commissioner Parr then presented framed, embossed copies of the resolution signed by Mayor Christopher, all Commission Members, the Commission Secretary, the General Manager and Staff.

Both Mr. and Mrs. Haas spoke briefly and with sincere appreciation of the Commission's action. Mr. Haas assured the Commission that he would convey all of the Commissioners' good wishes to Mrs. Stern, knowing that Mrs. Stern would be especially gratified to have the Commission's pledge of interest and support in continuing and fostering the outdoor concerts at Stern Grove, and co-opereting with the Sigmund Stern Grove Music Festival Association,

Appointment of GLADYS G.MOORE (MRS.JOSEPH A. MOORE,JR.) as Commissioner, Vice Mrs.Sigmund Stern, Resigned.

(2) The Secretary presented the certificate from the Mayor's Office, appointing Mrs. Joseph A. Moore, Jr. a member of the Recreation and Park Commission, and on motion of Commissioner Gallagher, seconded by Commissioner Herz, the certification was ordered entered in the minutes as follows:

"THE CITY AND COUNTY OF SAN FRANCISCO
"STATE OF CALIFORNIA

"To all to whom these presents shall come: Greeting:

"Reposing special confidence in the fidelity and ability of GLADYS G. MOORE (MRS. JOSEPH A.MOORE,JR.), I do, by these presents, by virtue of the authority vested in me by the Charter of the City and County of San Francisco, appoint her a member of the Recreation and Park Commission in and for the City and County of San Francisco, she to hold said office for the term ending June 27, 1956, from and after the 25th day of January, 1956, vice Mrs. Sigmund Stern, resigned.

"IN TESTIMONY WHEREOF, I have signed my name and have caused the seal of my office to be affixed hereto this 25th day of January, 1956.

(Signed) "GEORGE CHRISTOPHER,
Mayor

"Attest
"(Signed) JOSEPH J. ALLEN
"Executive Secretary to the Mayor"

* * *

President Sutter welcomed Mrs. Moore to membership, mentioning that it was most fortunate to have Mrs. Moore's experience and knowledge of public recreation added to the board. Mrs. Moore was a Recreation Commissioner from 1943 through 1947.

LETTERS OF INFORMATION - Acknowledged by Secretary and/or referred to General Manager for appropriate action:

(1) From Dion R. Holm, City Attorney, his Opinion No. 1043 of January 20, 1956, advising that so long as the launching ramp for small outboard motor and rowboats, to be constructed adjacent to Pier 52 on State Harbor Commission property, is built and maintained in the proper manner, it is most unlikely that the City would be held liable for damages in the event of accident.

(2) From the Art Commission, advising that the following actions had been taken at its meeting of January 3, 1956:
(a) Res. No.6675 - Gave preliminary approval to CIVIC CENTER UNDERGROUND EXHIBIT HALL, but Civic Design Committee recommended studies of the feasibility of improvement in the design of the plaza landscaping as opposed to its simple replacement.
(b) Res. No.6679 - Gave approval to the Final Preliminary Drawings for the PINE LAKE RECREATION AREA, as revised and submitted by William G. Merchant, Architect.

(3) From Edw. Pat McGovern, 4332-20th Street, application for rental of large Hall, Beach Chalet, for wedding reception and dance on April 7. (Approval given by General Manager).

(4) From His Honor, Mayor George Christopher, letter of thanks and appreciation for the floral arrangements and decorations used at his inauguration, and complimenting Mr. Girod and his staff for their outstanding work.

(5) From Mr. Nathan R. Jerold, Associate Director, National Conference of Christians and Jews, requesting approval of a Brotherhood Week Concert in Golden Gate Park on Sunday, February 9, or Sunday, February 26. (Approval given by the General Manager.)

UNFINISHED BUSINESS

(1) Increase in Yacht Harbor Mooring Rates - Effective February 1,'56

The Commission next considered the report of the General Manager presented at the previous meeting, which set forth two proposed

UNFINISHED BUSINESS (continued)

schedules for the increase of rental rates for the mooring of boats in the San Francisco Municipal Yacht Harbor. One schedule, based on a fifty per cent (50%) increase of the present rental structure, would result in an estimated $11,000. additional revenue. The other schedule, providing for a one hundred (100%) increase in rates, would result in an additional $22,000. revenue.

Mr. Funke recommended approval of the fifty per cent (50%) increase at this time, with the understanding that at a later date the higher schedule might be placed in effect. The fifty per cent increase takes care of a minimum amount of dredging expenses but the one hundred per cent increase would be fully justified to meet additional dredging and operational costs.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2155

Res. No.2155

Commission Appvs. 50% Increase in Yacht Harbor Mooring Rates, Effective Feb.1, 1956

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby authorize and direct that, effective February 1, 1956, rental rates for the mooring of boats at San Francisco Municipal Yacht Harbor be increased fifty per cent (50%) in accordance with the schedule submitted by the General Manager under date of December 13, 1955, it being the sense of this Commission that this increase is of an interim nature, and following review, may be given further upward adjustment.

(3) Commission Adopts Departmental Budget for 1956-1957-$5,581,649.

Mr. Funke next presented for consideration and adoption the departmental Budget Request for the Fiscal Year 1956-1957, in which he pointed out that the requests are decreased by $1,031,846 from those submitted for the current fiscal year. Mr. Funke also reported that the number of personnel requested (814) were exactly the same number as requested in 1949-1950 by the then separate Park and Recreation Departments.

Following a discussion of the detailed budget report, on motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2158

Commission Approves Department's 1956-1957 Budget Request for $5,581,640.00.

Resolution No. 2158

RESOLVED, that this Commission, having reviewed and studied the report of the General Manager, does hereby approve for submission to the Controller, the Mayor, and the Board of Supervisors, the Recreation and Park Department's 1956-1957 Budget Request in the total sum of $5,581,640.00.

(4) 1956 Bond Fund - First Appropriation Request-$3,065,000.00

Mr. Funke reported that he had submitted to Mayor Christopher a priority list of those projects which could be undertaken immediately under the recently approved $7,000,000 Bond Issue (Proposition "C"). These projects, totaling $3,065,000, were approved by the Mayor, who asked that the Commission immediately request an appropriation of funds.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2159

Commission Requests $3,065,000. from 1955 Bond Fund.

Resolution No. 2159

RESOLVED, that this Commission, in recognition of the importance of immediately initiating steps toward the accomplishment of the Recreation and Park Bond Issue approved by the voters in November 1955, does hereby establish a list of priorities as set forth below, and requests the Mayor, the Controller, and the Board of

Mrs. Sigmund Stern

Following the Pledge of Allegiance, at the request of President Sutter, the Commissioners and all present stood in silence in respect to the memory of Mrs. Sigmund Stern, who passed away the previous day.

The following letter written by Mrs. Stern on January 31, was then read and on motion of Commissioner Parr, seconded by Commissioner Dippel, became a part of the official minutes:

"1998 Pacific Avenue
San Francisco 9, California
January 31, 1956

"Louis Sutter, President
Recreation and Park Department
McLaren Lodge, Golden Gate Park
San Francisco 17

"Dear Mr. Sutter:

"May I thank you, and through you, the members of the Commission for the fine Resolution of January 26th. The Resolution and the warm words with which it was introduced were transmitted to me immediately by my daughter and son-in-law.

"Naturally, this event gives me great satisfaction. You know of my devotion to all phases of the work of the Commission over these many years, and I assure you that its activities will continue to be very near and dear to me. I hope that in the future I may often join you at the meetings.

"I also appreciate the desire of the Commissioners that the Grove Committee, which I head, shall continue its concerts and dramas in the Sigmund Stern Grove, with the co-operation of your Commission.

"I wish again to thank the Commissioners and the staff for their many courtesies extended to me at all times. It is indeed an honor and privilege to realize the warm feelings of my fellow Commissioners and I shall always treasure and reciprocate their regard.

"Sincerely yours,

/S/ "ROSALIE M. STERN

"Mrs. Sigmund Stern"

UNFINISHED BUSINESS

(1) Increase in Cigarette Prices Granted Automatic Merchandising Co.

The Secretary read the letter from Mr. E. O. Laveroni, Automatic Merchandising Company, which company provides and services coin-operated machines on park properties, in which he requested permission to increase the selling price of all brands and types of cigarettes, to a straight twenty-five cents per package.

Following the report of Mr. Hoyt, confirming the 25-cent figure as standard throughout the trade, on motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2171

Res. No.2171

Increase in Price to $0.25 per Package, All Brands of Coin-vended Cigarettes, Granted to Automatic Merchandising Company

RESOLVED, that this Commission does hereby approve and authorize an increase in the retail selling price of all packaged cigarettes dispensed in park vending machines by the Automatic Merchandising Company, to 25-cents per package; this increase being granted in consideration of an increase in the payment to the City by the Automatic Merchandising Company of from 3-3/4 cents to 4 cents per package--this schedule of prices and payments to become effective March 1, 1956.

(2) Kezar Stadium Improvements

Action on Kezar Stadium Improvements or Expansion Postponed for One Month.

In the absence of Mr. Funke, who was attending a meeting in Mayor Christopher's office, Mr. Harman presented a report on the cost estimates for various proposals for the expansion or improvement of Kezar Stadium. These proposals totaled over one-half million dollars, and opened a general discussion of the future of Kezar Stadium in the long-range plan of providing San Francisco with a major football stadium.

Commissioner Coffman, relating his long-standing knowledge and association with the Kezar problem, expressed the opinion that expansion of Kezar was merely carrying out a long-range plan and that the Commission should join with the Mayor and Board of Supervisors in determining the future policy. He pointed out the increased value and added investments which have been made to Kezar in recent years through the construction of a new Press Box and the Veterans' Shelter, stating that Kezar was a going, revenue-producing concern, and the City should maintain and protect its present investment.

On motion of Commissioner Coffman, seconded by Commissioner Parr, definite action on the report was postponed for a one-month period, during which time the report was to be further developed, copies sent to all Commissioners, and a priority list of improvements established.

(5) Report and Recommendation of Commissioner Parr re. Memberships in Organizations

Commissioner Parr recommended that the Commission become a member of the California Marine Parks and Harbors Association, as a valuable means of promoting the City's plans for improved small boat harbor facilities. He outlined the reasons why the Commission should belong to both the California Marine Parks and Harbors Association and the California Shoreline Planning Association, the two most effective organizations whose major interest is the development of boating and harbor facilities.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Resolution No. 2172

Res. No.2172

Commission Appvs. Commissioner Parr's Suggestion for Membership in (1) Calif.Marine Parks & Harbors Associations & Calif.Shoreline Planning Assoc.

RESOLVED, that this Commission does hereby approve and direct that the 1956-1957 Supplemental Budget Request include therein the sum of $500. for membership fees in the California Marine Parks and Harbors Association and, as may be required, funds in an amount up to $500. to provide for membership fees in the California Shoreline Planning Association, the total membership fees in both organizations not to exceed $1,000.

(6) Expansion of Helen Wills Playground

Director of Property Directed to Purchase Lots 2-8, Assessor's Block No. 573 for Expansion of H.Wills P/G - Estimated Costs $225,000.00

The Secretary next read the letter of Philip L. Rezos, Director of Property, which reported the estimate of costs of acquisition of property for the Helen Wills Playground at $225,000.00. The land adjoining the playground is situated at the northwest corner of Larkin and Pacific Streets, with a frontage of 127.687 ft. on Larkin Street and 206.25 ft. on Pacific Avenue, comprising Lots 2-8, in Assessor's Block 573.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the Director of Property is to be notified that his estimate of costs has been accepted, and he is to be requested to proceed with the acquisition of the property, funds for such purchase having been included in the first appropriation under the 1955 Bond Fund.

NEW BUSINESS

(1) Ted R. Moulton Replaces Donald Beach Kirby as Architect for the Upper Noe Playground and Fieldhouse

The Secretary presented a letter from Mr. Harold W. Tobin of the firm of Jacobsen and Tobin, Attorneys, requesting that the Commission approve the assignment of the Architectural Contract (Controller's certification No. 3053) for the Upper Noe Recreation Center from Donald Beach Kirby to Mr. Ted R. Moulton; this action being taken because of Mr. Kirby's recent appointment as a member of the Planning Commission of the City and County of San Francisco.

2-9-56

NEW BUSINESS (continued)

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2173

Ted R. Moulton Replaces Donald Beach Kirby as Architect for Upper Noe Recreation Center

Resolution No. 2173

WHEREAS, this Commission has been advised that Mr. Donald Beach Kirby, architect for the design of the Upper Noe Recreation Center under Controller's Certification No. 3053 of March 20,1953, as modified, has been appointed a member of the City Planning Commission by His Honor Mayor George Christopher; and

WHEREAS, it has been found that the continuance of his architectural services for the City and County under the above contract is incompatible with his position as an officer of the City and County and is impossible of further performance by Mr. Kirby; now, therefore,

BE IT RESOLVED, that this Commission does hereby authorize Donald Beach Kirby to assign all his right, title and interest in his contract No. 3053 with the City and County of San Francisco, this assignment to be made to MR. TED R. MOULTON, licensed architect and a member of the American Institute of Architects, who is acceptable to this Commission and to Mr. Kirby, and agreeable to taking over this assignment;

BE IT FURTHER RESOLVED, that any and all moneys which may be payable by virtue of this contract, shall be payable to Mr.Ted R. Moulton upon the effective date of this assignment; and the Secretary and General Manager be and are hereby authorized to take such steps and sign such documents as may be necessary to meet the requirements of the City Attorney and the Controller and to effect the purpose of this resolution.

(2) Bernal Playground Improvement

The Secretary, reporting for Mr. Funke, explained to the Commission the department's plans and requirements for the improvements of the Bernal Playground under the 1955 Bond Fund. The plan requires the expansion of the area and the acquisition of approximately one (1) acre of adjoining school property.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2174

Board of Education to be Requested to Transfer 1 Acre of School Land Adjacent to Bernal P/G for Its Expansion and Improvement

Resolution No. 2174

RESOLVED, that this Commission, in order to meet the needs of the Bernal District by providing an expanded and improved recreational area at the small and presently inadequate playground located at Moultrie and Jarboe Streets, does hereby approve a request to the Board of Education for the transfer of approximately one (1) acre of land adjacent to the Bernal Playground property; and the General Manager and the Secretary be and are hereby authorized to take such steps as may be necessary to effect the purpose of this resolution.

(4) Revision of Yacht Harbor Rule No. 7

Mr. Hoyt reported as follows on the proposed revision of Rule No. 7 affecting Yacht Harbor:

"Rule #7 of the Rules and Regulations governing the operation of the San Francisco Yacht Harbor provides in part that the Recreation and Park Commission 'reserves the right to cancel the mooring license of any boat owner who continuously vacates such mooring space for a period of six months.' It has been our experience that a few of our tenants fulfill the letter of this regulation but violate its spirit by bring their boats into the harbor for a few days within each six-month period but actually berth their boat the balance of the year at some other location. The result is, of course, that they continue to hold their permanent license to the mooring space in our harbor and prevent its full utilization by any other boat owner.

"It is my recommendation that our Rule #7 be changed to provide that a mooring license is subject to cancellation if the tenant occupies his berth less than six (6) months in any twelve (12) month period. The full text of Rule #7 as it now reads and a proposed text incorporating my recommendations follows:

PRESENT TEXT

"The Recreation and Park Commission reserves the right to change berth assignments and monthly license fees, to re-assign berths during the temporary absence of the permanent occupant; and also reserves the right to cancel the mooring license of any boat owner who continuously vacates such mooring space for a period of six months.

PROPOSED TEXT

"The Recreation and Park Commission reserves the right to change berth assignments and monthly license fees,

NEW BUSINESS (continued)

"to re-assign berths during the temporary absence of the permanent occupant, and to cancel the mooring license of any licensee if he occupies his mooring space for a total of less than six (6) months in any twelve (12) month period."

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2176

Res. No. 2176

Commission Approves Change in Yacht Harbor Rule No.7

RESOLVED, that this Commission does hereby authorize the revision of Yacht Harbor Rule No.7, the rule to read as follows:

YACHT HARBOR RULE NO.7

The Recreation and Park Commission reserves the right to change berth assignments and monthly license fees, to re-assign berths during the temporary absence of the permanent occupant, and to cancel the mooring license of any licensee if he occupies his mooring space for a total of less than six (6) months in any twelve (12) month period.

(5) Pony Ride Operation at Fleishhacker Zoo - Train for Children's Quarters, Golden Gate Park

Mr. Hoyt presented a proposal to provide funds for the operation of the Pony Rides from April 1 through June 30, 1956, with the employment of a city hostler and a return to the 5-cent fare for Pony Rides at Fleishhazker Zoo during that period. He also proposed the purchase of a miniature train for installation and operation at the Children's Quarters in Golden Gate Park, as a substitute for the ponies at that location. To finance these activities, it would require the submission to the Board of Supervisors of a Supplemental Appropriation request of $3,684.00 for the Pony Rides, and $15,250.00 for the train.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 2177

Res. No.2177

Pony Ride Concession-Fleishhacker Zoo and Train for Children's Quarters, G.G.Park

RESOLVED, that this Commission hereby requests the Mayor, the Board of Supervisors, and the Controller, to approve a Supplemental Appropriation in the amount of $18,934, to provide funds for resumption of the Pony Rides operation at Fleishhacker Zoo, for the period April 1 to June 30, 1956, and funds for the purchase and installation of a Miniature Train at the Children's Quarters, Golden Gate Park, funds to be appropriated for the estimated requirements as follows:

(7) Proposed Yacht Harbor Corrections

Proposed Yacht Harbor Corrections

Commissioner Parr reported that several yachtsmen and boat owners had discussed with him and with Dan London a possible solution to the sanding and silting at the entrance of the St.Francis Yacht Harbor. The suggestion consists of the extension of the fill for a distance of 50 feet easterly into the Bay from the point of the lighthouse at the entrance of the harbor. The suggestion was also made that signs be placed in the channel, warning vessels to bear away from the western side of the harbor entrance where the silting has accumulated.

With Commission concurrence, the foregoing suggestions were referred to the Staff for investigation as to their feasibility and cost, to be reported on at a later meeting.

(8) Increase in Bond Appropriation Request to $3,240,000.00

The Secretary read the recommendation of the General Manager that the Bond Appropriation Request under Resolution No. 2159 be increased from $3,065,000 to $3,240,000, to provide funds for the irrigation systems at Harding and Lincoln Parks.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2179

Increase in Bond Appropriation Request from $3,065,000 to $3,240,000.

Resolution No. 2179

RESOLVED, that this Commission does hereby authorize and direct that its action under Resolution No. 2159 appropriating $3,065,000 for improvements under the 1955 Bond Fund, be amended to provide the additional sum of $175,000 as follows:

Lincoln Park Irrigation System	$ 70,000.00	
Harding Park Irrigation System	105,000.00	$175,000

increasing the total of the Appropriation Request to $3,240,000; and the General Manager be and is hereby authorized to take whatever steps may be necessary to effect the purpose of this resolution.

REPRESENTATIVES AND DELEGATES

(a) Final Plans & Specifications-GARFIELD CENTER & SWIMMING POOL

Mr. William G. Merchant, Architect, presented the Final Plans and Specifications for Garfield Recreation Center and Swimming Pool.

In connection with Mr. Merchant's estimate that this project will cost $622,000, the General Manager pointed out that the estimate is somewhat in excess of the amount appropriated, expressing the hope, however, that when construction bids are received it might be possible to complete the project at an amount somewhat lower than the $622,000.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 2181

Res. No.2181

Revised Final Plans & Specifications, GARFIELD CTR. & SWIMMING POOL, Approved.

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the Revised Final Plans and Specifications for the Garfield Center and Swimming Pool as submitted by the Architect, Mr. William G. Merchant; and the General Manager is hereby authorized to proceed toward the construction of the center, and the Secretary is hereby instructed to issue a call for bids as based on the accepted revised plans.

(a) Report on Freeways by Commissioner Herz

Report on Freeways

Commissioner Herz reported on a recent meeting of the Lakeside Property Owners Association at which representatives of the Division of State Highways, District IV, discussed plans for the projected Junipero Serra freeway. Commissioner Herz expressed the opinion that freeway plans still contemplated the use of Golden Gate Park, and stated it was becoming more apparent that the Commission would have to double its vigilance to prevent destruction of the Park by surface freeways.

(f) From Lawrence S. Mana, Deputy City Attorney, giving his advice and recommendations regarding the San Francisco Housing Authority's occupancy of the Crocker-Amazon baseball diamonds, and the obligation of the Housing Authority to restore the property.

Mr. Funke briefed the contents of the City Attorney's letter and reviewed the history of the Federal Government's occupancy of the Crocker-Amazon property since August 1, 1944, and its subsequent use by the San Francisco Housing Authority.

The City Attorney's letter points out that the obligations of the United States Government to restore the Crocker-Amazon property, as set forth in the original lease, were assumed by the San Francisco Housing Authority at the time that the Federal Government (Navy) vacated, and the Public Utilities Commission gave permission to the Housing Authority to occupy the area under PUC Resolution No. 7399. The following is quoted from the letter:

"The question then naturally arises as to whether the Housing Authority is bound by the provisions of Section 8 of the permit quoted in full above, where the permit has expired.

COMMUNICATIONS (cont'd)

"While in fact, the permit has by its terms formally expired, there is no question that the Housing Authority is holding over under the said permit and it would appear therefore that the Housing Authority would still be bound by the provisions of Section 8 of the permit and would be obligated to make the restoration of the premises pursuant to the provisions of the permit.

"However, it is our opinion that a situation where the San Francisco Housing Authority is actually occupying property of the City and County of San Francisco without any formal document authorizing such occupancy is a very unsatisfactory arrangement and it is therefore our recommendation that immediate steps be taken to revive the permit which has heretofore been in effect covering the occupancy of the Housing Authority of the property in question owned by the City and County of San Francisco.

"In this regard, it would appear advisable that the permit be for a period not exceeding one year and that the matter of the renewal of the permit be considered each year at the expiration of the permit. I know it is your desire to secure the return of the premises for use of the Recreation and Park Department at the earliest possible date and it appears that by a yearly permit the permit can be reviewed annually with the thought that the Housing Authority will not occupy the property for any period longer than justified by the housing emergency.

"Should there be any other information which you may desire or any assistance which you may need in the matter of reviving the permit, please do not hesitate to contact me.

(a) Commission Reaffirms Award of Proposed Cafeteria Lease, Sharp Park Golf Clubhouse to BERNARD SEGAL

The Secretary read the letter which had been received from the Finance Committee of the Board of Supervisors, advising the Commission that the Committee was not satisfied with the information submitted on Mr. Hart, one of the bidders for the Sharp Park Cafeteria Concession, and asked that Mr. Hoyt be directed to make a more complete investigation, and that the Commission submit its recommendation following a reconsideration of the bids.

In compliance with the Committee's suggestions, Mr. Funke had directed that a complete and thorough investigation of Mr. Hart and his associates be conducted by Mr. Hoyt. Mr. Hoyt outlined to the Commission the extent of the qualifications of Mr. Hart and his associates, together with all other facts developed through investigation.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2203

Commission Reaffirms Earlier Award of Sharp Pk. Cafeteria Lease to BERNARD SEGAL and So Informs Finance Committee & Bd. of Supervisors.

Resolution No. 2203

RESOLVED, that this Commission, having conducted a further investigation of the qualifications of Mr. Hart and his associates (bidders for the Sharp Park Cafeteria Concession) at the request of the Finance Committee of the Board of Supervisors, and having reviewed the report and findings of said investigation, is now firmly convinced that Mr. Bernard Segal is the better qualified bidder and reaffirms its earlier action of awarding the lease to him; and so recommends to the Finance Committee and the honorable Board of Supervisors.

(b) Hall of Flowers - Strybing Arboretum - Golden Gate Park

Mr. Funke gave a progress report on the development of plans for the Hall of Flowers and was pleased to announce that a general agreement has been reached among some fifteen interested organizations on the exact location of the building. The building units will be oriented in the extreme southeast portion of the Arboretum, combining usability with a pleasing visual blending into the Arboretum area.

The Secretary submitted the request of the department engineer and the architect for funds in the amount of $4,000 for the procurement of engineering field surveys and soil tests of the building site for the Hall of Flowers. The Secretary reported that he had talked with Mr. A. E. Snider, State Department of Finance, Division of Fairs and Expositions, who had advised requesting the funds as a supplementary request to San Francisco's 1956 Flower Show Budget.

NEW BUSINESS

(a) Supplemental Appropriation of $350,000 Requested for Purchase of Block 727, Western Addition

Mr. Funke reported that at a meeting of the Mayor's Cabinet, Mr. Ross, Controller, had reported that San Francisco must provide the sum of $350,000 toward the purchase of Block 727 for the development of the Western Addition project, and had suggested that funds be appropriated from the 1955 Recreation Bond Fund. Mr. Funke strongly opposed diverting Recreation Bond Funds for any purpose other than the projects which the voters approved. It was his opinion that a supplementary budget item for the funds to purchase Block 727 would be adequate. As a result of this opinion, a meeting has been arranged in the Mayor's office for Monday afternoon, March 12, to be attended by the Mayor, President Sutter, the City Attorney, the Controller, the Director of the Redevelopment Agency, and Mr. Funke.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2205

Commission Appvs. Supplemental Budget Request of $350,000 Toward Purchase of Block 727,Western Addition

Resolution No. 2205

RESOLVED, that this Commission does hereby strongly support the General Manager's recommendation that any funds required for the purchase of Block 727 of the Western Addition development project be obtained from other sources than Recreation Bond Funds, and to this end this Commission approves including in the Supplemental Budget Request the amount of $350,000 for the purchase of Block No. 727.

(b) Renewal of Lease to Martin Murphy, Camp Mather Store & Post Office - for Five-Year Period - Same Terms and Conditions

The Secretary reported that the license agreement of Mr. Martin Murply for the Camp Mather Store and Post Office expires May 31, 1956, after ten years of satisfactory service which began under the former Recreation Commission.

Mr. Funke highly recommended continuing Mr. Murphy's services under a new lease agreement.

MISCELLANEOUS (cont'd)

(b) Renewal of Lease - Camp Mather Post Office, Store & Coffee Shop

Commissioner Parr strongly recommended that, in view of the reduction in the term of the agreement with Mr. Murphy from a ten-year to a five-year period, that the Commission give some definite assurance to Mr. Murphy that his concession would be continued beyond the five-year period if he retains his previous high standard of service. The Commission concurred and Mr. Murphy is to be given such assurance.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2206

Commission Approves Renewal of Lease Agreement for 5 Yr. Period (June 1,1956 May 31, 1961) to MARTIN MURPHY - Camp Mather Post Office, Store & Coffee Shop.

Resolution No. 2206

RESOLVED, that this Commission does hereby approve the award to MARTIN MURPHY of the concession privileges of operating the post office, store and coffee shop at Camp Mather, Tuolumne County, California; said operation to be covered by a lease agreement to be entered into between this Commission and Martin Murphy, providing and containing therein the conditions set forth in the previous license and with amendments increasing the lessee's insurance and liability in favor of the City; said lease agreement to be for the period commencing June 1, 1956 and ending May 31, 1961, and approved as to form by the City Attorney and subject to the approval of the Board of Supervisors.

(c) Renewal of Lease of Beach Chalet to McQuaide Post #1205, V.F.W.

The Secretary reported that the lease of the Beach Chalet to Joseph P. McQuaide Post No. 1205, Veterans of Foreign Wars, expires April 14, 1956.

Mr. Funke recommended renewal of the lease for an additional three-year period, continuing the provision that all sub-rentals must receive prior approval of the department.

On motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2207

Commission Grants Renewal of Lease to J.P.McQuaide Post No. 1205,VFW, for Use of Beach Chalet for 3 Yrs. Commencing Apr.15, 1956 - With Privilege to Sublet

Resolution No. 2207

RESOLVED, that this Commission hereby approves the request of Joseph P. McQuaide Post No. 1205, Veterans of Foreign Wars, for a continued leasing of the Beach Chalet, such approval to be subject to the fulfillment of the following terms and conditions:

(1) That the lease shall be for a 3-year period commencing April 15, 1956;

(2) That the monthly rental shall be ten (10%) per cent of the gross receipts of all of the revenues to the lessee in connection with the sub-rental of the Chalet, with a minimum guaranteed rental of $50.00 per month;

(3) That the lessee be permitted to rent the building, or portions thereof, to bona fide groups or organizations for social or recreational purposes, provided that all such rentals shall be arranged by written applications which shall be submitted in advance to the General Manager of the Recreation and Park Department and shall not be effective or valid of execution without his affixed written approval;

PROVIDED FURTHER, that the City Attorney be requested to prepare a lease agreement containing the preceding terms and conditions and that upon his approval as to form, the agreement be submitted and approved by the Board of Supervisors.

(e) General Manager's Report on Proposed 9-Hole, Full-length Golf Course at McLaren Park.

General Manager's Report on Proposed 9-Hole, Full Length Golf Course at McLaren Park

Mr. Funke presented copies of his report to Mayor Christopher outlining the comparative advantages and disadvantages of constructing any one of three types of golf facility in McLaren Park, namely, a 9-hole pitch and putt course, an 18-hole full length course, and a 9-hole full length course; the report concluding that the most advantageous installation, considering the needs of the golfers and the needs of the general public for the multi-purpose use of the park, would be a 9-hole full length course which would require approximately 20% of the park's total area.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Commission gave general approval to the General Manager's recommendation that a 9-hole full length course be located in McLaren Park, and appointed a committee consisting of President Sutter, Commissioner Gallagher, experienced golfers, to personally inspect the terrain with staff technicians and return a final recommendation to the Commission.

(f) Report on Possible Disposition or Other Use of Six Parcels of Park Land.

Mr. Funke reported that the Mayor had asked for a review of park lands, with a view toward the disposition or other use of parcels which through experience are little used and could conceivably be declared surplus.

A written report was submitted by the Secretary on six parcels of park land which the staff had determined could be given consideration for disposal.

NEW BUSINESS (cont'd)

Report on Possible Disposition or Other Use of Six Parcels of Park Land

The parcels are as follows:

Name and Location	Block No.	Acreage
(1) FRANKLIN SQUARE, 16th and Bryant Streets	3963	4.41
(2) BAY VIEW PLAYGROUND, 3rd, Armstrong, Carroll and Keith Streets	5420	2.81
(3) GRAND VIEW PARK, 14th and 15th Avenues and Noriega Street	2034-A	1.10
(4) FAIRMOUNT PLAZA, Fairmount and San Miguel Streets	6682-A	1.30
(5) COOLBRITH SQUARE, N.E. corner Vallejo and Taylor Streets	128	.43
(6) 3-acre piece of CORONA HEIGHTS, 16th Street and Roosevelt Way	2615	3 surplus Ac. of 16.875

* * *

The Secretary's report pointed out that disposition of park land is governed by Charter provisions and three statutes of State law, and the procedure and legality of disposal could vary for each parcel. The City Attorney has been provided with a copy of the report and requested to give his written advice on the legality and procedures for disposal in each of the six instances. The Commission took the report under advisement pending a reply from the City Attorney.

(g) Establishment of Commission Policy on Several Major Matters

Establishment of Commission Policy on Several Major Matters

Commissioner Parr said that during the past several years the Commission had accumulated several items of a major civic nature, on which it would be well to establish a definite policy. He suggested that these matters be discussed with the Mayor at a special meeting, with a view toward agreement as to the City Administration's policy. He listed the following matters for consideration:

(1) Placement of Library and Fire Department buildings on park properties.

(2) Remodeling of Kezar Pavilion.

(3) Increasing seating capacity at Kezar Stadium.

(4) Establishing additional swimming pools at recreation centers throughout the city.

(5) Covering portion of Fleishhacker Pool.

(6) Freeways through Golden Gate Park.

(7) Location and construction of the Monastery Santa Maria de Ovila.

(8) Public stables in Golden Gate Park.

(9) Further development of Yacht Harbor.

All members endorsed Commissioner Parr's idea that a definite policy should be determined on each of the above matters, and

(h) Monolith - The Ten Commandments

Mr. Funke gave the staff report and recommendation that the most logical location for the placement of the Eagles' monolith of The Ten Commandments would be at the foot of the cross atop Mt. Davidson.

On motion of Commissioner Dippel, seconded by Commissioner Herz, Mt. Davidson was selected as a singularly appropriate location for the installation and placement of the large granite monolith of The Ten Commandments, which the Fraternal Order of Eagles has offered to the City, and the Board of Supervisors were to be so advised.

NEW BUSINESS

(a) New Section to Be Reserved for Youngsters at Kezar Football Games

Mr. Funke reported that a new plan has been devised for reserving a section in the southeast corner of Kezar Stadium for youngsters who attend the football games at special rates. The plan calls for the installation of gates and fencing which will restrain and confine the youngsters to the special section, thus eliminating their trespassing on the field during the football games.

(d) Rejection of Bids for MERRY-GO-ROUND REPAIRS- CHILDREN'S QUARTERS G.G.PARK and FLEISHHACKER PLAYFIELD

The Secretary next submitted the sealed bids for the above mentioned work, received and opened by him on Tuesday, March 20, 1956, as follows:

LOW BIDDER	BASE BID
WILLIAM McINTOSH & SON 635 Texas Street, San Francisco 7	$14,462.00
Other Bidder	
MANOR PAINTERS 2 Edgehill Way, San Francisco 27	$26,922.00

(MORE)

NEW BUSINESS (cont'd)

Mr. Funke reported that the last year's budget request for $8000 to repair the merry-go-rounds had been cut by the Board ofSupervisors to $6,500.00. The call for bids which specified a good but not complete refurbishing, had resulted in only two proposals, both of which were excessively high. Mr. Funke recommended the rejection of both bids, a rewriting of the specifications, and publicizing the proposed repairs, in order to attract decorators and contractors skilled and equipped to perform the work.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2221

Rejection of Bids-MERRY-GO-ROUND REP. at CHILDREN'S QUAR. & FLEISHHACKER PLAYFIELD

Resolution No. 2221

RESOLVED, that this Commission, having reviewed the sealed bids received and opened by the Secretary on March 20, 1956, for Merry-Go-Round Repairs at Golden Gate Park and Fleishhacker Playfield, hereby rejects all proposals received for the reason that they far exceedod the cost estimates and funds available for the work.

(o) Award of Contract: INSTALLATION OF NEW DEEP WELL TURBINE PUMP at NORTH WINDMILL, G.G.PARK - to PACIFIC PUMPING CO. - $2600.00

The Secretary next read the sealed bids for the above mentioned work, received and opened by him on Tuesday, March 20, 1956, as follows:

LOW BIDDER:	AMOUNT BID
HUBBARD MACHINE CO. 1257 Folsom Street, San Francisco 3	$2,440.00
Other Bidders	
Pacific Pumping Co.	$2,600.00
Fairbanks Morse & Co.	$2,684.15
Pump Repair Service Co.	$3,218.04

The Engineer reported that the low bidder, the Hubbard Machine Co., had submitted a letter accompanying their bid, which stated that they would not provide the pump called for in the specifications.

For that reason, Mr. Funke recommended the award of the contract to the second lowest bidder, the Pacific Pumping Company. Operation of the pump is extremely important to the irrigation of Lincoln Park, and Mr. Funke recommended that the Commission ask the Board of Supervisors to appropriate legally available funds.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted;

Res. No.2222

Award of Contract for NEW TURBINE PUMP-NORTH WINDMILL, G.G.PARK to Second Lowest Bidder, PACIFIC PUMPING CO. for $2600.00

Resolution No. 2222

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Installation of the New Deep Well Turbine Pump at North Windmill, Golden Gate Park, to PACIFIC PUMPING CO., 9201 San Leandro Street, Oakland, California, they being the second low regular and responsible bidder therefor in the amount of $2,600, all other bids having been rejected; and, be it

FURTHER RESOLVED, that the General Manager and the Commission Secretary are empowered to execute this contract on behalf of the Recreation and Park Commission; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

(g) Work Orders to DPW-Engineering Surveys and Maps for 1955 Bond Fund Projects.

Following the report of the Engineer on the necessity of providing architects and engineers on the bond fund projects with accurate engineering field survey maps as the first step toward the construction of any recreation building or facility, the Commission approved the recommendation for the issuance of work orders to the Department of Public Works to conduct the engineering surveys and provide the required maps.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

NEW BUSINESS (cont'd)

Res. No.2224

Request for Approval of Work Orders for Engineering Surveys and Maps in Connection with 1955 Bond Fund Projects

Resolution No. 2224

RESOLVED. that for the best interests and proper operation of the Recreation and Park Department, the Controller be and hereby is requested to approve the following Orders for Work to the Department of Public Works for engineering surveys and maps for 1955 Bond Fund Projects:

Name of Project	Estimated Amount of Work Order
Lareen Park Swimming Pool	$1,500.00
McLaren Park Swimming Pool	3,000.00
Washington Square	1,000.00
Balboa Park Soccer Bleachers	800.00
Funston Playground Bleachers	2,500.00
Silver Terrace Playground Bleachers	800.00
Corporation Yard	2,500.00
Bernal Recreation Center	1,000.00
Michelangelo Playground	800.00
Russian Hill Park	1,100.00
Sunset Heights Park	2,000.00
Helen Wills Playground Extension	700.00
Total	$17,700.00

It is understood and agreed under the authorization of this resolution that each map prepared under the above work orders show property lines, contours or cross-sections, abrupt change in grades, any existing improvements, all utilities located in the surrounding streets with their various characteristics (such as size of sewers, water pipes, electric power lines)etc.

(h) Recreation and Park Department's Monthly News Bulletin

General Manager to Investigate and Report at Next Regular Meeting on the Feasibility of Again Publishing a Department News Bulletin.

Commissioner Moore inquired as to the reasons and causes for the discontinuance of the department's monthly news bulletin.

Mr. Hoyt and Mr. Simons outlined the expenses and personnel requirements involved which they had experienced in printing the bulletin, and the steps which led up to its discontinuance.

Commissioner Parr endorsed Commissioner Moore's suggestion that the department reissue a regular news bulletin as a means of interpreting the department's functions and services to the public; also to give advance publicity to scheduled events.

On motion of Commissioner Moore, seconded by Commissioner Parr, Commissioners endorsed the idea of resuming publication of a department news bulletin, the General Manager to investigate and report on the plan at the next regular meeting.

COMMUNICATIONS

Request for Easement at Kezar Stadium Withdrawn

(a) From Gene Dale, Coldwell, Banker & Company, 57 Sutter Street, requesting on behalf of their client, the Tidewater Associated Oil Company, the grant of a small easement onto the Kezar Stadium lot. The purpose of the easement would be to give ingress and egress to automobiles using service station to be constructed by Tidewater Associated Oil Company.

No action was required, the Secretary having received a subsequent letter from Mr. Dale advising that the engineering staff of his company had encountered technical difficulties which would not permit construction of a service station, and therefore the request for an easement was withdrawn.

REPRESENTATIVES AND DELEGATES

(a) San Francisco Polo and Racing Club Granted Exclusive Contract for Polo Stadium for 1956 Season.

Mr. George T. Davis and Mr. Todd Helser, officers of the San Francisco Polo and Racing Club, submitted to the Commission a request for an exclusive contract for the conduct of polo games and the polo stable area during the 1956 season. Mr. Davis explained that this would be a departure from last year's contract, when the Polo Stadium and area had been shared jointly by the San Francisco and San Mateo groups. In a written proposal, the Club outlined its plan of operation and scheduling, rental payment to the City, insurance coverage, and admission charges.

The Commission found the proposals satisfactory, incorporating them with the general terms and conditions that prevailed last year, and on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2227

Commission Appvs. Exclusive Use Contract With S.F. Polo & Racing Club Covering Polo Stadium & Stable Area in G.G.Park for 1956 Season

Resolution No. 2227

RESOLVED, that this Commission does hereby approve the award of an exclusive contract agreement to the San Francisco Polo and Racing Club covering a series of polo matches to be played in the Golden Gate Park Polo Stadium on consecutive Sundays, commencing April 15 and terminating no later than December 2; and providing for the use of the polo stable area throughout the playing season, in which the San Francisco Polo and Racing Club agrees to vacate the polo ponies no later than December 16. The consideration for such polo stadium use to be fifteen (15%) per cent of the gross receipts for admission, with a minimum guaranty payment of $74.00 per Sunday; all admission rates to be subject to the approval of the General Manager of the Recreation and Park Department; and, be it

(b) Commission Approves Resolution of Parking Authority for Underground Garage in Civic Center Plaza.

Representatives of the San Francisco Parking Authority, including Mr. Harold A. Berliner, member, Mr. Vining T. Fisher, Manager, and Mr. Thomas O'Toole, Secretary, appeared before the Commission to resubmit their proposal to designate the area of the northern one-half of the Civic Center Plaza for a public underground garage site.

Mr. Vining Fisher, Parking Authority Manager, presented arguments supporting the Parking Authority's decision that a subsurface parking garage in the civic center would meet an urgent public need, and that such a garage is economically feasible. He presented Mr. Edward D. Keil, attorney for the civic center parking group, who outlined his clients proposal for the construction, operation, and leasing of the garage.

With the assurances from Mr. Keil and from Mr. Fisher that the Commission was being requested to take only a preliminary action approving the plan at this time, and finding the necessary safeguards in the agreement regarding the restoration of the plaza's surface, on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res.No.2228

Commission Appvs. Resolution of Parking Authority for Underground Garage in Civic Center Plaza

Resolution No. 2228

RESOLUTION APPROVING AGREEMENT BETWEEN CITY AND COUNTY OF SAN FRANCISCO, PARKING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO, AND RECREATION AND PARK COMMISSION, AND AUTHORIZING THE GENERAL MANAGER OF THE DEPARTMENT AND SECRETARY OF THE COMMISSION TO EXECUTE SAME.

WHEREAS, there has been filed in the office of this Commission and brought to the attention of the Members thereof a form of agreement between the City and County of San Francisco, the Recreation and Park Commission and the Parking Authority of the City and County of San Francisco which agreement and the terms thereof provide for the joint exercise of the respective powers and authorities of each of the parties in connection with the leasing of certain property in the Civic Center Plaza for the purpose of the constructing and operating thereunder a public off-street parking garage, to which agreement reference is hereby made and directed for its detail, and

WHEREAS, it is agreeable to the Commission that an underground garage be constructed beneath the Civic Center Plaza provided the Board of Supervisors so designates said Plaza as a proper and necessary site for the location of an off-street parking facility, and further provided that said operation will not be, in any material respect or degree, detrimental to the original purpose for which said park was dedicated or in contravention to the conditions of any grant under which said park might have been received; now, therefore,

BE IT RESOLVED, that said form of agreement on file with this Commission and to which appropriate reference has been made hereinabove is hereby approved in substance and, provided the Board of Supervisors designates said Plaza as a necessary and proper site for the location of an off-street parking facility, the General Manager of the Recreation and Park Department and the Secretary of the Commission are hereby authorized and directed to execute said agreement or said agreement with any changes that may hereafter become necessary but which do not change the substance or matter thereof.

Request for Use of Panhandle for Special Automobile Parking During 4-day Period of April 29 to May 2, Denied.

Mr. A. M. Baccari, Jr., Public Relations and Advertising Consultant, was present and submitted a letter requesting the Commission to make the Panhandle Section of Golden Gate Park, west of Masonic Avenue, available for parking for a 4-day period, from April 29 to May 2, as an accommodation to the opening ceremonies for the Petrini Plaza Market.

Following a full discussion of the merits of the case, it was the Commission's decision, on motion of Commissioner Moore, seconded by Commissioner Coffman, and carried, that the proposal to use the Panhandle for automobile parking did not sufficiently warrant approval and would further bind the Commission as an undesirable precedent, and the request was therefore denied.

(l) Showboat "FORT SUTTER"

Barney Gould and Associates Discuss the FORT SUTTER Showboat With the R.& P.Commission

Representatives of San Francisco Showboats, Incorporated, namely, Mr. Barney Gould, Mr. Paul Madden, Mr. Frank Woods, and Mr.Hahn appeared before the Commission to make a new proposal whereby the river-boat "Fort Sutter" would be refurbished within a 6-month's period, and that a $7500 bond would be posted subject to forfeiture to the Commission, to be used for removal of the vessel from Aquatic Park if the refurbishing was not accomplisha within the specified time.

Mr. Paul Madden, attorney for San Francisco Showboats, Incorporated, explained that while the written letter of proposal stated that the bond had been deposited with the Crocker-Anglo National Bank it was, in fact, on deposit with an East Bay bank and had not as yet been transferred.

Commissioner Parr offered his opinion that the whole proposition of a well-conducted showboat operation in Aquatic Park was one which, from its earliest conception, had appealed to the Commission, but during the past three years the backers of the proposal had, through no fault of the Commission, encountered difficulties in obtaining sufficient financial support and that the

NEW BUSINESS (cont'd)

venture had seemed to be fraught with obstacles of one kind or another. The resultant deterioration of the vessel's hull during its stay in Aquatic Park had added a further and critical problem. Commissioner Parr stated that, inasmuch as it had always been the Commission's position that the vessel should be in a floatable condition, he considered it to the best interests of all concerned that the backers of the proposal remove the vessel from the Aquatic Park Lagoon and repair the hull and refurbish the boat at some other location, and that having been accomplished, return it to the Lagoon and accept from the Commission a long-term lease covering occupancy of berthing space and the manner of operation. He pointed out that this procedure would eliminate the necessity of the backers posting any bond at this time, and would further provide the backers with a better situation whereby they could remove the vessel at any time they wished if the business aspects of the venture were not satisfactory to them at the Aquatic Park location.

Mr. Madden was unable to accept this proposal without further consultation with his clients, and stated that his letter had been offered as the first step of negotiation toward a workable solution.

After lengthy discussion and consideration of the many factors involved, on motion of Commissioner Parr, seconded by Commissioner Herz, the proposal was taken under advisement, and the General Manager was directed to fully investigate all aspects of the problem and report to the Commission at its next regular meeting.

(e) From Dr. Harry B. Bambly, President, Marina Civic Improvement and Property Owners Association, requesting the Commission to have the City and County of San Francisco designate the Palace of Fine Arts a State Park project, in order that a portion of the $2,000,000 fund created for State Park purposes in San Francisco can be used for rehabilitation of the Palace of Fine Arts.

Marina Civic Impr.Club's Request for Use of Portion of $2,000,000 State Park Rehabilitation of Palace of Fine Arts Ref'd to Mayor

President Sutter and the Commissioners discussed the City's plans for State Park development in other locations, particularly the Ferry Building area, and the factor on which the use of State Funds depended would be the priority given to any project by the Mayor and the Board of Supervisors.

Therefore, on motion of Commissioner Parr, seconded by Commissioner Dippel, the Commission directed that Dr. Bambly's letter be forwarded to Mayor Christopher for whatever consideration or action he deems proper and consistent with the City's plan for State Park development.

FINISHED BUSINESS

(a) SHOWBOAT FORT SUTTER - ACTION POSTPONED TO MAY 10 MEETING

In accordance with the direction of the Commission at the previous meeting, Mr. Funke, General Manager, submitted his written report and recommendations on the most recent proposal submitted by Mr. Barney Gould and his associates for the relief of the riverboat FORT SUTTER, stranded at the Aquatic Park lagoon.

Mr. Funke's written report under date of April 26 referred to the letter the Commission had received at the last meeting from Mr. Paul Madden, Attorney-at-Law, offering to post a cash bond in escrow in the amount of $7,500 to guarantee the removal of the riverboat Fort Sutter from City property in Aquatic Park, if the terms of a contract for its restoration and refurbishing is not completed within the calendar year 1956.

Mr. Funke found no assurance that the project would be completed, nor had he found sufficient evidence of sufficient financial backing to guarantee the remodeling of the vessel or placing it in operation. He further quoted estimates to show that $7,500 would fall far short of the cost of removing the vessel from Aquatic Park. He pointed out that the Commission, in protecting the City's interests, is required to make sure that there is sufficient guaranty in any agreement (1) to cover the actual cost of removal of the vessel, in case of default by the owners, (2) that the project when in operation will be a credit to the community and above criticism, and (3) that the vessel be restored and maintained in conformity with the historical theme of the Maritime Museum development of the Aquatic Park area.

He summarized the three possible courses open to the Commission as follows: (a) That Showboats, San Francisco, Incorporated, be asked to remove the vessel for refurbishing at another location. If this condition is met satisfactorily, the Commission would then enter into a long-term lease, providing for its return to Aquatic Park and its operation there; (b) that the corporation be required to increase its offer of performance bond from the insufficient $7500 to a minimum of $30,000, if refurbishing is to be undertaken at the present site; and (c), that the Commission renew its efforts to remove the vessel forthwith by requesting a prompt decision on the proceedings now on trial in the Superior Court.

Mr. Gould was present and requested a two weeks' continuance, explaining that his associates had met with delays in setting up their corporation structure and arranging their finances.

Commissioner Parr mentioned for the record that he had received a phone call from Mr. Madden, requesting an extension of time to the next Commission meeting, and that he had told Mr. Madden that if the extension were granted, any agreement would have to be worked out during the two-week extension with President Sutter and Mr. Funke.

Commissioner Parr suggested that the Commission formally accept the General Manager's report, and on his motion, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 2259

Barney Gould and Associates Granted a Two Week's Extension of Time (to May 10, 1956) to Seek Satisfactory Financial Arrangements.

Resolution No. 2259

RESOLVED, that this Commission, having reviewed in full the written report and recommendations of the General Manager relative to the latest proposal of Mr. Gould and his associates regarding the riverboat Fort Sutter, does hereby accept and approve said report and its conclusions; and Mr. Gould and associates are hereby granted a two weeks' continuance, to this Commission's next regular meetong on May 10, in order to seek satisfactory financial arrangements.

(c) Proposed Presidio Playground in Vicinity of Lyon Street

Proposed Presidio Playground in Vicinity of Lyon Street

Mr. Funke reported briefly on the preliminary negotiations with the United States Army officials regarding the development of a playground within the Presidio, in the vicinity of Lyon Street, a project of the 1955 Bond Fund, and asked the Secretary to report on meetings attended by him and Mr. Harman.

Mr. McDevitt reported the details of the meetings with Colonel Graf, U. S. Army District Engineer, and Colonel Lundquist, Deputy Post Commander of the Presidio.

Colonel Lundquist and his staff placed military priorities on the Presidio property in the vicinity of Lyon Street, but were agreeable to having the department submit a re-design of the proposed playground, the offices of the Presidio Engineer having been made available to Mr. Harman in working out alternate proposals.

(d) Curb on Vandalism and Parking Regulations in Golden Gate Park

Mr. Funke reported on the results of his meeting with Police Chief Frank Ahern for the purpose of reducing the vandalism in public parks, and Golden Gate Park, in particular, the most recent vicious acts having been the theft of thirty rhododendron plants in the west end of the park and the damaging of the pump-house at the Arboretum.

The Police Chief has agreed to assign plain-clothes Police officers, in unmarked cars, for night patrol of Golden Gate Park.

Mr. Funke requested and received the Commission's authorization to continue an ambitious campaign against vandalism by joining with Police and School officials in firmly placing parental responsibility.

On motion of Commissioner Dippel, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2260

Commission Appvs. General Manager's Plans for Combatting Vandalism in Public Parks. Ordinance Prohibiting G.G.Park Parking Dur.Late Eve. & Early Morning Hrs. To Be Submitted to Bd.Supv.for Approval

Resolution No. 2260

RESOLVED, that this Commission does hereby approve the plan of the General Manager for combatting the widespread acts of vandalism on public property, and toward that end does hereby direct the Secretary to draft and submit to the Board of Supervisors an ordinance prohibiting the parking of automobiles in Golden Gate Park during late evening and early morning hours except in specially designated areas used for parking purposes in conjunction with special events.

The Commission reviewed the sole bid proposal and approved proceeding with the repair and painting of the Merry-go-round at the Children's Quarters in Golden Gate Park, by deducting Item (F) from Proposal No. 2 (a $420 reduction by eliminating the under-side painting of the canopy), awarding the contract in the amount of $6,451.00.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2261

Award of Contract for Merry-Go-Round Repairs, G.G.Park-to Sole Bidder, WM.McINTOSH & SON, in Amount of $6451.

Resolution No. 2261

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Repairs to Merry-Go-Round, Children's Quarters, Golden Gate Park, to WILLIAM McINTOSH & SON, 635 Texas Street, they being the sole regular and responsible bidder therefor, in the amount of $6451.00 (being Proposal No. 2, less Item (F) in the amount of $420.00); and, be it

FURTHER RESOLVED, that the General Manager of the Recreation and Park Department and the Commission Secretary be and are empowered to execute this contract on behalf of the Commission; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

(b) Award of Architectural Contracts - 1955 Bond Fund Projects

Mr. Funke submitted a written report containing data which the Commission could use as a basis for architectural and engineering contracts to be awarded under the 1955 Bond Fund.

Commissioners reviewed the report, and President Sutter emphasized the importance of all architects and engineers being instructed that they must draw their plans so that construction costs will stay within the funds available.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution of awards was adopted:

Res. No.2262

Award of Architectural & Engineer'g Contracts-1955 Bond Fund Projects

Resolution No. 2262

RESOLVED, that this Commission, in consideration of the professional qualifications of the architects and engineers to whom the following contracts are awarded, and in consideration of

(c) Maritime Museum's Plan for Development East of Aquatic Park Bldg. to Be Defined in a Written Agreement.

Mr. David Nelson, assistant to the President of the Maritime Museum Association, appeared before the Commission to present a general outline of the Association's present plans for the development of the area east of the Aquatic Park building. He described the plan and showed drawings which had this Commission's prior approval. The plan called for construction of an historic railroad exhibit building and the display, in open area, of two historic sailing ships.

Both Mr. Funke and Mr. Nelson told the Commission that it was most desirable that a written agreement on procedure for the development of the area be drafted and entered into by both parties. Stated broadly, Mr. Nelson proposed that the Museum would build, pay for, install and maintain the buildings on the area, while this Commission would build, pay for, install, and maintain the landscaping. Questions regarding custodianship of the land area and policies regarding admission charges could not be answered at this stage.

Following a complete discussion, on motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

NEW BUSINESS (cont'd)

Res. No.2263

Maritime Museum's Plan for Development of Area E.of Aquatic Park Bldg. to be Defined in Written Agreement.

Resolution No. 2263

RESOLVED, that this Commission, having heard in general terms the plans for the historical and museum development of the City property adjoining the Aquatic Park building, as stated in the above proceedings, does hereby authorize and direct the General Manager to draft with the proper officials of the Maritime Museum Association, a written agreement to be entered into between this Commission and the Maritime Museum Association, which will outline the obligations of both parties in carrying out the development, operation, and maintenance of the area east of the Aquatic Park Building, and to submit the written agreement to this Commission for approval.

(d) Commission Extends Best Wishes to John Molloy for Speedy Recovery

Secretary Directed to Send Letter to Mr.John Molloy, Conveying to Him the Commission's Best Wishes for a Speedy Recovery

Mr. Funke told the Commission of the sudden illness of Mr. John Molloy.

Commissioners expressed admiration of Mr. Molloy's courage, loyalty, and sense of duty last Sunday, when, without disclosing his illness or making complaint to anyone, he carried out his assignment in the Festival of Progress Parade.

On motion of Commissioner Parr, seconded by Commissioner Dippel, a letter sending the Commission's best wishes for Mr. Molloy's speedy recovery is to be sent by the Secretary.

(b) From Sydney G. Walton, Chairman, San Francisco Chapter, The American National Red Cross, requesting the Commission to authorize the planting of a floral Red Cross design in the Conservatory Doll, in conjunction with the 58th annual meeting of the San Francisco Chapter in October 1956.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 2265

Commission Appvs. Floral Plaque in Conservatory Dell During National Convention of American Red Cross in 1958, But Denies Request for Local Chapter's Annual Mtg. in Oct., 1956.

Resolution No. 2265

WHEREAS, it is this Commission's established policy to limit the planting of floral designs in the Conservatory Dell to national conventions or events of a national or international scope, now, therefore, be it

RESOLVED, that this Commission deny the request of the San Francisco Chapter of the American Red Cross for the planting of a floral plaque for its annual meeting in October 1956, but does hereby approve and authorize, at this early date, the installation of a floral plaque in Conservatory Dell in observance of the National American Red Cross Convention when it is held in San Francisco in 1958.

COMMUNICATIONS (cont'd)

(c) 1. From Supervisor Francis McCarty, proposing that the new recreation center and playground in the Eureka Valley District be named the "MONSIGNOR LEO W. POWLESON PLAYGROUND."

(c) 2. From Ross Shoaf, President, Eureka Valley Promotion Association, reporting the unanimous action taken by his organization, asking that the new playground be officially named and dedicated "EUREKA VALLEY PLAYGROUND."

Naming of New P/G & Recreation Ctr. at 19th & Collingwood Sts. to Be Spec.Ord.of Bus. on May 24,1956 at 2:00 P.M.

The Secretary reported that several organizations have written letters on this matter, and have requested an opportunity to be heard.

At the direction of President Sutter, the naming of the new playground in the Eureka Valley District will be considered as a Special Order of Business at 2:00 P.M., on the afternoon of Thursday, May 24, 1956.

LETTERS OF INFORMATION - acknowledged by Secretary and/or referred to the General Manager for appropriate action:

(a) From Mayor George Christopher, a copy of his letter to the Marina Civic Improvement and Property Owners Association, advising them that the proposed State Park at the foot of Market St. has first priority on the $2,000,000 appropriated by the State Legislature for State Park purposes in San Francisco, and assuring that every effort will be made to create a State Park on the Palace of Fine Arts grounds, "keeping in mind the fact of course that the Park at the foot of Market Street, adjacent to the Ferry Building, has first priority."

PALACE OF FINE ARTS

Commissioner Parr, with the concurrence of all members, stated for the record the Commissions position regarding the Palace of Fine Arts, to wit: That the Commission has, on two previous occasions, endorsed the bill in the State Legislature which would declare the Palace of Fine Arts to be a State Park project, and this Commission has further advised the Mayor and the Board of Supervisors that, if funds are provided, this Commission would be pleased to undertake restoration or, if it is the City's policy that the building is not to be restored, it would be pleased to undertake its demolition and the development of the area as a public park.

(b) 1. From the Board of Supervisors, copies of Resolutions Nos.16,617 and 16,618, meeting of April 23, 1956, in which they designate the site beneath the Civic Center Plaza for use as a public off-street parking facility, and approving the joint working agreement between the Board of Supervisors, the Parking Authority and this Commission, relative to leasing the property and the construction of the sub-surface garage.

Designation by Board of Supv. of Site Under Civic Center Plaza for Off-street Parking Facility.

(b) 2. From Edward D. Keil, Attorney for Civic Center Plaza Parking Corporation, offering to expend approximately $140,000 for restoration of the surface of the Civic Center Plaza.

President Sutter reported that in meetings with the Parking Authority and other interested parties, he had gone on record that the Commission would not be satisfied with the flat figure of $140,000. He reported that the Department of Public Works is seeking a $4,000 appropriation for preparation of a re-design of the Plaza's surface, and the money required for restoration would necessarily depend on the drawings and specifications prepared by the landscape architect. Mr. Sutter believes that all parties are aware of their respective obligations, and that the present situation is clear to all and favorable to this Commission.

Commissioner Parr commented on the excellent re-design that had been accomplished on the surface of Pershing Square, in Los Angeles, and expressed his hope that similar improvements could be accomplished here.

LETTERS OF INFORMATION (cont'd)

(c) From Marina Civic Improvement and Property Owners Association, requesting that the six destroyed or stolen signs prohibiting dogs on the Marina Green be replaced.

(d) From Mayor Christopher, forwarding from Mr. Robert R. Aurand the suggestion that a swimming pool be constructed on Jefferson Park.

REPRESENTATIVES AND DELEGATES

Backers of SHOWBOAT Proposal Fail to Post Required Bond. Court Trial to Proceed.

Mr. Barney Gould, representing San Francisco Showboats, Incorporated, was present regarding the most recent proposal for relief of the riverboat FORT SUTTER, now stranded in the Aquatic Park Lagoon. This Commission at its last meeting, in accepting the report and recommendations of the General Manager, placed a demand on San Francisco Showboats, Incorporated, that they produce at today's meeting satisfactory evidence of sound financial backing and post a minimum bond in the amount of $30,000.

Mr. Gould reported that he had not obtained firm financial backing from his prospective backers, nor had he been able to obtain the required bond.

Mr. Funke referred to his written report and again counseled the Commission that there has been no improvement in the situation; that the removal of the vessel will be an expensive process; that its preparation for operation, as originally proposed by Mr. Gould, would approach the cost of $250,000; and that Mr. Gould, by his own admission, has no definite financial support or backing.

It was the Commission's opinion that no further action is required, except to proceed as scheduled with the trial in the Superior Court for May 17, and at that time to ask the Court to render a decision on the Commission's plea.

UNFINISHED BUSINESS

(a) Transfer of Small Portion of Corona Heights Playground to Department of Public Works for Widening & Extending 16th Street

The Commission next considered the request contained in Mayor Christopher's letter of March 21, that a small section of the Corona Heights Playground be transferred to the Department of Public Works, for the widening and extension of Sixteenth St. Commissioners had personally inspected the site and investigated the situation of the roadway leading to the Junior Museum and were satisfied that a public street was the better solution in providing access to the building.

On motion of Commissioner Moore, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 2274

Commission Complies with Mayor's Request for Tsf. of Small Portion of Corona Hts. P/G for Extension & Widening of 16th Street

Resolution No. 2274

WHEREAS, the Department of Public Works has requested the Mayor to approve the transfer of a parcel of land under the jurisdiction of the Recreation and Park Commission, to be used for the widening and extension of Sixteenth Street; and

WHEREAS, the Director of Property has reported the historical cost of the property to be $750.00, the property being described as follows:

"Beginning at the northeasterly extremity of that certain curve of 19.12 feet radius which connects the northeasterly line of Sixteenth Street with the southerly line of Fairbanks Street and running thence easterly along said line of Fairbanks Street 41.769 feet; thence leaving said line of Fairbanks Street, deflecting 51° 49' 42" to the right and running southeasterly 126.391 feet; then deflecting 15° 56' 44" to the left and running southeasterly 50.249 feet; thence deflecting 5° 42' 38" to the left and running southeasterly 150.00 feet; then deflecting 0° 45' 50" to the left and running southeasterly 150.013 feet; then deflecting 0° 57' 16" to the left and running southeasterly 100.045 feet; thence deflecting 1° 43' 06" to the right and running southeasterly 100.00 feet; thence deflecting 20° 28' 28" to the left and running southeasterly 43.00 feet; thence deflecting to the right and running southwesterly 31 feet, more or less, to a point on the northeasterly line of Sixteenth Street, said point lying 50.00 feet northwesterly from the southeasterly termination of said Sixteenth Street, as measured on and along said northeasterly line of Sixteenth Street; thence deflecting to the right and running northwesterly along said northeasterly line of Sixteenth Street 751.10 feet; thence northwesterly, northerly and northeasterly along the arc of a curve to the right tangent to the preceding course with a radius of 19.12 feet, a central angle of 149° 49' 40", a distance of 50.00 feet to the point of beginning. Being a portion of Assessor's Block 2615."

NOW, THEREFORE, BE IT RESOLVED, that the Recreation and Park Commission, in compliance with the provisions of Section 161, Part I of the Municipal Code, does hereby consent to the transfer of the property requested by the Department of Public Works for the

(b) Mayor's Request that Franklin Square be Leased as Parking Facility Unacceptable to Commission - To Remain A Park.

The Commission next considered the many factors involved in the request of Mayor Christopher that the leasing of Franklin Square as a parking facility be approved by the Commission and steps taken to place the matter on the ballot.

Commissioners Moore and Gallagher offered several reasons for retaining Franklin Square as a park. The whole picture and the principles involved in preserving park land for the benefit of the public was thoroughly discussed, and on the second poll, on motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was unanimously adopted:

Res. No.2275

Commission Recommends Against Converting Franklin into Parking Facility or Placing It on Nov.6,1956 Ballot.

Resolution No. 2275

WHEREAS, this Commission recognizes that the parking situation at Seals Stadium is admittedly difficuly, as it is at all large sporting events in this city or elsewhere, the parking problem is not sufficiently critical to warrant the loss of Franklin Square as a public park, as evidenced by the following facts: (1) Franklin Square is regularly used by persons working and living in a congested industrial area; (2) it is the only public park in the entire South-of-Market sector, from the Embarcadero to Van Ness Avenue, and from Market Street to Brannan Street; (3) conversion of the park into a parking lot would destroy its park features, make restoration extremely costly; (4) it is evident, through letters and other expressions of public opinion, that many people object to the proposal which would reduce the City's already limited park land; (5) City Attorney Opinion No.1068 advises that the Board of Supervisors would have to declare the discontinuance of the park to be in the public interest before submitting the matter to the voters; now, therefore, be it

RESOLVED, that for the aforesaid reasons, it is this Commission's considered judgment and recommendation that Franklin Square should not be leased or put to other use at this time, nor should the issue of its discontinuance be submitted to the voters on the November 6, 1956, ballot.

(c) Nine-hone, Full Lenth Golf Course - McLaren Park

Members again considered the plans for the development of golf facilities at McLaren Park, as outlined in the report of the General Manager to Mayor Christopher in his letter of March 2. Commissioners were in general agreement that a 9-hole, full length golf course on the gently sloping terrain in the south and southeastern portion of the park would give the best service to the public and make the best use of the land.

Commissioner Gallagher recommended that the plans include a practice driving range, a putting green, and a chipping green.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2276

Resolution No. 2276

RESOLVED, that this Commission, in order to promptly supply the urgent public demand for additional golf facilities and in order to proceed with the projects as proposed in the 1955 Recreation and Park Bond Issue, does hereby request the Mayor, the Board

(d) Renewal of Leases - U. S. Army - for Beach Chalet and Ft.Funston Lands

The Commission next considered the request of Mr. Harlan B. Watkins, Chief, Real Estate Division, Corps of Engineers, U.S.Army, Office of the District Engineer, San Francisco, for renewal of two leases of Park land for military purposes, each for the period of 5 years, commencing July 1, 1956 and expiring June 30, 1961.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolutions were adopted:

(c) Small Boat Harbors

Mr. Harman reported that Supervisor Henry Rolph, Chairman of the Public Lands Committee of the Board of Supervisors, had asked the City Planning Department and the Recreation and Park department to submit, by June 5, report on the future development of small boat harbors in San Francisco. He asked for the Commission's approval and authorization to submit the joint technical report prepared for the Mayor's Committee, and to supplement it with information which the State Lands Committee requires for the master planning of small boat harbors by counties.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2281

Small Boat Harbor Locations in S.F. Marina Named as First Priority.

Resolution No. 2281

RESOLVED, that this Commission does hereby approve and adopt, for purposes of inclusion in San Francisco's Master Plan for Small Boat Harbors and for submission to the State Lands Commission, the Joint Technical Report of November 25, 1955, prepared by this department and the Department of City Planning, containing therein the following eight (8) locations on San Francisco's shoreline, recommended for the development of small boat facilities: (1) Presidio Shoreline, (2) Marine Shoreline, (3) Aquatic Park--Fisherman's Wharf, (4) Ferry Building, (5) China Basin Channel, (6) India Basin, (7) Candlestick Cove, and (8) Treasure Island Cove; and, be it

FURTHER RESOLVED, that this Commission does hereby name as first priority of the aforementioned eight locations, the development of the Marina Small Boats Harbor.

abandon plans for the construction of the western freeway as presently proposed by the State Division of Highways.

President Sutter reported that he had attended a meeting of the Streets and Highways Committee of the Board of Supervisors, and that he had voiced the Commission's opposition to the freeway plan because, from all indications, it would be routed into and across Golden Gate Park in the vicinity of Seventh and Ninth Avenues, the very heart of Golden Gate Park's most highly developed section and containing the greatest concentration of public attractions.

The Supervisors' Committee have recommended abandonment of the Western Freeway to the full board, and the matter is to be heard at the Board of Supervisors' next regular meeting on Monday, May 14.

SPECIAL ORDER OF BUSINESS - PUBLIC HEARING ON NAMING OF PLAYGROUND

With the Commission chambers filled to capacity, President Sutter opened the meeting with a special order of business which had been scheduled for 2 o'clock, one hour in advance of the regular meeting time. Public notice had been given that the Commission would hold a public hearing on the matter of naming the new playground at Nineteenth and Collingwood Streets, and all interested parties had been invited to attend.

President Sutter invited the Honorable Supervisor Francis McCarty to speak on the proposal which he had submitted in writing at the last meeting, that the playground be named the "Monsignor Leo W. Powleson Playground."

Public Hearing On the Naming of the New Playground at Nineteenth and Collingwood Sts. Supporters of Supervisor McCarty's Proposal for Name "MONSIGNOR LEO W. POWLESON" Board of Supervisors (By Res.16707)

Supervisor McCarty, in an eloquent address, related the many accomplishments and services of the late Monsignor Powleson, particularly his tenure as a Recreation Commissioner for eleven years, his leadership of the Catholic Youth Organization for seventeen years, and his services as Chaplain of the Fire Department for nine years. He stressed the appropriateness of naming this particular playground in honor of the man who had been reared and educated in that neighborhood. He presented Resolution No. 16707 of the Board of Supervisors, adopted at the meeting of May 14, 1956 and signed by Mayor Christopher on May 16, requesting the Commission to give consideration to naming the playground the "Monsignor Leo W. Powleson Playground."

Supervisor McCarty focused attention on the 122 letters which the Commission had received from organizations and civic leaders, judges, City and State officials endorsing his proposal. He offered a plea that the Commission pay full ho or to a great man and not compromise its decision by simply naming a portion of the playground in his memory. Supervisor McCarty was supported in his proposal by the following speakers and the organizations that they were representing: Assemblyman Thomas Maloney, Robert F. Callahan of the David Scannell Club, San Francisco Fire Department; Michael J. Lawley, Eureka Valley Club; Bert Leroux, Old Timers Baseball Association of San Francisco; Dr. Irving Alfred Dundas, President, South of Market Boys, Inc.; and Mrs. Elizabeth Telesmanic.

President Sutter then asked to hear from persons who had other proposals. Mr. William H. Watson, speaking for the Eureka District Merchants Association, stated that at its May 15 meeting, his organization had gone on record favoring the name of Eureka Valley Playground and Recreation Center, and opposed any change whereby the playground would be named after any individual. The reasons given were, that the name has been used since the inception of the plan for a playground in the Eureka Valley

SPECIAL ORDER OF BUSINESS (cont'd)

District; that it serves to locate the playground geographically; that the name will be a tribute to all residents of the district who worked for the playground's development. His organization approved the suggestion that a section, such as the baseball diamond, be designated and dedicated in memory of Monsignor Powleson.

Supporters of Name EUREKA VALLEY PLAYGROUND.

The Reverend Charles K. Davenport of the Central Baptist Church spoke for the name Eureka Valley Playground, and opposed Supervisor McCarty's proposal on the basis that naming the playground to honor anyone of any particular group would serve to divide the people into two factions.

Mrs. Ross Shoaf, speaking as an individual, as well as for the Douglas Parent-Teacher Association, urged the Commission to name the playground for the Eureka Valley District, so that all the children would recognize it as a public playground.

Mario Spagna, President of the Eureka Valley Promotion Association, restated the request of his organization's earlier letter asking for the name Eureka Valley Playground, and suggesting that the baseball field be dedicated to the memory of Monsignor Powleson. This request was supported by M. C. Isaksen, speaking as Vice President of the Central Council of Civic Clubs, by Mrs. Aidelberg, Principal of the Douglas School, Mrs. Ruth Connell and Mrs. Herbert B. Thomas.

Commissioner Moore made the motion, seconded by Commissioner Parr, that all persons and organizations be thanked for their attendance and expressions "pro" and "con," and that the matter be taken under advisement.

Commissioner Gallagher, speaking on the motion, explained that he was prepared to vote. He good-humoredly informed all present that he did not initiate the proposal, but since he knew Father Powleson, had admired him for the tolerance which he exemplified as well as for his other fine qualities, that he had no question in his mind as to how he would vote. He said that the question had become a public issue and that it merited a public vote, so that all interested could learn of the decision openly and without delay.

Commissioner Parr stated that due to the great variance in the opinions of the speakers, he had no conviction as yet and was not prepared to vote on the matter.

Commissioner Coffman, expressing his love and honor for Father Powleson, due to his long association and friendship with him, said that he had fully intended to vote in favor of Supervisor McCarty's proposal, but the meeting had disclosed a strong controversy. He believed sincerely that the playground would open under a handicap if the name is to be opposed and he, too, asked that the name be taken under submission.

Commissioner Herz said that he was impressed with the powerful arguments offered by both sides; that he was now aware of Father Powleson's contributions to the community, but that he also wished to deliberate.

President Sutter then announced that a special meeting would be held the following week at the call of the Chair, to finally vote and decide how the new playground would be named.

(2) From Dion R. Holm, City Attorney, recommending that the Commission approve a compromise and settlement in the amount of $450. in the case of Dennis B. Corley v. City and County of San Francisco (Superior Court No. 448291).

Mr. Kimbell reported that the dangerous condition at the J.P. Murphy Playground had been remedied, and the General Manager recommended the settlement.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2283 — Commission Authorizes Compromise and Settlement of Claim of Dennis R. Corley, Minor, v. City & Co. of San Francisco (Sup.Ct.No.448291) in Amount of $450.

Resolution No. 2283

WHEREAS, on February 13, 1955, Dennis R. Corley, a minor, sustained a broken left leg while playing in the J.P.Murphy Playground, due to an allegedly hazardous location of the sandbox said playground, and the City Attorney has recommended that a litigated claim of $20,900 be settled for the sum of $450.00; now, therefore, be it

RESOLVED, that this Commission does approve the recommendation of the City Attorney and hereby authorizes the compromise and settlement of the case of Dennis R. Corley v. City and County of San Francisco (Superior Court No. 448291) in the amount of $450.

REPRESENTATIVES AND DELEGATES

Commission Appvs. Proposal of Hayes Valley Parents Group That New Center be Built on Presently Owned City Property. Father Gallagher, Mr. Kimbell and Mr. Funke Appointed Committee to Meet with Group & Report Findings at Early Commission Meeting.

A group from the Hayes Valley Parents Association were in attendance, to submit a request that the plans for the Hayes Valley Recreation Center project be prepared and carried out insofar as they concern the utilization of the presently owned City property.

Mr. Duane Anderson, speaking for the group, reviewed the several years' delay on the Hayes Valley Center, and complained that there was no evidence of progress since the bond money was voted in 1947.

Mrs. J. A. Wooley, Chairman of the Association, said that the district was anxious to get the center constructed, and that the old quarters were very badly deteriorated.

Commissioner Coffman said that, in light of all that had been reported, and in view of the completely new proposal, he would suggest that all concerned take a new look and get the ideas of the staff and of the people from the district.

It was duly moved by Commissioner Coffman, seconded by Commissioner Moore, and passed, that in consideration of the proposal from the Hayes Valley Parents Association, the new center be built on presently owned City property, that the matter be resurveyed immediately, and that a committee consisting of Father Gallagher, Mr. Funke, and Mr. Kimbell, meet with the Hayes Valley representatives and report their recommendations at the earliest practicable meeting.

NEW BUSINESS

Public Call for Bids to Be Made for Operation of Phelan Beach Refreshment Concession. (Schuman Lease Expires on 6/30/56)

(a) Consideration of Refreshment Concession at Phelan Beach

The Secretary reported that a letter had been received from Mr. Solly Schuman in which it was indicated that he did not wish a renewal of his contract for the refreshment concession at Phelan Beach, which expires on June 30, 1956. Mr. Schuman stated that due to the seasonal character of the operation, he had found it to be unsuccessful financially and complained, in particular, on the requirement of a $100 monthly minimum guaranty.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the General Manager and Secretary were authorized to issue a public call for bids on the Phelan Beach Concession, eliminating the $100 per month minimum guaranty, and providing for operation of the concession as weather permits and as the department

(1) Proposed Agreement With Civic Plaza Parking Corporation for Construction of Underground Garage, No.Half of Civic Center Plaza

Commission Requests Certain Proposed Changes Be Made in Draft of Agreement for Construc.& Opera. of Civic Center Underground Garage.

With Mr. Jerome Cohen, Deputy City Attorney, in attendance, the Commission gave consideration to the proposed agreement with the Civic Plaza Parking Corporation for the construction of an underground garage beneath the surface, in the northerly half of the Civic Center Plaza; and also the proposed parking lease for the operation of the garage. (Photostatic copies of both agreements had been delivered to each Commissioner by the Commission Secretary, in advance of the meeting.)

Members gave particular attention to Paragraph 1 on pages 4, 5, and 6 of the proposed agreement, which set forth in detail the conditions and requirements for restoration of the surface of the Plaza in accordance with the directions, and subject to the approval, of the Commission. The Commission expressed satisfaction with the provisions as set forth.

In the matter of the construction costs, Mr. Cohen explained that the corporation would finance the garage construction, but would be reimbursed from revenues from the garage operation, in accordance with terms which would be established after construction bids had been called for.

Commissioner Parr was of the opinion that there should be an added provision in the agreement that before any award for construction is made, the Commission shall have ample time to review the plans and estimates, and to give its approval of the cost figures. He stated that it is only good business procedure to have the opportunity to check the construction cost figures with outside authorities. Members concurred in his views.

On motion of Commissioner Parr, seconded by Commissioner Moore, the Commission thanked the City Attorney's office for its services in this matter, and formally requested that there be incorporated in the draft of the agreement the aforementioned suggested conditions, to provide the Commission with an opportunity to check the plans and estimates of construction costs before making a final decision of approval.

(2) Naming of New Playground at Nineteenth and Collingwood Streets

New Playground at 19th & Collingwood Sts. Named the EUREKA VALLEY PLAYGROUND. Baseball Field to be Dedicated & Named in Honor of Monsignor Powleson

The Commission then considered the selection of a name for the new playground nearing completion at Nineteenth and Collingwood Streets. Members reviewed the details of the public hearing on the subject, held Thursday, May 24, at 2:00 P.M., at which time the Commissioners had heard Supervisor McCarty and other supporters speak in favor of the name, "Monsignor Leo W. Powleson Playground." At the same hearing, the Commission had heard several persons and organization representatives speak with equal enthusiasm for the name, the "Eureka Valley Playground."

Commissioner Coffman said that he was sure that his friend Father Powleson would not be pleased with the controversy which presently exists over the naming of a playground in his memory. He believed that this controversy would end if, as suggested by many, the baseball diamond could be named in Monsignor Powleson's memory as a compromise measure.

After a long, serious and conscientious deliberation of the many factors involved in the issue and the expression by each Commissioner of his personal opinion as to the best solution, Father Gallagher made the motion, seconded by Commissioner Dippel, that the playground be named the "Father Powleson - Eureka Valley Playground," the motion failing by a 4 to 2 vote.

Commissioner Herz then offered the motion, seconded by Commissioner Moore, that the playground be named the Eureka Valley Playground and that the baseball field be dedicated and named in honor of Father Powleson. This motion carried on the first ballot, and was made unanimous on a second ballot when agreement had been reached by all members.

Commissioner Moore asked that the Commission consider a method of procedure in the naming of parks and playgrounds so that such controversies might be unnecessary in the future. All members agreed on the desirability of establishing such a procedure.

Committee Appointed re Naming of Park Properties.

President Sutter then appointed a committee for the purpose of establishing such procedure and reviewing and making recommendations on names suggested in the future. Committee members are Commissioners Moore, Gallagher and Parr.

(3) Award of Contract - CONSTRUCTION OF PARKING AREA AT SAN FRANCISCO ZOOLOGICAL GARDENS - to WM. McINTOSH & SON - $6,205.00

The Secretary next read the sealed bids which were received and opened by him at 2:00 P.M., Tuesday, May 15, 1956 as follows:

	Base Bid	Deduction for Omission--Armor Coat
LOW BIDDER WM. McINTOSH & SON 635 Texas St., S.F.7	$ 8,450	$2,600
Other Bidders		
Chas. L. Harney	$ 8,800	$1,850
Pacific Pavements Co.,Ltd.	$ 9,100	$2,100
Eaton & Smith	$13,600	$2,055

Mr. Funke explained that the bid proposals provided for the elimination of several units of work, with a corresponding reduction in the amount of the respective bids.

Mr. Harman, Department Engineer, recommended the award of contract with the deduction of a $2,600 item for omission of armor coat, but including the item of constructing a catch basin at a cost of $355.00. The result of this recommendation made William McIntosh & Son the lowest responsible bidder for the desired work at a bid of $6,205.00.

On motion of Commissioner Gallagher, seconded by Commissioner Parr, the following resolution was adopted:

Res. No. 2296

Award of Contract-Parking Area at S.F.Zoo Gardens-to WM.McINTOSH & SON - $6205.00.

Resolution No. 2296

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Construction of Parking Area at San Francisco Zoological Gardens, to WILLIAM McINTOSH & SON, 635 Texas Street, San Francisco, they being the lowest regular and responsible bidders therefor in the amount of $6,205.00 ((base bid $8,450, less deduction of $2,600 for omission of Armor Coat, plus $355 for catch-basin)) and, be it

FURTHER RESOLVED, that the General Manager of the Recreation and Park Department and the Commission Secretary be and are

empowered to execute this contract on behalf of the Commission; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

UNFINISHED BUSINESS

(1) Subsurface Civic Center Exhibit Hall Working Drawings Approved.

The Commission next considered the working drawings for construc- of the subsurface Civic Center Exhibit Hall, submitted for approval by Mr. Sherman P. Duckel, Director of the Department of Public Works.

The presentation and explanation of the working drawings was made by Mr. Charles W. Griffith, City Architect, and Mr. George R. Kennaday of the architectural firm of Wurster, Bernardi and Emmons. It was pointed out that there were no changes of consequence in the scheme based on the preliminary drawings which the Commission had approved previously under Resolution No.2136.

Members gave particular attention to features affecting the restoration of the plaza's surface, viz., exit stairs, stair railings and air-intake ventilators.

Mr. Funke mentioned that on the recommendation of the Art Commission the Department of Public Works was requesting an appropriation of $4,000 for a re-design plan of the surface of the Civic

UNFINISHED BUSINESS (cont'd)

Center Plaza, and that the working drawings presently submitted were based on a restoration of the Plaza as it presently exists. If the surface is redesigned, the working drawings will then be adapted to the new design.

On motion of Commissioner Dippel, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2309

Commission Appvs. Working Drawings for Civic Center Subsurface Exhibit Hall

Resolution No. 2309

RESOLVED, that this Commission does hereby approve the working drawings for the subsurface Exhibit Hall at Civic Center Plaza, as recommended by the Department of Public Works; and noting in the submission that the architects and the Department of Public Works have the express intent of applying continued corrective measures in the surface restoration problem of placing the surface ventilators and stairways.

(2) Subsurface Garage - Civic Center Plaza

Mr. Edward D. Keil, Attorney for the Civic Plaza Parking Corporation, introduced for the Commission's consideration the many factors relating to the proposal that a subsurface parking garage be constructed in the north half of the Civic Center Plaza.

At his suggestion Mr. John J. Gould, Engineer for the Civic Plaza Parking Corporation, presented and described in detail what he termed the pre-preliminary drawings of the proposed garage. The capacity will range between 875 and 1000 cars, depending on the stall arrangement; it will be an operation in which customers will park their cars themselves, but elevators and escalators will be included in the construction. Mr. Gould quoted $3,000,000 as his present estimate of the construction cost. He explained that a subsurface water flow and high water pressure at the construction depth of 34 feet would contribute to the construction cost and are included in the present estimate.

On motion of Commissioner Moore, seconded by Commissioner Dippel, the Commission granted preliminary tentative approval to the general schematic plan of the Civic Center Garage, with the understanding that formal preliminary drawings would be submitted for approval at a subsequent date.

Mr. Keil then asked Mr. Jerry Cohen, Deputy City Attorney, to outline in detail the terms and form of agreement between the Civic Plaza Parking Corporation, the City, and the Commission. Messrs. Cohen, Keil, and Fisher explained the necessity and legality of the proposal that the garage be constructed on the basis of cost plus ten per cent. Mr. Cohen explained that the City has no obligation under the construction arrangement, and that the risk rests with the lessee and financier. While the construction of the garage will be financed on a lease-mortgage basis, the City will arrange for the leasing and operation of the garage by a public call for bids prepared by the Director of Property.

Commissioners reviewed a detailed summary of the agreement and noted that it contained complete provisions governing the restoration of the plaza surface, and a time schedule for the submission of plans and cost estimates, for Commission approval.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2310

Commission Approves Form of Working Agreement Between Civic Plaza Parking Corp., City, and R & P Commission (Civic Center)

Resolution No. 2310

WHEREAS, there has been filed in the office of this Commission and brought to the attention of the members thereof a form of agreement between Civic Plaza Parking Corporation and the City and County of San Francisco and the Recreation and Park Commission, which agreement and terms thereof provide for the financing, construction and leasing of an underground garage beneath the northerly half of the Civic Center Plaza for the purpose of

operating a public automobile parking garage thereon, to which agreement reference is hereby made and directed for its detail, and

WHEREAS, the Parking Authority of the City and County of San Francisco has tentatively approved said form of agreement, and

WHEREAS, it is agreeable to the Commission that an underground garage be constructed beneath the Civic Center Plaza pursuant to the terms of the aforesaid agreement and exhibits attached thereto provided the Board of Supervisors so approves of said agreement, and provided further that the operation of said garage will not be in any material respect or degree, detrimental to the original purpose for which said park was dedicated or in contravention to the conditions of any grant under which said park might have been received; now, therefore,

BE IT RESOLVED, that said form of agreement and exhibits attached thereto on file with this Commission and to which appropriate reference has been made hereinabove is hereby approved in substance and provided the Board of Supervisors so approves of said agreement, the General Manager of the Recreation and Park Department and the Secretary of the Commission are hereby authorized and directed to execute said agreement or said agreement with any changes that may hereafter become necessary but which do not change the substance or matter thereof.

NEW BUSINESS

(1) Award of Contract - CONSTRUCTION OF GARFIELD SWIMMING POOL - to CAHILL CONSTRUCTION CO., INC. - $425,000.00

The Secretary read the following sealed bids, received and opened by him on Thursday, June 7, 1956 for the above mentioned work:

	Proposal 1 (Bldg.,Pool and P/G)	Proposal 2 (Bldg.and Pool Only)	Proposal 3 (Swimming Pool Only)
LOW BIDDER			
CAHILL CONSTRUCTION CO., Inc. 350 Sansome St., S.F.4	$785,000.	$735,000.	$425,000.
Other Bidders			
Martinelli Construc.Co.,Inc.	$793,855.	$744,800.	$437,000.
M & K Corporation	$862,000.	$797.000	$449,000.

Mr. Funke reported on the small balance remaining in the 1947 Bond Fund account and the number of projects yet to be developed from this fund. He cited the increased construction costs, as evidenced by the Engineer's report showing that the Garfield project bid ran thirty-five per cent higher than the Hamilton project construction bids of two years ago. In view of the limited funds and the increased construction costs, Mr. Funke recommended that the Commission award a contract solely for the construction of the swimming pool.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2313

Commission Awards Contract to Cahill Construc.Co.,Inc. for Construc. of Garfield Swimming Pool in Amount of $425,000.00.

Resolution No. 2313

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Construction of the Garfield Swimming Pool, Garfield Square, to CAHILL CONSTRUCTION CO., INC., 350 Sansome Street, San Francisco, they being the lowest regular and responsible bidder therefor in the amount of $425,000.00, all other bids having been rejected; and, be it

(2) Retirement of Eric Walther, Supervisor of Arboretum

Mr. Funke reported that within the coming year Mr. Eric Walther, 074 Supervisor of Arboretum and Botanical Research, is scheduled for retirement. Because of the highly technical and professional aspects of the position, Mr. Funke considered it advisable for the Commission to seek a qualified successor at the earliest practicable date.

On motion of Commissioner Herz, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.2314

Civil Service Commission Requested to Make Survey & Hold Examination for Replacement of Retiring Eric Walther

Resolution No. 2314

RESOLVED, that this Commission, in consideration of the imminent retirement of Mr. Eric Walther, 074 Supervisor of Arboretum and Botanical Research, does hereby request the Civil Service Commission to make a survey of the position and to conduct an open examination for the selection of a qualified person to perform the duties of the position.

The Secretary then read a letter from former Commissioner, Mrs. Ann Dippel in which she expressed her appreciation of the privilege of having served with her fellow members of the Commission over the past several years, and extended her thanks for the many kindnesses, as well as her best wishes for the Commission's continued success in its work for the people of San Francisco.

Commissioner Parr presented a copy of the letter which Mayor Christopher had sent to Mrs. Dippel upon the expiration of her term. The letter, having been read by the Secretary, was ordered entered in the minutes. On motion of Commissioner Coffman, seconded by Commissioner Moore, the letter is quoted as follows:

Mrs. Ann Dippel
160 Valdez Avenue
San Francisco, California

My dear Commissioner Dippel:

Mayor Christopher's Letter of Appreciation to Commissioner Dippel

"In our great City of San Francisco, there are few who have attained a record of public service equal to that which you have established during the past several years as a Library Commissioner, a Recreation Commissioner, and more recently a Recreation and Park Commissioner.

"In addition to your services in those public offices, you have contributed much to the civic affairs of our City through your active participation and leadership in many fine organizations, clubs, and committees whose purposes and aims have always been for the betterment of our community.

"It must be with a sense of real accomplishment that, with the completion of your term, you review the many enjoyable associations and enriching experiences which you have shared with others in the public service.

"I am confident that having completed your services as a public official you will feel free to enthusiastically and generously redirect your energies and abilities toward the many equally important civic services and projects in which you have always been so actively interested.

"On behalf of all the people of San Francisco, I express my sincere gratitude and appreciation for your outstanding public service, and extend to you my best wishes for good health and happiness in your busy days ahead.

"With every good wish, I am,

Very sincerely yours,
(Signed) GEORGE CHRISTOPHER
Mayor"

(2) Mr. J. Max Moore, Library Commissioner; Mr. Lawrence Clarke, City Librarian;and Mr. Frank Clarvoe, Jr., Library Commission Secretary, appeared regarding the Library Commission's problem in seeking a location for a branch library in the North Beach district. Mr. Moore quoted a resolution adopted by the Library Commission at its meeting on June 7, 1956:

Request of the Library Commission for Space in North Beach Playground

"RESOLVED, That the cooperation of the Recreation-Park Commission be solicited so that a Branch Library may be erected at the Southwest corner of the North Beach Playground, there being no other suitable site in the area which would permit construction in accordance with accepted library standards."

Mr. William S. Bagge, Chairman of the Recreation Committee of the Grand Jury, Mrs. Marion F. Evers, Chairman of the Library Committee of the Grand Jury, Mr. Abram S. Jaffe and Mr. George P. Freund, Grand Jurors, were in attendance and requested the privilege of the floor. Mr. Bagge said he wished to express his thoughts, personal and otherwise, regarding the selection of a library site in the North Beach district. He said he was aware of the Mayor's concern over this matter which for 15 years, under difficult circumstances, had yet to be resolved. Mr. Bagge said that when he heard that the Library Commission was again going to ask for space in a North Beach playground he came to the meeting to protest the further reduction of recreational space in such a congested and densely populated neighborhood.

Mr. Moore, addressing the Commission, stated that while the problem had been going on for 15 years the present Library Commissioners had been working on it for only 5 months. He related that during the past few months the Library Commission members have met informally with this Commission and its staff and mutually agree that it is not possible to consider Washington Square as a library location. He told of the inspection of nine possible sites in the North Beach district and named a parcel of property at Grover Place and Greenwich Street as the most acceptable, but complained of the probable acquisition cost. He then presented plot drawings of the playground, prepared by the architectural firm of Appleton & Wolfard, which described therein a location for a library structure in the Southwest corner of the North Beach Playground occupying approximately 5,000 feet.

The Commission inspected the drawings in detail and heard objections to the plan from Mr. Kimbell, Superintendent of Recreation, and Mr. George Harman, Supervising Engineer of the Recreation and Park Department. Both were critical of any reduction of the crowded playground space as detrimental to its efficient use as well as the incompatability of a library in a crowded and very active playground.

President Sutter reminded Mr. Moore that the Commission had approved the placement of libraries on large playground and park areas on three different occasions but in the interests of the public could not go along with this request. President Sutter then said that just before the meeting opened he had received a letter from His Honor, Mayor George Christopher heartily endorsing the Library Commission's request. The Secretary then read the Mayor's letter which said that the Mayor had reviewed and endorsed the preliminary sketches that very morning with Mr. Moore and Mr. Clarke.

Commissioner Gallagher questioned whether the Mayor had been fully informed on the recreation needs and problems at North Beach and told the Library representatives that firm commitments had been

made to North Beach residents on the way the playground would be developed and that he was fully aware of the importance of preserving every foot of playground space.

Commissioner Coffman pointed out that while it was not for him to say when to relinquish park land he was convinced that at North Beach Playground it would never be possible to add to it, and the Commission had a responsibility to protect it from being reduced. He believed that with other places available in the district the Commission should stand firm and relinquish none of the playground.

At this point, Grand Juror Bagge commented on the heavy population and the lack of backyard space in North Beach. He asked Mr. Moore why the Library Commission would not take the Grover Place property which he knew the Mayor had considered satisfactory as late as last Wednesday. Commissioners Parr, Moore and Herz all voiced their objections to reducing the already limited space of the playground.

On motion of Commissioner Coffman, seconded by Commissioner Parr, the following resolution was adopted:

Res. No. 2325

Action on Lib. Commission's Request for Space in North Beach Playground

Resolution No. 2325

RESOLVED, that this Commission, in consideration of the already seriously congested condition of the North Beach Playground and the commitments and previous planning made for its recreational use, and in further consideration that there are other sites available to the Library Commission, does hereby, with reluctance but in the best interest of the public, refuse the Library Commission's request for the use of the Southwest portion of the North Beach Playground for a branch library site.

****

FOOTNOTE: On Friday, June 29, 1956, the day following this meeting, at a conference in the office of His Honor, Mayor George Christopher, Commission members agreed to reconsider the action taken above and to study an alternate plan which the Library Commission had proposed for the use of a lesser portion of the North Beach Playground, President Sutter appointed Commissioners Moore and Gallagher as a committee of two to immediately study the proposal, confer with Library representatives, and report at the next meeting.

UNFINISHED BUSINESS

(1) Hayes Valley Recreation Center

Hayes Valley Recreation Center

Representatives and delegates of the Hayes Valley Parents' Club were present to receive Commissioner Gallagher's report on the Committee's Resurvey of the recreation needs of the Hayes Valley neighborhood and the recommendations on improvements for the district.

Commissioner Gallagher submitted a 6-page mimeographed report which he had prepared for the Commission and which included a map of the area under discussion, a description of three possible plans considered by the Committee, and a discussion and analysis of the following questions:

(a) If, in 1947, $365,000 was allocated to the Hayes Valley project, why should the amount be reduced now?

(b) Why were the plans changed and a large recreation center replaced with another recommendation?

UNFINISHED BUSINESS (cont'd)

Commissioner Gallagher gave a full and very clear account of the Hayes Valley situation and recommended to the Commission the adoption of the staff recommendation as set forth as Plan III, on page 3, of his report.

Mrs. Woolley, Mrs. McGee, and others of the Hayes Valley Parents' Club asked the Commission to provide a large recreation center as originally contemplated.

Following a thorough discussion, and on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2335

Commission Establishes Policy on Type of Improvement in Hayes Valley Playground

Resolution No. 2335

RESOLVED, that this Commission does hereby accept and approve the report submitted by Commissioner Gallagher under date of June 28, 1956, and does hereby approve and establish as its official policy Plan III of said report for the recreation improvement of the Hayes Valley project, to wit:

"Continue negotiations to purchase Lots 17, 18, 19, and 20. Remove all buildings on these lots and on the present city property; develop this area (120 feet by 220 feet) as a neighborhood playground with outdoor basketball court, tennis court, and children's playground, and include a recreation building similar to the one at Junipero Serra Playground, with added space for another meeting room and further planning for craft program."

AND, BE IT FURTHER RESOLVED, that this Commission shall, in good faith, continue its efforts to obtain additional funds for the improvement of the Hayes Valley site.

******

Mr. Duane Anderson, spokesman for the Hayes Valley Parents' Club, thanked Commissioner Gallagher and the Commission for its sincere efforts, and accepted the decision of the Commission with good grace. He requested a copy of the Commission's action in writing, and expressed his group's wishes to join the Commission in the planning of the playground as outlined in Plan III.

(1) Award of Contract - DEMOLITION OF ANGELO J. ROSSI SWIMMING POOL - to MARK ENGELL CONSTRUCTION CO., INC. - $4,459.00

The Secretary read the following sealed bids, received and opened by him on Tuesday, June 29, 1948 for the above mentioned work:

	Proposal 1 (Pool only)	Proposal 2 (Pool & Bldgs. No.)
MARK ENGELL CONSTRUCTION CO. 2580 Folsom St., S.F.	$4,459.00	$4,834.00
Other Bidders		
M & K Corporation	$4,748.00	$4,888.00
McDonald, Young & Nelson	4,848.00	4,934.00

Mr. Funke reported that the Rossi pool project presented a similar situation to the one at Gonzalez Square. There are insufficient funds available in the remaining balance of the 1947 bond fund account to award a contract for the building and the pool. Mr. Funke recommended that the Commission award a contract solely for the demolition of the swimming pool.

On motion of Commissioner Kerr, seconded by Commissioner Meyers, the following resolution was adopted:

Resolution No. 2783

Demolition Angelo J. Rossi Swimming Pool Amount of $4,459.00

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Demolition of the Angelo J. Rossi Swimming Pool, Acquatic & Arch Streets, to MARK ENGELL CONSTRUCTION CO., INC., 2580 Folsom Street, San Francisco, Cal., they being the lowest regular and responsible bidder thereon in the amount of $4,459.00, all other bids having been rejected; and, be it

FURTHER RESOLVED, that the General Manager and the Commission Secretary are empowered to execute this contract on behalf of the Recreation and Park Commission; and, be it

FURTHER RESOLVED, that the Secretary shall cause notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

(5) Proposed Garden of Fragrance in Arboretum, $6,000.00 Expenditure, Strybing Bequest

Mr. Funke reported that organizations and individuals interested in the welfare of the blind had presented a proposal for the establishment of a Garden of Fragrance in the Strybing Arboretum, as explained by Supervisor Harold Dobbs who is particularly interested in the project. The plan calls for the planting of shrubs and horticultural specimens which will offer special sensory experience by their texture and fragrance. It would encompass an area with a perimeter pathway of approximately 425 feet.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 2343

Res. No. 2343

Commission Authorizes Expenditure of $6,000 from Strybing Arboretum Fund to Establish Garden of Fragrance

RESOLVED, that this Commission, subject to a favorable opinion of the City Attorney's office and Controller does hereby authorize and direct an expenditure of $6,000.00 from the Strybing Arboretum Fund to be used for the establishment of a Garden of Fragrance in the Strybing Arboretum for the recreational benefit and enjoyment of the blind; the said Garden to be constructed in accordance with the plan submitted by the General Manager and containing plants of special texture and fragrance within an area encompassed by a perimeter pathway of approximately 425 feet.

(7) Polo Benefit to Aid Retarded Children, Sunday, September 2, 1956

Mrs. Will Connolly addressed the Commission on behalf of the Aid Retarded Children, a non-profitable, charitable organization, and requested permission to establish a Concours de Elegance (Sport and Touring Car Display) at the Polo Field, Golden Gate Park on Sunday, September 2, 1956. The program would be conducted in conjunction with the San Francisco Polo and Racing Association and under an agreement in which Aid Retarded Children would benefit from the proceeds. A letter from Mrs. Marshall Madison, chairman of the organization, set forth the program in detail.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2345

Commission Appvd. Request of Aid Retarded Children to Present Auto. Display at Polo Field, GG Pk. on Sunday, Sept. 2, 1956

Resolution No. 2345

RESOLVED, that this Commission does hereby approve the request of Aid Retarded Children to present an automobile display at the Polo Field, Golden Gate Park, concurrently with the polo game on Sunday, September 2, 1956, it being understood by this Commission that the San Francisco Polo Association is under agreement to share its proceeds with this charitable organization for the purpose of aiding retarded children; and, be it

(11) California Show Boats, Inc.

Court Action, California Show Boats, Inc., Scheduled for July 10, 1956

In reference to a letter from His Honor, Mayor Christopher regarding Mr. Barney Gould's March 23rd proposal for city and state cooperation on his show boat project, President Sutter reported that Superior Court Judge Twain Michelsen had set July 10th for the next hearing on the case. The Secretary reported that Mr. Gould's proposal of March 23rd had already been reviewed by the court and that Mr. Gould had been unable to interest the State Board of Harbor Commissioners in the conditions of his proposal, and Mr. Gould had further reported to the court that he had been unable to obtain financial backing to satisfy the Harbor Board.

In consideration of the reports and the current court action, on motion of Commissioner Coffman, seconded by Commissioner Parr, Mr. Gould's proposal of March 23rd was tabled.

(12) Small Boat Harbor Report

Supervising Engineer's Report on Small Boat Harbor

Mr. Harman, Supervising Engineer, submitted, under date of June 28, a report on small craft harbor development in the San Francisco Bay area presented at a meeting of the California Marine Parks & Harbors Association. Mr. Harman made a general statement that state and federal support of small boat harbor developments in the San Francisco Bay area is dependent upon the completion and use of a scale model of San Francisco Bay now being prepared by the U.S. Army Engineers. It is expected that the Army's actual study of small craft problems will be started late in 1958 and completed late in 1959 or 1960.

Commissioner Parr asked that the report be filed for the record.

(14) Civic Center Plaza Restoration

Restoration of Civic Center Plaza and Its Proposed Redesign

Commissioner Moore related to Commission members that the Finance Committee of the Board of Supervisors had disapproved the item of $4,000.00 which the Art Commission and Department of Public Works had requested for the purpose of financing a study for the redesign of the surface of Civic Center Plaza to be used when the subsurface exhibit hall and subsurface garage to be constructed there have been completed.

Commissioners all agreed that they wanted a useful and beautiful surface as the end result of the Civic Center Plaza restoration, and with further discussion it was considered sufficiently important to return to the Finance Committee and again request funds for a redesign study.

On motion of Commissioner Parr, seconded by Commissioner Moore, it was the Commission's decision that President Sutter request a meet-

(15) Palace of Fine Arts and Hall of Flowers

Mayor's Proposal to Relocate Hall of Flowers at the Palace of Fine Arts

Commissioners next discussed the newspaper announcements to the effect that His Honor, the Mayor, was considering the idea of relocating the proposed Hall of Flowers from Golden Gate Park to the Palace of Fine Arts on the premise that the funds now available for Hall of Flowers construction would assist in the greater cost of restoring the Palace of Fine Arts. The Commission reviewed the comprehensive planning and progress to date on the Hall of Flowers project noting that as far back as January, 1955, under Resolution No. 1764, the Strybing Arboretum in Golden Gate Park had been designated as the site for the Hall of Flowers, that this selection had been endorsed and supported by individuals and organizations concerned with flowers, floral and horticultural exhibits, and that since that time State funds have been used for the preparation of preliminary plans and for soil tests and surveys.

Representatives of the San Francisco Flower Show Association and the San Francisco Planning & Housing Association were present and voiced opposition to any plan for relocating the Hall of Flowers at the Palace of Fine Arts.

The Commissioners also reviewed their previous position and policy regarding the Palace of Fine Arts and reaffirmed that position. It was the general consensus that the present Hall of Flowers had been well planned and that the reappropriation of Hall of Flowers Funds to the Palace of Fine Arts would constitute a very small portion of the cost of that major reconstruction work.

(1) From Charles J. Jung, Vice Chairman and Acting Chairman, Housing Authority of San Francisco, requesting Commission confirmation of its intention to staff, equip, and maintain the community center building at Hunters Point when completed; also requesting information on the type and amount of equipment proposed for installation, as well as the type of activities planned.

Mr. Funke, General Manager, reported that a preliminary study is being made of the proposed community building which is being constructed at Hunters Point by the San Francisco Housing Authority, with a view toward developing a firm estimate as to the amount of funds which would be needed to properly staff, equip and maintain the structure when completed. He reported that the program proposed by the Recreation Division for the community building would be one in which tiny tots, school children, teen-agers, young adults, and senior citizens would be serviced with an overall program of cultural activities, crafts, athletics, etc. In a previous discussion with the Housing Authority, plans were considered for a small children's area, complete with apparatus, which might be located between the new building and the existing gymnasium.

Mr. Funke said that an estimate of funds required for this project would be provided when final plans for the facility are reviewed and it is determined what equipment, if any, will be furnished by the Housing Authority for the building and/or the small children's area. He said that the department was looking forward with enthusiasm to operating the new facility.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2348A

Commission Affirms Intention to Staff Equip & Maintain Hunters Pt.Commun. Center Bldg.

Resolution No. 2348A

RESOLVED, that this Commission does hereby affirm its intention to staff, equip and maintain the community facilities building at Hunters Point, now being constructed by the Housing Authority of San Francisco; provided that adequate funds for the proper staffing, equipment and maintaining of this facility are authorized by His Honor the Mayor and the Board of Supervisors, this amount to be reflected in a subsequent request for a supplemental appropriation from such funds as may be legally available.

(2) From Charles J. Jung, Housing Authority of San Francisco, requesting Commission confirmation of its intention to equip and maintain the proposed Senior Recreation Center at Yerba Buena Plaza Annex housing project, when completed.

Mr. Funke reported that a preliminary study indicated the cost of equipping the building would be approximately $8,500 and that funds for personnel, maintenance and supplies, per annum, would be approximately $24,000, pointing out that this estimate could fluctuate in proportion to the amount of use of the center. He reported that the department is looking forward enthusiastically

to utilizing this new facility in connection with its recreational program for senior citizens.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 2349

Res. No.2349

Commis.Affirms Intention to Staff Equip & Maintain Yerba Buena Plaza Annex Housing Ctr. Senior Center

RESOLVED, that this Commission does hereby affirm its intention to staff, equip and maintain the proposed Senior Center at the Yerba Buena Plaza Annex Housing Project, to be constructed by the Housing Authority of San Francisco; provided that adequate funds for the proper staffing, equipment and maintaining of this facility are authorized by His Honor the Mayor and the Board of Supervisors, this amount to be reflected in a subsequent request for a supplemental appropriation from such funds as may be legally available.

(3)a. From Charles J. Jung, Housing Authority of San Francisco, requesting advice as to the area of the Crocker-Amazon temporary housing project which the Public Utilities Commission will transfer to the Recreation and Park Commission for recreational purposes, pointing out that this information is needed in view of the fact that the restoration of the site to the condition existing when it was used for playground purposes will be an integral part of the demolition of the present housing structures.

In this connection, the copy of a letter from His Honor the Mayor to the San Francisco Housing Authority was presented, in which the Mayor requested that he be informed as soon as possible as to the termination of the housing project and removal of the temporary housing structures.

Mr. Funke reviewed the history of the Crocker-Amazon area since 1933, when the Public Utilities Commission permitted the Recreation Commission to use the property for recreation purposes.

A vast amount of recreational improvements, including eleven baseball diamonds, concrete bleachers, sprinkler system, and various courts and playground equipment was constructed on this property prior to the war period. During World War II the area was taken over by the Navy for a portable hospital unit, and later by the San Francisco Housing authority for a temporary housing project. In terms of today's prices, the existing recreational facilities are valued at approximately $1,250,000.

In view of this vast recreational plant, and in view of the fact that the property is contiguous to McLaren Park for which the 1955 Recreation Bonds have provided $2,500,000 for development, Mr. Funke strongly recommended that the entire Crocker-Amazon Area of 55.25 acres should be retained for recreational purposes.

After considerable discussion, on motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 2350

Res. No.2350

Commission Authorizes Gen.Mgr. to Seek Transfer of Jurisdiction of Crocker-Amazon's Entire 55.25 Ac. from Public Utilities Commission for Rec'l Use

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby affirm its conviction that the entire Crocker-Amazon area of 55.25 acres, owned by the Public Utilities Commission, should be devoted to the recreational use of all the people of San Francisco, and authorizes the General Manager, members of his staff and members of the Commission to seek transfer of jurisdiction of this property for recreational purposes from the Mayor, the Public Utilities Commission, and any other agency involved.

(5) From T. Kong Lee, President, Chinese Chamber of Commerce, requesting permission to use and to erect an outdoor stage in Portsmouth Square, for the Chinese Moon Festival, September 14-17, 1956.

Mr. Funke recommended approval with the stipulation that the Chinese Chamber of Commerce provide adequate public liability insurance covering the period of the Moon Festival's use of Portsmouth Square. He informed the Commission that similar requests received from responsible organizations in Chinatown had been approved in the past.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the request was approved.

REPRESENTATIVES AND DELEGATES

Mr. Parr, Acting Charman, referred to a conference held on Tuesday, August 7, in the Mayor's office, between representatives of the Recreation and Park Commission and Mr. Barney Gould and Associates of California Showboats, Inc., at which time His Honor the Mayor had requested that the Commission grant Mr.Gould an additional ninety days in which to comply with requirements to permit the operation of the Fort Sutter as a theater-restaurant and museum ship at Aquatic Park.

Mr. Parr related that at his request the Acting Commission Secretary had prepared a chronological history of the Showboat matter as it related to the Commission, and that at the meeting with the Mayor, he had reviewed this information in order to show the good faith which the Commission has consistently evidenced in its dealings with Mr. Gould. He asked that this information be incorporated in the minutes of today's meeting.

Subsequent to the meeting with His Honor the Mayor, a resolution had been drafted for consideration by the Commission,which would permit Mr. Gould a 90-day period to furnish a $20,000. bond which would guarantee removal of the Fort Sutter from Aquatic Park in the event Mr. Gould and his associates would be unable to meet the terms of an agreement covering the proposed Showboat operation. This agreement would be identical to the proposed contract approved by the Commission on April 8, 1954, in Resolution No. 1494, with two exceptions: (1) all dates contained in the former proposed contract would be blank and would be filled in by mutual agreement after the $20,000 bond had been deposited, and (2) the bond of $75,000 contained in the former contract would be decreased to the sum of $20,000.

In relating the foregoing, Mr. Parr stated he had no objection to voting for the 90-day period, although his understanding at the meeting in the Mayor's office was that Mr. Gould would put up his $20,000 bond within ten days. Mr. Gould, present in behalf of the Fort Sutter matter, remarked that perhaps ten days was a little over-optimistic but he believed that he would be able to put up the bond within thirty days.

The proposed resolution was read by the Acting Secretary, and Mr. Gould suggested one change in descriptive wording: that reference to "cafe-theater and restaurant" be changed to "theater-restaurant and museum ship." The members of the Commission indicated that this change would be acceptable.

Mr. Gould expressed his appreciation for the Commission's consideration, and the hope that the action they were considering would result in the activation of the Showboat project.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 2353

Res. No.2353

90-day Extension of Time Given to Barney Gould & Requirement of $20,000 Bond Stipulated

WHEREAS, His Honor the Mayor has requested that Mr. Barney Gould and Associates of California Showboats, Inc., be granted an additional ninety days in which to comply with requirements which would permit the operation of the "Fort Sutter" at Aquatic Park as a theater-restaurant and museum ship; and

REPRESENTATIVES AND DELEGATES (cont'd)

Res. No.2353 (continued)

WHEREAS, the Commission desires to accede to the request of the Mayor that further opportunity be given to Mr. Gould and Associates to comply with the conditions heretofore offered them; and

WHEREAS, in the event of the failure of Mr. Gould and Associates to meet the required conditions within ninety days, that certain action now pending in the Superior Court to effect removal of the "Fort Sutter" from Aquatic Park Lagoon shall be vigorously prosecuted;

NOW BE IT RESOLVED, that this Commission does hereby reaffirm its approval as to matter and form that certain document prepared and presented as a proposed contract between the San Francisco Recreation and Park Commission and California Showboats, Inc., subject to certain conditions to follow, and hereby hands said document together with attached specifications to Mr. Barney Gould with the declaration that subject to his full and complete performance of the prerequisite conditions the Commission will approve and enter into the operating agreement as set forth in the attached document; and

BE IT FURTHER RESOLVED, that Mr. Barney Gould and Associates will be required within ninety days from the date of this resolution to furnish to the Recreation and Park Commission through the establishment of an escrow account either in cash or suitable bonds in the amount of $20,000 to guarantee completion of the operations and specifications contained in the attached document and to cover the cost of removal of the S.S."Fort Sutter" from Aquatic Park in the event Mr. Gould and his associates are unable to meet the terms of the agreement, said bond will be forfeited to the City and County of San Francisco to cover the principal of said bond or so much thereof as may be necessary to reimburse the City and County of San Francisco for the cost of removal from Aquatic Park of the vessel "Fort Sutter."

BE IT FURTHER RESOLVED, in the event of the failure of Mr.Gould and his associates to deposit with the Commission as aforein prescribed the $20,000 bond within ninety days of the date of this resolution, this resolution shall become null and void and negotiations contemplated therein terminated; and

BE IT FURTHER RESOLVED, that in the event of the failure of Mr. Gould and his associates to comply with the conditions set forth in the preceding paragraphs, the Commission hereby reiterates its request to the City Attorney that he vigorously prosecute to a prompt conclusion that action now pending in Superior Court seeking a removal of the "Fort Sutter" from Aquatic Park; and

BE IT FURTHER RESOLVED, that no action of this Commission through its approval of this resolution shall be construed as affecting in any way whatsoever the status quo of the above mentioned court action in the event a satisfactory settlement of the "Fort Sutter" matter is not reached within ninety days.

Following is the memorandum dated August 4, 1956, relating certain chronological information of the Commission's relationship since 1951 to the Showboat project:

mission's hronological lationship Showboat

*June 28, 1951 - The Commission approved the request of the Maritime Museum Association to berth the SS Capitol City at Aquatic Park as a temporary addition to their marine exhibits on condition that the berthing be at no expense to the Commission.

*December 6, 1951 - The Commission approved (in Resolution No.593) the proposal of the Maritime Museum Association and of Barney Gould to moor the SS Capitol City in the Aquatic Park lagoon for exhibit purposes and for the operation of a cafe theater and restaurant.

Chronological Relationship to Showboat (continued)

"March 14, 1952 - The Capitol City sank in China Basin.

"February 12, 1953 - The SS Fort Sutter was beached on the sand to the east of the Aquatic Park Building, permission having been given Mr. Gould by the General Manager on the basis of previous Commission action, the Fort Sutter being a sister ship of the Capitol City.

"March 26, 1953 - The Commission ordered (in Resolution No. 1070) the Fort Sutter off the beach because of possible damage and deterioration and permission was given to berth it in an alternate location 'within the waters of Aquatic Park.'

"November 25, 1953 - The Commission again ordered (in Resolution No. 1340) the Fort Sutter off the beach not later than the high tide of December 18, 1953.

"December 18, 1953 - The Fort Sutter was moved off the beach to its present location on the west side of the lagoon.

"April 8, 1954 - The Commission assured Barney Gould (in Resolution No. 1494) it would approve a proposed contract, which had been prepared and copies presented to the Commission, and set forth certain prerequisite conditions to be performed by California Showboats Inc., one of the conditions being that a faithful performance bond of $75,000 must be placed in escrow.

"June 24, 1954 - The Commission granted Mr. Gould (in Resolution No. 1585) a final extension to August 12, 1954 to comply with the conditions which had been stipulated by the Commission.

"August 12, 1954 - The Commission terminated (in Resolution No.1610) all negotiations due to failure of Fort Sutter owners to provide the $75,000 bond and Mr. Gould was directed to remove the Fort Sutter from the Aquatic Park lagoon.

"October 28, 1954 - On the advice of the City Attorney, the Commission (in Resolution No. 1703) issued a formal notice to Fort Sutter owners to remove the vessel from the Aquatic Park lagoon within 30 days.

"January 10, 1955 - An injunction was filed in the Superior Court (the City Attorney representing the Commission) seeking the removal of the Fort Sutter from the Aquatic Park lagoon as a public nuisance.

"September 22, 1955 - In response to an inquiry from the Board of Supervisors as to the status of the Fort Sutter, the Board was advised that the City Attorney had requested that all inquiries relating to the Fort Sutter be referred to his office while the matter was in litigation.

"April 12, 1956 - The Commission heard representatives of San Francisco Showboats Inc. present a new proposal and asked the General Manager to review the proposal and report back at the next meeting.

"April 26, 1956 - Having reviewed the most recent proposal, the General Manager summarized the following three possible courses open to the Commission: (1) That San Francisco Showboats Inc. be asked to remove the Fort Sutter to another location for refurbishing with the understanding that if this condition is met satisfactorily, the Commission would then enter into a long-term lease providing for the return of the vessel to Aquatic Park and for its operation there. (2) That the corporation be required to increase its offer of performance bond from $7500 (deemed insufficient by a number of engineering reports) to a minimum of $30,000, if refurbishing is to be undertaken at the present site. (3) That the Commission renew its decision forthwith by requesting a prompt decision on the proceedings on trial in the Superior Court.

Commission's Chronological Relationship to Showboat (continued)

"May 10, 1956 - Mr. Gould reported that he had not obtained firm financial backers, nor had he been able to obtain the required $30,000 bond. It was the Commission's opinion that no further action was required except to proceed with the trial in Superior Court." * * *

"NOTE: In deference to the conference called by Mayor Christopher for Tuesday, August 7, the Court postponed a hearing on the Fort Sutter matter from July 31 to September 19, 1956."

(3) Report of the Recreation and Park Commission Committee to Study the Proposal of the Library Commission for the Use of Space in North Beach Playground.

Mr. Parr referred to a conference held in the Mayor's Office on Friday, June 29 at which time, at the request of His Honor the Mayor, Commission members agreed to reconsider their action taken in Resolution No. 2325 (regular meeting of June 28, 1956), refusing the Library Commission's request for the use of space in the North Beach Playground for a branch library site. At this conference President Sutter had appointed Commissioners Moore and Gallagher as a committee of two to study alternate proposals submitted by the Library Commission and report at the next meeting.

A number of conferences were subsequently held with Commissioners and staff members of both departments and a report dated July 26, 1956, was submitted to his Honor the Mayor and to members of the Recreation and Park Commission and the Library Commission.

A covering letter addressed to the Mayor and signed by Commissioner Moore, Chairman and Commissioner Gallagher, stated that the attached report "attempts to provide an objective evaluation of the historical needs and long-range planning for the North Beach District..... It is sincerely hoped that the report will be of assistance to Your Honor and to the Commissions concerned in arriving at a solution to a long-standing and extremely perplexing problem in such a manner as to redound credit to your administration and to the complete satisfaction of the residents of the North Beach District, as well as to the people of San Francisco as a whole."

In studying the proposals of the Library Commission, the Committee noted that the Recreation and Park Commission "has considered and approved similar requests for the use of certain of its properties in the past for library purposes, with the result that there are now beautiful, community-serving library structures located at Funston Playground (Marina Library), McCoppin Square (Parkside Library) and at the West Sunset Community Center (Ortega Library). There has always been cooperation between the two Commissions wherever it was reasonable and within the limits of intelligent planning. The Committee has studied the present request of the Library Commission with the same spirit of cooperation."

The report, which carefully and exhaustively traced the history of the North Beach Playground since 1910 and surveyed the continuing needs for recreational facilities in the district during the ensuing years, contained the following two recommendations:

(a) That the North Beach Library be located on the triangular parcel of land located between Lombard Street, Columbus Avenue and Mason Street, and that Mason Street be closed between Lombard Street and Columbus Avenue.

(b) That no space in the North Beach Playground is available for other than recreational purposes.

UNFINISHED BUSINESS (cont'd)

Commissioner Moore related that when the report was submitted to His Honor the Mayor, he had accepted its recommendation and had written to Mrs. J. Henry Mohr, President, Library Commission, in a letter dated July 26, that "in view of this very careful study, I do not wish to impose the will of this office upon the Recreation and Park Commission, and feel that we should immediately seek another site that will be equally acceptable for that area."

Commissioner Moore also reported that a great deal of popular support for the Committee's recommendations had been received. In this connection, copies of the Little City News, North Beach District newspaper, carrying large portions of the Committee's report and a resolution unanimously adopted by the 1956 Grand Jury of the City and County of San Francisco at its meeting of July 23 recommending that the Library Commission's request for land in the North Beach Playground be refused, were read.

Mr. Parr expressed the gratitude of the Commission to Commissioners Moore and Gallagher for the comprehensive manner in which the report had been compiled and presented.

By unanimous consent the report was accepted by the Commission on motion of Commissioner Zimmerman, seconded by Commissioner Gallagher, in the following resolution:

Res. No.2364

Commission Accepts Report of Special Committee-Refuses Use of No.Beach P/G Site for Branch Library

Resolution No. 2364

RESOLVED, that this Commission does hereby accept the report on the proposal of the Library Commission for the use of space in the North Beach Playground as prepared by the Special Committee, and does hereby, with regrets but in the best interests of the public, reaffirm its refusal to the Library Commission's request.

(8) Request for A Supplemental Appropriation of $1760 for Fire Damage Repair - Sharp Park Clubhouse

Mr. Funke explained that as the result of a recent fire in the roof over the restaurant area in the Sharp Park Clubhouse, a completely new electrical wiring is required in the restaurant area to comply with the present Building Code for this type of structure. The Department of Works has estimated the cost of this work will be $1,760. Since no funds are available for this work the General Manager recommended that the Commission request a Supplemental Appropriation.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2372

Req. for A Supplemental Appropriation of $1760 to Rewire Restaurant Area of Sharp Park Clubhouse.

Resolution No. 2372

(10) Quarry Permit - Chas. L. Harney, Inc. - Vicinity Bay View Park

Mr. Funke informed the Commission that application had been made by Charles L. Harney, Incorporated, for a quarry permit in the vicinity of Bay View Park and was pending before the City Planning Commission, which Commission had requested recommendation of the

NEW BUSINESS (cont'd)

Recreation and Park Commission in this matter. He stated that on the advice of Mr. Harman, Supervising Engineer, it was his recommendation that the Commission approve the proposed application if certain conditions were met, and requested that the Commission authorize the General Manager to present its position at the next meeting of the City Planning Commission when the application for the quarry permit would again be heard.

On motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2374

Commission Stipulates 5 Conditions to Be Met by CHAS.L.HARNEY, INC., if Permit for Quarry Operations Adjoining Bay View Park Is Granted.

Resolution No. 2374

WHEREAS, an application for permission to engage in quarry work in the vicinity of Bay View Park is now pending before the City Planning Commission; and

WHEREAS, the City Planning Commission, in view of the adjacency of the proposed quarry work to Bay View Playground has requested the advice of this Commission; now, therefore, be it

RESOLVED, that this Commission does hereby state that it has no objection to the application of Charles L. Harney, Incorporated, now pending, provided the following conditions are met:

(a) That the owner of the proposed quarry should be required to place fences of good quality (galvanized steel fencing with galvanized steel post securely embedded in the rock or soil) along the top of slopes or on steep and dangerous areas. The fences are to be placed either on property lines or where it is most advantageous for public safety and should be at least four feet (4') high.

(b) The owner of the quarry property should be held responsible for the fence, either on park property or on the quarry property; and of any steep slopes that may result from slides due to quarry operations for a period of three years after all quarry operations have ceased.

(c) That the owner of the quarry property stipulate in the proper manner in perpetuity that no damages shall be held against the City or the department for run-off of surface water, slides or any other natural phenomena which may occur as a result of the proposed quarry operations.

(d) That easy access be available at all times to the City regardless of quarry operations and the quarry operator and owner of the property shall be held responsible for this condition. Easy access shall also include the right of the City to obtain utilities of all kinds.

(e) That the cut slope shall be planted with a suitable vegetation in the form of either ground cover or trees in order to stop excessive erosion, and the quarry and/or property owner be required to maintain this planting until the vegetation is well established; and, be it

FURTHER RESOLVED, that the General Manager is authorized to appear before the City Planning Commission when this matter is heard and to present the above mentioned conditions.

(13) Proposed Hall of Flowers

Report on Status of Proposed Hall of Flowers - Appointment of Committee by Chairman Parr to Study & Report on Status of Both Hall of Flowers and Palace of Fine Arts

In replying to Commission inquiries as to the status of the Hall of Flowers project, Mr. Funke reported that the recent proposal to divert funds from the Hall of Flowers structure in Golden Gate Park, as planned, to the Palace of Fine Arts, had been heard by a committee of the Board of Supervisors and that the result of the hearing was a request by the Board of Supervisors to the City Attorney for an opinion as to the legality of the proposed fund transfer.

Commissioner Gallagher suggested that a committee be appointed to study the Hall of Flowers project as well as the present status of the Palace of Fine Arts.

Mr. Parr appointed the following committee to study these projects and to report back to the Commission: Commissioner Gallagher, Chairman, Commissioner Moore and Commissioner Zimmerman.

5- The following letter to the Commission from Mr. Raymonde Theill, Vice President, The Telegraph Hill Dwellers, was ordered incorporated in the minutes by Acting Chairman Parr:

"August 12, 1956

"My dear Mr. Sutter and Members of the Board:

"The Telegraph Hill Dwellers wish to commend you and your Commission heartily on the decision not to permit the building of a new library on any part of the North Beach Playground. We are in complete sympathy with this decision.

"Moreover, as residents of the North Beach area, we have seldom read a finer report than that submitted on this subject by Mrs. Joseph Moore and Rev. Eugene Gallagher. They have done an outstanding piece of work and their conclusions conform to ours. In this crowded section of the city all our parks and playgrounds should be zealously conserved for recreation. We also agree with this report that the triangle on Lombard, Columbus and Mason(with Mason St. closed) would be the most suitable site for the North Beach Library. It would fit in well with the Playground and be a point of architectural beauty for visitors to see on the way to Coit Tower.

"We are further delighted by the emphasis given in the report to improving the planting around the North Beach Playground and re-turfing the eastern part of the block to create a Junior Baseball Field. As you know these improvements have our enthusiastic and

"whole-hearted support. We urge that you include in your next budget the sum of $90,000 for this purpose. We are sure that the report just released will be a tremendous help to North Beach organizations in appealing to the Mayor and Board of Supervisors to approve this appropriation. Would you please advise us when this matter is to be reviewed by the Mayor and the Board?

"We wish to express our appreciation for the work of your Commission for our part of the city and for our people--both old and young.

"Very truly,

/s/"RAYMONDE THEILL

North Beach P/G Softball Field Turfing to be Given "Full and Favorable Consideration" When Commission Reviews 1957-1958 Budget Requests.

The Acting Secretary announced he had been requested by Mr.Rinaldo Carmazzi to inform the Commission that the above request for turfing the North Beach Playground softball field was enthusiastically supported by the Salesian Boys Club.

After considerable discussion of this matter, Acting Chairman Parr, with the full concurrence of the Commission, directed that both Mr. Theill and Mr. Carmazzi be notified that the request for the turfing project had been sympathetically received and would be given full and favorable consideration when the Commission reviewed the budget requests for 1957-1958.

NEW BUSINESS (cont'd)

(9) Report of the General Manager - McLaren Park Golf Course.

General Mgr's. Report on Proposed McLaren Park Golf Course

Mr. Funke, General Manager, presented preliminary plans for the proposed McLaren Park Golf Course. He explained that the plans which had been prepared by Mr. John Fleming, the department's Supervisor of Golf Course Maintenance, would cover approximately ninety acres in the southern portion of the park and would provide for a 9-hole golf course, driving range, putting green, and clubhouse, these facilities to be financed by the 1955 Park-Recreation Bond Issue.

After members of the Commission had reviewed the plan with great interest, Acting Chairman Parr appointed Commissioner Gallagher and Mr. Funke to a special McLaren Park Golf Course Committee, with full power to act.

(10) Report of the General Manager on "STORYLAND" Project

General Mgr. Authorized to Proceed in "STORYLAND" Matter

Mr. Funke reported that funds in the amount of $200,000 are available for the construction of the "STORYLAND" playground, proposed for the Fleishhacker Playfield Area. He explained that $100,000. of this amount had been placed in the department's budget by action of the Board of Supervisors and that an additional $100,000. had been deposited in the City Treasury as gifts from various public-spirited individuals and organizations.

The General Manager reported on several conferences he had attended with Supervisor Francis McCarty, father of the "STORYLAND" idea, Mr. Herbert F. Fleishhacker, who was actively leading the fund-raising campaign for the project, and Controller Harry D. Ross. He said that tentative agreement had been reached regarding the selection of a "STORYLAND" architect, and that, after certain contractual negotiations had been completed, he would request formal Commission approval of the appointment of J. FRANCIS WARD, Architect, to the "STORYLAND" project. Mr. Ward would then commence the preparation of a master plan, as well as detailed construction plans, in conjunction with Don Clever, Designer, and Prentiss French, Landscape Architect, this being the original architect-designer-landscaping architect team which had worked with Supervisor McCarty in making the original "STORYLAND" presentation to the Commission several years ago.

After considerable interested discussion, on motion of Commissioner Gallagher, seconded by Commissioner Moore, the General Manager was authorized to proceed in the "STORYLAND" project.

COMMUNICATIONS

New Quintara St. Reservoir to Be of Sufficient Strength to Support Light Recreational Activities

(1) From Zelma Burns, Secretary, Parkside District Improvement Club, 2800 Taraval Street, requesting that the new reservoir to be constructed on Quintara Street between 24th and 28th Avenues be constructed with sufficient strength so that the surface of the reservoir roof may be used for recreational purposes.

Mr. Funke reported that studies showed that to place turfing, structures, or any other concentration of weight on the reservoir roof would require re-design and very costly construction. However, as presently designed, the roof will be of sufficient strength to accommodate light recreational activities such as tennis and basketball, and these accommodations could be provided at a relatively nominal cost.

On motion of Commissioner Moore, seconded by Commissioner Herz, the Commission unanimously endorsed the proposal that when the reservoir is completed, and subject to the approval of the Public Utilities Commission, facilities for basketball, tennis, or other light recreation activities recreation activities be provided to the extent required to meet the needs of the Parkside district.

(2) From William C. Gilmore, Secretary-Treasurer, Pop Warner Boys Football Conference, 731-37th Avenue, requesting approval of the use of Kezar Stadium by the Pop Warner Boys on Sunday afternoons prior to the 49er Football Games on September 30, October 7, and October 28, 1956.

Mr. Funke reported that while permission had been granted to the Pop Warner League during the past five years, two major changes in the operation of Kezar Stadium had altered the situation:

First, the rules now require a much more detailed line marking than heretofore of the football field, the end zones and sideline areas, requiring a great deal more time to mark and line the field immediately prior to the major event; and, second, a new and earlier starting time of 1:30 P.M. has been set for the main event and this further reduces the time allowed for preparation of the field; and it also follows that the dressing-rooms and locker-rooms are required at an earlier time.

On motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2394

Mr. Gilmore to Be Advised That Request for Preliminary Games of Pop Warner Boys at Kezar Stadium Cannot Be Granted

Resolution No. 2394

RESOLVED, that this Commission, in consideration of the advanced starting time of the professional football games at Kezar Stadium and the additional time now required for more detailed marking of the football field, does hereby disapprove the request of the Pop Warner Boys Conference for use of Kezar Stadium for preliminary games; and Mr. Gilmore to be informed that other fields are available within the park system which may be suitable to his needs, if he cares to use them; and that there is the further possibility that he might obtain the use of one or more of the high school football fields.

(3) From Harold Spears, Superintendent of Schools, forwarding a copy of Board of Education's Resolution No. 68-28W6, in which the Board of Education authorizes the transfer of school property to the Recreation and Park Commission for use as a part of Bernal Playground.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2395

Commission Accepts Jurisdiction of 1 Acre of Land from S.F.Unified School District, for Bernal P/G Purposes.

Resolution No. 2395

RESOLVED, that this Commission does hereby accept the transfer to its jurisdiction of the School property to be used as a part of the Bernal Playground; this acceptance be and is hereby made in accordance with the conditions of transfer set forth in Board of Education Resolution No. 68-28W6 quoted below:

"RESOLVED: That the Director of Property be requested to prepare the necessary legislation for the transfer of approximately one acre of land adjacent to the Bernal playground property, which is now under the jurisdiction of the Board of Education, to the Recreation and Park Commission for use as part of the Bernal playground property; such transfer to be made at this time without exchange of funds, but with the understanding that the value of such property be included when the final settlement is made between the Recreation and Park Commission and the San Francisco Unified School District for exchange of property under the jurisdiction of one agency and used by the other."

Commission Refuses Proposal of Mr.E.J.P.Sturm That Interfaith Chapel Be Built in Golden Gate Park

(4) From His Honor Mayor George Christopher, forwarding the proposal of Mr. Erich J. P. Sturm of Fairfax, California, that an interfaith chapel be constructed in Golden Gate Park.

The Commission reviewed the proposal as outlined in Mr. Sturm's letter, but after due consideration resolved to abide by its long-established policy that parks are for the use of all persons for recreational purposes, and that religious services should be conducted properly in churches throughout the city; and further, that no additional buildings of a non-recreational function should be constructed in Golden Gate Park; Mr. Sturm to be so advised.

Commission Refuses Proposal of Mr.E.J.P.Sturm That Interfaith Chapel Be Built in Golden Gate Park

(4) From His Honor Mayor George Christopher, forwarding the proposal of Mr. Erich J. P. Sturm of Fairfax, California, that an interfaith chapel be constructed in Golden Gate Park.

The Commission reviewed the proposal as outlined in Mr. Sturm's letter, but after due consideration resolved to abide by its long-established policy that parks are for the use of all persons for recreational purposes, and that religious services should be conducted properly in churches throughout the city; and further, that no additional buildings of a non-recreational function should be constructed in Golden Gate Park; Mr. Sturm to be so advised.

(1) Hall of Flowers - Golden Gate Park - Report by General Manager

With representatives of the Garden Clubs and Flower Show Groups in attendance, the Commission reviewed the situation with respect to the location of the proposed Hall of Flowers, preliminary plans for which have been delivered to the department, but which project was temporarily suspended by the Commission on June 28, 1956 when the Mayor requested the Board of Supervisors that it consider transferring Hall of Flower funds to the Palace of Fine Arts. The entire matter has been pending for some time before the Education, Parks and Recreation Committee of the Board of Supervisors, and up to the present time there is no indication as to when a decision may be expected from the full Board.

In considering the strong petitions received from flower enthusiasts, the serious consequences of further delay because of inflationary threats in the construction industry, and the added possibility that delay might jeopardize retention of State funds, the Commission, on motion of Commissioner Gallagher, seconded by Commissioner Moore, adopted the following resolution:

(2) General Manager's Report on Quarry - Bay View Park

General Manager to Make Further Report on Bay View Quarry at Next Regular Meeting, Sept. 27, 1956

Mr. Funke referred to his written report to Mayor Christopher, dated August 24, outlining the general proposal of Mr. Charles Harney to quarry Bay Biew Park and create an area whereon a stadium for big league baseball might possibly be constructed. The report set forth in detail the legal questions and matters of City policy that would have to be resolved before any formal agreement of approval of the proposal could be acted upon.

Chairman Parr asked that the Commission be furnished with definite estimates of the value of the fill material proposed to be removed from Bay View Park, and a definite estimate of the acreage that might be available for stadium construction and automobile parking.

On motion of Commissioner Coffman, seconded by Commissioner Herz, consideration of the Bay View proposal was deferred to the next regular meeting, at which time Mr. Funke would report on his personal visit to the site with Mayor Christopher.

Chairman Parr Names Committee to Confer and Report on Location of Garden of Fragrance for the Blind

The Secretary read the letter received from Mrs. Edwin O.Kelsey, Secretary, and Miss Elizabeth McClintock, President of the Strybing Arboretum Society of Golden Gate Park.

The Society suggested that the Garden of Fragrance be placed in a location other than the Rose Garden, and listed several reasons for advocating a new location near the model garden area and adjacent to South Drive. Miss McClintock was granted the privilege of the floor and indicated on a plan of the Arboretum the areas in question.

On motion of Commissioner Herz, seconded by Commissioner Moore, Chairman Parr was requested to appoint a committee of interested parties to review the proposals of the placement of the Garden of Fragrance in the Arboretum, and present the findings at the next meeting. Chairman Parr named to the Committee Commissioner Moore, Mr. Funke, a representative of the Strybing Arboretum Society, and a representative of Recreation for the Blind.

(3) Request for A Supplemental Appropriation of $7,500 for Master Plan - San Francisco Zoological Gardens

Commissioner Herz opened the discussion regarding a recent series of front-page articles published in the San Francisco News which strongly criticised conditions existing at the Fleishhacker Zoo and asking that the deferred maintenance and disrepair be corrected.

Mr. Funke informed the Commission that the series of articles had been written with the department's knowledge and in some degree with the department's co-operation, and expressed the possibility that they would be instrumental in obtaining the funds necessary for a master plan for expansion of the zoo. He recalled that at one time the Commission had a budget item of $10,000 for a master plan, which Mayor Robinson had deleted, and on re-submission last year it had been reduced to $7,500 by Mayor Christopher and then deleted by the Board of Supervisors.

Supervisor Francis McCarty, member of the Finance Committee of the Board of Supervisors, in attendance at the meeting, told Acting President Parr that he would sponsor a request for funds for the master plan of the zoo. Commissioner Parr replied that he had considered a master plan a necessary first step in correcting the conditions at the zoo, and that he had asked Commissioners

Proposal to Use Tideland Fund Money for Expansion of Green Belt Tabled.

(1) From John A. Busterud, 315 Montgomery Street, suggesting that the $2,000,000 Tideland Fund appropriated by the Legislature be diverted from the Ferry Park plan and used to purchase additional forest land on Mt. Sutro, Twin Peaks, and other lands along the Green Belt route.

The Commission was of the informed opinion that the Tideland Fund money for local State Park development is not available at the present time, and that the City Administration has received and is considering several other proposals as to the disposition of the funds, should they be acquired. In view of the existing situation, on motion of Commissioner Coffman, seconded by Commissioner Moore, the matter was laid on the table with the understanding that it could be recalled for consideration at any appropriate future time; the Secretary to notify Mr. Busterud.

(5)a From J. Marks, Director, Contemporary Dancers, requesting permission to use Union Square for activities in connection with the San Francisco Dance Theater Week, October 1-7, 1956.

(5)b From John W. Barkhurst, Director, Station & Program Exploitation, American Broadcasting System, requesting the use of Union Square from October 3-6, 1956, for the purpose of displaying an exhibit of the Fourth Air Force, Hamilton Air Force Base.

Permission Granted for Use of Union Square for Week of Oct.1-7,1956: to Contemporary Dancers and to American Broadcasting System for Fourth Air Force Exhibit.

Mr. Funke reported that he had discussed the simultaneous use of Union Square with both of the above applicants, and that it was agreed that a mutually satisfactory arrangement could be worked out during the first week of October, or that the presentation of the Air Force exhibit could be postponed to the second week in October.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the requests were approved subject to the arrangement of details as set forth by the General Manager.

(6) From Mr. Philip L. Rezos, Director of Property, advising the Commission that a final agreement has been reached with the owner of the property required for the development of the Hayes Valley Playground. Price at which the owner has agreed to sell to the City is $128,500.00.

Members expressed satisfaction with the Director of Property's final agreement and settlement of negotiations with the owner of the property.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

COMMUNICATIONS (cont'd)

Res. No.2412

Hayes Valley Property Purchase, $128,500.00

Resolution No. 2412

RESOLVED, that this Commission does hereby approve the proposed resolution to the Board of Supervisors, authorizing the acquisition of Lots 17, 18, 19 and 20, Assessor's Block 819, required for the playground to be constructed in Hayes Valley, at Hayes and Buchanan Streets, at the full purchase price obtained by the Director of Property, $128,500.00.

* * *

Mr. Funke reported that there has already been appropriated the sum of $100,000 for the Hayes Valley project, and that it will now be necessary to request additional funds in the amount of $58,000 as follows:

$28,500 - Land Purchase
25,000 - Demolition of existing structures
4,500 - Real Estate Expenses
$58,000

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2412A

Req. for A Supplemental Approp. of $58,000 for Pchse. of Lots 17-18-19-20, Block 819, for Hayes Valley Playground.

Resolution No. 2412A

RESOLVED, that this Commission hereby requests the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation of $58,000 from the 1947 Bond Fund, to the credit of Appropriation No. 807.558.059 (Land Acquisition-Hayes Valley), for purchase of Lots. 17,18,19 and 20,Block 819, and demolition of existing structures.

(7) From His Honor Mayor George Christopher, transmitting a copy of his letter to Mr. T. A. Brooks, Chief Administrative Officer and Mr. S. P. Duckel, Public Works Director, recommending that the Board of Supervisors be requested to reconsider its action in denying a proposed supplemental budget request in the amount of $4,000 to finance a study for the redesign of the Civic Center Plaza's surface.

The Commission recalled that last June when construction of the underground Exhibit Hall was approved, the Commission formally endorsed the proposal of the Art Commission that a study be undertaken for the redesign of the Civic Center Plaza.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2413

Commission Again Requests Finance Committee of Bd.of Supervisors for $4,000 to Finance Re-study of Design of Civic Ctr.Plaza

Resolution No. 2413

RESOLVED, that this Commission does hereby reaffirm its endorsement of the Art Commission's proposal that the redesign of the Civic Center Plaza surface be studied, and that funds in the amount of $4,000 be appropriated by the Board of Supervisors to finance such a study, so that San Francisco may obtain the best possible design from the standpoint of both utility and beauty; and, be it

FURTHER RESOLVED, that the Secretary transmit to the Mayor, the Finance Committee of the Board of Supervisors, and appropriate City departments, a letter setting forth this Commission's strong and unanimous endorsement of the proposal.

REPRESENTATIVES AND DELEGATES

(1) The Commission granted the privilege of the floor to Mr. George Kosmak, Industrial Designer, representing a citizens' committee for the improvement of Washington Square.

Briefly stated, Mr. Kosmak was requesting the Commission to direct its architect on Washington Square, Mr. Francis Joseph McCarthy, to suspend his preparation of Preliminary Plans for a period of eight weeks, to permit his committee to prepare and present independent studies for a Master Plan for Washington Square.

Mr. Funke explained that the Commission had previously granted a delay in its architectural planning with the Telegraph Hill Dwellers for a similar purpose, with the end result that no agreed upon recommendations were forthcoming from that North Beach citizens group. With the express condition that suggestions would always be welcomed and gratefully received from Mr. Kosmak's committee, Mr. Funke recommended that there be no further delay placed upon the contract to be executed by the Commission's architect, Mr. McCarthy.

On motion of Commissioner Coffman, seconded by Commissioner Moore, the following resolution was adopted:

Resolution No. 2414

Res. No. 2414

Commission Rejects Proposal that Plans for Impvt. of Washington Square (Under Contract with F.J. McCarthy) Be Delayed

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby reject the proposal that work on the architectural plan on Washington Square, under contract with Mr. Francis Joseph McCarthy, be suspended for a period of eight weeks to permit an independent planning study by the Citizens Committee for the Improvement of Washington Square; provided, however, that there is a clear understanding of all concerned that suggestions or recommendations regarding the improvement of Washington Square will be welcomed at any time and given the full consideration of this Commission and its Staff.

(2) Members next heard Mr. William S. Bagge, Chairman of the Recreation and Parks Committee of the 1956 Grand Jury, offer several reasons for proposing that an admission charge be made at the San Francisco Zoo Gardens. Mr. Bagge contended that the funds so derived should be used for the upkeep and maintenance of the zoo, and supported the plan by citing numerous other cities

where admission charges are now in effect. He stated that the zoo had an average weekly attendance of 50,000 visitors and that a handsome revenue could be derived from zoo visitors without inflicting hardship on anyone, especially the San Francisco taxpayer. Mr. Bagge did not propose or recommend an admission charge for children or school groups.

Mr. Funke explained that he had discussed the plan of admission charges at the zoo with the Grand Jury Committee sometime ago. The Grand Jury Committee had also discussed the future possibility of placing the zoo under the direction of a governing board similar to those which have met success in other cities.

Commissioner Coffman stated that when the $7,500 requested for the Master Plan for the Zoo had been approved, the Commission could more intelligently proceed on matters of policy. He felt the matter should now be considered on the basis of a joint committee composed of Commission members and Grand Jury members. With unanimous concurrence, Acting President Parr appointed Commissioners Moore and Zimmerman to the Zoo Committee, and asked that they meet with Mr. Funke and the Grand Jury Committee at their earliest convenience.

UNFINISHED BUSINESS

(1) Cancellation of Old Contracts and Issuance of New Architectural Contract to LAWRENCE HALPRIN - RUSSIAN HILL PARK - $4,025.00

The Commission next considered two contracts for architectural services which had been previously awarded to Lawrence Halprin in connection with the Russian Hill Park development. The first contract, awarded in October 1950 under Resolution No. 130, called for Preliminary and Working Drawings for the sum of $1,400.00. The Commission had accepted the Preliminary Drawings in 1951, and with a payment of $500 to Mr. Halprin, terminated the contract and postponed the project due to lack of funds.

The second contract was awarded April 26 under Resolution No. 2262, for a fee of $2,910, which represented 6% of the estimated cost of $48,500.00.

Mr. Funke explained that since the April 26 contract there has been a change in the program and procedure in regard to the Russian Hill project, and he recommended the cancellation of the contract and the award of a new contract under different terms and conditions.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2422

Commission Cancels Architectural Contracts Issued to LAWRENCE HALPRIN Authorized by Res.130 (Oct.1950) and by Res. 2262 (April 26,1956)

Resolution No. 2422

RESOLVED, that this Commission, upon recommendation of the General Manager, and in consideration of changes in the program and procedure regarding the development of Russian Hill Park, does hereby rescind that portion of its action under Resolution No. 2262 relating to architectural services for Russian Hill Park, and hereby authorizes and directs cancellation of the contract with Lawrence Halprin as set forth in Resolution 2262.

(2) Purchase of Additional Land for Sharp Park Abandoned

The Secretary reported that on June 25, 1953, by Resolution No. 1170, the Commission, having a balance of $14,401.42 in the Sharp Bequest Fund, authorized negotiations for purchase of the Pasterino property (formerly W. B. Tyler property, containing 52.73 acres) so that the Sharp Park Rifle Range could be expanded. Improvements made by the owner of the property and rising land costs have increased the purchase price of the land to approximately $25,000. The Director of Property has requested instructions from the Commission as to whether or not he should continue to negotiate for the land.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 2424

Resolution No. 2424

RESOLVED, that this Commission, on recommendation of the General Manager, and in recognition of the greatly increased asking price

(3) Chas. Harney Proposal to Quarry Bay View Park

Commission Postpones for One Month Its Consideration of Chas. Harney's Request to Quarry Bay View Park

Mr. Funke reported that he had visited the Bay View Park site with Mayor Christopher, in connection with the Harney proposal reported on at the previous meeting.

The Mayor has asked the Department of Public Works, the Department of City Planning, and the Recreation and Park Department to study the proposal and submit a detailed report on all aspects of the proposal, including detailed cost estimates.

The Commission postponed consideration of the matter for a period of one month awaiting the report requested by the Mayor.

NEW BUSINESS

(1) Preliminary Plans Approved for Larsen Park & McLaren Park Pools

Mr. Henry C. Collins, representing William G. Merchant, Architect, submitted for approval Preliminary Plans for the enclosed swimming pools to be located in McLaren Park and at Larsen Park.

Mr. Funke and Mr. Harman reported that the plans had been thoroughly checked and have the Staff's approval and recommendation.

Mr. Harman reported that the building will have a lighter construction than Hamilton Pool, but will have practically the same appearance. Despite the savings in the lighter type of construction, the cost estimates were from $20,000-$30,000 higher than originally estimated in January 1955.

The Commission, on recommendation of Mr. Harman, rejected the Architect's proposal that a steel pool be used instead of a concrete pool. The concrete pool, while costing approximately $5,000 more, was preferred because of its well-known and long-established capabilities. The Commission also directed that the specifications call for the construction of service tunnels around the pools' perimeters, this item to be placed in the plans on an alternate bid basis.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolutions were adopted:

Res. No.2425

Resolution No. 2425

Commission Approves Preliminary Plans Submitted by Arch. Wm.G.Merchant for Larsen Park Swimming Pool (19th & Vicente)

RESOLVED, that this Commission hereby approves and accepts the Preliminary Plans covering the Larsen Park Swimming Pool as presented by William G. (2) Public Parking at Kezar Stadium and Pavilion-Control & Restriction

The Commission next considered the control and restriction of public parking at Kezar Stadium and Pavilion. In order to allow Police enforcement of the restrictions, signs must be posted in accordance with Sections 15, 16 and 17, Article 2, of the Park Code.

Mr. Art Whittemore, Stadium Manager, outlined the assignment of parking areas for the official use of press, participants, and employees during Stadium events, in the area directly east of the Stadium.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2427

Commission Authorizes Restriction of Public Parking on Rec. Properties In or About Kezar Stadium & Pavilion.

Resolution No. 2427

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby authorize the restriction of public parking on Recreation and Park Department properties in or about Kezar Stadium and Pavilion; and, be it

COMMUNICATIONS

(1) From His Honor Mayor George Christopher concurring with the Commission's request that the Hall of Flowers be constructed in the Strybing Arboretum in Golden Gate Park.

The Commission recalled that on June 28 architectural planning on the Hall of Flowers was suspended, to permit study of the Mayor's suggestion that Hall of Flowers funds might possibly be diverted to partially finance the reconstruction of the Palace of Fine Arts.

In view of the Mayor's final decision endorsing the Golden Gate Park location, on motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Assemblyman Casper Weinberger to be Advised of Commission's Stand re Site of Hall of Flowers in Strybing Arboretum. Hearing to Establish Priorities on Rec. Park Projects, to Be Submitted to the Legislature

(2) From Caspar W. Weinberger, Assemblyman, 21st District, requesting the Commission to place the Hall of Flowers at the Palace of Fine Arts. If the Commission does not approve the suggestion, he asks that the Commission at least go on record favoring the use of the $2,000,000 State Park Funds for rehabilitating the Palace of Fine Arts, and also to ask the 1957 Legislature for additional unrestricted funds for the Ferry Building Park.

In view of the Commission's action under Resolution 2430, the Secretary was directed to so advise Assemblyman Weinberger.

In regard to the Palace of Fine Arts proposal, the Commission recalled its endorsement of the Weinberger bills at the last two sessions of the State Legislature, but noted that on those occasions San Francisco had no other park project. Today, the Ferry Building Park and the Maritime Museum, along with the Palace of Fine Arts, are three projects competing for priority.

In view of the existing situation, on motion of Commissioner Zimmerman, seconded by Commissioner Moore, it was the Commission's considered opinion that it should make no endorsement of the competing park projects until the City has officially established and placed on the various park projects the priorities which it wishes to submit to the State Legislature; the Secretary to so advise Assemblyman Weinberger.

(4) Garden of Fragrance - Strybing Arboretum - Golden Gate Park

Commissioner Moore reported on the relative advantages and disadvantages in locating the Garden of Fragrance at Site No. 1 (existing Rose Garden) or Site No. 2 (adjacent to South Drive).

FINISHED BUSINESS (cont'd)

(4) Garden of Fragrance (cont'd)

Commissioner Moore submited the preliminary cost estimates, showing

Site No. 1 - $12,400
Site No. 2 - $15,400

the difference in costs being represented by the additional cost of a fence surrounding Site No. 2, and the use of textured pavement therein. It was explained that, following the the construction of the Hall of Flowers, the fence surrounding Site No. 2 could be relocated, with a resultant reduction in the actual construction cost.

Mr. Hubert C.Schmidt, department landscape architect, gave a detailed explanation of his preliminary design of Site No. 2.

Miss Elizabeth McClintock, representing the Stybing Arboretum Society, expressed satisfaction with the location and design of Site No. 2.

Commissioner Moore recommended the selection of Site No. 2, funds being available in the amount of $6,000 for construction of the first unit of the work.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2445

Request of Westwood Park Association for Recreation Facilities Atop Reservoir to Be Built on City College Property Referred to General Manager and to Committee for Reply

(5) From Mrs. N. S. Ehlers, Assistant Secretary, Westwood Park Association, requesting information on the possibility of having a playground installed in the area where a reservoir is to be constructed opposite City College.

Chairman Parr remarked that the position of the Commission, as previously stated to the Parkside District Improvement Club regarding the use of reservoirs for recreation purposes, should be applicable in this similar case.

Commissioner Moore stated it was her understanding that the Commission's policy would be to provide light recreation activities on reservoir roofs to the extent required to meet the needs of the neighborhood, subject, of course, to the approval of the Public Utilities Commission.

Chairman Parr referred the matter to the General Manager for any further required investigation, and to the appropriate committee for reply, as stated above.

Proposal of Pierluigi Alvera, Consul General of Italy, to Place Statue of Christopher Columbus in Panoramic Circle Atop Telegraph Hill Referred to Dr. Herz for Investigation and Report at Nov.8 Meeting

(6) From Pierluigi Alvera, Consul General of Italy, 2590 Webster Street, San Francisco, proposing the dedication of a monument to Christopher Columbus at the pancramic circle atop Telegraph Hill. The Consul cited the interest and support of many local civic leaders of Italian ancestry who would donate the statue, and mentioned an Italian industrialist, Count Vittoria Marzotto, who would donate the marble, and an Italian sculptor, Vittorio di Colbertaldo, who would create the statue.

Commissioner Herz reported on a preliminary meeting with Consul Alvera regarding his proposal, and members spoke favorably of the general plan.

In view of the Consul General's plan to leave on a visit to Italy on November 10, the matter was referred to Commissioner Herz, committee chairman, for recommendation on acceptance and final action at the meeting of November 8.

REPRESENTATIVES AND DELEGATES

1 - Project X - Maritime Museum's Outdoor Exhibit Area Development

Mr. David Nelson, Executive Director of the San Francisco Maritime Museum Association, appeared before the Commission and outlined the general plans for the development and operation of the outdoor exhibit area, located in the eastern section of Aquatic Park.

Mr. Nelson's graphic presentation, enhanced by the use of audio-visual techniques, divided the development project into two phases. The first phase consists of features that are assured

of completion, some of which are presently under construction. They are the rail transportation exhibit, the Balclutha, two historic coastal schooners, and the cable-car turntable. The second phase, now in the very preliminary planning stage, envisions the development as a California State Park three large properties adjacent to Aquatic Park: the Ghiradelli factory, the Haslett warehouse and the woollen mill structure would be used to house historically "live" exhibits, a museum of California history, and a museum of progress in communications and transportation.

Mr. Nelson, who referred to his plans as Project X, stated that it was proposed by the San Francisco Maritime Museum Association as a second major State park for San Francisco.

Chairman Parr thanked Mr. Nelson for his enlightening progress report and complimented him for presenting it to the Commission in an interesting and graphic manner. No formal action was taken on the report received by the Commission.

2 - Approval of Landscaping Plan for Eastern Portion, Aquatic Park

Mr. Lawrence Halprin, Landscape Architect, presented his preliminary drawings for the landscape development of the eastern portion of the Aquatic Park property.

Funds for this project were provided in the amount of $55,000 in the 1955 Bond Fund, and its development is related to the Maritime Museum Association's historic outdoor exhibits that are to be located on the property.

Mr. Halprin's drawings had been inspected in detail by Mr. Funke and Mr. Harman, who recommended approval. The architectural estimate for the construction cost is $41,000.

On motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2452

Commission Accepts Plan Presented by Architect L.Halprin for Landscaping of Eastern Portion of Aquatic Park Developm't

Resolution No. 2452

RESOLVED, that this Commission hereby approves and accepts the Preliminary Plans covering the Landscaping of the Eastern portion of Aquatic Park development as presented by Mr. Lawrence Halprin, Landscape Architect; the Architect's estimate of cost being $41,000.00.

Permission Granted to Ben H. Swig (Salvation Army Christmas Cheer Fund Committee) to Use Union Sq. Between Nov. 23 and Dec.24,1956. Dept't to Give Limited Assistance

(1) From Benjamin H. Swig, representing the Salvation Army's Christmas Cheer Fund, requesting permission to repeat their "tree of lights" feature in Union Square during the coming Christmas season. The tentative program dates of November 23 through December 24 were suggested, with an opening day civic ceremony to be given Monday, November 26. Mr. Swig requested department assistance in erecting, wiring, and decorating the Christmas tree.

Mr. Funke explained that the department's schedule for holiday decorations in Union Square was traditionally set for the week before Christmas, and Mr. Swig's program would be almost a month in advance.

On motion of Commissioner Herz, seconded by Commissioner Moore, the Commission granted permission for Mr. Swig's committee to use Union Square, but limited the department's assistance to the degree that the General Manager found reasonable, practicable, and without further cost to the city.
